NINETY-SEVENTH COUNCIL

COUNCIL

JOHN S. HERRON.....President

ROBERT CLARK.....City Clerk

EDW. W. LINDSAY.....Ass't City Clerk

Pittsburgh, Pa.,

Monday, January 4, 1932.

On Monday, January 4, 1932, at 10 o'clock A. M., the members-elect of the Council of the City of Pittsburgh, together with those holding over, convened in the Council Chamber of said City, in accordance with the provisions of the Act of Assembly of the Commonwealth of Pennsylvania, approved May 31, 1911.

The Council was called to order by Robert Clark, City Clerk, who upon motion of Mr. English, was elected Chairman Pro tem. of the meeting.

The Chair presented

No. 1.

IN THE COURT OF COMMON PLEAS OF
ALLEGHENY COUNTY, PENNSYLVANIA

Commonwealth of Pennsylvania } ss:
County of Allegheny }

I, John Vogt, Prothonotary of the Courts of Common Pleas in and for the County and State aforesaid, Do Hereby Certify That at an election held on the Third day of November, A. D. 1931,

P. J. McArdle, received 142,497 votes
Charles Anderson, received 140,646 votes
Robert Garland, received 139,902 votes
William J. Soost, received 125,606 votes
were duly elected to the office of Council of the City of Pittsburgh, County and State aforesaid.

WITNESS my hand and the seal of said Court the 7th day of December, 1931.

(SEAL)

JOHN VOGT,
Prothonotary.

Which was read, received and filed.

And members-elect, Messrs. Charles Anderson, Robert Garland, P. J. McArdle and William J. Soost, arose in their places and took and subscribed to the oath of office, which was administered by the City Clerk, Robert Clark.

Present:—Messrs.

Anderson	Herron
Connelley	Little
English	McArdle
Garland	Muldowney
	Soost

A quorum being in attendance, Council proceeded to the election of a President:

Mr. English arose and said:

Mr. Chairman, I take pleasure at this time in submitting the name of a gentleman who has served this council many times as President. His fidelity to the interests of the city is so well known that any comment from me is unnecessary.

In the trying times in which our great country is placed, also the rest of the world, it behooves this council of nine, elected by the people, to stand out as the representatives of the people who elected them. We are going to go through worse times this year than we ever had in the history of Pittsburgh. We have attempted something

in the matter of city government that has not been done before.

Great countries are facing bankruptcy; many banks in the United States have closed their doors; several of them in our city, and many states in our Union are in financial difficulties; some of our leading cities, such as Philadelphia, in our own State, Chicago in the Middle-Western States, and many other great cities are up against it financially, not because of their own deeds or misdeeds, but because of this terrible world wide depression.

Therefore, I say it behooves us, the members of Council, to stand together, working hard for the best interests of the city. Notwithstanding the criticism that may be hurled at us in the future, as it has been in the past, we have a duty to perform. Therefore, it is the part of wisdom to elect as President of Council a man who has guided us many times, and I take pleasure in presenting the name of John S. Herron for the position of President of this body.

Mr. Little arose and said:

Mr. Chairman, At no time in the history of this Council, have we been in more need of a man of brilliance to bring about harmonious conditions so much desired in this city, by bringing together the legislative and the executive branches of our government, and I believe our former President is the man to do that thing. Therefore, believing that one good term deserves another, I second the nomination of Mr. Herron for President of Council.

And there being no further nominations, the Chair declared the nominations closed.

And the result of the voting was as follows:

For John S. Herron

Messrs.

Anderson	Little
Connelley	Muldowney
English	Soost.

For P. J. McArdle

Mr. Garland

For Robert Garland

Mr. McArdle

(Mr. Herron not voting)

And John S. Herron received six votes; Robert Garland, one vote, and P. J. McArdle, one vote.

And John S. Herron having received a majority of the votes of council, was de-

clared duly elected President for the ensuing term.

The Chair (Mr. Clark) appointed Messrs. English and Little to escort the President-elect to the Chair.

And the Committee performed the duty assigned it and presented John S. Herron to Council.

And the oath of office as President of Council was administered to John S. Herron by the City Clerk, Robert Clark.

Mr. Herron (Chairman) said:

Mr. Mayor, Gentlemen of Council, and Ladies and Gentlemen: It is a real pleasure to be here as the presiding officer of this august body. I want to assure the members of Council that I shall perform my duties in an impartial manner and that each and every one of them will receive courteous treatment from me.

The City of Pittsburgh is going through a strenuous campaign just now, from one end to the other. We now have an opportunity for service. We extend an opportunity, to those who believe they can help this city, to come forward with suggestions. We have, as members of Council, done the best we could under the circumstances, and trust each and every one in the future will do what he can for the best interests of the City of Pittsburgh.

There is no need of my going through a resume of the work performed by former councils. Our actions speak louder than words. The records we leave speak for themselves.

We have been classed as anything but fair, square and real honest-to-goodness members of Council. Council was blamed for many things. Council was openly accused of increasing taxes, although people have importuned us for improvements that they told us would enhance the value of their community and after we listened to their pleas and after we made the improvements and it came time to pay the bills, they were willing then to listen to those who said it was wasteful.

We have spent of the taxpayers money millions of dollars for improvements in the City of Pittsburgh since Charles H. Kline has been Mayor. We have evidence of it in our highways and improved conditions in almost every line of municipal activities, and we only have to look out this window to

see the wonderful Grant street that has been improved and the large buildings that have followed, and one of these buildings (I had occasion to look over the tax books) pays more than \$250,000 into the city treasury for taxes. We cannot have improvements if we don't pay for them. When people request and receive these improvements they must fully realize that they must be paid for.

It is not my intention to make a speech. Most of the members of Council make few speeches. This is a time for the re-elected members and the newly elected members to thank their friends, and at the opportune time we shall have a few words from His Honor, the Mayor, but to start the proceedings right we will hear from the newly-elected members. This is their day and opportunity. Mr. McArdle.

Mr. McArdle arose and said:

Mr. President, Members of Council, Ladies and Gentlemen: When I became a candidate for Council in the recent primary election I made a public announcement which read in part as follows:

"My platform will be that of my record as a member of City Council during the years I served the public as a member of that body, which record I conceive to be one of close study of, attention to and performance of, the duties which attach to that office."

As a member of this body I shall try to live up to that declaration, and to redeem all pledges I made to the people of Pittsburgh.

I thank you.

Mr. Anderson arose and said:

Mr. President, Ladies and Gentlemen: At this time, I wish to thank the people of the City of Pittsburgh for my re-election to Council. I wish to assure them that the pledges I made during the campaign will be fulfilled by me, and I want to say further to the people of the City of Pittsburgh that I will conduct myself in the same manner for the next four years as I did in the past twelve years.

I wish, particularly, to thank the party that I feel is responsible for my re-election, which is commonly known as the Independent Party. I wish also to thank the Chairman and the Manager of that party, which was Senator Barr, for the hard work and the time that he gave to the election, especially the councilmanic candidates.

I feel there is a great deal of difference between a political boss and a leader. Mr. Barr was a leader of a party. A political boss is known as a man who issues orders and dictates the policies of public officials. The furthest thing I think from Mr. Barr would be to come to this Council and try to tell the members how to vote.

I also wish to thank my personal friends for their interest and for the hard work that they did for me during the campaign.

I also wish to assure the people who opposed me that I have forgiven them.

Coming to what is really on my mind, I have been connected with different leaders, political leaders, and this morning I understand Senator Leslie is a very sick man. Mr. Leslie was a leader in all the word implies. I wish to state publicly, and I wish it in the record of this Council, in all my twelve years as a member of this Council, Mr. Leslie has never once asked me to vote for or oppose an ordinance that was before this Council.

I feel that it is a great honor to be elected to this Council.

For those who take an interest in public affairs and who are daily watching the actions of the members of this Council, I feel that no higher compliment could be paid a man than to have the people who are on guard, as I may say, watching every action, select him as a member of this Council.

I wish to thank the newspapers for their kindness, for in all the twelve years I have been a member of this Council, I never had one line of criticism printed as to my actions or my duty as a member of this body.

To the new members of the Council, I welcome Mr. McArdle. I think every man here knows how I feel towards him. I tried in my humble way to have him elected to this Council when the vacancy occurred and have been trying ever since. I know he will be a credit to this body, as he was in the past, and he will conduct himself in the future as he has done in the past, and I know that he will be a credit to the entire membership of this Council.

Mr. Soost, I have known for a number of years. I welcome him to the Council. If my experience as a member of Council can be of value to him, through any suggestions or advise, he is welcome.

I will always try to make it as pleasant

as possible for the members; the same as all the members of this Council have done for me in the past.

I feel that the Council has done its full duty in regard to its action in the budget.

The time is past for political bosses. The people have spoken and the Council has answered them. It is my wish that the different departments under Mayor Kline work in harmony with the Council and try to wind up this year without a deficit.

I wish to thank you, Mr. Chairman.

Mr. Garland arose and said:

Mr. President and Gentlemen of Council, Ladies and Gentlemen: I did not embrace the opportunity sometime ago to make any declaration through the newspapers thanking my friends. I wish to state publicly at this gathering that I feel indebted to all the intelligent men and women of the City of Pittsburgh who voted for me.

The Chair said:

Were there very many?

Mr. Garland said:

A great many of them. Almost as many as the sands of the sea. You brought it on.

I want to say, to make it short, in our deliberations in Council, I will use my best judgment and vote accordingly. Thank you, Mr. President.

Mr. Soost arose and said:

Mr. President, Honorable Mayor and Fellow-Members: It affords me a great deal of pleasure this morning to see so many friends assembled here, for it was friends just like you that made it possible for me to become a member of Council.

I hope I will never give you occasion to regret choosing me as one of its members. I thank you.

The Chair said:

Mr. Connelley, would you like to say a word at this time?

Mr. Connelley arose and said:

Mr. Chairman, Honorable Mayor, Members of Council and Ladies and Gentlemen: I have very little to say, indeed, except that I welcome and greet the new members of Council. Everybody who thinks or reads knows the condition of the country. Everybody knows, too, that anybody in public office is subject to criticism.

In this Council in the last two years I voted according to the dictates of my conscience, and I trust I shall do that as long as I am a member of Council. I have no grievance with anyone. I was elected to do my full duty and I trust the Lord will give me strength to carry that out.

We are in a serious condition here in the United States of America, but now is not the time to discuss that. I think if the people would do less criticizing and more thinking and help its public officers, it would be better for all of us. I mean to do as I have done before, to act and serve for the best interests of the city and shall vote accordingly.

Mr. English arose and said:

Mr. President: I welcome the newly-elected members of Council. Three of them have served with me in Council in the past. The new member, Mr. Soost, has been a friend and acquaintance of many years. The only thing I can say on this occasion is that I hope each and every member, new and old, will extend to each other the same square deal that I have always tried to extend to each member. I think a little co-operation is needed at all times, and especially during these trying times.

While I am on my feet, I want to say a word about this being a controlled Council. Since the inauguration of Mayor Charles H. Kline, six years ago, this Council has co-operated to the greatest extent with him; indeed, to such an extent that many people and the newspapers have asserted that we are controlled by Mayor Kline. I wish publicly to deny any such inference or characterization. I stand ready again facing the last two years of Mayor Kline's administration to make this public statement, fearing nothing. If this administration will co-operate with what the Council is trying to do for the City of Pittsburgh, this administration is entitled to our 100 per cent co-operation. On the other hand, if anyone in this administration does not co-operate with the Council in what it is trying to do for the City, and if it is necessary for Council to reprimand or investigate anyone or any department in this administration, this Council will not dare to swerve from that duty. If the administration gives its full measure of co-operation to Council, I for one intend to give the administration my full trust and confidence in the future as I have in the past.

Mr. Little arose and said:

Mr. Chairman, Honorable Mayor, Ladies and Gentlemen: Although I regret the passing of two of our members, Mr. Phillips and Mr. Alderdice, I firmly believe that the new members, who take their places, will work in harmony with the Council. I welcome the new councilmen, and I might add that if Mr. Soost needs advice and counsel, that he come to me first.

Mr. President, It seems to me that after all the council, whether they are elected on an Independent ticket, Republican ticket, Democratic or Socialist ticket, if they will work for the best interests of the City of Pittsburgh is the main issue. On all large problems that come before Council there is seldom a division. On minor things where certain districts have asked for improvements, of course, we have had divisions because of the old saying, "That charity begins at home." I think this Council is going to work in harmony with the administration, and that is the only way the city will progress and get ahead.

Mr. Muldowney arose and said:

Mr. President, Honorable Mayor, Ladies and Gentlemen: It seems to me as though the war might still be on. I am here thankful of this opportunity to express my regret at the departure of Mr. Phillips and Mr. Alderdice—two members I have worked with for the past year. I am also thankful of this opportunity to welcome to this body the new members and trust that we will all work in harmony on every occasion.

Thank you.

The Chair said:

Ladies and Gentlemen: It is with a great deal of pleasure that I introduce a gentleman who needs no introduction, and one who has not been in good health, and who has appeared here with great effort, and takes this opportunity and by his presence here adds to the assembly, the Honorable Charles H. Kline.

Hon. Charles H. Kline, Mayor, said:

Mr. President, Members of Council, and Ladies and Gentlemen, who are assembled here today to do honor to those who have been elected members of this Council: I have not been so ill, perhaps, as your President might try to convey to you. I am only recovering from one of the most serious operations that anybody could have, and

I am surprised that I am here myself and getting along so beautifully, and I am going to say gracefully, hoping that I may be at my office every day still listening to the wants and necessities of the people of this great community.

May I say it is with the deepest regret that I assure you that I learned just a few moments ago from Mr. Anderson that Mr. Leslie is seriously ill in the West Penn Hospital, because I never had a dearer friend in the world, both socially and politically, than Mr. Leslie, and words of prayer are on my lips and should be on the lips of every good citizen of Pittsburgh because he did so much for the City of Pittsburgh, that he may not be on his death bed, but that he may soon recover and still be of some benefit to organized society to which he belongs, the City of Pittsburgh.

You are assembled here to do honor, not only to the old members of Council, but particularly the ones elected at the recent election. All of their friends are here to applaud them and rightfully so, as long as we enjoy the blessings of a democratic government, the people have the right to go to the polls and say which man shall represent them in public office and when they do that and they have made a wise selection nobody then has a right to criticize them, and those that do criticize them are only a lot of narrow-minded people, who forget that we are enjoying the blessing of a democratic form of government.

I want to congratulate the men who were duly elected to Council because it is the will of the people and the will of the people is supreme.

I know of no bosses over this Council. I only met with Council when Council asked me to meet with them, and I have never given any orders that I know of to any member of Council that was not for the best interests of the people of the City of Pittsburgh, and the great improvements, as Mr. Herron, has said in this community in the last six years speaks for itself. I never was a boss. I always followed in the wake of others. Like my friend, Mr. Anderson, I followed in the wake of Mr. Leslie for years and years and years. I never proclaimed to be a boss; never proclaimed to be a leader, but a good follower in the ranks for the people.

Mr. Chairman, Your organization in Council; their position is not an enviable

one at the present time for the reasons that have been explained here beautifully by all those who preceded me. On account of this great economic situation which exists throughout the whole civilized world, you are obliged to meet it in many ways in this city. All the large property holders and others came to you and asked that taxes be cut; so by virtue of this economic condition you listened to their appeals and you did, and therefore a lot of people will be out of positions in the City of Pittsburgh today by virtue of reduction in taxes; but it must be done. It is being met by every city in the United States. They are doing it in Philadelphia. They wanted to increase taxes in Philadelphia instead of lowering them, and practically every city in the United States wanted to increase taxes to meet the conditions and have a running government.

You cannot have a government, ladies and gentlemen, and then say to it that we are going to cripple you so that you cannot function. Every government must function even though you may be obliged to cut into it, because the necessities of the people demand the same.

Mr. President, I feel highly honored, indeed, to see you inducted into office, because I know of no one in this body better able to carry on the duties of the office and preside over the deliberations of this body which must meet the needs and wants of the people than you. I know of no man by virtue of your experience, who is in closer touch with the people of Pittsburgh and knows all the wants and necessities of the departments of the City of Pittsburgh; and I wish you and your council the greatest of success not only for the next two years, but for many, many years to come. If I can be of any assistance to you, as it is obligatory for Council and the Mayor to act in conjunction to a certain degree, with others not connected with the organization of the city, I assure you that it will be a pleasure.

The Chair said:

Thank you, Mr. Mayor. Ladies and Gentlemen, I doubt if it would be the wise thing if I did not introduce to you a gentleman who is a manufacturer in the City of Pittsburgh, who has employed hundreds of men and given of his time and aid in the interest of the Boy Scout movement, who we put in this Council as a striking

example of a real Pittsburgher, and who had to listen time and time again to words that could not but help him. However, he is a real man and he has come here today with a smile on his face, and I am going to ask him to thank his friends. I take pleasure in introducing to you John M. Phillips, a former member of the Council of the City of Pittsburgh.

Mr. Phillips arose and said:

Mr. President, Honorable Mayor, Ladies and Gentlemen: As you are aware, I came into this Council at the solicitation of my friends and a number of the members of Council. I enjoyed my work here very much. I only wish I had the experience many years ago. I sat here and heard our citizens come in and demand playgrounds, great improvements, and the very next day, they would ask for a reduction in taxes.

I admire this Council, Mr. President, in the face of a bankrupt world; almost a bankrupt government, a bankrupt state, and many, many bankrupt cities, having the nerve to reduce taxes, almost four mills at the solicitation of our property owners. We have heard the property owners here demanding a reduction in Council. Gentlemen, that is all right, but in order to start the wheels of progress moving, you must get the men with the pick and shovel and the wheel barrow to work. Then he can purchase food and pay his rent. It is much better to have a man in your house paying rent than have it vacant, deteriorating and going to ruin. You must begin at the ground and put the workingman to work. The factories and mills are doing their part. One concern in this city lost four million dollars last year. They kept their men at work, and they didn't come here asking for a reduction in taxes. It was the property owners who demanded a reduction in taxes. Instead of a reduction in taxes being effected, that amount of money should be given to the workingmen with the pick and shovel to fix up the streets, sidewalks and boardwalks and steps of the districts of the working people in this great city. It is in these districts that this kind of temporary work is needed, not in the built-up sections where there are paved streets on which the automobile can pass over with safety and ease. The automobiles don't pay the city a cent. In times gone by we paid for horses,

as I remember, three dollars for a team. Today, the automobiles don't pay a cent. Over at our shop we have a machine, a small tractor, which runs across the street. We pay the State of Pennsylvania \$50.00 to operate that tractor across a street which is kept up at the expense of the City of Pittsburgh. There should be a tax on automobiles for the City of Pittsburgh.

Ladies and Gentlemen, as I said before, I enjoyed myself here. I came here as an independent and I got out as an independent. When I needed advice, I went to my friends, Charley Anderson, Bob Garland and Bill English.

Just think of being responsible for Twenty-eight Million Dollars of money. I have been in business, but never experienced anything like I did by being a member of Council. My term has expired and I sort of feel free. I can now go hunting. I want to thank each and every one of you for the way you treated me. Mr. Herron, I could go over the City of Pittsburgh with a fine comb and would never find a more able President than yourself.

The Chair said:

Mr. Phillips, I thank you most sincerely for those kind remarks. We have with us the Controller of the City of Pittsburgh because he came here to deliver his bond. Dr. Kerr.

Dr. James P. Kerr, City Controller, said:

Mr. President, Your Honor, Members of Council, Ladies and Gentlemen:

I did not come here to make a speech. I do want to thank the citizens of Pittsburgh for the splendid support they gave me and for the reason I was able to keep out of that terrible primary campaign. I appreciate that very much for many reasons.

I don't agree with some of the speakers today on the pessimistic views they take. This great city is not going to be ruined by any means. I know we live in the greatest city in the greatest state of the greatest country in the world today. The City of Pittsburgh stands out as one of the foremost financial centers and as one of the greatest cities of the country, and I cannot stand here and listen to statements being made with such pessimistic views. These times are trying and bring out the views of people and of cities and states and nations, and

when this is all over and we see the light of day, the United States will be bigger, grander and better than ever before.

The Chair presented

No. 2 Bond of James P. Kerr as City Controller of the City of Pittsburgh in the amount of \$10,000.00, dated January 4th, 1932, with the Consolidated Indemnity and Insurance Company, as surety.

Which was read.

Mr. English moved

That the bond be referred to the City Solicitor for approval, to be acted upon by Council at its next meeting.

Which motion prevailed.

Mr. English arose and said:

Mr. President, In the new salary and appropriation ordinances, the Council provided for a budget controller. At the request of the Pittsburgh Real Estate Board and the Building Owners and Managers Association, Council thought it wise to try to obtain a constant check on the budget operations from month to month. We have set up some items quarterly so that those departments will not exceed in any quarter the amount set up for that quarter, so that each season of the year will be able to obtain the services required in that particular quarter. Therefore, I think we ought to get the man on that job as soon as possible.

I move that the President of Council be requested to appoint to the position of budget controller, Mr. Robert J. Alderdice.

Which motion prevailed.

And the Chair notified the City Clerk to make the appointment.

Mr. English moved

That a Committee on Rules be appointed.

Which motion prevailed.

And the Chair appointed Messrs. English, Muldowney and Anderson as members of the Committee on Rules.

The Chair announced the appointment of the following committee Chairmen: Finance, W. Y. English; Public Works, Harry A. Little; Public Service and Surveys, P. J. McArdle; Filtration and Water, Robert Garland; Parks and Libraries, C. B. Connelley; Public Safety, M. J. Muldowney;

Public Welfare, Charles Anderson, and
Health and Sanitation, Wm. J. Soost.

The Chair announced the appointment of
Messrs. Connelly, Little and English as
members of the North Side Library
Committee.

Mr. English moved

That Council adjourn to meet at the
call of the Chair.

Which motion prevailed.

And Council adjourned.

Bill No. 2. Bond of James P. Kerr, City Controller of the City of Pittsburgh in the amount of \$10,000.00, dated January 4th, 1932, with the Consolidated Indemnity and Insurance Company, as surety.

In Council, January 4, 1932, Read and referred to the City Solicitor for approval and report.

Which was read.

Also

No. 35.

City of Pittsburgh, Pa.,

January 5, 1932.

To the Honorable, The Members of Council.
Gentlemen:

In reference to Bill No. 2, bond of Dr. James P. Kerr, City Controller, in the sum of \$10,000.00, by the Consolidated Indemnity & Insurance Company, which was referred to the Department of Law for an opinion and report before approval by Council, I beg to advise you that I have approved the bond as to form. Said Company is an approved

bonding company of the City of Pittsburgh. The bond was submitted to Council for its approval in accordance with the Act of Assembly.

Respectfully yours,

CHAS. A. WALDSCHMIDT,
City Solicitor.

Which was read, received and filed.

Mr. English moved

That the Bond of the City Controller (Bill No. 2) be approved.

Which motion prevailed.

Also

No. 36.

City of Pittsburgh, Pa.,
Office of the Mayor,

January 6, 1932.

To the President and Members of Council,
City of Pittsburgh.

Gentlemen:

I have the honor to inform you that I have this day appointed Mr. J. Scott Morgan of 7031 Hamilton avenue to the position of Traffic Court Magistrate, pending confirmation of the same by Your Honorable Body.

Respectfully yours,

CHARLES H. KLINE,
Mayor.

Which was read, received and filed.

Mr. English arose and said:

Mr. President, I take great pleasure in offering the motion, that the Council approve and confirm the nomination of J. Scott Morgan for the position of Traffic Court Magistrate.

Supplementing that motion, I want to say that I have known Mr. Morgan for many years; in fact he went to the Pittsburgh High School when I did, although he was a year ahead of me. I became acquainted with him during my high school days and have known him since. I have always known him to be a man of good character, conscientious and faithful to his trust, and I am sure in placing the duties of the Traffic Court Magistrate in the hands of Mr. Morgan they will be carried out with dispatch and credit to himself and to the City of Pittsburgh.

Mr. Little arose and said:

Mr. President, It is with pleasure that I second the motion.

And on the question, "Shall the appointment of J. Scott Morgan as Traffic Court Magistrate be approved and confirmed?" The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

Connelley	McArdle
English	Muldowney
Garland	Soost
Little	Herron, (Pres't.)

Ayes 8. Noes none.

(When the name of Mr. Garland was called, he arose and said:

Mr. President, I have known J. Scott Morgan for many years, and I am going to vote for the motion to confirm his appointment as Traffic Court Magistrate.

I simply want to say to Mr. Morgan that I expect him to accord the same uniform treatment to our people, regardless of their political affiliations. I say this because he is a Ward Chairman, and I might remark

that I had the pleasure of carrying his ward big. In other words, regardless of political affiliations, treat them all alike without discrimination.

I think Mr. Morgan will do that. If he does not, I want to serve notice on him; and he is a good friend of mine; that I will not vote for him should he come before us again for approval.

And a majority of the votes of Council being in the affirmative, the motion prevailed.

The Chair announced that he had arranged a hearing with Mr. Goldstein, representing the South Side Merchants, relative to leasing the South Side Market House, immediately upon the adjournment of Council.

Mr. Garland moved

That Council adjourn to meet with Mr. Goldstein.

Which motion prevailed.

And Council adjourned.

City of Pittsburgh, Penna.

January 25, 1932.

Hon. Members of City Council,

City of Pittsburgh, Penna.

My dear friends:

I have just received a letter from Dr. James S. Hammers, Medical Director and Superintendent at the City Home and Hospitals, Mayview, Pa., a copy of which I am appending.

It is a keen regret with me—as I know it is with you—that Dr. Hammers is quite ill and I am recommending to your Honorable Body that you kindly approve of a leave of absence of one month with full pay during said period.

I will thank you for giving this matter your kind and immediate attention and leaving me have an early reply.

Cordially,

MOTIONS AND RESOLUTIONS

Mr. Little presented

No. 145.

Whereas, On January 11, 1932, the City Planning Commission, on its own initiative, has advised the Council of the City of Pittsburgh of the City Planning Commissions' disapproval of and opposition to the proposed purchase by the County of Allegheny of the Wabash Railroad bridge and tunnel; and,

Whereas, The Council of the City of Pittsburgh has no record of any communication from the Commissioners of Allegheny County regarding this matter; and,

Whereas, The construction of this new thoroughfare might require certain changes in the street system of the City in the vicinity of the Pittsburgh & West Virginia Railway Company's terminal station; and

Whereas, The modification of the streets would require legislative action by the City Council, and perhaps considerable expenditure for property damages for such re-adjustment; Now, therefore, be it

Resolved, That the Commissioners of Allegheny County be respectfully requested to submit to the Council, plans showing the re-arrangement of the street system, and furthermore, to confer with Council relative

to such changes before entering into final agreement with the Pittsburgh & West Virginia Railway Company for the purchase of said structure and property; and, be it finally

Resolved, That Council is ready and willing at all times to confer and co-operate with the Commissioners of Allegheny County relative to this and other major matters within the City limits.

Which was read.

Mr. Little moved

The adoption of the resolution.
Which motion prevailed.

Mr. English presented

No. 146.

Whereas, The City of Pittsburgh is now carrying insurance on the Exposition buildings in the sum of \$250,000.00, which policy will expire on or about February 1, 1932; and,

Whereas, Investigation has developed the fact that this sum is greatly in excess of the amount which would probably be recoverable in case of a total loss; Now, therefore, be it

Resolved, That the Mayor be and he is hereby requested to reduce the amount of coverage on the Exposition buildings to a sum not exceeding \$100,000.00, upon the expiration of the present policy thereon.

Which was read.

Mr. English moved

The adoption of the resolution.

Which motion prevailed.

Mr. Connelley at this time asked and obtained the unanimous consent of Council to be recorded as vote Aye on all ordinances and resolutions reported today from the Committees on Finance and Public Works; stating that he had been absent during roll call.

Mr. Little moved

That the Minutes of Council, at a meeting held on Monday, January 18th, 1932, be approved.

Which motion prevailed.

And on motion of Mr. Connelley

Council adjourned.

January 30th, 1932.

President and Members,
City Council.

Gentlemen:

SUBJECT: Bill No. 125.

Your letter of the 27th inst. received.

The above bill is an Ordinance providing for the letting of a contract for Laundry Service for the Department of Public Safety and its several Bureaus for the year ending December 31st, 1932, which was read at a meeting of the Committee on Public Safety held Tuesday, January 26th, 1932, and ordered returned to Council with an affirmative recommendation but in connection therewith, the following motion was adopted:

"That the Department of Public Safety advise Council on Monday, February 1st, 1932, when Bill No. 125 comes up for final passage, as to how the amount provided for in this Ordinance compares with the amount expended in 1931 for Laundry Service for the Department."

Replying thereto, please be advised as follows:

1st. The sum expended for laundry service for the General Office, Department of Public Safety, during the year 1931 amounted to \$231.68. We have estimated that it will require \$300.00 for such service for the year 1932, inasmuch as a large proportion of this laundry service is furnished the office of the Chief Public Safety Surgeon of this Department who finds it necessary to use a great number of towels and other laundered paraphernalia in connection with the treatment of injured Policemen and Firemen and other employees, in his office.

2nd. The sum expended for laundry service for the Bureau of Police for the year 1931 amounted to \$850.55. We have estimated that it will require \$1,000.00 for this service during the year 1932.

3rd. The sum expended for laundry service for the Bureau of Fire for the year 1931 amounted to \$2,654.27. We have estimated that it will require \$2,500.00 for this service for the year 1932.

Although our estimates for laundry service for the General Office and Bureau of Police for the year 1932 are in excess of the amounts expended for this service during the year 1931, you can rest assured that this Department will resort to drastic measures of economy to restrict the expenditure for laundry service.

Yours very truly,

JAS. S. CLARKE,
Director.

Which was read, received and filed.

And the bill as read a second time was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law and were:

Ayes:—Messrs.

Connelley	McArdle
English	Muldowney
Garland	Soost
Little	Herron (Pres't.)

Ayes 8. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

OFFICE OF THE COMMISSIONERS,
COUNTY OF ALLEGHENY,
PITTSBURGH, PA.

February 5, 1932.

Members of the Council

City of Pittsburgh,

City-County Building,

Pittsburgh, Pa.

Attention: Hon. John S. Herron, Pres.

Subject: Wabash Bridge and Tunnel.

Gentlemen:

This acknowledges receipt of your recent letter advising that the City Planning Commission on its own initiative had disapproved the proposed acquiring and development of the Wabash Bridge and Tunnel as a thoroughfare.

There is nothing in connection with the Wabash subject before the County Commissioners, any previous negotiations having been rescinded by the action of the Grand Jury last year. The Board of County Commissioners was of the opinion, however, that had the County any contemplated plans before them on this matter, that they were entitled to the courtesy of a hearing before the City Planning Commission in connection with the matter.

If the Board of County Commissioners are requested at any time in the future to consider further study of this project for a traffic lane and the same requires the modification of streets or traffic conditions, the Board will be glad to advise Council and cooperate with them in a way that will be satisfactory to both corporations.

Very respectfully,

Chas. C. McGovern, Chairman,
Board of County Commissioners.

Which was read, received and filed, and ordered printed in full in the record.

No. 218.

CITY OF PITTSBURGH
Office of the Mayor

February 3, 1932.

Charles H. Kline, Mayor.
President and Members of Council,
City of Pittsburgh.

Gentlemen:

By letters dated October 6, 1930, June 15, 1931, September 17, 1931, and October 24, 1931, the Mayor and the City Controller certified the existence of an emergency and the necessity for an appropriation to meet same as follows:

"Whereas, a fire in what is apparently an abandoned coal mine near Baldwin road, 28th Ward, in the vicinity of property owned by F. L. McShane et al., has reached a serious condition; and,

Whereas, the Fire Department has on several occasions recently been required to make hurried calls to attempt to prevent said fire affecting buildings in the vicinity; and,

Whereas, prompt action to extinguish or control this fire is necessary; and,

Whereas, the undersigned consider the situation to constitute a serious public emergency; Now, therefore,

Pursuant to the terms and provisions of Section 13 of the Act of May 31, 1911, relating to appropriations, we, the undersigned, the Mayor and the Controller of the City of Pittsburgh, hereby certify the existence of an emergency requiring special appropriations of Ten Thousand (\$10,000.00) Dollars, and additional appropriations of Sixteen Thousand (\$16,000.00) Dollars, Fifteen Thousand (\$15,000.00) Dollars, and Nine Thousand (\$9,000.00) Dollars, or so much thereof as may be necessary to meet the same."

Pursuant to the terms and provisions of Section 13 of the Act of May 31, 1911, relating to appropriations, we, the undersigned, the Mayor and the Controller of the City of Pittsburgh, hereby certify the existence of an emergency requiring a special appropriation of an additional sum of Four Thousand (\$4,000.00) Dollars, or as much thereof as may be necessary to meet the same.

CHARLES H. KLINE,
Mayor.

JAMES P. KERR,
Controller.

Which was read, received and filed.

Also

No. 219. An Ordinance amending the portion of line 1 of the title, of line 3 of Section 1, and of lines 5 and 9 of Section 2 of Ordinance No. 469, approved October 10, 1930, entitled, "An Ordinance making an emergency appropriation in the sum of Ten Thousand (\$10,000.00) Dollars, for the purpose of putting out or confining a fire in the abandoned coal mine near Baldwin road, in the immediate vicinity of the F. L. McShane et al. property, and authorizing the letting of an emergency contract or contracts therefor," and as amended by Ordinance No. 325, approved June 20, 1931, and by Ordinance No. 498, approved October 9, 1931, and by Ordinance No. 551, approved October 28, 1931, by increasing the sum of Fifty Thousand (\$50,000.00) Dollars, appropriated therefor to read Fifty-four Thousand (\$54,000.00) Dollars.

Which was read.

Mr. English moved

A suspension of Rule VIII, providing for mailing of printed copies of all ordinances and resolutions to each member of Council at least 48 hours previous to the final consideration of such papers by Council.

Which motion prevailed.

Mr. English moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. Anderson arose and said:

Mr. President: Is there any guarantee that this is all the money that will be required to extinguish this coal mine fire?

The Chair said:

The only answer I can give you is that Mr. Reed appeared before us in committee last week and said they had the fire under control, except in one spot, where they intend to drill a hole and fill it with slag, which in the opinion of the engineers, would extinguish the fire. I might state, for the information of Council, that the contract is still open, with about \$700.00 in the fund.

Mr. Anderson arose and said:

Mr. President: I haven't much faith in the statement of the engineers. I asked this question on a number of former occa

sions, and yet they still come to Council for additional money.

The Chair said:

Gentlemen of Council: It is impossible for the engineers to estimate the cost of this work. When they first started out they thought they could extinguish the fire with the amount allowed, and the Borough of Crafton joined with the City in the expenses, and have contributed \$11,000.00 towards this expense.

Mr. Anderson said:

What about this additional money? Will they contribute their share?

The Chair said:

The Borough of Crafton will contribute about 25 per cent of the amount.

Mr. Anderson said:

I am sick and tired of doing this. There are only two or three homes in the City affected and it will take 40 years to pay back into the City Treasury the amount that has been expended. Yes, I venture to say it will take 80 years. I am opposed to spending money on matters which we know nothing about.

The Chair said:

All I can say is, that we are all acting in good faith. It is something beyond our control. We must be guided by our engineers, who have had the assistance of the United States Bureau of Mines, and they have done everything possible to extinguish the fire.

Council approved emergency appropriations on former occasions for this purpose, and the City Controller says this is the only way he will accept it.

Mr. Anderson said:

Mr. President: The fire does not belong to the City; it belongs to Crafton. I made objection to the payment of the first money, and at least had the thought that it would not extinguish this fire, and this is not the end of it. If I had a guarantee that this would be the last appropriation required I would not oppose it. I opposed it from the start, because no engineer ever furnished a report as to what it would cost. It would make no difference to me whether it is \$5,000.00 or \$50,000.00. What I object to is spending more money for two or three houses which will take more than 80 years to reimburse the city in taxes.

The Chair said:

We did not spend this money for the protection of two or three houses. There was a fire in an abandoned coal mine, and we did not know and do not know now how many houses would have been involved.

This bill requires the unanimous vote of Council. What is your pleasure?

Mr. Anderson said:

How far can the engineers go with this money? Has the Fire Bureau been consulted?

The Chair said

Mr. Reed, our engineer, is here and I will ask him to answer your question. Mr. Reed, you heard Mr. Anderson's question?

Mr. Tom M. Reed, Chief Engineer, Bureau of Engineering, Department of Public Works, said:

Mr. President and Members of Council: We consulted with Chief Smith of the Bureau of Fire and he made a personal inspection of the premises with us. He concurred in the manner in which we undertook to put this fire out. We also had the cooperation of Mr. Forbes of the United States Bureau of Mines. We were under the impression that we had the fire under control, but last Tuesday after the fall of snow we went over the ground and there was one or two places which showed the fire. These are the places at which we propose to spend this additional money.

We hope this will stop it. No person can tell anything more definite. The Bureau of Mines cannot tell us anything more definite. I think the \$4,000.00 asked in this ordinance is all the money that will be required. Just to correct a misstatement, I want to say that in the original letter from the Department of Public Works on this subject it stated that the estimate would be more than \$35,000.00.

Mr. Anderson said:

When you appeared here, I asked you what you could get along with, and you said \$15,000.00 or \$16,000.00. Do you guarantee now that this is all the money that will be required?

Mr. Reed said:

We sincerely hope that it is.

Mr. English arose and said:

Mr. President: If Mr. Anderson's statement is to be printed in the record,

I suggest that a statement giving a history of the whole proceedings be printed.

Mr. Anderson traced the history of this transaction from the beginning, and when he came to the point where the engineer from Crafton appeared in the picture, he forgot to say that when we told the engineer of Crafton that the City Council was prepared immediately to provide funds for awarding a contract on the basis of a guarantee to the city that the successful contractor must agree to completely extinguish the fire, the gentleman quit cold and said he could not and would not take such a contract.

I think in fairness to all concerned, the record should carry with it the statement that when the city started in to help the Borough of Crafton, the fire was in a mine situated in the 28th Ward of the City of Pittsburgh, and the houses were in the Borough of Crafton; in view of the opinion of our Law Department that the City of Pittsburgh was just as responsible for fires under the ground as on the surface, and since the action was started it is only fair to the taxpayers of Pittsburgh and Crafton that we should exhaust every means at our command to extinguish the fire, which is a menace not only to certain residents of Pittsburgh but also to property in Crafton.

If the Engineer of Crafton had gone along with the city and carried out the verbal statement he made to Council and not protested against and objected to the way in which our Department of Public Works had undertaken the work, the fire by this time might have been extinguished, and we would not be involved in another contract costing several thousands of dollars. He refused to come up to the scratch and sign the contract. So, in justice to all of these engineers and the people of Crafton and the people whose homes are endangered, we have done the best we could under the circumstances. If our Department of Public Works, working in harmony and in cooperation with the United States Bureau of Mines, are doing everything in their power to put out this fire, it certainly is not fair to us to be put under suspicion of paying out the taxpayers' money for something we do not know what it is going to cost. As I said before, we are doing the best we can under the circumstances. If anybody knows how to put it out any cheaper or better, and \$5,000.00 is the limit, as the Crafton

Engineer said, we should take up the proposition, but in the absence of some better way to put out the fire for a stipulated sum of money, we should continue to do it under the guidance of our city engineers, and with the assistance of the United States Bureau of Mines.

Mr. Anderson arose and said:

Mr. President: I will agree most of the statement is correct, but nevertheless the reason for the delay in the appropriation of the money and the commencement of the work to put the fire out was that Mr. Casey had the equipment there, but a lot of arguments arose as to the manner of paying for the work.

Before the Department goes into a proposition of this character, it should take bids on the work and have the amount stated, and award a contract or contracts instead of going on with the work from month to month. That is all I am objecting to.

I propose supporting this bill today, but want to serve notice that it is the last time.

And the as read a second time was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law and were:

Ayes:—Messrs.

Anderson	Little
Connelley	McArdle
English	Soost
Garland	Herron (Pres't.)

Ayes 8. Noes none.

And all of the votes of the members present being in the affirmative, the bill passed finally, as provided by Section 12 of the Act of May 31, 1911, relative to the passage of bills in case of public emergency.

REPORTS OF COMMITTEES

Mr. English presented

No. 220. Report of the Committee on Finance for February 2, 1932, transmitting sundry ordinances and resolutions to council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 154. An Ordinance entitled, "An Ordinance supplementing an ordinance entitled, 'An Ordinance fixing the number of officers and employees of all departments of the City of Pittsburgh and the rate of compensation thereof,' approved January 5, 1931, and the several amendments thereof and supplements thereto."

Which was read.

Mr. English moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agree to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

Anderson	Little
Connelley	McArdle
English	Soost
Garland	Herron, (Pres't.)

Ayes 8. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also

Bill No. 105. Resolution authorizing the issuing of a warrant in favor of the Pittsburgh and West Virginia Railway Company in the sum of \$150,000.00, in payment of property used in the widening of West Carson street, as per agreement entered into with said Company by authority of ordinance of Council, and charging the same to Appropriation Bond Fund No. 110.

Which was read.

Mr. English moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second and third times, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Anderson	Little
Connelley	McArdle
English	Soost
Garland	Herron (Pres't.)

Ayes 8. Noes none.

And there being two-thirds of the votes of Council in the affirmative, the resolution passed finally.

Also

Bill No. 148. Resolution authorizing the issuing of a warrant in favor of E. P. O'Neill, of 5246 Carnegie avenue, City, in the sum of \$450.00, in full settlement of his claim against the City for personal injuries sustained on May 17, 1931, at Butler and 52nd Streets, when he was struck by a truck attached to Fire Engine Company No. 9, and charging same to Code Account No. 42, Contingent Fund.

Which was read.

Mr. English moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second and third times, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Anderson	Little
Connelley	McArdle
English	Soost
Garland	Herron (Pres't.)

Ayes 8. Noes none.

And there being two-thirds of the votes of Council in the affirmative, the resolution passed finally.

Also

Bill No. 155. Resolution authorizing the issuing of a warrant in favor of the several owners of property upon which valuations were reduced for the year 1931 and exonerations issued, upon production of the exoneration certificate and the City Treasurer's receipt for taxes for the entire year of 1932, and charging the same to Code Account No. 41, Refunds of Taxes and Water Rents.

Which was read.

Mr. English moved

A suspension of the rule to allow the

second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second and third times, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Anderson	Little
Connelley	McArdle
English	Soost
Garland	Herron, (Pres't.)

Ayes 8. Noes none.

And there being two-thirds of the votes of Council in the affirmative, the resolution passed finally.

Also

Bill No. 156. Resolution authorizing the issuing of a warrant in favor of Mrs. Rose C. Rainey, 6936 Kelly street, City, for the sum of \$45.72, refunding overpaid city taxes on two double garages when she owned but one double garage, and charging the same to Code Account No. 41, Refunding City Taxes and Water Rents.

Which was read.

Mr. English moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second and third times, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Anderson	Little
Connelley	McArdle
English	Soost
Garland	Herron (Pres't.)

Ayes 8. Noes none.

And there being two-thirds of the votes of Council in the affirmative, the resolution passed finally.

Also

Bill No. 103. Resolution authorizing and directing the City Controller to make the following transfers:

FROM:

Code Acct. No. 1611, Salaries, Stables and Yards	\$ 200.00
Code Acct. No. 42, Contingent Fund..	2,098.00

Code Acct. 1708, Repairs, South Side Market Auditorium	300.00

\$1,700.00

Which was read.

Mr. English moved

A suspension of the rule to allow the

second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second and third times, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Anderson	Little
Connelley	McArdle
English	Soost
Garland	Herron, (Pres't.)

Ayes 8. Noes none.

And a majority of the votes of Council being in the affirmative, the resolution passed finally.

Also

Bill No. 181. An Ordinance entitled, "An Ordinance amending and supplementing an ordinance entitled, 'An Ordinance fixing the number of officers and employes of all departments of the City of Pittsburgh and the rate of compensation thereof,' approved January 5, 1931, and the several amendments thereof and supplements thereto."

In Finance Committee, February 2, 1932, Bill read and amended in Section 1, by striking out the words "Two Plumbers, \$13.75 each per day," "Three Steam Fitters, \$13.75 each per day," and by inserting in lieu thereof the words "Plumbers as needed, \$13.75 each per day," "Steam Fitters as needed, \$13.75 each per day"; by striking out the line "General Supervisor Grounds and Buildings, \$3,000.00 per annum" and by inserting the word "each" before the words "per annum" in the three last lines of Section 1.

Which was read.

Mr. English moved

That the amendments of the Finance Committee be agreed to.

Which motion prevailed.

And the bill, as amended in Committee and agreed to by Council, was read.

Mr. English moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

The Chair said:

Gentlemen: In the Bureau of Recreation, we reduced the salary of four Recreation Leaders from \$1,740.00 each per annum

to \$1,560.00. That was a mistake. I took upon myself the liberty of having the bill printed fixing the salary of these four recreation leaders at \$1,740.00 each per annum. Council was not reducing salaries and wages of employes who were below \$3,000.00.

Mr. Anderson arose and said:

Mr. President, before you suspend the rules, you have an item here for Mayview, in regard to the plumbers and steamfitters. You specify that these men, steamfitters and plumbers, should be employed as needed. Mr. President, I object to setting up appropriations of that kind. The Director or the Superintendent of Mayview, if they saw fit, they can put on 10 or 20 plumbers in one week and spend the entire amount of money set up in the budget for those jobs. I do not think that was the thought of any member of Council when the setup was made in the budget. I do not think it is the right way to run the affairs of the City. You are getting right back to where we were with the common labor, to set up lump sums of money and have it abused. I think this setup should be left alone or left exactly as this Council set it up in the budget. Mr. President, I move that this item in regard to Mayview be stricken out.

The Chair said:

If the amendment as suggested prevails, the bill lays over for reprinting, unless it receives the unanimous consent of all the members present.

Mr. English arose and said:

Mr. President: Mr. Anderson objects to the suspension of the rules, which naturally requires its delay for another week.

The Chair said:

Do you object to Council suspending the rules, Mr. Anderson?

Mr. Anderson arose and said:

Mr. President: I would like the gentlemen to understand my position. I understand there is serious opposition to this proposal by the men who represent these skilled workers. Now, it is all right to say that this will not be abused, or the condition that I feel will happen will not happen. No one can guarantee that. It has happened. I think, Mr. President, before you suspend the rules, the members of Council should debate this setup.

The money was set up in the budget for

two plumbers and three steamfitters to carry on the work for the balance of the year. It is the same as is done for clerks in offices. Here you are setting up a bill to hire men as needed. It is the wrong way to do it. If you do it in this instance, you will do it in every office in the City of Pittsburgh. I do not know how any director or superintendent of any bureau could carry on the business of the City of Pittsburgh if this Council will just say that we are going to set up a lump sum for plumbers or stenographers and do not say how many are to be employed. In that case you will open the office today and close it tomorrow, or vice versa. This could be done if this same proposal is carried throughout the budget. In the Bureau of Highways and Sewers you set up \$600,000.00 for common labor without specifying the number of men to be engaged. I claimed it was wrong. This year it was changed, and in this instance you are going back to the old system in regard to skilled mechanics. If it is a good thing for one set of employees, it is a good thing for every employe of the city. Surely we do not do this in regard to the police department and set up a certain amount for policemen, and instead of 600 put on 1,800 for some weeks when they thought it was necessary. The citizens of Pittsburgh understand these things. Now, if this system is started, God knows where you are going to stop. It is not the right way to start. The bill should lay over for reprinting. We should do it in a business way that it cannot be abused. I therefore, move that this bill be laid over.

Mr. McArdle arose and said:

Mr. President, I move that the bill be recommitted to the Committee on Finance for further consideration.

The Chair said:

Is this the reason why you don't want the rules suspended? The bill you are asking to send back is a composite bill. The Chair will entertain the motion.

Mr. English arose and said:

Mr. President: I am opposed to sending the bill back to the committee. I think the wise thing to do is to give it separate consideration and debate it right here and settle it one way or another today.

I offer this suggestion that we should take this bill out of the consideration of the suspension of the rules and take this bill up separately, and let the Chair rule that

this bill receive separate consideration and pass the other bills and debate this.

Mr. McArdle arose and said:

Mr. President: The point I have in mind is that this bill should have an opportunity to be fully discussed, and I take it from our past practices that the best place to do that is in committee. If there are not enough members who might be impelled to further amend the bill, of course all they would need to do is to vote against its reference to committee, provided it received enough votes here to suspend the rules. I take it that Mr. Anderson does not want to take the responsibility of voting for the suspension of the rules today on this bill in view of his objections to certain portions of it. That is my interest in the subject also. I do not care to vote for a suspension of the rules because of my opposition to the bill, but I will be glad to vote on it under separate consideration.

The Chair said:

Is that satisfactory to you, Mr. Anderson?

Mr. Anderson said:

Anything is satisfactory to me.

Mr. English arose and said:

Mr. President: I move that the bill be amended by changing the figure of \$1,560.00 each per annum for 4 Recreation Leaders to \$1,740.00 each per annum, and lay over for reprinting.

Mr. Anderson arose and said:

Mr. President: I would like to make some remarks. What do you mean by this motion?

Mr. Garland arose and said:

We are just taking part of this ordinance for reprinting and the rest of it holds over. The rest we are putting through today.

The Chair said:

What you are doing is correcting a mistake, and the bill goes over for reprinting. In other words, it is on the table.

Mr. McArdle arose and said:

Is this bill before us at all or isn't it before us, because there is an error in the printing?

The Chair said:

The bill was up for special consideration. When the bill was read Mr.

English moved that the bill be amended to conform to this supplement on your desk. Council agreed to that, and Mr. English moved that the bill as amended and agreed to lay over for reprinting. This action, technically speaking, should have taken place last week. I had the bill printed last week, and if it does not receive unanimous consent today, the change cannot be made today.

Mr. McArdle arose and said:

It cannot be done on unanimous consent except by motion to amend the bill.

The Chair said:

That was done, and Mr. English acquiesced in it going over for reprinting. Mr. English moves that the bill be amended to read four recreation leaders at \$1,740.00 each per annum instead of \$1,560.00. It is the practice to amend bills only on second reading, but if there are no objections, I will put the motion.

And the question recurring on the adoption of the amendment as offered by Mr. English.

The motion prevailed.

The Chair said:

The bill is amended and automatically goes over for reprinting.

Mr. Anderson arose and said:

It is information I desire. I agree with the suggestion of the Chair on the part of the bill that he is interested in. I would like to know now, under the motion that was made, would I be in order to make a motion in regard to my own proposition?

The Chair said:

Certainly. Go ahead.

Mr. Anderson arose and said:

Mr. President: I move that the items in regard to Mayview be stricken out of the bill, and the bill go back as originally set up in the budget.

Mr. McArdle arose and said:

Mr. President: I second the motion.

Mr. English arose and said:

Mr. President: I am not for the motion. This was taken up with the Director of the Department of Public Welfare and the ordinance was amended and the words "as needed" put in at her suggestion. She said many jobs required more men and she would like that privilege instead of carrying a regular number of men during

the year. It might be well to ask for a letter from the Director and get her views on the matter.

Mr. Anderson arose and said:

Mr. President: I cannot agree with the gentleman. Mrs. Rauh laid off a man in November and immediately put him back to work. I am not interested in any particular plumber, steamfitter or anybody else. We should stick to our budget. This is the wrong way to spend the money appropriated by this Council, "as needed." If it is right there, it is right in every department of the City of Pittsburgh, and that is the way we should do with our budget. Just say clerks, stenographer-clerks, bookkeepers, superintendents, etc., and don't specify the number, and set our millage, and let them do as they please. If we are right there, we should do it in the budget. I say it is wrong. I don't need to ask Mrs. Rauh what to do with the money of the City of Pittsburgh. What do I care for Mrs. Rauh or any other director? This money has been set up on the judgment of nine city councilmen. Mrs. Rauh sends for the Chairman of the Finance Committee and she will write me a letter. That will not satisfy me. It is my judgment as to the set-up of the money—not allow any director or superintendent by hiring help or discharging help as they see fit. If we do that, as I said before, one week you will have 100 firemen and the next week, 4,000. The same thing applies to the clerks, your police department and all along the line.

Mr. President: I think that this amendment should pass. I don't know why any member of Council should take the word of any director after all the years that this business has been carried on in our budget sessions. The Director would have the audacity to come to this Council and say I want to use this money as I see fit, and you are wrong for all the years you have been appropriating the money; you have been appropriating my money as I see fit; for she may say that when you say "as needed". There is no difference only in the language. That is what I object to. It is not the proper thing to do. I have no faith in the suggestion that was made that it will not be abused. There is no reason in the world for Mrs. Rauh to lay off one of those men in November and place him back on the payroll two weeks later, because I inquired, and it was perhaps through that inquiry that this particu-

lar plumber was placed back on the payroll. I want to say that I am not interested in any particular plumber. I am quarreling about adopting this system. I say it is wrong. If you adopt it, I venture to predict that you will be sorry.

Mr. Little arose and said:

Mr. President: I don't quite agree with Mr. Anderson's remark when he says that all employes could be employed for any particular period because we specify in the ordinance "as needed". The plumbers and stamfitts only work on emergencies. They don't work on new work, because the master plumbers do not permit them to engage in new work.

Mrs. Rauh, in whom I have the greatest confidence, and Dr. Hammers, think that they may need more at one time than at another, I believe they should be given authority to engage the men as needed. I do not believe either the director or the superintendent will abuse this provision of the ordinance. I believe at this time when we have 2 or 3 plumbers and use 3 instead of 2 and even 4, and the money runs out before the end of the year, the director should be allowed to use her own discretion as to the number to be employed. It is not a parallel case with clerks in this building, nor can it be comparable to the carpenters in this building. The carpenter works only in this building.

I don't think anybody is going to be hurt by the passage of this ordinance; and after all is said and done we ought to have confidence in the integrity of the Director of the Department of Public Welfare.

Mr. McArdle arose and said:

Mr. President: I would like to have Mrs. Rauh's expression read if she made one.

Mr. English arose and said:

Mr. President: I want—

Mr. McArdle said:

I took it from your statement that Mrs. Rauh advised Council what she wanted and introduced it in that fashion before Council amended the bill in committee.

While, I am on my feet I would like to inquire if Director Lang has submitted his report on this bill?

The Clerk said:

There is a letter from Director Lang's office. It is marked "copy for Council."

Mr. McArdle said:

Dated when?

The Clerk said:

January 23, but it is a new letter to Council.

Mr. McArdle said:

I am not interested in that.

The Chair said:

What are you talking about?

Mr. McArdle said:

I am interested in the communication that the Director was asked to present on this bill, which he volunteered to do, as well as requested to do.

The Clerk said:

No letter has come from the Director.

The Chair said:

The Chair must inform you that you are all starting wrong. This bill is still on first reading. We never permit remarks on bills on first reading, but when there was no objection I permitted Mr. Anderson to speak and allowed this discussion in order to get all the data that is possible. The rules have not been suspended and under parliamentary rules no discussion is permitted on first reading.

Mr. McArdle arose and said:

Mr. President: I want to make clear that Mr. English referred to the suggestion of getting a report from Mrs. Rauh. If Mrs. Rauh carried out the request as Mr. Lang did, it will go over again next week.

The Chair said:

Is there a report supposed to come from Director Lang that is not here?

Mr. English arose and said:

Mr. President: I think there is a mistake about this. Mr. McArdle raised the question in committee about the special construction engineer and the Director was there, and he answered in person, and then I found this particular letter which had reference to the bill which he had sent in and explained in committee that there were various errors in the budget. I deemed it wise not to introduce separate bills, and when we were ready to amend the salary bill we could put all the changes in one bill. The separate ordinance for this construction engineer was not introduced, as well as various other ones, and then I produced the letter which was attached to

this ordinance, and I think that is where Mr. McArdle misconstrues it. If Mr. McArdle desires any further information from the Director in the form of a letter, I for one have no objection.

Mr. McArdle arose and said:

Mr. President: I want to have it understood that there is no misconstruction or misunderstanding on this question as far as I am concerned. I brought it to the attention of the Chairman of the committee and the Chairman responded that it would be done, and was augmented by a volunteer statement from the Director, who was sitting at the right hand of the Chairman or close to him at the time. If it took greater formality I probably failed in not taking that formality. There is no misunderstanding what I desired from the Director.

Mr. English arose and said:

Mr. President: I still think the gentleman is mistaken. If you will recall, Director Lang was not in the room or at my left hand at the time the motion was made in Finance Committee. The Director came in after the motion for a letter from him had been passed.

Mr. McArdle said:

Not at your left, but at your right.

Mr. English said:

You offered the motion and later the Director appeared, answered in person and the letter was produced at the end of his verbal statement. I never ask the Clerk to follow up any action of the committee. It is his duty. But inasmuch as the motion had been adopted previous to the Director's statement, I thought that was sufficient.

Mr. McArdle arose and said:

Mr. President: I still insist there was no misunderstanding. The Director understood that he was to send a letter to Council setting forth his reason for wanting this change made.

Mr. Anderson arose and said:

Mr. President: In answer to Mr. Little, he don't need to stand up on the floor of Council and say he does not desire to enter into a quarrel with another member on this matter. He does quarrel with me when he says he believes Mrs. Rauh and not me. There are at least 30,000 organized workers against this proposition for whom I am speaking, especially the plumbers organization. As far as I am concerned I

told you that I am not interested in any particular man in that organization, but I am interested in all of them. That is the reason why I object to this ordinance. It is the reason I want you to consider it. It is not necessary for Mrs. Rauh to tell me that she knows more about the plumber's duties down there than I or any plumbers in the organization. Whoever gave Mr. Little his information is misinformed. I will stand up and argue that point with any man or woman in the City of Pittsburgh. That is what I know of the duties of the plumber at Mayview. I say this bill is wrong. I will say this, that there are thousands of people in Pittsburgh who object to the employment of men in this manner.

Mr. Little arose and said:

Mr. President: I do not intend to get into a controversy over this question, but I still think and say Mrs. Rauh and Dr. Hammers should know when a man is needed. I don't care whether it is thirty thousand or thirty million people interested in the subject. If Mrs. Rauh and Dr. Hammers put two men to work, I think we should listen to them. They are the people who are running Mayview.

The Chair said:

It is thoroughly understood that the rules have not been suspended. I think the best interests of all will be served by following parliamentary practice. The Chair cannot entertain a motion unless it is with unanimous consent.

Mr. Anderson arose and said:

Mr. President: My motion is that you strike out the words "as needed" and follow the setup in the budget.

The Chair said:

The motion is to strike out plumbers as needed and steamfitters as needed. If that motion prevails, the budget will stand, two plumbers and three steamfitters.

Mr. McArdle arose and said:

Mr. President: It seems to me that if we do not want to get into another mixup, the better plan would be to strike out that section referring to the plumbers and steamfitters which automatically leaves the bill as it was originally.

The Chair said:

Gentlemen, Mr. Anderson moves that the following lines of Section 41, Mayview City Home and Hospital, which reads as

follows: Three plumbers, \$13.75 each per day, and two steamfitters, \$13.75 each per day, and the next three lines on the following page, be stricken out.

Mr. English arose and said:

Mr. President: That is what I object to. Since we cannot get unanimous consent, or two-thirds vote to suspend the rules, and since one item is laid over for one week, I believe the whole subject should go over until next week. The gentleman objected to the suspension of the rules, which will require three week's time to pass the bill finally.

Mr. Anderson arose and said:

I did not object to Mr. English's amendment.

Mr. English said:

Mr. President: It will nevertheless take three weeks and I am content to go through that procedure.

Mr. Anderson arose and said:

Mr. President: It is my thought to try to convince the members of Council that this is the wrong way to set it up in the budget.

Mr. English arose and said:

Mr. President: I have tried to avoid a controversy, but it is impossible and I must take up the challenge. The gentleman talked about the bills that passed. He voted for the tax levy ordinance fixing the millage, and run out on the salary and appropriation ordinances.

Mr. Anderson arose and said:

Mr. President: That is a lie.

Mr. English said:

I say he did not vote for the salary and appropriation ordinances. That is what I mean when I say he ran out.

Mr. Anderson said:

Mr. President: I voted against the salary and appropriation ordinances. The record will show that.

Mr. English arose and said:

Yes, you voted against the salary ordinance, but AFTER you had voted for the tax levy bill. I do not propose to stand here and be insulted by any member of Council. The gentleman can make whatever remarks he cares to make so long as he refrains from personalities and references to me; but Mr. Chairman, if you permit this

kind of debate, it will result disastrously for you and cause a distorted record to be made. The gentleman says he consulted the Director, Mrs. Rauh, when one of his friends was laid off. Now, when he is told that the same Director, Mrs. Rauh, has been consulted on this matter of mechanics as needed he objects to Council hearing from Mrs. Rauh. He does not want any letter of approval from Mrs. Rauh. Such action is very inconsistent. The same is true about his action on the Budget Bills. He voted FOR the tax levy, but he did NOT VOTE for the salary bill or the appropriation bill. If everybody had voted NO as he did on the salary and appropriation bills, where would the city be today? I cannot see any consistency in such action for any member to vote against the salary bill and then later to come in and say he does not want or need any letter from a department head.

Mr. President, you were kind enough to permit several speeches to be made, which under the rules were not permitted, and I trust in the future such a spectacle will not again take place. I say that we ought to conduct the business of Council in a decent and orderly manner.

The Chair said:

I tried to be fair to all, but under parliamentary practice no remarks should have been allowed. Inasmuch as I accepted one motion to amend the bill, I could not refuse to allow Mr. Anderson's motion. The motion of Mr. Anderson's is to strike out the reference to Mayview. Are you ready for the question?

Mr. Anderson arose and said:

Mr. President: I demand a call of the roll.

And the question recurring on the adoption of Mr. Anderson's motion to amend, the ayes and noes were ordered taken, and were:

Ayes:—Messrs.

Anderson

Garland
McArdle

Noes:—Messrs.

Connelley
English

Little
Soost
Herron, (Pres't.)

Ayes 3. Noes 5.

And there not being a majority of the votes in the affirmative, the motion did not prevail.

Mr. English arose and said:

Mr. President: You have not declared that Mr. Anderson's motion to strike out the reference to Mayview is lost.

Mr. Anderson arose and said:

Mr. President: I know it is lost and knew it was lost before we even voted on it.

Mr. English arose and said:

For record purposes, you have not stated it, Mr. President.

The Chair said:

Mr. Lindsay, have you the record?

Mr. Lindsay said:

The roll call shows ayes 3 and noes 5. So the motion does not prevail.

Mr. Little presented

No. 221. Report of the Committee on Public Works for February 2, 1932, transmitting several ordinances to council.

Which was read, received and filed.

No. 265.

CITY OF PITTSBURGH

Office of the Mayor

February 13, 1932.

President and Members of Council.

City of Pittsburgh.

Gentlemen:

We have to advise you that the foundation of certain walls supporting the Mt. Washington Roadway, at a point about five hundred feet east of the west of the end of this roadway, has failed by reason of the collapse of the roof of certain old mine workings, and that immediate repairs are necessary to prevent damage and interruption to this very important thoroughfare.

Pursuant to the terms of provision of Section 13 of the Act of May 31, 1911, relating to appropriation, we the undersigned, the Mayor and Controller of the City of Pittsburgh, hereby certify the existence of an emergency requiring special appropriation of Ten Thousand (\$10,000.00) Dollars, or so much thereof as may be necessary, to meet the same.

Yours very truly,

CHARLES H. KLINE,
Mayor.

JAMES P. KERR,
Controller.

Which was read, received and filed.

Also

No. 266. An Ordinance making an emergency appropriation in the sum of Ten Thousand (\$10,000.00) Dollars, for the purpose of repairing Mt. Washington Roadway at a point about five hundred (500) feet east of the westerly terminus thereof, and authorizing the letting of an emergency contract or contracts therefor."

Which was read.

Mr. Little moved

A suspension of Rule VIII, providing for mailing of printed copies of all ordinances and resolutions to each member of

council at least 48 hours previous to the final consideration of such papers by council.

Which motion prevailed.

Mr. Little moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

The Chair said:

Mr. Reed, we have an emergency letter, signed by the Mayor and City Controller, certifying to an emergency on the Mt. Washington Roadway, which letter is based on information furnished by you. Suppose you give the members of Council a statement of the conditions as you found them in your inspection.

Mr. Tom M. Reed, Chief Engineer, Bureau of Engineering, being present, said:

Mr. President and Members of Council: Last week in a general inspection tour we discovered that one of the piers supporting the sidewalk near the top of the hill showed settlement, thereby affecting the roadway. We dug exploratory test holes and found an old abandoned coal mine had caved in. With our own forces we found that as late as yesterday that it is within nine feet of the roadway. We cannot determine the extent of the settlement, but we do know that no matter how far it goes in, we will have to support the roadway. At the present time we are only allowing one lane of traffic up and down the roadway at this point.

Mr. Anderson arose and said:

Mr. Reed, Did you develop how the mine was worked? Is there an opening in the mine at that point?

Mr. Reed said:

Mr. Anderson, We cannot tell. We have a test hole right above and below this point, dug through shale. We went five feet before we stopped. We later discovered that nine feet below the top of the roadway this cave-in occurred.

Mr. McArdle arose and said:

What was the last statement, Mr. Reed?

Mr. Reed said:

When we built the wall and pier we went down five feet farther than the

plans showed and nine feet below that is the opening in the coal mine.

Mr. McArdle said:

Nine feet below?

Mr. Reed said:

Nine feet below the bottom of the pier, which is the bottom of the roadway.

The Chair said:

You mean nine feet below the footing course.

Mr. Reed said:

Yes, sir; if you want to call it that.

Mr. McArdle said:

That is the bottom of the hole. There is only two feet of wall where they put in the foundation.

Mr. Reed said:

It is very dangerous to get in.

Mr. McArdle said:

Immediately below the place where this cave-in occurred, how far was it from the top of the roadway?

Mr. Reed said:

Possibly four or five feet.

The Chair said:

Is the nine feet the bottom of the working?

Mr. Reed said:

Yes, sir, as far as we can see. It is very dangerous to put men down under there.

The Chair said:

The Controller told me that we ought to take it out of our Contingent Fund. The engineers did not know how much it would cost. Do you think this is sufficient to correct the condition?

Mr. Reed said:

That is our estimate of the cost as we see the conditions today. It is impossible to forecast what it will eventually cost.

The Chair said:

There is no question about this being an emergency and a very serious one. Gentlemen, you understand we have the best thought of our engineers on this subject. The amount is \$10,000.00, Mr. Clark?

The Clerk said:

Yes, sir.

Mr. Anderson arose and said:

Mr. President: I would suggest that the Council instruct the Mayor and the City Controller to use every effort to get a contract for this work. According to what Mr. Reed has told the Council, he has part of the road blocked off, and for the protection of the Council in its appropriations, we should have a contract for this work, not let it run like we did on previous emergencies from \$10,000.00 to \$100,000.00.

The Chair said:

That is the reason you cannot let a contract. The engineers are unable to definitely estimate the amount required, and before a contract can be advertised and awarded, the estimate of the cost must be furnished by the department.

Mr. Anderson arose and said:

You should make an effort. That is my suggestion to the Mayor and the Controller. They should make every effort to have a contract made. It is unfortunate in things of this character we have no control, but those in charge of the work should make every effort to make a contract and ascertain how much money we are going to spend on the proposition.

The Chair said:

Mr. Anderson, The fact is that this is an emergency ordinance, and if it is passed this afternoon, men working for the city would be assigned to this work tomorrow. If you award a contract, it will require the preparation of plans and specifications and a fairly accurate estimate of the cost furnished. We can do this work with our own forces. There is a slip and it must be attended to promptly. It may cost \$10,000.00 or it may cost \$100,000.00. We have a three million dollar investment that we must save.

Mr. Anderson said:

One gentleman said it was two feet and Mr. Reed said nine feet. I grant you that prompt action should be taken to protect the roadway from slipping. I would like to ask the engineer, is there immediate danger of a collapse?

Mr. Reed said:

Yes, sir.

Mr. Anderson said:

They are using the roadway?

Mr. Reed said:

We have it blocked off at this point.

Unless we do something immediately there is danger of a collapse.

Mr. Anderson said:

What is your best thought as to what it will cost?

Mr. Reed said:

My best thought is that it will not cost \$10,000.00, and we do not intend to exceed that amount.

Mr. Anderson said:

You do not intend to exceed that until you spend it.

Mr. Reed said:

We are not crossing that bridge until we come to it.

Mr. English arose and said:

Why, wouldn't it be better to block off this roadway and let us follow the procedure suggested by Mr. Anderson. He might be right, and Mr. McArdle says he is afraid of a collapse. Let us try a policy of that kind.

The Chair said:

The only answer and the final solution is that you must take the word of the engineers. People have a right to use the roadway and we can justify any legitimate expenditures made to make it safe for them.

Mr. McArdle arose and said:

Mr. President, I want to correct Mr. Anderson on what I said about two feet. I said only two feet of wall where they put the foundation of this operation, but it does support the walk. Whether there is any structural steel running back into the roadway, I do not know. If the testing supposed to have been done, had been done, there would be no occasion for this collapse. All of us can remember spending lots of money on test holes on this hillside, and from 1912 until it was built enough money to pay for test holes for the Panama Canal, let alone the roadway, was spent.

Mr. Anderson arose and said:

Naturally on the face of the hill it would be the mouth of the mine, and it should not be so hard to repair or build the foundation to hold this operation if it was right on the hill, and the mouth of the mine it would be a great deal easier job. I am not trying to tell the engineer how he should do his work. The conditions are not something extraordinary where you

can get down from the inside. I cannot see why you cannot get an estimate of the cost. I do not wish the roadway to be closed. We all realize the necessity of it. I am fearful that additional money will be required by allowing this work to proceed without a contract. Is there anything on the face of the bill to indicate what it might be?

Mr. Reed said:

There is nothing to indicate the face or the mouth. We do not know whether it is an opening, entrance or room of the mine.

Mr. Anderson said:

Is this visible from the outside?

Mr. Reed said:

No, sir.

And the bill as read a second time was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law and were:

Ayes:—Messrs.

Anderson	Little
Connelley	McArdle
English	Muldowney
Garland	Soost
	Herron, (Pres't.)

Ayes 9. Noes none.

And all of the votes of the members of Council being in the affirmative, the bill passed finally, as provided by Section 12 of the Act of May 31, 1911, relative to the passage of bills in case of public emergency.

No. 268.

DEPARTMENT OF LAW

February 11, 1932.

Finance Committee of Council.

Gentlemen:

In reference to Bill No. 185, an Ordinance authorizing the issuance of a warrant in favor of the Burroughs Adding Machine Co., for the sum of \$2,653.94, in payment for certain equipment furnished to the Department of City Controller, I beg to advise you that I am informed that this equipment has been received and has been in use in the Department of City Controller for some time and is being used by the City in the conducting of its business, and, further, that the bill is the balance due on the equipment subject to the additional discount as allowed in the purchase of the same, and under the Wallace Act if the Ordinance is passed by a two-thirds vote and approved by the Mayor, this bill can be paid.

Respectfully yours,

Chas. A. Waldschmidt,
City Solicitor.

Which was read, received and filed.

Also

No. 269.

DEPARTMENT OF CITY CONTROLLER

February 15, 1932.

To the Chairman and Members,
Committee on Finance of Council,
City of Pittsburgh.

Gentlemen:

Bill No. 185, being an Ordinance authorizing a warrant in favor of the Burroughs Adding Machine Company in the sum of \$2,653.94, has been referred to this department for a report.

I beg to state that the equipment pur-

chased for the billing of taxes and water rents was purchased from the Burroughs Company and when additional equipment was required, it was purchased from the same company in order that the operation be uniform and that employees be interchangeable, thus making for greater efficiency and economy. Also, an additional discount was allowed on this purchase which represented further saving on the aggregate cost of the equipment necessary. I therefore recommend the passage of this resolution.

Very truly yours,

JAMES P. KERR,
City Controller.

Which was read, received and filed.

Mr. McArdle arose and said:

Mr. President: I desire information as to whether this was set up in the regular way to purchase this machinery; that is, whether competitive bids were taken and the contract awarded to the lowest responsible bidder.

The Chair said:

I don't think so. I understand this was a patented machine, which they wanted, and that is the way they went about to purchase it.

Mr. McArdle arose and said:

They say in this letter and in the bill that they already bought it. What I am asking, isn't there a way to buy it, to keep within ordinary business procedure, the deviation from which caused so much public discussion lately?

The Chair said:

It is a patented article. Don't they name it? Read the letters again.

The Clerk at this time again read the communications from the Department of Law and the City Controller.

Mr. McArdle said:

Mr. President: The point I am raising is not answered by either of the communications. As I understand it, the Controller has gone into the market and bought some machines, including chairs and whatever else, to make up the bill. The point I am discussing, is whether the Controller so described his purchases and got them under the law, and if it would not be possible, then why couldn't the Controller come into Council and obtained the authority presumed to be that by the bill

before us. The Controller's office has been delving very deeply into cases of a similar nature.

The Chair said:

Gentlemen, This was thrashed out in committee.

Mr. Garland said:

The argument is indefensible. There is no answer to make. We might just as well pay the bill now. We cannot do anything else but pay it.

Mr. Anderson arose and said:

Mr. President: Before you ask for a vote on this ordinance, I want to say that I don't feel like voting for this bill unless Council should go on record that no department should purchase equipment, supplies or material unless first approved by Council. These bills have been presented a number of times, and the same argument prevails on all of them. There is no question in the minds of any of us that what Mr. McArdle says is true, and we should direct a motion to the department heads that they follow the law in this respect. No member of Council wishes to deny anybody money justly due them. If it is necessary in the future to secure equipment of this nature, the Council should be informed and authority obtained before the purchase is made. The Deputy Controller sits with us in Finance Committee and it should be no trouble for him to make known to the members of Council the wishes of his office in this respect. That is all the Council wishes the departments to do.

Mr. McArdle arose and said:

Mr. President: To put my proposition in just a little different way: Had some other department put a requisition through and been honored by the Burroughs Adding Machine Company, it would have been the duty of the Controller's Office to have stopped the transaction before it was fulfilled.

The Chair said:

It is the best thought of the Controller. You have heard the communications read. What is your pleasure?

Mr. Connelley arose and said:

Mr. President: The Controller purchased the machines long before he presented the bill, and he was only following out the practice of maintaining a system

which they had before this new machinery was installed.

Mr. McArdle arose and said:

Mr. President: I think that has been answered in the Controller's letter, and there is no question whether it was the right thing to do. I am talking about the method by which it was purchased. The Controller, as the name suggests, is to control the expenditure of public funds, and he ought not to set the example of getting so far away from the law as he has done in this case without an emergency existing.

The Chair said:

The bill will lay on the table in Council and the City Controller asked to appear.

At this time Dr. James P. Kerr, City Controller, appeared, and

The Chair said:

Dr. Kerr, are you familiar enough with this matter to explain it to the members of Council? Mr. McArdle raised the question that you had a better and legal way to do this, and when it was up for second reading I tried to explain it. Perhaps I gave the wrong information. I said it was a patented article, and that you had a chance to trade in as part payment some equipment you did not need.

Dr. Kerr arose and said:

Mr. President and Members of Council: We put in equipment for the billing operation that is going on in our office now, and we called in all persons or people who do business in that particular line of work. We asked them all to submit to us a plan and way to put the system in operation. We didn't know much about it ourselves. The only ones who complied with the request and made any effort to show us and work out the plan by which this machinery could be worked, was the Burroughs Adding Machine Company, and I believe they have the only billing machine which can be used, and along with that was these other machines which the employes in my office use in this work. Therefore, we proceeded along that line and we accepted their bid and bought the equipment from them for that particular reason. The amount of equipment that was purchased was not only for use in the Controller's office, but there was a number of machines bought for other offices over which I do not have any control. They considered all the machines

for the city and in the gross amount they gave us a substantial discount on the payment of the bill. So we considered it was good business.

Mr. McArdle arose and said:

So that Dr. Kerr may be clear on the point I raised. What I said was on the presumption that your office had ordered these machines without advertising for bids or setting up specifications.

Dr. Kerr said:

Well, we could not set up specifications, Mr. McArdle. We had them set up their own specifications. I did not know, nor could I write up a specification of that kind. We asked all these people to come in and gave them all the information we had as to what we wanted and asked them how it would be worked, and as I told you, this company was the only company sufficiently interested in it to work out any plan.

Mr. McArdle said:

Are you talking about the machines, or the system?

Dr. Kerr said:

I am talking about the machines. The machines we bought are the Moon-Hopkins machines, and they are the only machines by which the system could be worked.

Mr. McArdle said:

Couldn't the Moon-Hopkins people set up the specifications under which you could advertise for bids? The point I am making is this, so that you will understand my position. This bill comes to us after the purchase of the articles. That you just went into the market and bought these machines—your office made a bargain. In other words, they bought the equipment without first going through the Department of Supplies in the regular way set out by law.

Dr. Kerr said:

This procedure was not followed in this instance, because they are a patented machine, and there was no competitor. In this particular case, we could only buy the machines from one company.

Mr. McArdle said:

You can buy anything. If you set up a specification that fits any article or fits only one article, that is the only one you can buy. When they want a certain

model automobile, they use the specifications that fit the machine they want, and conduct a trading. The point I am making is that your office, which is the controller's office, goes out and makes this purchase without any semblance of complying with the law. Had any department done what your office has done without requisitioning the Department of Supplies and putting through an order for this equipment, your office would have stopped it.

Dr. Kerr said:

Yes, if you had an article that anyone else could bid on.

Mr. McArdle said:

It is the method by which you attempted to secure the thing you bought whether it is equipment or supplies. If you can do this on the Burroughs Adding Machine, then any department could do it on anything they wanted. For instance, a number of pieces of machinery is required by the Bureau of Highways and Sewers. If they desired a certain make of machine, they would set up specifications to fit that, but they will be in accordance with the law.

Dr. Kerr said:

We didn't want to buy this particular machine, but the machine that would do the work, and this system does the work and we were within our rights when we did it.

Mr. McArdle said:

That is not what the Department of Law advises Council. If the bill passes and receives the approval of the Mayor it will make the thing legal. It is very appropriate that the Controller's office, because of its duty, to stop this method by others, and in the light of publicity recently given the same, to adhere to the law. If that cannot be done, it would seem to me that the joint responsibility ought to rest with the body here, and pass, in advance, if it had any legal standing, any legislation necessary authorizing the purchase.

Dr. Kerr said:

We did not have any thought of violating the law, Mr. McArdle.

Mr. Anderson arose and said:

Mr. President: What the Council wishes to advise the Controller, if it has not been done in this case, he should do the same as the other departments that report to him. That is what the Council

wants him to do. The Law Department does not say he was within his rights. What the Council wants the Controller to do before the purchase is made is to serve notice on the Council. That is the question before us now. If you purchase equipment or need services of any kind, there is no question about your judgment, but how it is done.

The Chair said:

Are there any further interrogations?

Mr. Anderson said:

Never do it again.

And the bill, as read a second time, was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law and were:

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

Anderson	Little
Connelley	McArdle
English	Muldowney
Garland	Soost
	Herron, (Pres't.)

Ayes 9. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

UNFINISHED BUSINESS

Bill No. 181. An Ordinance entitled, "An Ordinance amending and supplementing an ordinance entitled, 'An Ordinance fixing the number of officers and employes of all departments of the City of Pittsburgh and the rate of compensation thereof,' approved January 5, 1931, and the several amendments thereof and supplements thereto."

In Council, February 8, 1932, Bill read, amended and laid over for reprinting.

Which was read a second time.

And the bill as read a second time was agreed to, as amended.

Mr. English moved

A suspension of the rule to allow the third reading and final passage of the bill.

Which motion prevailed.

And the bill was read a third time.

Mr. Anderson arose and said:

Mr. President: Could I say a word? It is not necessary for me to repeat what I said last week. I still feel the same in regard to appropriating money in the manner in which the money is provided for in this bill. I don't think it is good business. This Council has been trying for years to get away from such things as appropriating money and allowing Directors and Superintendents to spend it just the way they feel. It is the way I feel about the set-up in this bill when you set up the words "as needed" back of appropriations. The same thing would apply to all the clerks and apply to the firemen, and use them just as we needed them after a fire started.

I don't feel that I am justified in voting for the bill. I want to serve notice, in the making up of all bills, they should not be coupled up with a lot of other resolutions and ordinances, part of which I agree with, but I feel that I cannot vote against this item in this ordinance without voting against the entire bill, and I cannot vote for the other items that I agree with without voting for this; so I don't think it is the right way to present bills in Council, although I realize what it is done for, and I appreciate that it is to save money, but at the same time we cannot save a few dollars and put ourselves in the position of doing something wrong.

That is the way I feel about this bill. It is my own feeling. Therefore, we must oppose bills when we feel that there is a lot of good attached to them when they are coupled up in this way. I don't think it is the right way to do this. I agree with anything where we can save money for the city, but I cannot agree with saving a few dollars and starting a system that will haunt us.

Mr. English arose and said:

Mr. President: I am surprised that you allow remarks on third reading of the bill.

I want to state that I regret the headlines printed in the newspapers last week regarding our action on this bill said that one member of Council had been called a liar. I regret that such an inference had to be recorded, and hope it will not have to be recorded again.

Speaking on this particular amendment that the department employ plumbers and steamfitters, as needed, we come to the meat of the City Manager question. I don't think there is a city manager in this country or in any place or in any corporation, which, unless they need a mechanic employed constantly, would set up money and employ a man unless he is needed. In this particular instance these skilled mechanics who receive \$13.75 a day, have no right to think that there has been a fund set up at Mayview for their pleasure when their brother-members are walking the streets hunting for jobs. It is only what prudent business requires; that is, employ skilled mechanics when needed. When they need skilled mechanics they should have them. When there is a sudden break in the line and three or four or a half dozen plumbers are needed, I believe the department should be given that authority. I want to take exception to the possibility of a plumbing job of the size that would require 50 men at one time. Of course, if the head of the department or the Superintendent at Mayview attempts to misconstrue this ordinance and goes ahead and hires a lot of plumbers, we will soon find it out when they expend the \$7,100.00 appropriation and are compelled to come into Council for a transfer. If the department runs this thing right and makes a real public service out of it and if every city employee stands up under his responsibility, including the members of Council, as well as for all directors and superintendents, there should be no complaint. Nothing is being done

here against the Union man; this is the same system used in his Union and in the shop of the master plumber or on a steam-fitting job. Unless the rules have been changed, and I am speaking of my own personal knowledge and from my connection with the plumbing business, they had certain rules regarding the journeyman plumber working for the master plumber. A journeyman was still employed until notified that his services were no longer required. However, if the master plumber failed to notify the journeyman plumber prior to quitting time on the day he was working that there would be no work the following day, then the journeyman plumber reporting for work the next morning, would be paid that day's wages. However, if the master plumber notified the journeyman plumber on the previous day at quitting time that he would not need him the next day, of course the journeyman plumber lost employment for the next day and would not be paid. However, many of the journeymen plumbers used to show up, hoping a job would turn up during the night or early in the morning. That is exactly what is expected of the plumbers who are engaged for service at Mayview, namely, they will be employed when they are needed just as the other journeymen working for master plumbers. If that rule does not prevail between the master plumber and the journeyman plumber today, of course, we do not want the City to upset their regular rules. If this set-up "as needed" is found to be wrong I will be glad to introduce a correction. I think we should try this.

Mr. Anderson arose and said:

Mr. President: It is not a question about the Union. I am not interested in any particular member of the Union or trying to save a job here. I am questioning the set-up. I don't think it will work. As far as any individual is concerned, I want the gentleman to understand that I am not interested in any individual, but am interested in every one of them, and proudly state that. I am interested in all the Union men in the City of Pittsburgh. I object to this set-up.

Mr. English arose and said:

May I ask the gentleman a question, Mr. Chairman? Has the rule between the master plumber and the journeyman plumber as to the method of employment been changed?

Mr. Anderson arose and said:

No, sir.

Mr. English arose and said:

Mr. President: I am perfectly satisfied that the ordinance is all right.

Mr. McArdle arose and said:

Mr. President: This question involved in the matter of the plumbers and steamfitters at Mayview is an old one around budget time. My memory goes back to a time when the Council was looking into the affairs of the Bureau of City Property, and I don't know of any other time when a more outlandish abuse of this condition in our set-up here was shown, and I am making that charge against this bill. As far as I am able to see there is no necessity for it in the matter of the plumber and the steamfitter, and in every other trade on that property out there, and as a matter of necessity in every other activity of the City of Pittsburgh where transaction of laborers or any other employees were concerned. There is no question this system has been open to a very great abuse.

The Council recently passed an ordinance creating a position under the title of Budget Controller. This opens the way for the destruction of everything that is set up in the budget, and you find out all about it after it happens. No one can appoint a plumber the next day, because you must go through the ordinary procedure of appointment, and you could not appoint 50 tomorrow unless you violated the law.

We are concerned, at least I am, about the re-vamping of this feature of the bill by putting that in and furnishing still further precedent of the juggling of employment, if you please, which you find out after the expenditure has been made near the end of the year, and there is nothing for Council to do if they desire to replenish that appropriation but transfer of funds from some other appropriation.

I am opposed to the bill because it changes a title in the Bureau of Engineering and wipes out the title of special assistant engineer and substitutes special construction engineer. As I understand it by a copy of the last salary bill, you only just recently completed a rather extended revision of that feature of the department, and there certainly would be nothing new that has transpired from that time until this, and the title that is set up here is less warranted now, it seems to me, than at

any time since I had anything to do with setting up positions. There is nothing special in contemplation in that department, and I fancy that there will be nobody employed unless employed in the general routine work of the department. The problem in the department today is to find something for the employees to do, and I think it is important that we should designate something for them to do rather promptly. As far as we have anything before us either in the way of finances or provided legislation, there is not anything that seems to warrant the introduction of a fancy title, which after all, simply lends itself to a reduction of a man's service to something exclusive when there is nothing to be done except ordinary routine work, and apparently very little of that. Maybe we are responsible for that.

And the bill, as read a third time, was agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law and were:

Ayes:—Messrs.

Connelley

English

Garland

Little

Muldowney

Soost

Herron, (Pres't.)

Noes:—Messrs.

Anderson

McArdle

Ayes 7. Noes 2.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

MOTIONS AND RESOLUTIONS

Mr. Garland presented

No. 274. WHEREAS, In the case of injury, severe sickness or death of any employe of the City, or of any inmate of any City institution, it is necessary to notify immediately relatives or nearest friends; and

WHEREAS, There has been brought to the attention of Council an instance where gross negligence has been shown in regard to such notification; Therefore, be it

RESOLVED, That the Directors of the Departments and the Superintendents of the Bureaus be and they are hereby directed to

use every intelligent and exhaustive effort to locate and notify families or friends in such emergencies.

Which was read.

Mr. Garland moved

The adoption of the resolution.

Mr. Garland said:

"Mr. President: It is very evident that the city directory was not examined, as a quick glance will show that there are three Samuel Grahams without any middle initials.

One of these plainly shows "Samuel Graham, 1607 Radner street."

And the question recurring on the adoption of the resolution.

The motion prevailed.

Mr. English obtained leave and presented at this time

No. 275. An Ordinance authorizing and directing the Director of the Department of Public Works to carry out un-

employment relief projects by the improvement of dirt streets with city forces or with forces provided by the Allegheny County Emergency Association, and to requisition the purchase of supplies and materials by the Director of the Department of Supplies, to rent or purchase tools, plant, motor trucks or equipment, to pay supervision, labor and engineering expenses, all as may be necessary for the proper performance of said work, and providing for the payment thereof.

Which was read and referred to the Committee on Public Works.

Mr. Garland moved

That the Minutes of Council, at a meeting held on Monday, February 8, 1932, be approved.

Which motion prevailed.

And on motion of Mr. Muldowney

Council adjourned.

Bond Improvements from January 1st to February 1, 1932, inclusive, and from January 1st to February 19, 1932, inclusive, respectively.

Also

No. 277. Resolution authorizing and directing the City Controller to transfer the sum of \$200.00 from Code Account 1509, Materials, to the custody of Patrick Higgins, Superintendent of Equipment in charge of the Division of Garage and Repair Shop, Department of Public Works, so as to permit the purchase of automobile repair parts out of a petty cash fund.

Which were read and referred to the Committee on Finance.

Also

No. 278. An Ordinance authorizing and directing the grading, paving and curbing of Dollar street, from Centre avenue to a point 545 feet northwardly therefrom, including, as may be necessary, the grading of approaches on streets affected thereby and sinking of exploratory test holes; letting a contract or contracts therefor, and providing that the costs, damages and expenses of the same be assessed against and collected from property specially benefited thereby, and providing, further, for the payment of the City's share thereof.

Which was read and referred to the Committee on Public Works.

Also

No. 279. An Ordinance providing for the letting of a contract or contracts for the furnishing and delivery of Park Benches for the Bureau of Parks and providing for the payment thereof.

Which was read and referred to the Committee on Parks and Libraries.

Mr. Connelley (for Mr. English) presented

No. 280. WHEREAS, Times and conditions have changed since 1919, when

the people of Pittsburgh, by a vote of 15,475 favoring and 13,414 opposing, or by a majority of 2,061, approved an increase of indebtedness of the City of Pittsburgh in the sum of \$6,000,000.00 for a subway in the First and Second Wards; and

WHEREAS, Almost thirteen years have elapsed and the Transit Commission now advises Council that additional legislation, including a State-wide popular vote to amend the State Constitution is necessary to provide a method of financing the cost of rapid transportation of passengers; and

WHEREAS, The coming Primary Election on April 26, 1932, would permit of a people's vote on this important matter at a very small cost; Now, therefore, be it

RESOLVED, That the Council of the City of Pittsburgh respectfully petition the Commissioners of Allegheny County to make provision in the Primary Election on April 26, 1932, for the people of Pittsburgh to vote on the following:

1. Shall the City authorities proceed immediately with the construction of a subway in the First and Second Wards?

2. Shall the City authorities delay the construction of a subway in the First and Second Wards until the proposed amendment to the Constitution of the State of Pennsylvania is approved or disapproved?

3. Shall the City authorities construct a subway under Grant street, from Water street to Liberty avenue

or

Shall the City authorities construct a subway under Smithfield street, from Water street to Liberty avenue?

Also

No. 281. WHEREAS, The legal time for the inhabitants of the State of Pennsylvania has been definitely fixed as Eastern Standard Time; and

WHEREAS, Many people are dissatisfied with the City of Pittsburgh officially adopting Daylight Savings Time, while still keeping clocks in City buildings at Eastern Standard Time; and

WHEREAS, The will and desire of the people of Pittsburgh can be obtained easily and at very low cost in the coming Primary Election; Therefore, be it

RESOLVED, That the Council of the City of Pittsburgh respectfully petition the Commissioners of Allegheny County to make

provisions in the Primary Election on April 26, 1932, for the people of Pittsburgh to vote on the following:

Shall the authorities of the City of Pittsburgh adopt Daylight Savings Time for the operation of the official City business?

Which were read and referred to the Committee on Finance.

Mr. Garland presented

No. 282. Resolution authorizing and directing the Board of Assessors to issue an exoneration for taxes levied for the year 1932 on the property of the Pittsburgh Workshop for the Blind, situated on the northwest corner of Craig and Filmore streets.

Which was read and referred to the Committee on Finance.

Mr. Little presented

No. 312.

City of Pittsburgh, Penna.,

February 23, 1932.

Council of the City of Pittsburgh.

Gentlemen:

At a meeting of the Committee on Public Works, held Tuesday, February 16, 1932, Bill No. 49, an Ordinance relocating the course of Saw Mill Run in the Nineteenth and Twentieth Wards of the City of Pittsburgh, from the crossing under the Pittsburgh and West Virginia Railway Company to a point about thirty-five (35) feet north of the first angle in Wilmerding street west of Woodruff street, etc., was read and ordered returned to council with an affirmative recommendation. This Bill has been referred to the Law Department for an opinion as to whether it is necessary to obtain permission from the State Health Department before a change in a water course can be made.

There is nothing in the statutes which calls for such permission from the State Health Department, and under the law, this being merely a change in a water course, Council has full power to act.

Respectfully yours,

Chas. A. Waldschmidt,
City Solicitor.

DEPARTMENT OF LAW

February 18, 1932.

Council of the City of Pittsburgh.

Gentlemen:

In re Bill No. 238, being a Resolution for a warrant in favor of Earl B. Burke for \$935.21 for furnishing and delivering 25.978 tons of Class D Cast Iron Pipe for the Bureau of Water, which was ordered returned to Council with an affirmative recommendation, subject to a report to Council on Tuesday, February 23, 1932, from the City Solicitor as to whether the Resolution is in proper form and the purchase of this pipe is legal under the circumstances, I advise you as follows:

Upon investigation we have learned that Mr. Burke had this cast iron pipe left over from an improvement at Second and Greenfield avenues, and now desires to sell the same to the City of Pittsburgh. The Department of Supplies has a contract for the year 1932 with the United States Pipe and Foundry Co. for the purchase of cast iron pipe, which contract was let after competitive bidding. This is an attempt to purchase goods from a seller after competitive bidding in which he did not take part and to the detriment of the party to whom this contract was let. Therefore, this procedure is unfair and illegal.

Respectfully yours,

Chas. A. Waldschmidt,
City Solicitor.

No. 346.

Department of Law,

Pittsburgh, February 27, 1932.

Finance Committee of Council.

Gentlemen:

In re Bill No. 282, being a Resolution authorizing the Board of Assessors to issue an exoneration for taxes for the year 1932 on the property of the Pittsburgh Workshop for the Blind, situated on the northwest corner of Craig and Filmore streets, I report as follows:

Said property is assessed for the year 1932 against Landau Brothers Contracting Co., in the amount of \$16,720.00 for the land and \$125,000.00 for buildings, a total of \$141,720.00. Inasmuch as said Landau Brothers Contracting Co. was the registered owner on the first day of January, the assessment is legal as against said owner and any subsequent grantee.

Under date of January 22, 1932, a deed of the property was given to Pennsylvania Association for the Blind, a Pennsylvania corporation. Said deed has been registered but as yet there is no record of the transfer on the Assessors' duplicate. You will note that the name of the owner is not correctly stated in the Resolution.

No doubt said Pennsylvania Association for the Blind will be entitled to exoneration for the year 1933 on the portion of the property used for charitable purposes, but it is not entitled to such exoneration for the year 1932.

The buildings are a three-story brick club house, store and dwelling, Nos. 308 to 316. Stores and dwellings not used for charitable purposes are taxable notwithstanding the fact that the owner is a charitable corporation. Council is not authorized to exonerate taxes against property so used.

The Association in purchasing the property knew that the taxes for the year 1932 were a lien on the property and an arrangement should have been made with the grantor for payment. In my opinion, such an exoneration is not authorized by law or the decisions of the Courts.

Respectfully yours,

CHAS. A. WALDSCHMIDT.
City Solicitor.

Which was read.

Mr. Garland moved

That the resolution be recommitted, and the communication be referred to the Committee on Finance.

Which motion prevailed.

Also, with a negative recommendation,

Bill No. 277. Resolution authorizing and directing the Controller to transfer the sum of \$200.00 from Code Acct. 1509, Materials, to the custody of Mr. Patrick Higgins, Sup't of Equipment, in charge of the Division of Garage and Repair Shop.

No. 387½.

City of Pittsburgh, Pa.,

March 7, 1932.

Finance Committee of Council.

Gentlemen:

On Bill No. 325, being a bill authorizing the issuance of warrants for extra work in favor of A. F. Jordano Co., Inc., for \$120.00 on the Haslage avenue improvement, and R. D. Thomas & Co. for \$6,448.00, on the Eleventh street improvement, I beg to advise you as follows:

As to the Jordano warrant I understand there is no question about it.

In relation to the Thomas warrant, the City of Pittsburgh and the Pennsylvania Railroad Co. entered into an Agreement dated the third day of November, 1928, in relation to a number of matters involving the relocation of streets, etc., necessary to be made in behalf of the Railroad Co. in connection with its improvements at its new

terminal. This Agreement was authorized by an Ordinance of Council approved October 24, 1928. In the Ninth paragraph of the Agreement it is provided:

"... all damage due to the change of grade of Eleventh street, shall be borne by the Company, and the cost of the physical improvement of Eleventh street to the new grade to provide for the under-grade crossing shall be borne by the City."

Pursuant to this provision of the contract with the Railroad Co. the City let a contract with Thomas & Co., and, therefore, the extra work must be paid for by the City as well as the work directly under the contract.

Respectfully yours,

THOS. M. BENNER,
First Asst. City Solicitor.

And the rule having been suspended, the resolution was read a second and third times, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Connelley	McArdle
English	Muldowney
Garland	Soost
Little	Herron, (Pres't.)

Ayes 8. Noes none.

And there being two-thirds of the votes

of Council in the affirmative, the resolution passed finally.

Also

Bill No. 353. Resolution authorizing and directing the City Controller to transfer the amount of \$250.00 from the Bureau of Tests, Code Account No. 1955, Repairs, to the Bridge Repainting, City Force, Code Account No. 1580, Wages.

Which was read.

Mr. English moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second and third times, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Connelley	McArdle
English	Muldowney
Garland	Soost
Little	Herron, (Pres't.)

Ayes 8. Noes none.

And a majority of the votes of Council being in the affirmative, the resolution passed finally.

Mr. English also presented

No. 431. Report of the Committee on Finance for March 11th, 1932, transmitting two ordinances to council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 354. An Ordinance entitled, "An Ordinance signifying the desire of the corporate authorities of the City of Pittsburgh that the indebtedness of the City of Pittsburgh be increased in the amount of Two Million (\$2,000,000.00) Dollars for the purpose of providing supplies, materials, equipment, labor and supervision (including engineering expenses) for the improvement of streets, parks, playgrounds, wharves, sewers, water lines, bridges and other public properties of the City of Pittsburgh, the labor to be provided from among the unemployed, and providing for a special public election to be held in said City for the purpose of obtaining the assent of the electors thereof to such increased indebtedness, and providing for notice of such election."

Which was read.

Mr. English moved

A suspension of Rule VIII, providing

for mailing of printed copies of all ordinances and resolutions to each member of council, at least 48 hours previous to the final consideration of such papers by council.

Which motion prevailed.

Mr. English moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. English arose and said:

Mr. President:—While the letter of the City Solicitor, which refers to Bills 354 and 355, the proposed public bond issues for relief, is clearly explanatory in itself, I think it only proper that some statement should be put in our record to indicate the feelings of some of us in reference to this very important matter.

Everyone expected when we took up two years ago the matter of relief and welfare with outside agencies, that with the organization of the Allegheny County Emergency Association, the City would be able to provide work for the unfortunate people who are victims of a world-wide depression, I am sure we all hoped, at least I did, that the turn would come before this time, and nobody expected that the City of Pittsburgh would be called upon to do what is proposed to be done in bills 354 and 355.

During the last two years a noble group of citizens have given thousands, yes millions, of dollars of their funds and have given generously of their time and assistance in order to help the City of Pittsburgh take care of the unfortunate victims of unemployment. Now, we have come to what they call a crisis. They say they are at the end of their resources and they have appealed to the city officials to submit to the people a bond issue, on which the people may have an opportunity of expressing whether or not the people themselves favor taking some of the public money and the necessary increase in taxation which would have to follow, in order to continue to take care of unfortunates who are unemployed.

As I see these bills before me, it is a tremendous obligation. We would be unworthy of the confidence which the people of Pittsburgh have placed in us as their elected representatives if we faltered in what I consider my personal duty to give

the people of Pittsburgh an opportunity to express themselves at the polls.

There has been some criticism of this proposed bond issue. The matter has been mixed up with the proposed request to the County of Allegheny. Some of the people who criticize say that we should not issue the bonds; others say if we do issue these bonds, the city itself should disburse the money which would be provided. All of this criticism may or may not be fair or just, but today we face this very serious situation; in order to provide the people an opportunity of voting on April 26, these bills must be passed today, because, under the law, certain advertising is necessary and a certain time must elapse before they can legally be placed upon the ballot.

Now, in order that there may not be any legal barrier our own City Solicitor has called in prominent attorneys who have been accustomed to passing upon the legality of city bond issues for the past ten years. These attorneys have gone over these bills in conjunction with our own City Solicitor and these two bills are their best judgment. The only fair thing for the members of Council, in order to give the people an opportunity of expressing their opinion, is to pass these desire ordinances and let the future take care of itself.

Mr. McArdle arose and said:

Mr. Chairman:—I think it goes without saying that I agree with everything that has been or may be said commentary of the efforts of the men and women who have been attempting to do for those who find themselves distressed as the result of the depressed conditions under which we are living today.

I am exceedingly regretful that it should have been borne upon their mind that they should have taken the step they did when they recommended the passage of the legislation which is now before us.

I object to it very sincerely. I object to it for the reason, as has been expressed in some of the statements and communications that have been presented to the committee when considering these bills, and Council today. I object to it on principle and I object to it specifically as the means of meeting the present situation as it exists in the City of Pittsburgh now.

It is, in a large way, what I have frequently expressed—most of us—in our official experience as members of this Council,

that is, when other things fall, bring them to the City Government for solution.

Now, it is my opinion that the City Government is not in a position to take upon itself a responsibility that is indicated in this legislation, and that, as inevitably, as the day follows the night, will be followed by further legislation of this kind, providing this depression that we are now suffering from continues for any great length of time.

I need not tell the present members of Council what has been the attitude of the public on government expenses of the City of Pittsburgh, and it is not peculiar to the City of Pittsburgh, because it is one of the most discussed questions in America today—that of the cost of government. Newspaper editorials, platform lectures, magazine editorials and articles, and all kinds of means of expression are given to correlating facts, and the presenting of them as a method of protest against the constantly rising cost of government to the American people.

And there is no use in us or anyone else thinking that we can take over propositions like this and never have it rest where all taxation ultimately does rest, and where it particularly rests in this case—that is, upon the back of the people least able to bear it.

If we pass this legislation, we are saying, in effect, that, to the man in Pittsburgh, who is the possessor of a million dollars of government bonds, the interest and the principle of both are absolutely secure to him, who can give or refrain from giving to the relief of the needy in the City of Pittsburgh just as he pleases, but if his neighbor is the owner of a theoretical equity of a measly one thousand dollars in a home that he is attempting to purchase, that he must contribute to it whether he is able or whether he is willing or not.

And it is my opinion that we haven't the right to impose this obligation upon him unwillingly.

Let us look at it in another way. What we are actually proposing to do is to set up a system of financing this proposition. We propose, in effect, to buy somebody a bottle of milk and take 20 years in which to pay it in order that the child who is drinking it today may have to pay for it when he is a grown-up man.

It is my judgment if the City of Pittsburgh (I mean its citizens; I mean its business, its industry, its commerce) is in a

position where that condition is necessary, it certainly does not speak well for Pittsburgh. It does not speak well for the attitude of the public towards this problem; and I have had an opportunity to understand—I don't believe that the average man who is struggling not to pay for a home, because that is almost outside of the possibilities today, but who is struggling to retain the meagre hold that he has upon the home that he has been attempting to buy; in other words, who is struggling to pay the existing taxes; who is struggling to pay the interest upon his building and loan or bank mortgage, or his two mortgages, as there are thousands of cases of this kind.

I don't believe that he will feel that we are treating him at all right if we ask him to assume this additional burden, and allow so much wealth in the City of Pittsburgh to escape the same obligation that we are imposing upon him whether he wants it or not. I am not unmindful, of course, of the fact that he will have his say as to whether this shall be done or not. But he will not have all the say.

There is another feature of it. I want to speak very frankly about that. I don't know a lot about the expenditures, in an intimate way, of the funds by public agencies heretofore. But what I have learned from it does not lead me to the belief that the disposing of Three Million Dollars of public funds will be at all satisfactory to the people who have to pay the bill. And I would not approach with any degree of satisfaction at all what I regard as an almost immediate prospect that these Three Million Dollars, when made available, would become something more to harter and trade in the political affairs of the City of Pittsburgh. I don't believe that we are in a position to hazard a condition of that kind; and as this language says that we believe this ought to be done and that it does not merely say that we ask the electorate as to whether it should be done, I vote against it because I do not believe it ought to be done; and therefore would not put myself in the position of misleading the public in believing that I thought, as their elected representative, this was a good way to meet the situation that confronts us and an equitable way to impose upon the taxpayers of Pittsburgh.

Mr. Connelley arose and said:

Mr. President:—I am going to support this measure. What the previous speaker has

said, no doubt, in a great measure, is true, and we know that the handling of funds as they have been handled is subject to criticism; but when a person is hungry and cold, they want something to eat and something to wear. I have given this matter considerable thought. I know about the taxation. I know that each member of this body tried hard to reduce the taxes here in the City of Pittsburgh, and we all know the relationship between the County and the City. I feel that if this measure passes that we will finally have to have legislation; or whether it passes or whether it doesn't, we will have to have State legislation where it will allow local option, where we can decide for ourselves what to do for the people in distress. We all know what the people are saying on the lecture platform, and our writers, about the government expense and the way the government is run, but that at this particular time does not relieve us when we are elected to help its people in distress. I feel sure that if this is put before the people and carried, that the method of handling will be different—perhaps not much different than at present—but it will be watched more closely.

It is expedient that we do something and do it as quickly as we can, and that is the reason I am going to vote for the measure.

And the bill as read a second time was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law and were:

Ayes:—Messrs.

Connelley

English

Garland

Little

Muldowney

Soost

Herron, (Pres't.)

Noes:—Mr. McArdle

Ayes 7. Noes 1.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also

Bill No. 355. An Ordinance entitled, "An Ordinance signifying the desire of the corporate authorities of the City of Pittsburgh that the indebtedness of the City of

Pittsburgh be increased in the amount of Three Million (\$3,000,000.00) Dollars for the purpose of providing food, clothing, fuel and shelter for and otherwise assisting residents of the City of Pittsburgh who are without adequate means of support, and providing for a special public election to be held in said City for the purpose of obtaining the assent of the electors thereof to such increased indebtedness, and providing for notice of such election."

Which was read.

Mr. English moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. English also presented

No. 432.

City of Pittsburgh, Pa.,

March 14, 1932.

To the Honorable, the Members of Council.

Gentlemen:

In reference to the question of whether or not the City of Pittsburgh can issue bonds in the sum of \$3,000,000.00 for the purpose of providing food, clothing, fuel and shelter for and otherwise assisting the residents of the City who are without adequate means of support, I beg leave to advise you as follows:

The care of the poor within the corporate limits of the City of Pittsburgh is under the jurisdiction of the Department of Public Welfare and is an obligation upon the City of Pittsburgh. The City of Pittsburgh has the further power to maintain almshouses, hospitals and other similar institutions, and to supervise its charities.

I am further of the opinion that if Council has not the funds from taxation to carry out its obligations, that then it has the right to borrow money to carry out the duties imposed upon the City of Pittsburgh, but the extent of the duties assumed or carrying out of these obligations rests with the corporate authorities.

Respectfully yours,

CHAS. A. WALDSCHMIDT,

City Solicitor.

Mr. McArdle also presented

No. 436.

Valley Rue Street

March 9th, 1932.

Committee on Public Service and Surveys,

Council of the City of Pittsburgh.

Gentlemen:

At a meeting of the Committee on Public Service and Surveys held March 8th, 1932, an ordinance vacating a portion of Valley Rue street, from the north line of the Richard Isaac Knowlson Plan of Lots to

Rudolph street was read and ordered returned to Council with an affirmative recommendation and a motion was adopted that this Department furnish a report concerning the adjudication of damages for the opening of Valley Rue street and in connection therewith, we submit the following:

Valley Rue street was opened by Ordinance No. 793 approved December 29th, 1929. All of the property taken for the opening of Valley Rue street being owned by Mr. Jos. R. Young. Mr. Young also owning the entire frontage on both sides of Valley Rue street, as opened. There have been no Viewers appointed for the adjudication of damages for the opening of Valley Rue street and it is the opinion of this Department that the damages for the opening will be somewhat less if Valley Rue street is vacated as provided in Bill No. 166, as the portion of Valley Rue street proposed to be vacated occupies a portion of the Jos. R. Young property remaining after the opening of Valley Rue street by Ordinance No. 793, as the vacation of the street will clear the title to the Young property and make the same more valuable than it is at present with the street encroaching on the property.

The property owned by Mr. Young on the east side of Valley Rue street as opened, is 30.0 feet in width by 100.0 feet in depth with an average depth from Rudolph street of 58.0 feet to the portion of Valley Rue street proposed to be vacated by Bill No. 166. After the vacation of this portion of the street, this property will have a frontage of 30.0 feet on Rudolph street by 100.0 feet in depth, clear of all encumbrances and for this reason, we believe this property will be benefited by the vacation and for this reason we also believe it is desirable to have the vacation ordinance passed and adjudicated by the same Board of Viewers that is appointed for the opening of Valley Rue street.

When Bill No. 166 was presented for your consideration, we attached thereto a blue print showing the portion of the street proposed to be vacated by Bill No. 166, the street as now opened by Ordinance No. 793; also the property owned by Mr. Jos. R. Young. It was our belief that an inspection of this blueprint would show the benefit to the Young property and we hope these benefits will partly offset the damages to which Mr. Young is entitled to by the opening of Valley Rue street by ordinance No. 793.

Upon the passage of this vacation ordinance and the approval of same by the

Mayor, we will prepare plans for viewers' proceedings for both the opening and the vacation and submit same to the Law Department for viewers' proceedings.

Yours truly,

EDWARD G. LANG,
Director.

Recommended:

F. B. CHALFANT,
Division Engineer, Surveys.

TOM M. REED,
Chief Engineer, B. of E.

CHAS. M. REPERT,
Chief Engineer, D. P. W.

Which was read, received and filed.

Mr. McArdle stated

That he did not believe the vacation ordinance should be passed prior to the final adjudication of the opening, the ordinance for which passed about two years ago, and that the bill should be recommitted to committee and the Law Department asked for a report on the final adjudication of damages in the opening proceedings.

The Chair stated

That, if there were no objections, the bill would lay over and the Law Department be asked for a report as to whether the damages in the Valley Rue street opening proceedings have been adjudicated and if so, whether the property owners who will benefit by the vacation of the street have been awarded any damages by reason of the taking of their property for the street opening.

Mr. Muldowney presented.

No. 437. Report of the Committee on Public Safety for March 8, 1932, transmitting sundry resolutions to council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 364. Resolution authorizing the issuing of a warrant in favor of the Western Sound Products Company for the sum of \$941.70, for the maintenance of the Police Radio System known as Station WPDU and other associated equipment during the month of February, 1932, and charging the same to the amount reserved for contract for the maintenance of Police Radio System, for the year 1932, Code Account No. 1447, Item B, Miscellaneous Services, Bureau of Police.

Which was read.

Mr. Muldowney moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second and third times, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Connelley	McArdle
English	Muldowney
Garland	Soost
Little	Herron, (Pres't.)

Ayes 8. Noes none.

And there being two-thirds of the votes of Council in the affirmative, the resolution passed finally.

Also

Bill No. 365. Resolution authorizing the issuing of a warrant in favor of the Duquesne Light Company for the sum of \$1,412.83, for work in moving the master control signal panel for the downtown traffic signal system from the basement of the City-County Building to the city-owned building at 617 Second avenue, and charging the same to Bond Fund No. 291.

Which was read.

Mr. Muldowney moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second and third times, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Connelley	McArdle
English	Muldowney
Garland	Soost
Little	Herron, (Pres't.)

Ayes 8. Noes none.

And there being two-thirds of the votes of Council in the affirmative, the resolution passed finally.

Also

The adoption of the resolution.

Which motion prevailed.

The Chair presented

No. 439. WHEREAS, It was the intent of Council that the recommendation of the property owners on Homewood avenue when they requested a new lighting system, be complied with by the installation of 1000 c. p. lamps; and,

WHEREAS, Through inadvertence, a recommendation by the Superintendent of the Bureau of Light that simply a change be

made to 600 c. p. lights, which it now develops is entirely unsatisfactory to these property owners; and,

WHEREAS, By installing 1000 c. p. lamps, which will be satisfactory to the property owners involved, the actual cost of such change will involve only the expenditure of approximately \$625.00; Now, therefore, be it

RESOLVED, That the Director of the Department of Public Works be and he is hereby directed to issue instructions to the Superintendent of the Bureau of Light to install such new installation of 1,000 c. p. lights on Homewood avenue, without further delay, and that the lamps on this circuit located on Braddock avenue, from Tioga street to Penn avenue, and on Penn avenue, from Braddock avenue to Fifth avenue be also changed to 1000 c. p.

Which was read.

Mr. Garland moved

The adoption of the resolution.

Which motion prevailed.

Also

No. 440. WHEREAS, The Central Records Company of Chicago has requested authority to make a survey of the administrative procedure of the City of Pittsburgh with a view of determining whether the automatic system of central record control would be applicable to the affairs of a municipality; and,

WHEREAS, The said survey would be made without cost or obligation to the City; Therefore, be it

RESOLVED, That the Central Records Company of Chicago be and is hereby authorized to make the necessary survey, under the direction of the City Controller, with the explicit understanding that the City will be in no way obligated and that any cost or expense incurred in this operation is to be assumed by the Central Records Company of Chicago.

Which was read.

Mr. McArdle moved

The adoption of the resolution.

Which motion prevailed.

Mr. Garland moved

That the Minutes of Council, at a meeting held on Monday, March 7, 1932, be approved.

PRESENTATIONS

Mr. English presented

No. 441. An Ordinance amending and supplementing an Ordinance entitled, "An Ordinance fixing the number of officers and employes of all departments of the City of Pittsburgh and the rate of compensation thereof," approved January 5, 1931, and the several amendments thereof and supplements thereto.

Also

No. 442. Resolution authorizing and directing the Collector of Delinquent Taxes and the City Controller to relieve T. J. Gillespie from the payment of \$42.87, representing penalty and interest for non-payment

of taxes for 1930 against his property in the 7th Ward, which taxes he later paid at face on May 19, 1930, and to so mark their records.

Also

No. 443. Resolution authorizing the issuing of a warrant in favor of Annie T. Monaghan in the sum of \$60.40, in full settlement of the refund of taxes collected erroneously for the years 1926 to 1930, inclusive, on property at 3404 Penn avenue, 6th Ward, the building on said property having been destroyed by fire in 1926, and charging the same to Code Account No. 41, Refund of Taxes and Water Rents.

No. 486.

City of Pittsburgh, Pa.,

March 17, 1932.

Finance Committee of Council.

Gentlemen:

On Bill No. 396, being a bill for a resolution for a warrant in favor of Hilda Wahrhaus et al., employed in the Department of Supplies, for payment of salaries from

February 15 to March 15, 1932, in the total sum of \$466.50, I beg to advise you that Council authorized a Resolution in favor of the same persons, or some of them, during the month of February. These persons are employed provisionally in the Department of Supplies and have no exact status on the payroll on account of litigation involving two positions in that Department. I tried the cases last week but, of course, as yet have not had a decision.

As the persons mentioned in the Resolution are doing the work and the salaries fixed are those provided for in the Salary Ordinance, I see no reason why they should not be paid, and therefore recommend your favorable action.

Yours truly,

THOS. BENNER,
First Asst. City Solicitor.

Which was read, received and filed.

MOTIONS AND RESOLUTIONS

The Chair presented

No. 491.

CITY OF PITTSBURGH

Office of the Mayor.

March 21, 1932.

To the Honorable, the President and Members of Council of the City of Pittsburgh.

Gentlemen:

Pursuant to the terms and provisions of Section 13 of the Act of May 31, 1911, relating to appropriations, we, the undersigned, the Mayor and Controller of the City of Pittsburgh, do hereby certify the existence of an emergency in said City arising out of the unemployment of thousands of men and women, requiring a special appropriation to the Department of Public Welfare of the sum of \$260,000.00, or so much thereof as may be necessary to be used to furnish assistance, relief and help to the unemployed of the City of Pittsburgh.

CHARLES H. KLINE,

Mayor.

JAMES P. KERR,

Controller.

Which was read, received and filed.

Also

No. 492.

CITY OF PITTSBURGH

Office of the Mayor.

March 21, 1932.

To the President and Members of Council,
City of Pittsburgh.

Gentlemen:

We herewith transmit to your Honorable Body an emergency ordinance to provide relief for the unemployed.

We are constrained to do this for the reason that funds of the Allegheny County Emergency Association are exhausted.

This ordinance will provide relief for a period of four weeks.

We do this with full knowledge of the fact that the City of Pittsburgh already has a deficit of \$916,000.00, carried over from last year. This ordinance will increase that deficit to \$1,176,000.00.

We are also not unmindful of the fact that tax collections will in all probability, not meet our expectations. This, in all probability will necessitate a higher tax rate next year.

The Allegheny County Emergency Association will continue its efforts to secure more funds and we are hopeful that other plans which have been inaugurated will be successful during that period.

We regret very much that this action is necessary, but we cannot sit idly by and see many thousands of people in this City go hungry and cold.

Respectfully submitted,

CHARLES H. KLINE,

Mayor.

JAMES P. KERR,

Controller.

Which was read, received and filed.

Also

No. 493. An Ordinance making an emergency appropriation in the sum of \$260,000.00, or so much thereof as may be necessary, to the Department of Public Welfare, to be used to furnish assistance, relief and help to the unemployed of the City of Pittsburgh.

Which was read.

Mr. English moved

A suspension of Rule VIII, providing for mailing of printed copies of all ordinances and resolutions to each member of council at least 48 hours previous to the

final consideration of such papers by council.

Which motion prevailed.

Mr. English moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

The Chair said:

Gentlemen: This will require the unanimous vote of Council.

Mr. McArdle arose and said:

Mr. President: As I understand this emergency law, the Mayor and the Controller—at least the Mayor—should declare in the request that they desire it passed on the day of its introduction in order to make its passage meet the requirement of the Act.

The Chair said:

I will have to ask the Clerk. This is the way we have been doing heretofore.

The Clerk (Mr. Clark) said:

Gentlemen: There has been times that the Mayor said it was an emergency, and it was done.

Mr. Garland arose and said:

Mr. President: This is the law on the question—"No bill shall become a law on the same day on which it is introduced or reported, except in case of public emergency, and then only when requested by the Mayor and approved by the affirmative votes of all the members of Council present, as provided in Section 12 of the Act of Assembly of May 31, 1911, relating to the government of cities of the second class."

The Chair said:

Gentlemen: In the Mayor's letter he asks for its passage today. He does not put it in the ordinance, but he states that in his letter of transmittal. The Clerk will read the letters again.

The Clerk again read the communications from the Mayor and the City Controller.

Mr. McArdle arose and said:

Mr. President: There seems to be an absence of the requirement of the law, and while it may not be at all important applied to this particular thing, yet it does seem when you are appropriating as large a sum of money as this, and may be involved in others, that this plain provision of the law

should be complied with; and if the Mayor is available, he should be asked if this emergency is of such an urgency to impel him to ask for its passage on the day of introduction.

Mr. English arose and said:

Mr. President: The very fact that it is introduced with a certificate from the Mayor and the Controller would indicate that it is an emergency and that it is their request that it be passed today.

The Chair said:

Gentlemen: I think it is proper to raise the point to see if it is in compliance with the law. However, this is the manner in which it has been done for years.

Mr. English arose and said:

Mr. President: I don't think it is a matter of the Mayor in this case. I think this act relates to Council's action. "No ordinance or resolution shall be passed finally on the day of its introduction, except in case of public emergency, and then only when requested by the Mayor and approved by the affirmative votes of all of the members of council present."

In other words, it seems to me this section refers to the passage of the bill on the day of its introduction in Council. We cannot pass legislation on the day of its introduction in Council unless the Mayor had asked it as an emergency measure.

Had the bill been simply introduced as the other papers were it would not be an emergency, it would be referred to committee for consideration tomorrow or later. The law provides that the Council itself may pass any bill on the day of introduction when it is asked by the Mayor as an emergency. In this case it received the joint certification of the Mayor and the Controller. The other law is covered by the joint certification. We don't have to pass it on the day it is introduced. If the Mayor declare an emergency, the Council is not compelled to accept it as an emergency, such as was done on the Smithfield Street Bridge.

The Chair said:

Gentlemen: The Mayor is coming in and we will hear from him. Mr. Mayor, we have a communication from you certifying to an emergency on the welfare crisis. Do you desire to elaborate on it. The question has been raised whether you require immediate action on this legislation. Do you

now consider this urgent and do you want it passed today?

Hon. Charles H. Kline, Mayor, said:

Mr. President and Gentlemen of Council: I do. If I did not desire immediate action on this legislation, I would not have sent it to Council as an emergency.

Mr. McArdle arose and said:

Mr. President: I raised this question on the basis of my understanding of the law controlling emergency appropriations, which can only be made on the declaration of the existence of an emergency by the Mayor and the Controller, and that it follows beyond that, that it may not be passed on the day of its introduction unless requested by the Mayor; and in the absence of a specific request in the communication which comes to us declaring the emergency, I am raising the question as to whether it would not automatically have to go to committee and be reported back as all other bills are. I am trying to get the proposition on the basis where not only this but any other emergency bills which come to us we will have a clear understanding of what the law is and where it can be met, and no question raised as to our action on same.

Mayor Kline said:

Mr. President: As I understand correctly on all emergency appropriations they are acted on at once when certified to by the Mayor and the Controller. Dr. Kerr and I are of the firm opinion that there is an emergency in this instance, because there is no more money available for the care of the unfortunates in our community. Therefore, we deem it expedient to send this emergency to Council to be acted upon at once. If my letter to Council is not clear, I ask permission to revise it so that it will be clear to Council that we desire this ordinance acted upon at once.

Mr. McArdle arose and said:

Mr. President: That is what I have in mind, and I point out this other fact, that no matter how urgent the Mayor and the Controller might consider the emergency to be, if any single member of Council objects to its passage today it cannot be passed, and I take it that the language of the act requiring the Mayor to request its passage on the day of its introduction is just as binding as that requiring the unanimous vote of all the members of Council present. It is for the purpose of keeping the record clear.

The Chair said:

The judgment of the Chair is that the record is clear. However, there is no harm to the Mayor adding to the communication the words that he desires this ordinance acted upon at once.

Mr. English arose and said:

Mr. President: The law states that the Mayor's declaration is sufficient.

And the Mayor amended the letter by the addition thereto of the following words: "And ask for its immediate passage."

And the communication, as amended by the Mayor, was read as follows:

Bill No. 491.

CITY OF PITTSBURGH

Office of the Mayor

March 21, 1932.

To the Honorable, the President and Members of Council of the City of Pittsburgh.
Gentlemen:

Pursuant to the terms and provisions of Section 13 of the Act of May 31, 1911, relating to appropriations, we, the undersigned, the Mayor and Controller of the City of Pittsburgh, do hereby certify the existence of an emergency in said City arising out of the unemployment of thousands of men and women, requiring a special appropriation to the Department of Public Welfare of the sum of \$260,000.00, or so much thereof as may be necessary to be used to furnish assistance, relief and help to the unemployed of the City of Pittsburgh, and ask for its immediate passage.

CHARLES H. KLINE,

Mayor.

JAMES P. KERR,

Controller.

And the bill, as read a second time, was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

Anderson
Connelley
English
Garland

Little
McArdle
Muldowney
Soost
Herron, (Pres't.)

Ayes 9. Noes none.

And all of the votes of the members of council being in the affirmative, the bill passed finally, as provided in Section 12 of the Act of May 31, 1911, relative to the passage of bills in case of public emergency.

Mr. English, at this time, obtained leave and presented

No. 494. Communication from Chas. G. Lane, Jr., asking for an appropriation of \$5,000.00 to help defray the expense of the American Legion State Convention to be held in Pittsburgh August 18, 19 and 20, 1932.

Which was read and referred to the Committee on Finance.

Mr. Muldowney moved

That the Minutes of Council, at the meeting held on Monday, March 14, 1932, be approved.

Which motion prevailed.

Mr. McArdle moved

That the Allegheny County Emergency Association and The Welfare Fund of Pittsburgh be asked to indicate whether they have any recommendations to make as to a satisfactory method by which the Welfare Department could handle the disposition of this fund created today.

Which motion prevailed.

And on motion of Mr. Little

Council adjourned.

In the Council of the City of Pittsburgh in Allegheny County, Pennsylvania.

In re: Annexation to the City of Pittsburgh of adjoining territory thereto, for-

merly a part of Reserve Township, Allegheny County.

To the Honorable Members of Said Council:
The Petition of the undersigned respectfully represents that:

The Clerk of the Council of the City of Pittsburgh in Allegheny County transmitted to the Superintendent of Public Instruction certified copy of the record of annexation to the City of Pittsburgh, Pennsylvania of adjoining territory thereto, formerly a part of Reserve Township, Allegheny County, Pennsylvania, this Ordinance being received by the Superintendent of Public Instruction, Department of Public Instruction, Harrisburg, Pennsylvania, on November 10, 1931.

Within sixty days of receipt of this Ordinance, which in accordance with Section 116 of the School Code, is an application for the annexation of a portion of the school district of Reserve Township to the school district of the City of Pittsburgh, the Superintendent of Public Instruction caused the State Council of Education to be convened, namely on December 4, 1931, to determine and consider such application. The State Council of Education again considered the application at its meeting on January 8, 1932, at which time approval was refused.

Upon subsequent application by ten taxables of the Reserve Township School District, the State Council of Education, after reconsideration at its meeting on March 4, 1932, vacates its refusal and now, therefore, finds and certifies that the annexation of said land to the School District of the City of Pittsburgh is necessary, will promote the welfare of the pupils within the territory affected, and that the application is approved.

STATE COUNCIL OF EDUCATION

COMMONWEALTH OF PENNSYLVANIA.

(s) James N. Rule,
President.

No. 536.

Westinghouse Airbrake Co.,

Wilmerding, Pa.,

March 25, 1932.

City Council,

Pittsburgh, Pa.

Gentlemen:

In connection with the proposed street elevation work on West General Robinson street, Lacock street, and adjacent streets, as covered in Pittsburgh Council Ordinance No. 579 approved on September 28th, 1928, and other ordinances, our attention has been called to a group of ordinances submitted to Council by Mr. Edward G. Lang intended to repeal the grade elevation work.

As owners of extensive property in the affected area, we desire to protest against these repealing ordinances for the following reasons:

Many of the buildings on our property are keyed into each other and extend for the most part from West General Robinson street through to Lacock street. It is therefore impossible to raise any one building without raising all;

West General Robinson street has already been raised between seven and eight feet at the corner of Dasher street and the two entrance roadways which serve the yard and roadways in the plant have been rendered entirely useless unless Lacock is raised to the new grade and the buildings are raised to the new level;

Should Lacock street not be raised, it would be necessary to build ramps from the two entrances mentioned, which ramps would make 50% of the entire first floor level of the plant proper inaccessible;

The object of the entire street elevation plan was to eliminate damage from floods and unless Lacock street and adjacent streets are elevated as planned, property owners will

be subjected to this damage as in the past from the back-up in the sewers;

Property values will be materially affected unless the improvements as originally planned are carried out and owners may have definite knowledge to enable them to plan alterations and improvements;

Property owners are now and will be seriously handicapped in obtaining desirable tenants for their properties unless these improvements are completed in their entirety at an early date.

In view of the above considerations, we sincerely hope that you will proceed with the completion of the raising of all the streets in the so-called North Side Flood District as soon as possible and that the present repealing ordinances be not passed or at least not without granting us and the many other interested property owners a hearing.

Respectfully submitted,

CHAS. A. ROWAN,
Vice President.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 452. An Ordinance entitled, "An Ordinance repealing Ordinance No. 601, approved October 11th, 1928, entitled, 'An Ordinance re-establishing the grade of Balkam street, from West Lacock street to the Pittsburgh, Fort Wayne and Chicago Railroad.'"

Which was read.

Mr. Little moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. Little arose and said:

Mr. President:—I voted against these bills in committee, and since last week I have received a request from the Westinghouse Company to defer action on them until they have had an opportunity to be heard. They are the owners of property in the district affected and desire to lay before Council a proposal with respect to this improvement.

I am a little fearful to do that in view of the advice given us by our City Solicitor that this is the last day on which the people in that district could get their claims

for damages before the Board of Viewers; and it will cost a great deal of money if these streets are kept at the present grade. We might change them and put them back to the present grade. I don't think we can do anything with the poorer property owners in this district, but with the Westinghouse people we might make a deal. It is going to cost a large sum of money to put these ordinances through later. There are fifteen in number. I would like to have the advice of the City Solicitor before acting on them.

Mr. Charles A. Waldschmidt, City Solicitor, appeared and the Chair said:

Mr. Waldschmidt, are you prepared to make a reply or statement that will influence Council's vote on these repeal ordinances?

Mr. Waldschmidt said:

Mr. President and Gentlemen of Council:—On the Westinghouse property, the award was handed down on the 18th of March. Thirty days from that date will be the 16th or 17th of April, and if no appeal is taken in the interim, it will be final. One appeal is pending now, and it is liable to be handed down any time. Seven or eight of the other property owners say they want to proceed with the hearings to determine the amount of damages.

Mr. Garland arose and said:

Mr. President:—Can't we give the Westinghouse Air Brake Company a hearing tomorrow?

The Chair said:

The only answer is that we have these ordinances before us which have been recommended to us by the Law Department and the Department of Public Works. We don't have the money to pay all the damages at this time. Will one day's delay hurt anything?

Mr. Waldschmidt said:

Mr. President:—I cannot tell when the Viewers will hand down their awards. If they hand them down, we will have to take appeals.

Mr. English arose and said:

Suppose we do give them a hearing. What will be our decision 36 or 48 hours hence? We are not discourteous to anybody; it has always been Council's policy to grant hearings when requested. But in this case we must act for the best interests of the City of Pittsburgh.

The Chair said:

Mr. Waldschmidt, do you recommend the immediate passage of these ordinances?

Mr. Waldschmidt said:

Yes, sir.

Mr. Garland arose and said:

Mr. President:—I will not vote for them.

The Chair said:

Gentlemen:—The City Solicitor recommends the immediate passage of these repeal ordinances, as he thinks the best interests of the City of Pittsburgh will be served.

Mr. English arose and said:

Mr. President:—I regret very much that we are compelled to delay action on this important project for the reason that the depression has created such a situation that the City is not able to finance it at this time.

My purpose in voting to repeal these ordinances is to protect the financial condition of the City of Pittsburgh. It is our bounden duty to protect and conserve the credit of the city.

It is unfortunate that a firm like the Westinghouse Air Brake Company which has been awarded damages in the sum of \$100,000.00 should expect the City to go ahead with this proposition in view of present depressed conditions; but the City of Pittsburgh is our employer and we must look out for the city's interests. When we repeal these ordinances it is merely temporary, and as soon as we get out of this depression, which is world-wide, and the City has a bond issue, there is no doubt we will go ahead with this improvement. It happens that two members of Council are absent and perhaps at our next meeting three or four others may be absent; it is possible the Viewers awards might be fixed before Council could pass these repealing ordinances.

I have in mind that if the voters on April 26th approve the two bond issue we will have money available immediately with which we can proceed with this improvement. As it is now, it is folly for the city to permit these damage claims to accumulate and use up the credit of the city.

We are in the same position we were on the Saw Mill Run Boulevard improvement.

We intended to make a large improvement and started to buy a lot of land in an endeavor to protect property for the future, and the first thing we knew the Viewers verdicts piled up so high that we did not have enough money to go through with the project. However, with the assistance given by the County we were able to proceed with the boulevard improvement, and within a few months we will see the completion of the entire project. The prospects for the completion of the Saw Mill Run Boulevard looked just as black five years ago as this flood project on the North Side does now. Just as soon as conditions grow better the City will start with the balance of this North Side improvement.

I don't believe it will be long and in the meantime, we must stand up and protect the city's interest. I think it is the patriotic duty of the Westinghouse Company to help the municipality and not to force the city to pile up a tax which is unnecessary and would impair the councilmanic credit and in the case of an emergency, prevent the City from coming to the rescue. We must protect this credit; and in this connection, I wish to remind Council that if we do not provide funds for the Water Bureau before May 1932 we will be facing emergency ordinances for our Water Bureau. We must be careful of our bonding power.

Mr. Garland arose and said:

Mr. President:—That speech has no effect on me whatsoever. I claim there is still time to hold the hearing requested and act on these ordinances. The City Solicitor has done it time and time again. I ask for one day's delay to grant these interests a hearing. You can meet in Council this week and pass this legislation. I insist these people should have a hearing. I know you have sufficient time to give them a hearing and finish it in Council this week after a hearing. I had something to do with these people, and the President of this Company is the President of my Company. I know they contemplate large improvements. They do not know anything of the city's credit, and for that reason a hearing should be granted. I agree with everything my friend on the right has said, and I am just as much interested in conserving the city's credit as he is. If we pass these ordinances in Council on Thursday, it will be time for the Law Department to act on the cases before the Board of Viewers.

Mr. Little arose and said:

Mr. President:—I am not so much interested in the Westinghouse Company as in the poor people in the "bottoms." The city built a dyke along Robinson street towards Galveston street, and the property of these poor people is 13 feet below the level of Robinson street, and if we had a flood, these people would have been completely washed out and their property ruined.

Mr. Tom M. Reed, Chief Engineer, Bureau of Engineering, said:

Mr. President and Gentlemen of Council:—In answer to Mr. Little, I wish to state these properties he refers to will not be damaged and we have not disturbed the paving of these streets at all and have not put one cent of damage on these properties.

The Chair said:

These properties are not affected here.

Mr. Little said:

Yes, sir; they are, because they cannot sell their property. I voted against the repeal of these ordinances, and if you are going to have a hearing, it would be well to have these other people over here. They are more affected than the Westinghouse people.

The Chair said:

The engineers say that it does not affect the property in the territory covered by these repeal ordinances. They would have consequential damages, such as attorney's fees and Board of Viewers expenses, but we have not attempted to touch their property. We just located a grade. They assume they are going to be damaged.

Mr. Little said:

Mr. President:—The very day we did that, they have a right to damage.

The Chair said:

Gentlemen:—We are expected to take our advice from the Law Department. The City Solicitor tells us that unless we repeal these ordinances we are going to exhaust the credit of the City of Pittsburgh.

Mr. Garland arose and said:

Mr. President:—Does the Law Department say we cannot do it on Thursday?

Mr. Waldschmidt said:

The Law Department says it can be done.

The Chair said:

I don't think we are responsible for putting people in the hole. Those people in the "hole" have their claims and some day the city will pay them. The question before us today is the repeal of these ordinances.

Mr. Little arose and said:

Mr. President:—The minute you build around them you put them in a hole. The city has not repaired a street there. They will not fix them because they propose to improve them permanently.

Mr. English arose and said:

Mr. President:—Let me send out another warning. The City of Pittsburgh's credit is much more important than a councilman's friends or a corporation's friends. Suppose we don't get sufficient votes to pass these ordinances? They go by default. I insist that we vote on the ordinances today.

Mr. Garland arose and said:

Mr. President:—I want to put myself on record, that passing these repeal ordinances on Thursday, which could be done, would have no effect on the proceedings before the Board of Viewers, which has been proven in previous cases. I further want put in the record that I asked for a hearing and did not get that courtesy, and I therefore vote against these ordinances.

Mr. Connelley arose and said:

Mr. President:—I am going to vote for these ordinances today, because I voted for them in committee. I am very much interested in this improvement, because there has been very little done on the North Side in the way of public improvements since I have been a member of Council. I trust when the city's finances are in better shape and this depression has passed, the Council and the Department of Public Works will immediately proceed to complete the raising of the streets in the North Side Flood District.

The Chair said:

Gentlemen:—I asked Mr. Reed to come here. Mr. Reed says that he has not disturbed the paving on these streets and has not put one cent of damage on the buildings; and if these grades stand he is quite convinced from the claims made that it will amount to more than One Million Dollars. If we don't pass these repeal ordinances these property owners can claim

damages. Mr. Reed, have I quoted you right?

Mr. Reed said:

Mr. President:—Your statement is correct. The estimated damages are \$1,000,000.00.

The Chair said:

Gentlemen, remember that we are sworn here to be for all the people all the time.

No. 571.

Rush Machinery Company,

3565 Bigelow Blvd.,

Pittsburgh, Pa.,

April 4, 1932.

City Council,

City-County Bldg.,

Pittsburgh, Pa.

Gentlemen:

We have completed the installation of one stoker at the Municipal Hospital and Tuberculosis Hospital, respectively. We find after a week's run the results are approximately, as follows:

Tuberculosis Hospital:

Average cost gas per day March,

1931\$62.00

Average cost coal per day one week, 1932..... 8.75

Fuel Cost Saving Per Day.....\$53.25

Municipal Hospital:

Average cost gas per day March,

1931.....\$37.50

Average cost coal per day one

week, 1932..... 7.50

Fuel Cost Saving Per Day.....\$30.00

From this you will see we are making a tremendous saving at these plants.

However, no provision has been made for a fireman. We were supposed to furnish firemen for five days, free of charge. At the end of this five days, I consulted your President, Mr. Herron, and he advised me that some way would be devised to reimburse us for this extra time until the ordinance was passed. I am writing this letter reminding you that we had quite a bill for extra labor on the City contract at Mayview for which we have never been reimbursed, and we want it understood that if we continue to furnish firemen, we must be properly reimbursed.

Yours very truly.

RUSH MACHINERY COMPANY,
R. M. RUSH.

Which was read, received and filed.

Mr. English moved

That it is the sense of Council that this Company continue to furnish this labor until the City puts the men on the job, and that the Clerk be instructed to prepare the necessary legislation to pay the Rush Machinery Co. for the labor furnished.

Which motion prevailed.

Committee on Public Works,
City Council.

Gentlemen:

Referring to Bill No. 588, An Ordinance
authorizing the entering into of a lease by
the City of Pittsburgh with the United States
Glass Company for certain property at the
corner of South Ninth and Sarah streets;
attached hereto please find copy of report
on same from Mr. T. L. Pillow, Superintend-
ent of the Bureau of Highways & Sewers.

Yours very truly,

EDWARD G. LANG,
Director.

April 15, 1932.

Edward G. Lang, Director,
Department of Public Works.

Dear Sir:

Replying to Bill No. 588, An Ordinance
authorizing the entering into of a lease by
the City of Pittsburgh with the United
States Glass Company for certain property
at the corner of South Ninth and Sarah
streets, in the City of Pittsburgh, and the
committee's request for a report from the
Department of Public Works as to what
amount of money, if any, will be required
to put the premises proposed to be leased
in shape for the use of the Bureau of
Highways & Sewers headquarters.

Please be advised that it will cost ap-
proximately \$500.00 to build an office and
make the changes necessary in order for us
to use the above named location.

Yours very truly,

T. L. PILLOW,
Superintendent.

Mr. Connelley presented

No. 678.

Pittsburgh, Pa.,

April 18, 1932.

To the President and Members of Council.

Gentlemen:

According to your instruction in re. report of Mr. Ralph Munn, Librarian of the Carnegie Library at Schenley Park, relative to having his institution bind books and magazines for the North Side Library, your North Side Library Committee submits the following:

We find that Mr. Munn cannot bind either books or magazines this year as cheaply as can be done by some of our local binders and would therefore recommend that we inform the Librarian at the North Side Library to advertise for bids for the binding of books and magazines for the year 1932. By so advertising we would be able to save for the North Side Library, between \$600.00 and \$700.00. Mr. Munn cannot do the binding for less than 60c per book and \$1.50 per magazine against 50c and \$1.35, respectively, for books and magazines, by our local binders. Mr. Munn stated, however, that he would like to confer with us before the closing of the budget of 1933, because he said if this method is not satisfactory, we might work out some other plan. He furthermore said that if we decided to ask him to do this work, his budget must be adjusted so that he will be able to get more help in his bindery. If we consider taking up the matter at that time, he said it would require the approval of the Board of Trustees.

Respectfully submitted,

C. B. CONNELLEY.

Which was read.

Mr. Connelley moved

That the report be approved and the proper authorities notified that bids will be advertised for when the proper ordinance is passed.

Which motion prevailed.

Mr. Muldowney moved

That the Minutes of Council, at the meeting held on Monday, April 11, 1932, be approved.

Which motion prevailed.

Mr. English moved

That Council take a recess until Tuesday, April 19th, 1932, at 2 o'clock, P. M., in order to receive the report of the City Transit Commission on the proposed subway loop.

Which motion prevailed.

And Council took a recess.

Pittsburgh, Pa.,

Tuesday, April 19, 1932.

And the hour of 2 o'clock, P. M., having arrived, and the time of recess having expired, Council reconvened, and there were present:

An Ordinance entitled, "An Ordinance authorizing and directing the Mayor and the Director of the Department of Public Works to advertise for proposals and to award a contract or contracts for the construction of concrete sidewalks in the City of Pittsburgh, and authorizing the setting aside of the sum of Ten Thousand Sixty-seven and 94/100 Dollars (\$10,067.94) from Code Account No. 1651-G, Laying Sidewalks, Bureau of Highways and Sewers, for the payment of the cost thereof.

Which was read.

Mr. English stated

That he considered it a hardship under present conditions to lien any prop-

erty for the construction of sidewalks and that the department should use moral suasion to get the property owners to replace or put in new walks rather than the City do it by contract; that the ordinance should be re-committed to the committee and the money not used at this time, and moved

That the bill be recommitted to the Committee on Finance.

Which motion prevailed.

Also

Bill No. 746. Resolution authorizing the issuing of a warrant in favor of the Mercy Hospital for the sum of \$210.00, covering services rendered to Thomas Berry, Lineman, Bureau of Electricity, who was injured while in the performance of his duties, and charging the same to Code Account No. 44-M, Workmen's Compensation Fund.

Subject: Bill 551—Opening of California Ave.

Committee on Public Works,

City of Pittsburgh.

Gentlemen:

Referring to Bill 551, Ordinance opening California avenue in the 21st Ward, City of Pittsburgh, from California avenue at the first angle west of Sedgwick street, and your inquiry as to the importance of this improvement, beg to advise that there is no more important street project in the entire City of Pittsburgh than this one, which improvement should have been made 10 or 15 years ago.

You are familiar with the traffic hazards, the three bad turns and two very heavy grades and it is most remarkable that more accidents have not occurred on this piece of roadway than have resulted in the years that have gone.

This improvement should be made at the earliest possible time.

Yours very truly,

EDWARD G. LANG.

Director.

Which was read, received and filed.

Mr. McArdle arose and said

Mr. Chairman, May I ask if there is an estimate of the cost on this widening?

The Clerk read the letter from the Department of Public Works, which was attached to the ordinance, showing that the estimated property damages as prepared by appraisers of the Law Department are \$61,240.00; this does not include the damage by re-establishing the grades on the intersecting streets that will be made necessary by opening the new streets; this damage by grade is estimated at \$8,750.00, making the total damages \$70,000.00.

And the bill, as read a second time, was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law and were:

Ayes:—Messrs.

Anderson

Connelley

English

Soost

Herron, (Pres't.)

Noes:—Messrs.

Garland

McArdle

Ayes 5. Noes 2.

And there not being three-fourths of the votes of Council in the affirmative, the bill failed to pass finally in accordance with the provisions of the Act of Assembly of May 22, 1895, and the several supplements thereto.

Also

Bill No. 737. An Ordinance entitled, "An Ordinance providing for the grading, regrading, paving, repaving, curbing, recubing and otherwise improving of Chartiers avenue, from Bucyrus street to Corliss street, including the relaying of water lines as affected thereby, with City forces, or with forces otherwise provided, and providing for the payment of the costs thereof."

Which was read.

Mr. McArdle moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. McArdle arose and said:

Mr. Chairman: On Bill No. 737, providing for the improvement of Chartiers avenue, is there in the record an estimate of the cost; I don't mean of the physical work; I mean the property damages occasioned by the widening?

The Chair said:

Yes, sir; there is, and if there are no objections, we will have the Clerk read the letter from the Department of Public Works in which the Director gives an estimate of the property damages.

The Clerk said:

Mr. Chairman: The communication from the Director of the Department of Public Works, dated March 24, 1932, transmitting "An Ordinance changing the lines of and widening Chartiers avenue in the 20th Ward of the City of Pittsburgh, from Bucyrus street to Corliss street, vacating certain portions of Chartiers avenue as now opened and providing that the costs, damages and expenses occasioned thereby be assessed against and collected from properties benefited thereby," reads in part as follows:

"This Department has received numerous requests to widen Chartiers avenue between the above terminals. The present street is partly 33.0 feet and partly 40.0 feet in width and is entirely inadequate to properly handle the existing traffic. The attached ordinance widens the street to a width of 60.0 feet, vacating any portions of the street lying within the lines of the new 60.0 foot street and it is recommended that the street be improved with a 40.0 foot roadway and two 10.0 foot sidewalks. The estimated property damages by the attached ordinance are \$60,000.00, the estimate having been made by this Department."

Mr. McArdle arose and said:

Mr. Chairman: Because of the large amount of damages involved in the widening, which I do not believe is necessary, is one reason why I am opposed to this ordinance. Another reason I am opposed to this ordinance is because of the method by which the work is to be done. It might be the right thing to do, but I certainly would want to know that was the fact.

This change involves the destruction of at least one block of brand new paving from Bucyrus street to Azalia street. The paving in that block is in perfect condition, and

the widening does not involve that square to a very great extent, but it will destroy in total the paving which has not been down for many years.

Mr. English arose and said:

Mr. Chairman: I don't think they are going to touch that section of Chartiers avenue.

Mr. McArdle said:

Mr. Chairman: They will have to touch it because of the grades we just authorized.

Mr. English said:

Mr. Chairman: The ordinance provides that the roadway of Chartiers avenue from Bucyrus street to Azalia street shall have a variable width ranging from 36 to 40 feet. I don't think the department is going to disturb the paving between Bucyrus and Azalia streets.

Mr. McArdle said:

Mr. Chairman: I just consulted the plan in Mr. Chalfant's office, and if you refer to the grade ordinance or plan, in order to change the grade at Azalia street, which provides for the raising of the street, they will have to carry it back farther than Azalia street, and they will destroy the paving. Before I support the ordinance for the improvement under any form, I would want to further study that to determine whether any benefit will accrue to the rest of the street.

Mr. English said:

Mr. Chairman: My knowledge is that Mr. Arthur of the City Planning Commission has been working on this for many years, particularly with reference to the property of Mr. Shaner and Mr. Hershberger, who are interested and own property on the right side of the street. The plan agreed upon in the widening ordinance and the work to be done under Bill No. 737 is the kind of improvement agreed upon between Mr. Arthur and Mr. Reppert. I understand from both of these gentlemen that this plan will work out to the best interests of the City. The idea was not to damage the Shaner property where there is a wall. I am only following the suggestions of Mr. Arthur and Mr. Reppert, so far as I am concerned.

Mr. McArdle arose and said:

Mr. Chairman: Under the plan proposed, it provides for two ten-foot sidewalks,

and these are not necessary. The chief part where this widening will take place is almost a perpendicular hillside, and it is possible that the one ten foot walk is to take care of any slide that may occur on the hillside. There is not now sufficient population or pedestrian traffic there to require a 10-foot sidewalk or even a two-foot sidewalk.

Mr. English said:

Mr. Chairman: That is exactly the same point I raised with Mr. Arthur and Mr. Reppert; that it was a foolish proposition to have two ten-foot sidewalks; but they claimed that this was a major street and for that reason they recommended the two ten-foot sidewalks. I might state that three years ago we put in a large drainage basin sewer to take care of the drainage from the 28th Ward down through the Run along this street, and it is their purpose to improve over this sewer and make it available for vehicular and pedestrian travel. As I said before, I could see no reason why two ten-foot sidewalks should be provided. Another reason for widening the street is to eliminate the danger due to the railways cars operating thereon, which at one or more points go against the traffic coming in the opposite direction, and many accidents have occurred because of this situation. I therefore accepted the engineers' recommendation in this matter.

Mr. McArdle arose and said:

Mr. Chairman: May I ask if there has been any agreement entered into by the Pittsburgh Railways Company whereby they are to proceed with this work?

Mr. English said:

Mr. Chairman: Mr. Reppert has that worked out, and they have provided for their share of the work in their setup for 1932.

Mr. McArdle arose and said:

Mr. Chairman: So far as the situation created by the Pittsburgh Railways Company is concerned, it is one of their own making. It is not due to the physical condition of the street. They constructed their tracks on one side and they cross over to the other side. If you will consult the record you will find that this improvement was made to adjust itself to the railways tracks—to save them from relocating their tracks at that time.

Mr. English said:

Mr. Chairman: Mr. McArdle is right on that, because it was done by the County when this street was in Chartiers Township. That is why we have to correct the situation at this time.

The Chair said:

Gentlemen: If there are no objections, the ordinance will lay on the table and Mr. Reppert, Chief Engineer of the Department of Public Works, be asked to appear with the plans on this improvement, so that the members of Council will have a better understanding of what is proposed to be done.

Mr. McArdle presented

No. 801. Report of the Committee on Public Service and Surveys for May 3, 1932, transmitting two ordinances to council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 741. An Ordinance entitled, "An Ordinance re-establishing the grade of Saxon way, from Montezuma street to Paulson avenue."

Which was read.

Mr. McArdle moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law and were:

Ayes:—Messrs.

Anderson	McArdle
Connelley	Muldowney
English	Soost
Garland	Herror (Pres't.)

Ayes 8. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

No. 802.

May 5, 1932.

President and Members of Council,

City-County Building,

Pittsburgh, Penna.

Gentlemen:

The Pittsburgh Railways Company has submitted the following ordinance for your consideration:

Bill No. 744: "Proposed ordinance of the City of Pittsburgh granting the Pittsburgh Railways Company the right to construct and maintain a single street railway track, together with connecting curves, on a certain unnamed street connecting Steuben and Main streets south of West Carson street."

This ordinance was approved by the committee on Service and Surveys on May 3, 1932.

The Traction Conference Board at a meeting held May 4, 1932 carefully studied the provisions of the ordinance and recommend the same for your favorable consideration.

The new track work is in connection with the West End Bridge approach. The plan for this track work appears to conform with the designs for handling traffic on this approach and to meet with the requirements of the situation insofar as street car transportation is concerned.

Attached please find copy of letter from the Attorney for the Board approving the ordinance as to form.

Yours truly,

CHAS. A. FINLEY,
Chairman.

May 5, 1932.

In re: Proposed ordinance of the City of Pittsburgh granting Pittsburgh Railways Company the right to construct and maintain a single street railway track, together with connecting curves, on a certain unnamed street connecting Steuben and Main streets south of West Carson street.

Mr. Chas. A. Finley, Chairman,
Traction Conference Board,
Law and Finance Building,
Pittsburgh, Penna.

Dear Sir:

I have examined the above ordinance and beg to report that I approve the same as to form.

Yours truly,

W. A. MAGEE,
Counsel.

Which was read, received and filed.

Mr. McArdle asked,

If the street upon which this grant is requested is a public street.

Mr. Reppert, Chief Engineer of the Department of Public Works, being present stated,

That the street would be a public street after its completion by the County.

Mr. McArdle stated

That he would request the Clerk to get in touch with the Law Department and have the question of this being a public street decided before the bill is submitted to the Mayor for his approval.

And the bill as read a second time was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

Which was read and referred to the Committee on Finance.

Mr. English presented

No. 808. Exemplification of the Court Record, at No. 2 May Sessions, 1932, In Re Bond Issue Election held April 26, 1932, for unemployment relief, amounting to \$5,000,000.00.

NO. 64.

BILL NO. 355.

AN ORDINANCE Signifying the desire of the corporate authorities of the City of Pittsburgh that the indebtedness of the City of Pittsburgh be increased in the amount of Three Million (\$3,000,000.00) Dollars, for the purpose of providing food, clothing, fuel and shelter for and otherwise assisting residents of the City of Pittsburgh who are without adequate means of support, and providing for a special public election to be held in said City for the purpose of obtaining the assent of the electors thereof to such increased indebtedness, and providing for notice of such election.

WHEREAS, due to unprecedented conditions of unemployment in the City of Pitts-

burgh there is an unusual demand for assistance to persons in want, and the Department of Public Welfare and the social agencies of the City of Pittsburgh do not have sufficient funds to meet the situation, and in the opinion of Council an emergency exists requiring the expenditure of a large amount of money for the care of the poor in said City and the performance of its obligations with respect to the protection of the public health, safety and welfare of its residents, which expenditure the City is unable to meet from current revenues, and the necessary funds must, therefore, be obtained by an increase of indebtedness of the City by the issuance of bonds.

Section 1. Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That in pursuance of an Act of Assembly of the Commonwealth of Pennsylvania entitled, "An Act to regulate the manner of increasing the indebtedness of municipalities, to provide for the redemption of the same and to impose penalties for the illegal increase thereof," approved April 20, 1874, and the several amendments and supplements thereof, and all other laws of the Commonwealth relating to the subject-matter of this Ordinance, the corporate authorities of said City do hereby signify a desire to make an increase of indebtedness of said City, in the amount and for the purpose as set forth in Section 2 hereof.

Section 2. That for the purpose of obtaining the assent of the electors of the said City to an increase of indebtedness of said City, a proposition shall be submitted at a special public election to the said electors as hereinafter provided, reading as follows:

Shall the indebtedness of the City of Pittsburgh be increased in the amount of Three Million (\$3,000,000.00) Dollars, for the purpose of providing food, clothing, fuel and shelter for and otherwise assisting residents of the City of Pittsburgh who are without adequate means of support?

Section 3. That the said proposition shall be submitted to the electors of the City of Pittsburgh at a special public election to be held in said City on the 26th day of April, 1932, and the said election shall be held at the places, time and under the same regulations as provided by law for the holding of municipal elections.

Section 4. The Mayor of said City shall by proclamation give notice of said election

during at least thirty (30) days by weekly advertisements in the newspapers, not exceeding three in said City, and said notice shall contain a statement of the amount of the last assessed valuation, of the amount of the existing debt, of the amount and percentage of the proposed increase and of the purposes for which the indebtedness is to be increased.

Section 5. The Mayor of said City and all other municipal and County officials and election officers are hereby authorized and directed to do all acts and things which may be necessary for the lawful holding and conducting of the said election in the manner provided by law, and all expenses occasioned by said election, lawfully payable by said City, shall be payable out of Appropriation No. 42, Contingent Fund.

Section 6. That any ordinance or part of ordinance, conflicting with the provisions of this ordinance, be and the same is hereby repealed, so far as the same affects this ordinance.

Ordained and enacted into a law in Council, this 14th day of March, A. D. 1932.

JOHN S. HERRON,
President of Council.

Attest:

ROBT. CLARK,

Clerk of Council.

Mayor's Office, March 15, 1932.

Approved:

CHARLES H. KLINE,
Mayor.

Attest:

F. L. SWANEY,

Mayor's Secretary.

Recorded in Ordinance Book, Vol. 44, Page 465, 15th day of March, 1932.

Pittsburgh, March 15, 1932.

I do hereby certify that the foregoing is a true and correct copy of Ordinance No. 64, Series 1932, as the same appears of record in the office of the City Clerk.

ROBT. CLARK,
[Seal] City Clerk.

No. 65.

BILL NO. 354.

AN ORDINANCE signifying the desire of the corporate authorities of the City of Pittsburgh that the indebtedness of the City of Pittsburgh be increased in the amount of Two Million (\$2,000,000.00) Dollars, for the

purpose of providing supplies, materials, equipment, labor and supervision (including engineering expenses) for the improvement of streets, parks, playgrounds, wharves, sewers, water lines, bridges and other public properties of the City of Pittsburgh, the labor to be provided from among the unemployed, and providing for a special public election to be held in said City for the purpose of obtaining the assent of the electors thereof to such increased indebtedness, and providing for notice of such election.

WHEREAS, There now exists an emergency in the City of Pittsburgh arising out of the unemployment of a great number of men which has caused much suffering, and in the judgment of Council as many public improvements as possible should be made at this time to utilize the labor of persons now unemployed:

Section 1. Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That in pursuance of an Act of Assembly of the Commonwealth of Pennsylvania entitled, "An Act to regulate the manner of increasing the indebtedness of municipalities, to provide for the redemption of the same and to impose penalties for the illegal increase thereof," approved April 20, 1874, and the several amendments and supplements thereof, and all other laws of the Commonwealth relating to the subject-matter of this Ordinance, the corporate authorities of said City do hereby signify a desire to make an increase of indebtedness of the said City, in the amount and for the purpose as set forth in Section 2 hereof.

Section 2. That for the purpose of obtaining the assent of the electors of the said City to an increase of indebtedness of said City, a proposition shall be submitted at a special public election to the said electors as hereinafter provided, reading as follows:

Shall the indebtedness of the City of Pittsburgh be increased in the amount of Two Million Dollars (\$2,000,000.00) Dollars, for the purpose of providing supplies, materials, equipment, labor and supervision (including engineering expenses) for the improvement of streets, parks, playgrounds, wharves, sewers, water lines, bridges and other public properties of the City of Pittsburgh, the labor to be provided from among the unemployed?

Section 3. That the said proposition shall

be submitted to the electors of the City of Pittsburgh at a special public election to be held in said City on the 26th day of April, 1932, and the said election shall be held at the places, time and under the same regulations as provided by law for the holding of municipal elections.

Section 4. The Mayor of said City shall by proclamation give notice of said election during at least thirty (30) days by weekly advertisements in the newspapers, not exceeding three in said City, and said notice shall contain a statement of the amount of the last assessed valuation, of the amount of the existing debt, of the amount and percentage of the proposed increase and of the purpose for which the indebtedness is to be increased.

•Section 5. The Mayor of said City and all other municipal and County officials and election officers are hereby authorized and directed to do all acts and things which may be necessary for the lawful holding and conducting of the said election in the manner provided by law, and all expenses occasioned by election, lawfully payable by said City, shall be payable out of Appropriation No. 42, Contingent Fund.

Section 6. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed, so far as the same affects this Ordinance.

Ordained and enacted into a law in Council, this 14th day of March, A. D., 1932.

JOHN S. HERRON,
President of Council.

Öffentliche Anzeigen — Pittsburgh.

Stadt Pittsburgh,
Pennsylvania.

Proklamation, bekanntgebend eine spezielle öffentliche Wahl.

Es wird hiermit den Wählern der Stadt Pittsburgh gemäß Ordinanz, richtig erlassen durch den Stadtrat der Stadt Pittsburgh, und gebilligt durch den Mayor derselben am fünfzehnten Tage des März 1932, bekannt gegeben, daß eine spezielle öffentliche Wahl abgehalten wird in der Stadt Pittsburgh am sechsundzwanzigsten Tage des April 1932 für den Zweck der Erlangung der Zustimmung der Wähler der Stadt für die verschiedenen Erhöhungen der Schuldenlast der Stadt, wie hiernach festgelegt.

Die Summe der letzten eingeschätzten Bewertung steuerbaren Eigentums in der Stadt beträgt \$1,208,266,120.00.

Die Summe der bestehenden Schuldenlast der Stadt beträgt \$65,687,850.09.

Die Gesamtsumme aller geplanten Erhöhungen der Schuldenlast der Stadt beträgt \$5,000,000.00.

Der Prozentfuß der Gesamtsumme aller solcher geplanten Erhöhungen von der letzten eingeschätzten Bewertung des steuerbaren Eigentums in der Stadt ist .4138 plus Prozent.

Die Summe der geplanten Erhöhungen der Schuldenlast der Stadt und die Zwecke, für welche die Schuldenlast erhöht werden soll, ist festgesetzt in den folgenden Fragen, welche den Wählern der Stadt in genannter Wahl vorgelegt werden sollen, nämlich:—

Frage No. 1—Soll die Schuldenlast der Stadt Pittsburgh erhöht werden in der Summe von drei Millionen (\$3,000,000.00) Dollars für den Zweck der Beschaffung von Lebensmitteln, Kleidung, Brennmaterial und Erbauung und der anderweitigen Unterstützung für Bewohner der Stadt Pittsburgh, die ohne angemessene Mittel für den Lebensunterhalt sind?

Der Prozentfuß der Erhöhung der Schuldenlast, wie festgesetzt in solcher Frage No. 1 von der eingeschätzten Bewertung des steuerbaren Eigentums in der Stadt beträgt .24828 plus Prozent.

Frage No. 2—Soll die Schuldenlast der Stadt Pittsburgh erhöht werden um die Summe von zwei Millionen (\$2,000,000.00) Dollars für den Zweck der Beschaffung von Vorräten, Materialien, Ausstattung, Arbeitern und Aufsicht (einschließlich Ingenieursausgaben) für die Verbesserung von Straßen, Parks, Spielplätzen, Werften, Abzugskanälen, Wasserleitungen, Brücken und anderem öffentlichen Eigentum der Stadt Pittsburgh; wofür die Arbeiter aus den Reigen der Arbeitslosen gestellt werden sollen?

Der Prozentfuß der Erhöhung der Schuldenlast, festgesetzt in solcher Frage No. 2 von der eingeschätzten Bewertung des steuerbaren Eigentums in der Stadt beträgt .16552 plus Prozent.

Die obigen zwei Fragen für die Erhöhung der Schuldenlast der Stadt werden so auf die Stimmzettel gedruckt, daß die Wähler separat für oder gegen jede solcher Fragen stimmen können. Die genannte Wahl wird abgehalten in denselben Stimmplätzen, in welchen Municipalwahlen stattfinden, und während derselben Stunden des Tages, nämlich zwischen den Stunden von 7:00 Uhr vorm. und 7:00 Uhr abends, Festliche Normalzeit, und durch dieselben Wahlbeamten.

NOTICE

ELECTION PROCLAMATION

To the Qualified Electors of the City of
Pittsburgh:

I, Frank I. Gollmar, Sheriff of Allegheny County, do hereby make it known and give public notice to the Electors of the City of Pittsburgh that a special public election be held in said City between the hours of 7 o'clock A. M. and 7 o'clock P. M., Eastern Standard Time, on TUESDAY, APRIL 26, 1932, in the several election districts therein, at which time the qualified Electors will assemble at their respective polling places hereinafter mentioned and vote for or against certain proposed increases of indebtedness of the City of Pittsburgh, to be submitted to them at that time, which proposed increases of indebtedness are as follows:

QUESTION NO. 1.

"Shall the indebtedness of the City of Pittsburgh be increased in the amount of Three Million (\$3,000,000.00) Dollars, for the purpose of providing food, clothing, fuel and shelter for and otherwise assisting residents of the City of Pittsburgh who are without adequate means of support?"

The percentage of the increase of indebtedness set forth in such Question No. 1 to the assessed valuation of the taxable property in the City is .24828 + per cent.

QUESTION NO. 2.

"Shall the indebtedness of the City of Pittsburgh be increased in the amount of Two Million (\$2,000,000.00) Dollars, for the purpose of providing supplies, materials, equipment, labor, and supervision (including engineering expenses) for the improvement of streets, parks, playgrounds, wharves, sewers, water lines, bridges and other public properties of the City of Pittsburgh, the labor to be provided from among the unemployed?"

D. 1932, by authority of the ordinances of said City of Pittsburgh, duly approved by the Mayor thereof, on the 15th day of March, 1932, for the purpose of obtaining the assent of the Electors of said City to an increase of its indebtedness for the purposes set forth in the two following several questions submitted to them at said Election, and voted upon thereat by said Electors:

QUESTIONS

QUESTION NO. 1—Shall the indebtedness of the City of Pittsburgh be increased in the amount of three million dollars (\$3,000,000.00), for the purpose of providing food, clothing, fuel and shelter for and otherwise assisting residents of the City of Pittsburgh who are without adequate means of support?

The percentage of the increase of indebtedness set forth in such Question No. 1 to the assessed valuation of the taxable property in the City is .24828 + per cent.

QUESTION NO. 2—Shall the indebtedness of the City of Pittsburgh be increased in the amount of two million dollars (\$2,000,000.00), for the purpose of providing supplies, materials, equipment, labor and supervision (including engineering expenses)

for the improvement of streets, parks, playgrounds, wharves, sewers, water lines, bridges and other public properties of the City of Pittsburgh, the labor to be provided from among the unemployed?

The percentage of the increase of indebtedness set forth in such Question No. 2 to the assessed valuation of the taxable property in the City is .16552 + per cent. do hereby certify that at 12 o'clock noon on the 28th day of April, 1932, being the second day after the said Special Public Election, we met.....in the Court House of said Allegheny County, and received from the Clerk of the Court of Quarter Sessions of said County the returns of said Election, in accordance with law. We thereupon caused the said returns to be opened, and a count of the votes cast at said Election to be made in our presence, and under our supervision, by officers of the said Court of Common Pleas and clerks and assistants appointed by us, for said purpose; and the said officers, clerks and assistants were first duly sworn well and truly to perform their said duties. All the votes cast at said Election, as returned to us, having been properly counted and tabulated, the following were and are the results of said count, showing the number of votes in favor of an increase of indebtedness for the purposes set forth in the foregoing two several questions, as indicated by the word "Yes," and the number of votes against such increase of indebtedness, as indicated by the word "No."

MOTIONS AND RESOLUTIONS

Mr. English presented

No. 838. Resolved, That the Mayor be and he is hereby requested to return to Council without action thereon, for further consideration, Bill No. 744, entitled, "An Ordinance granting unto the Pittsburgh Railways Company, its successors, lessees and assigns, the right to enter upon, use and occupy for street railway purposes a certain unnamed street connecting Steuben and Main streets, south of West Carson street, in the City of Pittsburgh, subject to the terms and conditions therein provided."

Which was read.

Mr. English moved

The adoption of the resolution.

Which motion prevailed.

And the Mayor having returned to Council, without action thereon,

Bill No. 744. An Ordinance entitled, "An Ordinance granting unto the Pittsburgh Railways Company, its successors, lessees and assigns, the right to enter upon, use and occupy, for street railway purposes, a certain unnamed street connecting Steuben and Main streets south of West Carson street in the City of Pittsburgh, subject to the terms and conditions therein provided."

In Council, May 6, 1932, Bill read, rule suspended, read a second and third times and finally passed.

Which was read.

The Clerk read the following

City of Pittsburgh, Pa.

Department of Law.
Chas. A. Waldschmidt,
City Solicitor.

May 12, 1932.

Mr. Robert Clark,
City Clerk.

Dear Sir:

In reference to the verbal inquiry which

your Mr. Lindsay made as to the status of the street known as the unnamed street between South Main and Steuben streets, I beg leave to advise you that this is part of the West End Bridge Approach which was taken by the County at No. 2 November Sessions, 1929. This has not been turned over to the City and the City has no jurisdiction over the same, and by its designation it is a part of the bridge approach for the West End Bridge. Any matters relating to rights over this bridge would have to be granted by the County Commissioners.

I am hereto attaching a copy of the letter of Mr. Chalfant, Division Engineer, Surveys, to this office.

Very truly yours,
CHAS. A. WALDSCHMIDT,
City Solicitor.

Pittsburgh, Pa.,

Subject: SOUTH MAIN STREET

May 11th, 1932.

Mr. Chas. A. Waldschmidt,
City Solicitor.

Dear Sir:

In reply to your verbal inquiry concerning the status of the street connecting South Main street with Steuben street south of the Pennsylvania Railroad, beg to advise:

This is not a City street, the authority for the same being as shown on the attached plan. A condemnation by the County, the Viewer's Proceedings being in the County Road Docket No. 2 November Session 1929, West End-North Side Bridge and is shown on a plan as "Bridge Approach."

The City of Pittsburgh has not enacted any legislation opening this as a City street and in telephone conversation a few days ago, we gave you a No. 1 June Session 1929. This was shown on the County Plan, which we have since been advised by the County Engineers is incorrect, the correct number being as stated above No. 2 November Session 1929.

Very truly yours,
(s) F. B. CHALFANT,
Division Engineer, Surveys.

Mr. English moved

To reconsider the vote by which the bill was read a second and third times and finally passed.

Which motion prevailed.

And the question recurring, "Shall the bill be read a second and third times and finally passed?"

The motion did not prevail.

Mr. English moved

That the bill be recommitted to the Committee on Public Service and Surveys.
Which motion prevailed.

Mr. Garland presented

No. 839.

Whereas, Advices from Washington indicate the possibility of the abandonment of Pittsburgh as a headquarters customs port and the transfer of all customs officials to the Philadelphia customs office, through which the customs business of Pittsburgh would have to be transacted; and,

Whereas, Pittsburgh has been a customs port for 124 years and a headquarters port for all of Western Pennsylvania and the State of West Virginia for a period of 60 years, yielding an income to the Government of nearly five million dollars a year even in the midst of business depression; and,

Whereas, The cost to the Government of collecting this income is lower than that at any other customs port in the United States except one, being only \$1.66 per \$100; and,

Whereas, The cost of collecting at Philadelphia is twice that much; Therefore, be it

Resolved, That the City Council of Pitts-

burgh earnestly protests against any abandonment of the customs port at Pittsburgh and respectfully submits that the great business interests of Pittsburgh should not be put to the serious loss and inconvenience that would be caused by making Pittsburgh a sub-port of Philadelphia, especially as it is evident from the foregoing figures that no purpose of economy would be served; and, be it further

Resolved, That copies of this resolution be sent not only to the Secretary of the Treasury at Washington and to the United States Commissioner of Customs, but to our Senators and Representatives in Congress with the request that they exert themselves to the utmost to prevent the grave injury to the sixth most important commercial and industrial center of the United States that would be inflicted by any change in the Pittsburgh customs port's status.

Which was read.

Mr. Garland moved

The adoption of the resolution.

Which motion prevailed.

Mr. Little moved

That the Minutes of Council at meetings held on Monday, May 2nd, and on Friday, May 6th, 1932, be approved.

Which motion prevailed.

And on motion of Mr. Connelley

Council adjourned.

REPORTS OF COMMITTEES

Mr. English presented

No. 879. Report of the Committee on Finance for May 17, 1932, transmitting sundry ordinances and resolutions to council. Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 812. An Ordinance entitled, "An Ordinance amending Section 1 of an ordinance entitled, 'An Ordinance supplementing an ordinance entitled, 'An Ordinance imposing a license fee upon peddlers in accordance with the provisions of the Act of Assembly approved June 10, 1881, entitled, 'An Act to prohibit the peddling, selling and hawking of produce and merchandise in cities of the second and third classes within the Commonwealth without a license,' approved December 4, 1886, as amended by an Ordinance approved March 6, 1919, and by an Ordinance approved January 8, 1921, by authorizing the City Treasurer to appoint a Field Collector, who shall have all the powers of a police officer, and who shall ascertain all persons neglecting or refusing to comply with said ordinance, who upon taking out a license as provided herein shall pay an additional sum to the City Treasurer as compensation for the reporting of the same, empowering such officer to arrest on view persons violating the provisions of said ordinance, and to take said person or persons arrested before any Police Magistrate or Alderman,' approved June 5, 1930, and recorded in Ordinance Book, Vol. 42, page 552, by fixing the salary for the Field Collector provided therein and repealing a certain ordinance." Which read read.

Mr. English moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law and were:

Ayes:—Messrs.

Connelley	Little
English	McArdle
Garland	Muldowney
	Herron (Pres't.)

Ayes 7. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also

Bill No. 813. An Ordinance entitled, "An Ordinance amending item 'Four Laborers' in Section 76, Department of Public Works, Wharves and Landings, of an ordinance entitled, 'An Ordinance fixing the number of officers and employes of all departments of the City of Pittsburgh and the rate of compensation thereof,' approved January 5, 1931."

Which read read.

Mr. English moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law and were:

Ayes:—Messrs.

Connelley	Little
English	Muldowney
	Herron, (Pres't.)

Noes:—Messrs.

Garland	McArdle
---------	---------

Ayes 5. Noes 2.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also

Bill No. 773. Resolution authorizing the issuing of a warrant in favor of the

Rush Machinery Company in the amount of \$264.00, in full payment for Firemen furnished by the Rush Machinery Company to operate stokers at the Municipal and Tuberculosis Hospitals until such time as men to operate stockers could be furnished by the City; the said amount to be set aside from the contract authorization and paid from 1932 Code Account No. 2000, Automatic Stoker Fund.

Which read read.

Mr. English moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

Mr. McArdle stated

That he would ask that this resolution be held over for an opinion from the Law Department as to whether it comes under the category mentioned by the City Controller and if it should be an ordinance.

The Chair stated

If there were no objections, the resolution would be held over for an opinion from the Law Department whether it comes under the class of legislation which the City Controller claims should be passed by ordinance.

Also

Bill No. 823 Resolution authorizing the issuing of a warrant in favor of the Mercy Hospital for the sum of \$357.25, covering services rendered to Franklin J. Stevenson, Edwin J. Harper, Edward J. Carter and John E. Holleran, employes of the Bureau of Fire, who were injured while in the performance of their duties, and charging the same to Code Account No. 44-M, Workmen's Compensation Fund.

Which read read.

Mr. English moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

Mr. McArdle arose and said:

Mr. Chairman, on Bills 773 and 823 I wanted to raise the question—I have read in the paper in the last day or two the statement accredited to the Controller regarding his future course of action on bills passed under the Wallace Act, paying for

services rendered or materials furnished without previous authority, to the effect that henceforth he would require ordinances covering such things. Has Council been notified of any disposition of that sort on his part?

The Chair said:

We have a communication of that sort, have we not?

The Clerk (Mr. Clark) said:

We have several communications from the Law Department on the subject.

Mr. McArdle arose and said:

I am raising the question as to whether we are satisfied that this meets with the requirements of the Act under which we have authority to pass it. If it does not, we do not want the Controller to rebuke us.

Mr. English arose and said:

Has the Controller's office approved them?

The Clerk (Mr. Clark) said:

The money for these expenditures was set up previously in the regular manner, and I don't believe they come under that category.

Mr. McArdle arose and said:

The point I am making is that we have no contract—at least I am presuming we have no contract—with the hospital to render this service. They simply go there or are taken there for attention and we pay for the services rendered. We pay in accordance with the terms of the Wallace Act. I take it that the provisions of this resolution are no different from any of the others in that respect.

Mr. Charles A. Waldschmidt, City Solicitor, being present, said:

The Compensation Law provides for the payment of \$100.00 for such services and anything in excess of that must be taken care of by authority of Council.

Mr. English arose and said:

Does this fall within the statement made by the Controller?

Mr. Waldschmidt said:

What the Controller had in mind principally were extra work bids, which he stated should be taken care of by ordinance.

Mr. McArdle arose and said:

I think the question should be an-

swered definitely by the Law Department, the Act requires six votes of Council and the signature of the Mayor. If this is so, the only other question, it seems to me, is whether the passage of the resolution meets the requirements of that Act, or must it be an ordinance? For instance, today we have one ordinance and the other two resolutions.

Mr. English arose and said:

I discussed this with Judge Finletter, whether there was any difference between a resolution and an ordinance. He said they are the same thing, so that there is no question about that in my mind. When I explained to him that the resolutions are introduced on a Monday and later receive the same committee action, etc., Judge Finletter said there was no difference between a resolution and an ordinance inasmuch as they both require the same committee action, advertising, etc., in accordance with the other laws.

Mr. McArdle arose and said:

That is the only point of difference. I can see no difference except that the practice has been that we advertise ordinances after they are passed and in the case of resolutions we do not advertise them after they pass Council. In other respects they take the same legislative course that the ordinances do.

Mr. English said:

We are on the right track. Their failure to advertise the resolutions is not Council's fault.

The Chair said:

I believe we received an opinion from the City Solicitor on this. We want to save the taxpayers' money. We do not want to spend \$150.00 to advertise something calling for an expenditure of \$75.00. We had better lay this over for one week. In the mean time we are going to ask the City Solicitor to find out from the City Controller the meaning of his mandate—what should be the practice from now on. We will then be guided by the Law Department as to whether we should substitute ordinances for such resolutions.

Mr. English arose and said:

Where is our authority for not advertising resolutions the same as ordinances?

The Chair said:

The City Clerk received several opinions from the Law Department that the

law did not require the advertising of resolutions—from Mr. Burleigh, Mr. O'Brien, and I think from Mr. Martin. The City Clerk was compelled to follow the ruling of the Law Department through the City Solicitor himself.

The Clerk (Mr. Clark) said:

During City Solicitor, W. B. Rodgers' time we advertised resolutions for about two years, but were told that it was an extravagant waste of money to advertise these kinds of resolutions; and we stopped advertising them. In my forty years' service with the City of Pittsburgh we advertised them only three years. In cases where the money has not been previously authorized the wise thing was to make an ordinance instead of a resolution. It has always been our aim to save money in the way of eliminating unnecessary advertising.

The Chair said:

We are going to do this in the regular orderly way—hold it over in Council until we get a written opinion from the City Solicitor as to whether or not they come within the City Controller's mandate that he will recognize them only when passed by ordinance.

Mr. McArdle arose and said:

I think we better make it clear. What we want is the City Solicitor's interpretation of the Act. I am not so much concerned about the Controller's mandate as I am about what the advice of the Legal Department is as to what we must do to meet the law.

The Chair stated

If there were no objections, the resolution would be held over for a report similar to that asked for on Bill No. 773.

Also

Bill No. 811. Resolution authorizing the issuing of warrants in favor of the following persons employed in the Department of Supplies, for the respective amount set opposite their names for the period of April 15th to May 15th, 1932:

Hilda Wahrhaus, Assistant	
Tabulating Clerk	\$125.00
Edna Rusconi, Typist.....	110.50
Lucy Profeta, Typist.....	110.50
Rose M. Kerchner.....	110.50
	<hr/>
	\$456.50

Same to be chargeable to and payable from Code Account No. 1128, Salaries, Department of Supplies.

Which was read.

Mr. English moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second time.

Mr. McArdle raised the question as to whether this resolution did not come under the same classification as the two already referred to the Law Department.

Mr. Waldschmidt, being present, stated

That this resolution provided for the payment of service already rendered and was not for extra work and could be passed at this time.

And the resolution was read a third time, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Connelley
English
Garland

Little
Muldowney
Herron, (Pres't.)

Noes:—Mr. McArdle

Ayes 6. Noes 1.

And there being two-thirds of the votes of Council in the affirmative, the resolution passed finally.

Also

Bill No. 810. Resolution authorizing the issuing of a warrant in favor of Mr. and Mrs. William H. Beringer in their own right and as next friend and on behalf of their minor daughter, Theresa Beringer, 74 St. Michael street, City, in the sum of \$200.00, in full settlement of their claims against the City by reason of personal injuries sustained by the said minor daughter on January 12, 1932, on the Jacobs way boardwalk, and charging the same to Code Account No. 42, Contingent Fund.

Which was read.

Mr. English moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the

resolution was read a second and third times, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:--Messrs.

Connelley	Little
English	McArdle
Garland	Muldowney
	Herron (Pres't.)

Ayes 7. Noes none.

And there being two-thirds of the votes of Council in the affirmative, the resolution passed finally.

Also

Which was read.

Mr. English moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second and third times, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:--Messrs.

Connelley	Little
English	McArdle
Garland	Muldowney
	Herron (Pres't.)

Ayes 7. Noes none.

And a majority of the votes of Council being in the affirmative, the resolution passed finally.

Also

Ayes 7. Noes none.

And a majority of the votes of Council being in the affirmative, the resolution passed finally.

Also

Bill No. 807. Resolution authorizing and directing the City Controller to transfer the sum of \$1,000.00 from Code Account

No. 1153, Equipment, to Code Account No. 1152, Repairs, Carnegie Free Library, North Side.

In Finance Committee, May 17, 1932, Read and ordered returned to council with an affirmative recommendation, subject to letter of explanation from the Director of the Carnegie Free Library of Allegheny.

Which was read.

Mr. English moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second time.

Mr. English also presented

No. 880.

Pittsburgh, North Side, Pa.,

May 20, 1932.

President and Members of Council,
City of Pittsburgh.

Gentlemen:

Relative to Bill 807, Resolution transferring \$1,000.00 from Code Account 1153 to Code Account 1152, Carnegie Free Library, North Side, would say that this is for the purpose of providing sufficient funds in the latter code account for rebinding books and binding of magazines for the Library, as provided for in the contract ordinance recently passed for this purpose.

Code Account No. 1153 should have been charged in this ordinance for the binding of magazines, and in order to avoid amending this ordinance, the resolution transferring \$1,000.00 was put in. This will not interfere with any appropriation previously made for the North Side Carnegie Library, nor will it deplete Code Account No. 1153 to such an extent as will require any request for replenishment thereof, as the amount requested to be transferred (\$1,000) was originally intended for this binding of magazines.

Yours very truly,

D. D. CADUGAN.

Which was read, received and filed.

And the resolution was read a third time, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Connelley
English
Garland

Little
McArdle
Muldowney
Herron (Pres't.)

Ayes 7. Noes none.

And a majority of the votes of Council being in the affirmative, the resolution passed finally.

Also

Bill No. 442. WHEREAS, T. J. Gillespie is the owner of certain property situated in the 7th Ward; and

WHEREAS, the said T. J. Gillespie claims to have forwarded to the Treasurer of the City of Pittsburgh a check in the sum of \$1,246.87 on January 22, 1930, in an envelope of the Lockhart Iron and Steel Co. with request to return if not received in payment of taxes on said property; and

WHEREAS, the said T. J. Gillespie claims the said check was either mislaid in the Treasurer's office or lost in the mail; and

WHEREAS, by agreement with the City Treasurer, Mr. Gillespie paid the tax on May 19, 1930, at face and assumed the loss in discount of \$25.81 and therefore was not obliged to pay penalty and interest in the amount of \$38.72 plus interest to February 25, 1932, which amounts in total to \$42.87, which was revealed by the audit of the records of the Delinquent Tax Collector; Now, therefore, be it

RESOLVED, That the Collector of Delinquent Taxes and the City Controller be and they are hereby authorized and directed to relieve T. J. Gillespie of the payment of \$42.87 and so mark their records.

In Finance Committee, May 17, 1932, Read and amended by striking out the fourth preamble and the "Resolved" clause, and by inserting in lieu thereof, the following:

"WHEREAS, on May 20, 1930, Mr. Gillespie paid to the Collector of Delinquent Taxes for City tax and water rents for the year 1930 the sum of \$847.70, being the face amount of said tax and water rents, and by reason of the loss of the check aforesaid he was not required to pay a penalty of \$16.95 and interest for May, 1930, amounting to \$4.24, a total of \$21.19; Now, therefore, be it

RESOLVED, That the Collector of Delinquent Taxes and the City Controller

be and they are hereby authorized and directed to relieve T. J. Gillespie of the payment of \$21.19 and so mark their records,"

and, as amended, ordered returned to council with an affirmative recommendation.

Which was read.

Mr. English moved

That the amendment of the Finance Committee be agreed to.

Which motion prevailed.

And the resolution, as amended in committee and agreed to by council, was read.

Mr. English moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second and third times, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Connelley	Little
English	McArdle
Garland	Muldowney
	Herron, (Pres't.)

Ayes 7. Noes none.

And a majority of the votes of Council being in the affirmative, the resolution passed finally.

Mr. Little presented

No. 881. Report of the Committee on Public Works for May 17, 1932, transmitting sundry ordinances to council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 638. An Ordinance entitled, "An Ordinance providing for slopes and parking and for the construction of retaining walls and steps on those portions of Luster street, from Beechwood boulevard to Birchwood avenue, lying without the lines of the roadway and sidewalks."

Which was read.

Mr. Little moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

Connelley	Little
English	McArdle
Garland	Muldowney
	Herron, (Pres't.)

Ayes 7. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also

Bill No. 775. An Ordinance entitled, "An Ordinance authorizing the Mayor and the Director of the Department of Public Works to advertise for proposals and to award a contract or contracts for the construction of a sewer and catch basin on the private properties of the Little Sisters of the Poor of the State of Pennsylvania, G. A. James and E. J. Burry and on Parviss avenue, from the private property of the Little Sisters of the Poor of the State of Pennsylvania to the existing sewer on Parviss avenue west of Benton avenue, including, as may be necessary, the excavation of exploratory test holes, and authorizing the setting aside the sum of Seven Hundred (\$700.00) Dollars, from Code Account 1548-E, Repair Schedule, Division of Sewers, Bureau of Engineering, for the payment of the costs thereof."

Which was read.

Mr. Little moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law and were:

Pittsburgh, May 21, 1932.

Subject: Shetland Avenue.

President and Members of Council,
City of Pittsburgh.

Gentlemen:

With reference to the action of Councilmanic Committee on Hearings, requesting this Department to confer with Utility Companies concerning placing all wires on Shetland avenue, between Larimer avenue and Paulson avenue, which portion of the street is to be repaved, underground, or remove the poles from the street and place them in the alley in the rear of the street, all in connection with the proposed widening of the present 22-foot roadway to obtain a width of 25 feet, we report as follows:

The Duquesne Light Company has eight (8) poles on this section of the street which, we are informed, cannot be placed in the alley in the rear of the street. The Duquesne Light Company is willing to place these wires underground, but this will mean an additional cost to the property owners for service.

The Bell Telephone Company has seven (7) poles on this street which they are willing to place in the alley in the rear of the street without extra service charge to users. The removal of one set of poles without the other would not accomplish very much. The Railways Company have no objection to moving back the eleven (11) trolley poles to permit the widening of the roadway.

There is no legislation requiring these wires to be placed underground on this street. There is also a proposition whereby one line of poles will be discontinued and the Bell Telephone Company and Duquesne Light Company will use the same poles. Both these utility companies and the Pittsburgh Railways Company have no objection to moving the poles back a foot and a half from their present location to permit the widening of the roadway.

The Gas Company and the Water Department each have about 40 service lines on this street. If the roadway is widened the Gas Company will move back the curb boxes without charge to users, but the curb boxes for water service lines will have to be moved back by and at the expense of the property owners.

Yours truly,

Edward G. Lang,
Director.

May 20, 1932.

Edward G. Lang, Director,
Department of Public Works.

Dear Sir:

Replying to the attached communication to you of May 19th, from the Committee on Hearings having to do with a delegation of property owners on Shetland avenue asking that poles installed by the Duquesne Light Company and the Bell Telephone Company, now being moved back further on the sidewalk due to the widening of the roadway, be moved and that the motion adopted, namely:

"That the Department of Public Works, in conjunction with the Department of Law, be requested to take up with the Duquesne Light Company and the Bell Telephone Company the question of moving their poles on Shetland street to the alleys in the rear of this street, or if feasible to place their wires along this thoroughfare underground."

Mr. Vierheller reports that the Duquesne Light Co., and the Bell Telephone Company made reports to Mr. Tom M. Reed, this morning, that the Bell Telephone Company would take down their poles and feed from the rear alley and the Duquesne Light Company would put down underground if the property owners pay for the wiring.

Yours very truly,

T. LLOYD PILLOW,
Superintendent.

Which was read, received and filed.

Mr. McArdle arose and said:

Mr. Chairman—Regarding Bill 321, after listening to the discussion in Committee the other day, I went out and visited this street, and I think it would be a serious mistake if we were to bother the lines of the sidewalks at all, even though the poles were removed. It is going to do two things, which we will probably hear a lot more about. One is that it is going to destroy a lot of sidewalk; secondly, there is a condition there, which has been there for many years—encroachment upon the street lines by the property owners, which was brought about by an attempt on the part of the property owners to develop their little bit of yard. If anything like adequate

sidewalk space is ultimately provided it is going to force these property owners to destroy these terrace developments and put them to a lot of expense moving back off the sidewalk. I do not believe they should be required to undergo this expense when similar conditions exist in other sections of the City. We have the same thing around the corner on Paulson avenue, where a single carline is laid. I think the distance between the track and curbstone is the same in relation as in this case.

I think there isn't anything in it to justify us going to the added expense on the part of the City and the property owners, both with respect to the cost of the job and the cost of rehabilitating the sidewalks, and the further cost to the property owners of adjusting their property developments to meet the sidewalk line. It would cause the additional hazard, by narrowing down the sidewalks, to the children of the neighborhood who use the sidewalks. This bill should be laid over and the Department instructed to go ahead with the improvement based on the original lines.

The Chair said:

Mr. Reed, what prompted you to prepare and submit this ordinance to Council?

Mr. Tom M. Reed, Chief Engineer, Bureau of Engineering, Department of Public Works, being present, said:

Mr. DeRosa and some others came in and requested that the roadway be widened. It was explained to them that we had the street torn up by the Railways Company and that Council would have to pass on the request. While the contract for this improvement has been awarded, it has not been signed by the City authorities.

The Chair said:

Are you satisfied from your own knowledge of the situation that this is a good improvement?

Mr. Reed said:

That is a matter what the people out there want. The repaving of the street, if widened, will include the relaying of all sidewalks.

The Chair said:

Do you recommend this improvement?

Mr. Reed said:

From a traffic standpoint, yes. How-

ever, I speak for the department as a whole.

Mr. McArdle arose and said:

It is strange that they did not originally provide for it. This is an old established street, upon which the department has done numerous jobs before. They are quite familiar with it, developed plans, advertised for bids, received bids, and according to Mr. Reed the contract has been awarded but is withheld pending the signatures of certain City officials. It did not strike the department until someone came in here and requested the change. I move that it be laid over.

Mr. Connelley arose and said:

At the hearing I understood that everything was ready to begin with the improvement. For that reason I cannot agree to Mr. McArdle's amendment. To lay the bill over now would only continue the present torn up condition of the street.

Mr. McArdle arose and said:

If this bill is not passed, the Department of Public Works, before this day ends, can execute the contract to go ahead as originally planned by them. There can be no delay at all, except by passing this bill. It would necessitate the advertising for new bids, and the letting of a new contract. So that if you fear for delay I would recommend that this bill be not passed.

Mr. English arose and said:

Why can't we send a copy of the Department's letter to the property owners, so that they may know what they will be required to pay in this improvement, and then grant them another hearing, say next Wednesday. We might adjourn this meeting until then and then decide after the hearing what we shall do with this bill.

Mr. McArdle moved

That the bill be laid over and that the Department proceed with the improvement along the original lines.

Which motion prevailed.

Mr. English moved

That the property owners be given another hearing and informed of the expense they will have to bear in moving curb boxes, etc., if the street lines are changed.

Which motion prevailed.

Mr. Garland presented

No. 884. Report of the Committee on Filtration and Water for May 17, 1932, transmitting an ordinance to council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 815. An Ordinance entitled, "An Ordinance providing for the making of a contract for a Pitometer Water Waste Survey under the supervision of the Bureau of Water, of that section of the distribution system of Pittsburgh served by Herron Hill Reservoir, excepting the Squirrel Hill Area, and providing for the payment of same."

Which was read.

Mr. Garland moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law and were:

Ayes:—Messrs.

Connelley	Little
English	McArdle
Garland	Muldowney
	Herron, (Pres't.)

Ayes 7. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Muldowney presented

No. 885. Report of the Committee on Public Safety for May 17, 1932, transmitting a resolution to council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 822. Resolution authorizing the issuing of a warrant in favor of the Animal Rescue League of Pittsburgh for the sum of \$1,004.00, covering work done during the month of April, 1932, and charging the same to Code Account No. 1458-B, Miscel-

laneous Services, Dog Pound, Bureau of Police.

Which was read.

Mr. Muldowney moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second and third times, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Connelley	Little
English	McArdle
Garland	Muldowney
	Herron (Pres't.)

Ayes 7. Noes none.

And there being two-thirds of the votes of Council in the affirmative, the resolution passed finally.

Mr. Connelley (for Mr. Anderson) presented

No. 886. Report of the Committee on Public Welfare for May 17, 1932, transmitting an ordinance and a resolution to council.

Which was read, received and filed.

Also

In Public Welfare Committee, May 17, 1932, read and ordered returned to council with an affirmative recommendation, subject to report from Law Department.

Which was read.

Mr. Connelley also presented

No. 887.

City of Pittsburgh, Pa.,

May 20, 1932.

Mr. Robert Clark,

City Clerk.

Dear Sir:

I return herewith to you Bill No. 806, and accompanying papers relative to the issuance of a warrant to the Craig Electric Company for \$866.74, in payment of extra work at Mayview.

The ordinance is in proper form and ready for your consideration.

Yours truly,

THOS. M. BENNER,

First Asst. City Solicitor.

Which was read, received and filed.

Mr. Garland asked that the bill be held over pending a report from the Law Department as to legality of claim, etc.

The Chair stated

That, if there were no objections, the bill would be laid over and the Law Department be asked to familiarize themselves with the bill and its provisions, and if justified and according to contract and law, to recommend it.

Also, with a negative recommendation.

Bill No. 731. Resolution authorizing the issuing of a warrant in favor of Craig Electric Company for extra work in the laundry building, cafeteria and administration building at the Pittsburgh City Home and Hospitals at Mayview, Pa., in the sum of \$866.74, and charging same to Bond Fund 281.

Which was read and laid over.

Mr. McArdle stated

That the Clerk had sent each member of Council a copy of the Court Opinion and Order relative to the reinstatement of these two employes in the Department of Supplies, and requested that the Clerk be instructed to print the same in full in the record.

The Chair said,

If there are no objections, he would instruct the clerk to comply with the request.

And the Court Opinion and Order is as follows:

In the Court of Common Pleas of Allegheny County, Pennsylvania.

Bert M. Doty, vs. City of Pittsburgh, Charles H. Kline, Mayor of the City of Pittsburgh; W. R. Dunlap, Director of the Department of Supplies of the City of Pittsburgh; Dr. James P. Kerr, Controller of the City of Pittsburgh and R. W. Thompson, Treasurer of the City of Pittsburgh. No. 744 April Term, 1932.

OPINION

Patterson, J.

Petitioner seeks a writ of alternative mandamus to compel reinstatement as an employe of defendant municipality after reinstatement had been directed by the Civil Service Commission and refused by the Director of the Department of Supplies of said municipal corporation. After hearing, the matter is before us for disposition.

We find the pertinent facts, which are all undisputed, to be that in June, 1927 petitioner was appointed a Grade No. 3 clerk in the Department of Supplies of the

City of Pittsburgh, after having qualified for a Grade No. 3 clerkship by competitive examination under the Civil Service requirements, as defined in the Act of May 23rd, 1907, P. L. 206, pertaining to cities of the second class, and the rules and regulations of the Civil Service Commission acting under authority of said statute. Ordinance No. 696 of the City of Pittsburgh, approved January 5th, 1931, provided for sixteen employees in said department. Ordinance No. 535, enacted and approved October 20th, 1931, increased the number of employees to twenty-two and provided for a contract clerk at a salary of \$2,400.00 per annum, to which position the petitioner was appointed. By Ordinance No. 626, approved December 31st, 1931 and in pursuance to the retrenchment policy of the City of Pittsburgh, the position of contract clerk, as well as two other positions in said department, was abolished. Thereupon on December 31st, 1931 the Director of the Department of Supplies notified the petitioner that because of the abolition of his position, his services would not be required.

At that time there were six provisional employees in the department who had not taken the required Civil Service examinations, having been provisionally employed as provided in the Civil Service Act and rules pursuant thereto in October, when the increase in personnel became effective. With the dismissal of petitioner, the duties theretofore performed by him were assigned to a provisional employee or employees.

Petitioner made complaint to the Civil Service Commission, a hearing was held and the Director of the Department of Supplies was ordered to reinstate the complainant to a position similar to that he had occupied. Reinstatement was refused by the Director. This proceeding followed. The sole question involved is whether or not the Civil Service Commission had authority to direct the reinstatement of petitioner under the circumstances.

It is to be noted that the work performed by the Petitioner in the department was not eliminated by Ordinance No. 626. The duties he had performed as contract clerk continued to be part of the departmental function. Can the Director of the Department of Supplies then arbitrarily assign these duties to a provisional appointee who had not taken the Civil Service examination and dismiss an older employee who had

qualified as required by the statute? There is no question raised in the evidence before us that suggests incompetence or insubordination of petitioner, though respondents' return avers petitioner was dilatory, negligent and disturbed the office morale. Nor is this a case where the necessity for the position occupied by petitioner was eliminated as would be the case in the event of a cessation of the service that had been performed by him. Under such circumstances, we are called upon to determine whether or not the Director of the Department of Supplies is bound by the order of reinstatement issued by the Commission.

It is our duty to construe the act liberally and to give effect to the legislative intent, even to the extent of interpolating additional words to that end: *Commonwealth ex rel. v. Coal Co.*, 296 Pa. 359. Section 1 of the act indicates an undeniable purpose to vest plenary powers in the Commission as to appointment, transfer, reinstatement and promotion of persons as officers, clerks, employees or laborers within the civil service. Section 4 provides that no officer or officers shall have the power to appoint, employ, promote or reinstate any persons except in accordance with this act. Section 7 creates classified and unclassified service. Section 8 commits the classified service (which includes petitioner's position) to the whole control of the Commission. Section 9 to 17, inclusive, are generally definitive of procedure, and Section 20 is a prohibition of removal, discharge or demotion except for just cause and the assignment of reasons in writing. Section 21 is a bar to appointment of any employee until qualified by examination, providing for the maintenance of an official roster containing the names of each person appointed, employed, promoted, reduced or reinstated, with the grading, date of appointment and other pertinent information.

The portions of the act particularly pertinent to this proceeding are Sections 6 and 17. The first paragraph of Section 6 is as follows:

"Section 6. The Civil Service Commission in each city of the second class shall:

"First.—Prescribe, amend and enforce rules and regulations for carrying into effect the provisions of this act. All rules so prepared may, from time to time, be

added to, amended or rescinded: Provided, That all rules shall be approved by the mayor before they go into effect, but when so approved shall not be annulled or changed except by the commission with the approval of the mayor: And provided further, however, That if the mayor takes no action on a rule or amendment, submitted to him, within a period of ten days from the date of its submission, then the rule or amendment shall become effective as though approved by the mayor."

Section 17 is the following:

"Section 17. The Civil Service Commission, in each city of the second class, shall promulgate rules relating to transfers and reinstatements in the service, to be approved by the mayor as hereinbefore provided."

Pursuance to the statutory authority, the Civil Service Commission promulgated certain rules and regulations which are important for our consideration, being Section

1 of Rule 8, reading as follows:

"Section 1. A person who has been permanently appointed to a position in the competitive class may be transferred without examination to a similar position in such class or to a position of the same grade thereof, if it be in a graded service in any other department, office or institution; provided, that for original entrance to the position proposed to be filled by transfer there is not required, in the judgment of the Commission, an examination involving tests or qualifications essentially different from or higher than those required in an examination for original entrance to the position from which transfer is sought; and provided, further, that if such person entered the service without competitive examination and prior to the requirement thereof in the case of the position held by him, he shall have served with fidelity for at least two years in such position, or in a similar position."

Section 1 of Rule 9, which is as follows:

"Section 1. Any person who has held a position by appointment under the civil service, or who has resigned therefrom, or who has been separated from the service without any delinquency or misconduct on his part, may be reinstated at any time, at the discretion of the

Commission, within three years, in the position he formerly held, or a position to which he could have been legally transferred during his former employment."

and Section 8 of Rule 10, reading as follows:

"Section 8. In making discharges or granting leaves of absence because of lack of work or funds, or the abolition of positions, the heads of Departments shall consider the capability, the efficiency and the length and quality of service of the employees, and shall first discharge or grant leaves of absence to those whose records are least meritorious."

It is contended by petitioner that the Director of the Department of Supplies had no right under the statute and the Commission's rules to remove him and assign his duties to provisional employees; that the Civil Service Commission so determined in the exercise of its statutory function and that its order of reinstatement is binding on the director. The respondents contend that Council abolished the position held by petitioner, that no regulation of the Commission can transcend the authority of Council in classification and elimination of employees as made in Ordinance No. 696 and amended by Ordinances Nos. 626 and 595, and that a proper construction of Section 8 of Rule 10 of the Commission justifies removal of the petitioner and confines him to the reinstatement remedy of Section 1 of Rule 9.

We cannot agree with the contention of the respondents. Council may by ordinances designate the number of employees in a given department and may indicate the position by name, but such action is merely a matter of nomenclature and is in no sense a classification as to the eligibility for service. Nor indeed has Council the power to classify employees as to such eligibility. It may create or abolish positions, but unless the abolition of the position by name involves also the elimination of the work done in that position, the qualified incumbent should not be removed except under Civil Service regulation. If this were the case of a bridge tender, for instance, whose position was abolished by the removal of the bridge and the necessity for such position thereby eliminated through the abolition of such service, then the incumbent might well be removed under the provisions of the act. But even in such

case, if there were other positions in the same department, the director in the exercise of his discretion would be bound under Section 8 of Rule 10 hereinbefore cited to give such employee a place as against others who did not qualify when measured by the standard of capability, efficiency and length of service, and to remove an employee least qualified. In other words, the function of classification in the matter of eligibles lies with the Civil Service Commission alone by the very terminology of the first Section of the statute, and a person once appointed cannot be removed under the act, except for just cause. As stated by the late Judge Head in *Dover-spice v. Magee*, 51 Pa. Super. Ct. 525, involving the dismissal of a policeman:

"It would seem pertinent to remark that the legislature would have accomplished but little had it stopped with merely providing a means for appointing, in the first instance, qualified persons to fill various positions and offices within the scope of the act, and had done nothing to secure their tenure of office when so appointed."

We do not deem the elimination of the position by name, with the work of the position retained in the department and still to be done, a just cause for the removal of a qualified incumbent and the assignment of his work to provisional employees. In this connection it may be noted that under Section 15, paragraph 1 of the Act provisional employees are appointed to service without competitive examination to meet urgent necessity and may not continue in service more than three months and are not eligible to successive appointment. And by Section 8 of Rule 10 of the Commission, the director in making discharges due to the abolition of positions shall consider capability, efficiency, length and quality of service of employees, and first discharge those whose records are least meritorious. In the absence of complaint as to petitioner's efficiency, the assignment of his work to a provisional employee does not comply either with the spirit nor the letter of that rule. Thus we deem the director to have had no justification under the Civil Service Act or rules for his action and no principle in law to sustain it otherwise. This we view as a clear abuse of the discretion reposed in the head of the department by Section 8 of Rule 10. Among permanent employees of equal grade, such discretion would be

aply exercised in the manner it was here, but in no sense can the rule be construed to permit a provisional employee or a clerk of a lower grade being assigned to take over the duties of a permanently employed and qualified Grade 3 clerk, unless the duties of the clerkship were abolished or modified to conform to a lower grade requirement.

There then presents itself the other question contended for by respondents; namely, the authority of the Commission to make a classification by grades. Such classification respondents argue is a mere office regulation of the Commission and without significance. The testimony before us is that the Commission had such a regulation for the purpose of examination of applicants, that certain positions in the Civil Service were Grade 1 clerkships, certain others Grade 2 and still others Grade 3, to the last of which the position here in question was assigned and for which the petitioner had qualified, and was carried in the Commission's roster accordingly. From the statute and the rules of the Commission, we reach the obvious conclusion that the legislative intent was that some such classification should be made, and that it was made. Section 21 of the act imposes the duty upon the Commission of keeping a roster, open to public inspection, of employees, with their names, their grading and other information. The word "grading" is significant. Rule No. 8, Section 1, refers to the transfer of permanent appointees from one position to another of the same grade. There can be no doubt of the Commission's authority to designate and identify various positions and the qualification of applicants therefor by grade classification.

The final aspect of the question involved is the Commission's authority to direct reinstatement. Section 6, paragraph 3 of the statute authorizes the Commission to make investigation concerning all matters touching the enforcement and effect of the provisions of the act and the rules and regulations prescribed thereunder. One of the provisions is the prohibition of removal without just cause (Section 20). The procedure prescribed by that section was followed in the instant case. It became then immediately a matter for investigation under Section 6 upon proper application. Not only that, but an application for reinstatement is essentially within the province of the Commission. Section 5 of Rule 10 of the

Commission defines the necessary condition precedent to investigation, and petitioner proceeded in conformity therewith by appealing his removal by the director to the Commission. An investigation was made in due form and thereupon the Commission sustained the appeal and the Director was ordered to reinstate petitioner. This action was wholly within the scope of the Commission's authority and in the absence of abuse is conclusive and will not be disturbed by the Court.

Other jurisdictions with similar legislation have generally adopted a doctrine that temporary employees acquire no rights as against duly certified eligibles under Civil Service: *People ex rel. v. Ward*, 162 N. Y. Supp. 744; *People ex rel. v. Grant*, 90 N. Y. Supp. 861; *Jones v. Willcox*, 80 N. Y. Supp. 420; *State v. Seattle*, 235 Pas. 968. The abolition of a position does not oust the old incumbent, if the duties of the old position remain: *Barry v. Jackson*, 30 Cal. App. Div. 165. Nor can abolition of an office be invoked to effect a discharge: *Murphy v. Justices*, 228 Mass. 12. But we are moved to this conclusion, not by the authority of other jurisdictions, but by our view of the purport, intent and effect of the Civil Service Act of 1907. This legislation was intended to create an efficient personnel for employment in the various departments of the municipal government in second class cities by means of qualifying examinations in the several classifications of service and to protect the employee who had qualified and had been employed from any result of favoritism, political preferment, religious prejudice or other unjust consideration. It must be so construed when possible as to effectuate these purposes. If the creation of a situation is permitted that will serve to defeat the purpose of the legislation, it must be prevented if the tenets of liberal construction will accomplish such prevention. In the instant case, we have no doubt of the director's good faith and lawful intent, but we view the condition created as one that will permit evasion of the law in the future and we are convinced that no labored interpretation of the law is needed to establish the principle that the Commission's direction to reinstate petitioner was a proper exercise of not only its authority, but its duty. If we are to take away the control of reinstatement from the Commission, its existence in a vain and futile thing. The policy

of the law is to sustain any effort to foster and promote control of public employees by a merit system, as opposed to ulterior influences. Every municipal election is a tragic example of the results that inevitably follow in those departments of government which have been exempted from Civil Service, and appointment, promotion, reduction, reinstatement and removal committed to the fancy, prejudices and political aspirations of the department head or his superior.

It is our opinion that the Court should not disturb the findings and conclusions of the Civil Service Commission in the proper exercise of its authority and that its order for reinstatement, after investigation of the facts, is conclusive and the Director of the Department of Supplies is bound thereby: *State ex rel. v. City of Spokane*, 279 Pac. Rep. 748; *Dover v. Magee*, supra; *Corfut v. City of Philadelphia*, 2 D. & C. 450.

We are of opinion, therefore, that the writ prayed for should be granted.

ORDER

And now, to-wit, May 14, 1932, after hearing in the above entitled case and upon consideration thereof, the prayer of the petitioner is granted and judgment directed against the respondents, and it is ordered and directed that a writ of peremptory mandamus issue upon W. R. Dunlap, Director of the Department of Supplies of the City of Pittsburgh, requiring him to reinstate and designate the petitioner, Bert M. Doty, as a clerk in the Department of Supplies under a Grade 3 Classification, as provided for by the Civil Service Commission of the City of Pittsburgh, and assign him to the proper duties incident to such office;

And upon W. R. Dunlap, Director of the Department of Supplies of the City of Pittsburgh, Dr. James P. Kerr, Controller of the City of Pittsburgh and R. W. Thompson, Treasurer of the City of Pittsburgh, requiring them forthwith to pay to the Petitioner, Bert M. Doty, full compensation in the amount allowed clerks in the Department of Supplies of the said City of Pittsburgh who are classified as Grade 3 clerks by the said Civil Service Commission, from January 1st, 1932 until said petitioner shall have been assigned to duty as directed by the said Civil Service Commission;

And upon Charles H. Kline, Mayor of the City of Pittsburgh, requiring him to forthwith order and direct W. R. Dunlap, Director of the Department of Supplies aforesaid, to comply with the order for reinstatement heretofore made by the said Civil Service Commission and to do all things necessary to carry this order fully into force and effect.

And it is so ordered by the Court.

In the Court of Common Pleas of Allegheny County, Pennsylvania.

Mathilda M. Ganley, vs. City of Pittsburgh; Charles H. Kline, Mayor of the City of Pittsburgh; W. R. Dunlap, Director of the Department of Supplies of the City of Pittsburgh; Dr. James P. Kerr, Controller of the City of Pittsburgh and R. W. Thompson, Treasurer of the City of Pittsburgh. No. 745 April Term, 1932.

OPINION

Patterson, J.

This petition for a writ of alternative mandamus was heard together with a similar application at No. 744 April Term, 1932. The only difference is the fact that petitioner in the above entitled case was of the Grade 1 classification, was appointed November 3rd, 1923 and held the position of Commodity Clerk in the Department of Supplies. Precisely the same principles of law are involved and the same state of facts, except as hereinbefore noted, prevailed. Therefore, for the reasons given in the opinion this day filed at No. 744 April Term, 1932 of this Court, the prayer of the petitioner in the above entitled case for a writ of peremptory mandamus is granted.

ORDER

And now, to-wit, May 14, 1932, after hearing in the above entitled case and upon consideration thereof, the prayer of the petitioner is granted and judgment directed against the respondents, and it is ordered and directed that a writ of peremptory mandamus issue upon W. R. Dunlap, Director of the Department of Supplies of the City of Pittsburgh, requiring him to reinstate and designate the petitioner, Mathilda M. Ganley, as a clerk in the Department of Supplies under a Grade 1 Classification, as provided for by the Civil Service Commission of the City of Pittsburgh, and assign her to the proper duties incident to such office;

And upon W. R. Dunlap, Director of the Department of Supplies of the City of Pittsburgh, Dr. James P. Kerr, Controller of the City of Pittsburgh and R. W. Thompson, Treasurer of the City of Pittsburgh, requiring them forthwith to pay to the Petitioner, Mathilda M. Ganley, full compensation in the amount allowed clerks in the Department of Supplies of the said City of Pittsburgh who are classified as Grade 1 clerks by the said Civil Service Commission, from January 1st, 1932 until said petitioner shall have been assigned to duty as directed by the said Civil Service Commission;

And upon Charles H. Kline, Mayor of the City of Pittsburgh, requiring him to forthwith order and direct W. R. Dunlap, Director of the Department of Supplies aforesaid, to comply with the order for reinstatement heretofore made by the said Civil Service Commission and to do all things necessary to carry this order fully into force and effect.

And it is so ordered by the Court.

And the bill as read a second time was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

UNFINISHED BUSINESS

The Chair took

Bill No. 806. An Ordinance entitled, "An Ordinance authorizing the issuing of a warrant in favor of the Craig Electric Company for the sum of \$866.74, in payment for extra work at the City Home and Hospitals at Mayview, and charging same to Bond Fund 281."

In Council, May 23rd, 1932, Bill read and laid over and Law Department asked to familiarize themselves with the bill and its provisions, and if justified and according to contract and law, to recommend it.

Which was read.

The Chair presented

No. 936.

May 26, 1932.

Council of the City of Pittsburgh,

Gentlemen:

On Bill No. 806, being a Bill for an Ordinance authorizing the issuance of a warrant in favor of Craig Electric Company for the sum of \$866.74, being a claim for extra work at the City Home and Hospitals, Mayview, the same to be charged to Bond Fund No. 281. I beg to advise you that the Bill itself is in proper form.

The amount is made up of a group of six items.

The first item is \$423.00. This was for the installation of a panel board. It appears that another contractor had a contract which included the panel board, but the one supplied was unsatisfactory and rejected. The cost of the same, \$423.00, was deducted from their final payment and a satisfactory panel board was secured from the Craig Electric Company and installed. The letter of the architects, dated December 3, 1931, gives the history of this transaction. There is nothing in the file to show that an extra work order was given in the regular way for the installation of this panel. Assuming the price is correct, the panel was installed and therefore should be paid for.

Item 2, \$200.00, was for extra work and rewiring laundry machinery in order to expedite the completion of the warehouse building. The papers do not show clearly how this account arose, but apparently there was some labor trouble in connection with this work and in order to comply with the regulations of the Labor Union \$200.00 extra was authorized by the Architects. If such is the explanation, the contractor received additional pay for something which he had already contracted to do, and it should not be allowed.

Item 3, \$105.00, was for the installation of a bulletin board in the Cafeteria. This appears to have been a true extra because it did not take the place of anything that had been ordered, but was to expedite the doing of the work in the Cafeteria.

Items 4, 5 and 6, \$32.77, \$91.52 and \$14.45, respectively, were for additional work not on the plans and were authorized by the Architect.

The Standard Form of Contract provides that all extras shall be agreed to by the Director and a written memorandum made of same signed by the Director and the contractor. Apparently, none of these charges were made in that way. Of course, the Council can approve the Bill if it so desires.

Yours respectfully,

THOMAS M. BENNER,
First Assistant City Solicitor.

Which was read.

Mr. English moved

That the bill be recommitted and the report referred to the Committee on Public Welfare.

Which motion prevailed.

The Chair also took up

Bill No. 823. Resolution authorizing the issuing of a warrant in favor of the Mercy Hospital for the sum of \$357.25, covering services rendered to Franklin J. Stevenson, Edwin J. Harper, Edward J. Carter and John E. Holleran, employees of the Bureau of Fire, who were injured while in the performance of their duties, and charging the same to Code Account No. 44-M, Workmen's Compensation Fund.

In Council, May 23, 1932, Read and laid over for opinion from City Solicitor as to whether it should be an ordinance.

Which was read a second time.

The Chair also presented

No. 937.

City of Pittsburgh, Penna.,

May 27, 1932.

Council of the City of Pittsburgh.

Gentlemen:—

On Bill No. 823, being a Bill for a Resolution for a warrant in favor of the Mercy Hospital in the sum of \$357.25, for services rendered certain employees of the Bureau of Fire, I beg to advise you that the Bill is properly in the form of a resolution.

This is one of the incidental business transactions of the City that can be legislated on in the form of a Resolution.

Yours truly,

THOS. M. BENNER,
First Assistant City Solicitor.

Which was read, received and filed.

And the resolution having been read a second time, Mr. English moved a suspension of the rule to allow the third reading and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a time, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Connelley

English

Garland

McArdle

Muldowney

Soost

Little

(Pres't Pro tem)

Ayes 7. Noes none.

And there being two-thirds of the votes

of Council in the affirmative, the resolution passed finally.

The Chair also took up

Bill No. 773. Resolution authorizing the issuing of a warrant in favor of the Rush Machinery Company in the amount of \$264.00, in full payment for firemen furnished by said company to operate Stokers at the Municipal and Tuberculosis Hospitals until such time as men could be furnished by the City, and setting aside the said amount from contract authorization and paid from 1932 Code Account No. 2000, Automatic Stoker Fund.

In Council, May 23rd, 1932, Read and laid over for written opinion from the City Solicitor whether it comes under the class of legislation which the City Controller claims should be passed as ordinances.

Which was read a second time.

The Chair also presented

No. 938.

City of Pittsburgh, Penn.,

May 27, 1932.

Council of the City of Pittsburgh.

Gentlemen:—

On Bill No. 773, being a resolution to pay the Rush Machinery Co. \$264.00 in full payment for firemen furnished by them to operate the stokers at the Municipal and Tuberculosis Hospitals, we are of opinion that the resolution is in proper form and is the proper legislation method to pay such a bill.

The Rush Machinery Company's contract did not provide for the furnishing of stoker operators. They simply furnished them temporarily to the City and should be paid like any temporary employee. The only difference is that instead of paying employees direct, the Rush Machinery Co. is to receive the wages we assume they have advanced to their employees.

Yours respectfully,

THOS. M. BENNER,
First Asst. City Solicitor.

Which was read, received and filed.

And the resolution having been read a second time, Mr. English moved a suspension of the rule to allow the third reading and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the

resolution was read a third time, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Connelley	Muldowney
English	Soost
Garland	Little
McArdle	(Pres't Pro tem)

Ayes 7. Noes none.

And there being two-thirds of the votes of Council in the affirmative, the resolution passed finally.

MOTIONS AND RESOLUTIONS

Mr. English arose and said:

Mr. President,—Mr. Benner, of the Law Department, says that the City is having trouble about a slide on Brenham street, and suggests that the Council authorize the Department to negotiate with the property owners with respect to making settlement of claims for damages resulting from this slide.

I, therefore, move

That the Department of Law be requested to report to Council the result of any negotiations they might be able to make with any of the property owners on Brenham street where the slide occurred.

Which motion prevailed.

Mr. McArdle presented

No. 939. Resolved, That the Director and the Chief Engineer of the Department of Public Works be requested to confer with the Committee on Public Works, at a time to be fixed by the Chairman of the Committee on Public Works, during the present or succeeding week, to discuss the department's activity with respect to the operation of the Division of Bridges, with special reference to the repair schedule or schedules and the repainting of bridges with city forces.

Which was read.

Mr. McArdle moved

The adoption of the resolution.

Mr. McArdle said:

Mr. President, In explanation of this resolution, I want to say that I am very much interested to know what the Bureau of Bridges has been doing during the first three or four months of this year with respect to its activities in the painting of bridges with city forces, and I am doubly

interested to know more about their program for bridge repairs since we have passed the schedule, and especially with reference to the repair of the Panther Hollow bridge, a contract for which has recently been passed.

I am not an engineer, but I regard that piece of work as the most outlandish piece of extravagance I have witnessed in many years. We have authorized another bridge repair where the estimated cost of which is even greater than this, and I certainly—

The Chair said:

Is that the Manchester Bridge Ramp?

Mr. McArdle:

No, another bridge in Schenley Park, and I certainly think we ought to carefully scrutinize anything they have not started before they start expending huge sums of money.

And the question recurring on the adoption of the resolution.

The motion prevailed.

The Chair said

I believe all the members should visit these bridges.

Mr. English moved

That the Department of Public Works report promptly as to what kind of a sewerage system might be furnished the building on Hillsboro street, which Mr. Kahn wants to erect.

Which motion prevailed.

Mr. English asked

That the approval of the Minutes be held over pending the report from the Law Department on the printing in full of the exemplification of the Court Record on the bond election.

And on motion of Mr. English

Council adjourned.

Mr. English moved

In order that the reports of the

various committees may be considered at this time, That Rule VIII be suspended, which provides for the mailing of printed copies of all ordinances and resolutions to each member of Council, after the return of such papers from committee, at least 48 hours previous to their final consideration by Council.

Which motion prevailed.

Also, with an affirmative recommendation.

Bill No. 892. An Ordinance entitled, "An Ordinance authorizing the Mayor and the City Controller to make a contract with the Burroughs Adding Machine Company for servicing equipment."

Which was read.

Mr. English moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. McArdle stated

That he wished to raise the question as to whether the Controller had an opinion from the Law Department as to the right to specify this particular company in the ordinance, and whether it should not be let to the lowest bidder.

The Chair stated

That this was for a patented article and could be serviced only by this Company and that it was perfectly legal to specify the name of the company in the ordinance.

Dr. J. P. Kerr, City Controller, being present stated

That his office had 53 Burroughs machines, and it would be a great saving to have the Company service them at a specified price; that the Law Department had advised him that it was legal to specify the name of the company in the ordinance.

And the Chair, at this time, presented

No. 969.

DEPARTMENT OF LAW

June 6, 1932.

To the Honorable, the President and Members of Council of the City of Pittsburgh.

Gentlemen:

In reference to Bill No. 892, File No. 284.

being an Ordinance authorizing the Mayor and City Controller to make a contract with the Burroughs Adding Machine Co. for service and equipment, which recites that the Department of City Controller has fifty-eight Burroughs machines and that these machines are patented and can only be serviced successfully through the Burroughs Co., I am of the opinion that Council has authority to pass this Ordinance as these machines are patented machines and the service for them could best be established through the Company having the patents, as in the service they (the City) would undoubtedly need new parts for the efficiency of said machines, and the Departments only have authority to purchase or service patented articles through an Ordinance approved by Council. It would be of no avail to permit of advertising, as this Company is the most suitable to properly look after the machines under their patents.

Silsby Mfg. Co., Appellant, v. Allentown, 153 Pa. 319, set forth in the Opinion by Mr. Justice Williams, as follows:

"The object of requiring the city to advertise for proposals to supply the materials and labor needed by it is to secure competition and enable the city to purchase its supplies at the lowest market price. But the article needed in this instance was part of a peculiarly constructed engine built by the Silsby Manufacturing Company under the protection of letters patent owned by it. The flues were made by the plaintiff. They could be bought nowhere else. Competition under such circumstances was impossible. The law does not insist on what is impossible, or absolutely useless. Advertising for proposals in this case would have been worse than useless, since it could have resulted in nothing but dangerous delay and an idle expenditure of money."

Respectfully yours,
CHAS. A. WALDSCHMIDT,
City Solicitor.

Which was read, received and filed, and on motion of Mr. Garland ordered printed in full in the Record.

And the bill as read a second time was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law and were:

Ayes:—Messrs.

Anderson	Garland
Connelley	Little
English	Soost
	Herron, (Pres't.)

(Mr. McArdle not voting.)

Ayes 7. Noes none.

Which was read.

Mr. English moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second and third times, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Anderson	Little
Connelley	McArdle
English	Soost
Garland	Herron (Pres't.)

Ayes 8. Noes none.

And there being two-thirds of the votes of Council in the affirmative, the resolution passed finally.

Also

Bill No. 904. Resolution authorizing the issuing of a warrant in favor of the Mercy Hospital for the sum of \$310.25, covering services rendered to Job T. Elwell, John Deasy, Employees of the Bureau of

MOTIONS AND RESOLUTIONS

The Chair at this time presented

No. 973. Communication from Ray G. Ecker, 36 River road, Blawnox, Pa., offering to tear down Montrose Pumping Station for the salvage derived therefrom.

Which was read and referred to the Committee on Public Works.

Also

No. 974.

DEPARTMENT OF LAW

June 6, 1932.

To the Honorable, the President and Members of Council of the City of Pittsburgh.

Gentlemen:

In reference to the following motion:

"That the minutes of the meeting of Council held May 16, 1932, be held over, and the Law Department be asked if it is necessary to print the exemplification of the Court Record at the Bond Election, at No. 2 May Session, 1932, in full in the Record."

I advise you as follows:

It is the practice, for purposes of record, to place in the files of the City Clerk, who is the official clerk in the matter of legislation of the City of Pittsburgh, a record of the authority to issue bonds in excess of 2% authorized by the vote of the people.

Rule IV of Council provides, *inter alia*:

"Reading, correction and approval of the minutes of previous meetings or meetings where the same may not have been already read, corrected and approved shall be the last order of business."

I am of the opinion that the City Clerk should keep a true and correct copy of all matters that transpire in the deliberations of Council, and that an exemplified copy of the record for the issuing of bonds by a people's election should be inscribed in the minutes. However, it is within the purview of Council, if it desires any part to be abbreviated or shortened, to so state by a motion at the time of the reading, correction or approval of the minutes, setting forth that the full record can be found in the Clerk of Courts' Office of Allegheny County at the number and term designated on the certified copy.

It is not within the province of the City Clerk to say what should or should not be done, but it is up to Council to act as a body upon its own motion.

Respectfully yours,

CHAS. A. WALDSCHMIDT,
City Solicitor.

Which was read, received and filed.

Mr. McArdle moved

That when a matter of this kind in another bond election comes before Council, prior to its printing, it be submitted to Council for action.

Which motion prevailed.

Mr. Little moved

That the Minutes of Council, at the meeting held on Monday, May 16, 1932, as printed, be approved.

Which motion prevailed.

Mr. Garland moved

That the Minutes of Council, at the meeting held on Monday, May 23, 1932, be approved.

Which motion prevailed.

Mr. Little presented

No. 975. Communication from Pittsburgh Convention Corporation, Edward Scheitinger, Chairman of Concessions Committee, asking City to grant a permit, free of charge, for a carnival either on the B. & O. R. R. circus lot, North Side, or the East Liberty circus grounds, for the State Convention of the American Legion and the American Legion Auxiliary, from August 18 to 21, 1932, inclusive.

Which was read and referred to the Committee on Finance.

Mr. English presented

No. 976. Resolution authorizing and directing the Mayor, City Solicitor, City Controller, and Director of Department of Public Works, to furnish Council as soon as possible, a joint report as to whether or not in their opinion the Bureau of Water is self-sustaining under the State Constitution, and whether or not the bond debt of the Water Bureau, which is now listed, as part of the public debt, can be kept as a separate item in the debt statement.

Which was read and referred to the Committee on Finance.

Mr. English moved

That the City Controller furnish to Council a complete statement showing a list of the items which make up the total of the Funded Bonds; to whom it is owed; how long, and the amounts, and any designated symbols such as street improvements, sewers, contractors' claims, etc.

Which motion prevailed.

Mr. English arose and said:

Mr. President:—I desire to have inserted in the record the statement that we protest against the published reports of a meeting held at the Chamber of Commerce by any group or organization in the City of Pittsburgh, putting forth information to the public and the world, that the City of Pittsburgh is bankrupt or even approaching bankruptcy.

Such a statement that the city was nearly bankrupt was printed in the newspapers a couple of weeks ago, as part of the story

that there was held in the Chamber of Commerce quite a whoopee party, in which representatives of some responsible organizations took action recommending to Council that further reductions must be made in the City Government.

I believe it is time for some member of Council to register a protest against that kind of publicity, because the record of the City of Pittsburgh, at least since I have been in Council, will show that the City Council has been very careful of the credit of the City of Pittsburgh. Never at any time have we gone near the limit in our councilmanic and people's borrowing power.

Therefore, I say it is not fair to the City of Pittsburgh to have the merchants, or any group of people, of our city, either through their own meetings, or through the daily newspapers, besmirch the fair name of our city. The City's financial condition is excellent. When we made the budget for this year everybody thought prosperity was right around the corner. It has not materialized as yet. The Nation, State, City, and for that matter the World, is suffering from the business depression.

I do not think it is fair for any person to merely assert without some proof, that our city is anywhere near bankruptcy. We have not like New York, Philadelphia, Chicago, Detroit and other large cities asked the State Legislature to help finance the city government.

Therefore, I think, if the Chamber of Commerce wanted to do itself a good turn, as well as its city, it would proudly proclaim to the World that the City of Pittsburgh is in good financial condition. Our borrowing power is not in danger and has not been impaired at all. We are issuing \$300,000 of Councilmanic Bonds and I have just introduced today the Controller's ordinance to refund with bonds over one million dollars of the floating debt because the bankers know our credit is good. We have no litigation which threatens our credit. We made a good budget and reduced taxes 10%, something other cities have not done, in order to cut down the expense of government. But instead of giving us credit for this action, they besmirch us and the city by saying that the city is going into bankruptcy. The City of Pittsburgh is not near bankruptcy.

Mr. Garland arose and said:

Mr. President:—So as to make the

record clear, it should be stated that this was not a meeting held by the Chamber of Commerce. The meeting was in the rooms of the Chamber of Commerce called by other organizations. It was not called by the Board of Directors of the Chamber of Commerce. I do not think anyone at that meeting said that the City of Pittsburgh was bankrupt; it was said there would be a deficit at the end of the year. If I am wrong, I would like to be corrected. If anybody said that, it would be an untruth, because we all know that our city's finances are in excellent condition. As far as I can recall, there was nothing said about bankruptcy; it was said that there would be a deficit at the end of the year. If anything was said about bankruptcy in the newspapers I failed to see it. The meeting, I repeat, was not held under the auspices of the Chamber of Commerce.

Mr. English arose and said:

Mr. President:—I want my protest to stand in the record today, I would like the City Clerk to get for our perusal at the committee meeting tomorrow a copy of the publications of the city after that meeting in the Chamber of Commerce; that is, the three newspapers of the City, and I feel sure when Mr. Garland sees these papers he will agree with me.

Mr. Garland arose and said:

Mr. President:—I stand back of everything that Mr. English has said. No city in the country has as large an unexpended borrowing margin for the past 20 years as the City of Pittsburgh. Our bonds have been readily sold at par and under. I join with him in protesting against any person or organization besmirching the fair name of our city.

Mr. English arose and said:

Mr. President:—I don't want to inaugurate any controversy or quarrel with any person because I do not think the statements and publications were intentional or that any one deliberately wanted to injure the city.

I made my statement so that it will go in the record that some member of Council has defended this body in the matter of conserving the credit of the city.

Much has been published about various cities throughout the country, such as the looting of banks and so much waste and extravagance in municipal and governmental

affairs. Look at the reports of the recent United States Senate investigations of the stock market. It was published that millions of dollars were made in short sales, etc.; it was reported in the newspapers that the Mayor of the City of New York was presented with a gift of \$246,000 profits from stock transactions given to him by the owner of one of our local newspapers. Nothing like that has occurred in the City of Pittsburgh. Yet our officials and our city are included in this general classification, and it is broadcast to the world that the city is bankrupt.

Therefore, I repeat that the Chamber of Commerce and the Rotary Club and all other organizations should be careful of the credit and reputation of the city. When unfair and false criticism is heaped on our fair city, they should immediately get up and denounce such false statements. It seems they are under the impression that Council does not care about the welfare of our city. Such is not the case. I am positive that the record will show that no man in this Council has ever voted for any foolish idea or recklessly increased the bonded debt of the City of Pittsburgh unnecessarily. We have on the other hand, voted for improvements to better our street, water and sewer systems, to better our traffic and transportation facilities, and in general for the betterment of the city as a whole. Therefore, we should not be put in the same category as these other cities which are appealing for special sessions of their legislatures for financial help.

Council did reduce taxes 10% and no doubt further cuts can be made, but it must be done with care and consideration for the public service. If the people desire it, we can eliminate half the fire stations and half of the police stations. We could close playgrounds, swimming pools and other activities, but I do not think the property owners of Pittsburgh desire us to do that. There have been many articles about Council taking a reduction in salary. The members of Council, as well as most of the other employees of the city, took a two weeks' reduction in salary last year. Council did not get much credit or publicity about that in newspaper editorials or headlines. We are now working on 11 months' pay for this year and if any further cut is necessary we will have to meet such a situation.

It is little peanut things like that

that they make whoopee about. It is alleged that the grocery man who started the Supplies investigation last year has fallen down on his contract in furnishing food supplies to the city in that he furnished some asparagus and diced carrots which were not according to specifications, but we do not see any whoopee or headlines about that. Perhaps Council should ask the City Controller for reports on that. But I am glad to say that Council is making an earnest effort to give as good service as possible under the most trying times the world has ever endured. We should continue to do the best we can in this difficult period. We have no objection to fair and reasonable criticism of our acts and votes, but when any person or group of persons heaps unfair criticism upon our city and tells the world that the city is bankrupt when it is not, I think it is the duty of some public official to protest against such unfounded and unfair criticism and have the truth and facts printed for the benefit of all the people of Pittsburgh. It is NO mean city we represent, Mr. President.

Mr. English asked

That the clerk obtain a copy of each of the publications mentioned by tomorrow.

Mr. Little called up

Bill No. 551. An Ordinance entitled, "An Ordinance opening California avenue in the 21st Ward of the City of Pittsburgh, from California avenue at the first angle west of Sedgwick street to Sedgwick street at the first angle south of California avenue, and providing that the costs, damages and expenses occasioned thereby be assessed against and collected from properties benefited thereby."

In Council, May 6, 1932, Bill called up for final passage and again failed for lack of a three-quarters vote.

Which was read.

Mr. Anderson arose and said:

Mr. President:—I voted for this bill when it was last up. Since that time I have learned that the job when completed would not meet the conditions which it is proposed to eliminate by this ordinance. It will be necessary to build a retaining wall along the railroad for nearly a mile, as one of the shoulders on the side of the railroad track is only two or three feet. I don't think it would justify us to spend over \$100,000 to remove a curve, which I will

agree is dangerous, but there are hundreds of curves of the same character in the City of Pittsburgh. You will have the same condition after you purchase the property and straighten this street out for just a couple hundred feet. That would not relieve the condition on the other side where it will be necessary to build a retaining wall. I think the Council at this time should ask the Department to furnish an estimate what it will cost to take in the sidewalk and make it safe from where this improvement is to be made down to the bridge. I cannot see the sense of doing this. I cannot see any reason to justify me voting for this ordinance at this time.

Mr. Little arose and said:

Mr. President:—This ordinance is recommended by the City Planning Commission and the Department of Public Works. It was favorably recommended by the Committee on Public Works and when it first came up in Council received the votes of six members. I happened to be absent the day it was up for final action in Council. At that time Mr. Anderson thought it was a worthy project and voted for the ordinance, but since has changed his mind.

Mr. Anderson said:

Yes, and I am apologizing for it now.

Mr. Little said:

At any rate, you will not vote for it today.

Mr. Anderson said:

No, it is my purpose to vote against the proposal if it comes up for a vote today.

Mr. Little said:

Mr. President:—Mr. Anderson said, first, that the sidewalk on the railroad side was only two or three feet wide. That is not correct. He also said that the improvement was a mile in length. That also is incorrect, as there are only two blocks involved, the distance from Fulton street to Chateau street; and two city blocks is not a mile. That is not under consideration. What is under consideration is eliminating two bad curves. Incidentally I might mention that one of our city detectives was killed in making that curve. The other curve is very dangerous.

This has been under consideration by the

old City of Allegheny. We owe this to the County. The County has spent money in widening California avenue and this will be an addition; and that is why this has been recommended by the Planning Commission and the Department of Public Works. I think it is a worthy project. As far as the other section is concerned, it can be done later on. It has not yet been brought up by the Planning Commission.

Mr. Anderson arose and said:

Mr. President:—Just a moment to answer one remark that the gentleman has made. He talks about the improvement made by the County. Right at the bridge where they started this improvement this street is narrowed down to a two-foot shoulder at this bridge right about where this improvement commences. Why say we should carry on an improvement made by the County when we are doing the opposite. That is what I am trying to get an estimate of the cost on, the widening of this street from where this improvement starts up to where this ordinance specifies to cut out these curves. That is what I ask this Council today. The street car runs within two feet of the curb, and the only thing to do is to take away the sidewalk and build a retaining wall, and before we do anything we should know what that will cost the city.

Mr. Little arose and said:

Mr. President:—The gentleman is talking about a two-foot shoulder. On the other side there are some houses on the hillside. That has nothing to do with this ordinance, however.

Mr. Anderson said:

I know that as well as the gentleman—

Mr. Little said:

The section you mention. We are voting on the elimination of the curves and the elimination of danger to traffic.

Mr. McArdle arose and said:

Mr. President:—I think we should understand what the major part of this bill provides for. It is not disposing of a curve. There is a curve in the street which perhaps this plan intends to eliminate, but what is actually proposed, as far as the major part of this proposition is concerned, is opening a new highway from this point (indicating) to this point, to save going half way around to this point. It is not a curve but an ordinary right angle turn. It

is, in many respects, the same kind of a turn that exists in hundreds of other places in the City of Pittsburgh.

The two sides of this square or half square, which is in the form of a triangle that is now used as a part of this highway is in first-class condition both as to the road and to the street car area, and its abandonment will impose a useless waste of public money so far as the taxpayers are concerned and an additional burden upon an almost bankrupt railways company which is forcing reductions upon its men and taking privileges away from its riders because of the extraordinary bad financial condition facing it.

In the face of that we have a communication from the Budget Controller transmitting an ordinance for the transfer of certain sums that he recommends to be saved, and he recommends it upon the advice of the Department of Public Works. And what is the importance of this whole proposition to save money? It is this: that we shall continue to do what is being proposed to do in this proposition, saddle a new burden upon the public through its bonding power because that is where this cost will rest—become a charge against the councilmanic borrowing power, and consequently find itself in a million dollar funding ordinance, as the result of the accumulation of a number of such obligations; and in this bill we are to save money by taking the appropriations which were made at the beginning of this year to meet the current needs of this city this year, and transferring from funds set up for specific purposes into this saving fund with the suggestion that if later on we want to make it, we can take it out of existing bond funds.

Those of us who have been connected with the government for a number of years and have paid strict attention, know that that very policy has been the source of the greatest possible waste to the City of Pittsburgh—our disposition to do things to be paid for out of bond funds because it relieved us of the necessity of immediately financing it, and lulling ourselves into a belief that the public will not believe it, I am not going to discuss the merits of that proposal.

I am going to agree fully with Mr. Anderson that if this improvement is made

and it is to have any great measure of supposed worth as a highway, what he suggests would necessarily follow, or the vehicular traffic will measure its speed by incoming street cars because it will not be allowed to pass them except on the left on these bad curves. That is going to cost, according to the estimates furnished, something approximating \$110,000.00 for the physical improvement and property damages, and taking into account nothing of what Mr. Anderson has called attention to, and were this done, we find we eliminate just one such place, while at the very end of the place where we are going to eliminate it, at the easterly end, the travelling public must meet the same condition, make a right angle turn if it wants to go by the shortest route to the Manchester Bridge. It will have to make a right angle turn and then a left angle turn to get off again.

After all it gets back to this in the year of our Lord, 1932: Is the world, the State, County or the City of Pittsburgh in condition to pay these prices to have the people who travel on rubber in order to accelerate a speed that is already too fast? Are we going on the hill sides of the City of Pittsburgh in these sections of our city that are numbered by the thousands where people cannot get near their homes in an automobile; cannot get near their homes in a delivery wagon, or by those who desire contact with them; and impose further obligations in order that the man who lives in Bellevue, Avalon, Emsworth or Sewickley may reach his front porch one or two minutes earlier or get to work on the evening paper when he leaves his downtown office. Anybody who lives in Pittsburgh can walk around in an hour and find a hundred places where the expenditure, under ordinary and favorable conditions of \$100,000 can be ten times more readily justified than this proposition.

Those are the reasons which impel me to withhold my support of this ordinance.

Mr. Little arose and said:

Mr. President:—It is a matter of improvement that we owe the County when they made the Allegheny River boulevard. They eliminated a lot of curves and relieved a number of traffic hazards.

This improvement only runs a block; and both of these gentlemen who oppose it speak of other improvements, namely, Mr. Mc-

Ardle speaks of the easterly section and Mr. Anderson of the westerly section. Those who want to go to Pittsburgh can go to Washington avenue, thence to Columbus avenue and thence to Irwin avenue, which we widened, and have a continuous route from the east to the west; but I believe we ought to have a vote on this ordinance today.

Mr. McArdle said:

Mr. Little refers, Mr. President, to the fact that we owe it to Allegheny County to make this improvement. We don't owe the County anything. The taxpaying property in the City of Pittsburgh, when this improvement is paid for, will pay about 62 per cent, and if on top of that they owe anything to the rest of the County, I would like to know it?

The Chair said:

This ordinance comes to us well recommended. Mr. Reppert, do you still think this improvement is well worth our consideration?

Mr. Charles M. Reppert, Chief Engineer, Department of Public Works, said:

Mr. President and Members of Council:—I would like to add this. It is entirely feasible, at a small expense, to do away with the sidewalk on the railroad side from Chateau street eastwardly. The sidewalk can be taken up and a new flank laid and have a four lane street up to the point where this new work will commence. It would eliminate a lot of traffic on Chateau street, and permit such traffic to go up to Irwin avenue or to turn onto the Columbus avenue bridge. There is a short turn there. The Planning Commission has developed plans and is absolutely in accord with this improvement.

Mr. Anderson arose and said:

Mr. President:—That is what I asked this Council to do—just what this gentleman refers to. I suggest, Mr. Reppert, that this matter be held up until you can furnish us an estimate of the cost of running this improvement down to the Chateau Street Bridge and building a retaining wall.

Mr. Reppert said:

The Railroad Company has built and maintained a retaining wall along California avenue. We don't need any retaining wall.

Mr. Anderson said:

There is no retaining wall there.

Mr. Reppert said:

There is a sidewalk there. We can take up the sidewalk and leave a berm.

Mr. Anderson said:

I am positive that there is no retaining wall there and that is the more reason why this Council should visit this property.

Mr. English arose and said:

Mr. President:—I would like to get straight in the record of this meeting the facts as they have been developed here today. Mr. Reppert flatly contradicts Mr. Anderson that a new retaining wall will be necessary to do what Mr. Anderson desires. I understand he is not so much opposed to this improvement as he is that it will be necessary to construct a new retaining wall, and his objection is overruled by the statement of Mr. Reppert that the City will not be put to any expense whatsoever by constructing a retaining wall along the place where Mr. Anderson understands one will be required.

Mr. McArdle said that this improvement will cost more than \$100,000.00, and this is denied by the reports of the Department of Public Works, and it might be well to have the reports from the Department read at this time to clear the situation with respect to the costs.

The Chair said:

If there is no objection, we will hear from Mr. Reed.

Mr. McArdle said:

Mr. President:—Before Mr. Reed makes his statement, will you allow me to add one word? I made a statement in my remarks about the cost of this improvement. Now, you will note I was talking about the proposed improvement of opening a highway along the lines described by this ordinance, and I repeat that it will cost upwards of \$100,000, and I will direct your attention to the report before us which gives the cost of this opening improvement as \$70,000.00. Now, I want to know how the cost of the paving is going to be made, and I will ask why we have not been furnished a report setting forth the cost of improving the street that way, which is set forth as being approximately \$40,000?

Mr. Tom M. Reed, Chief Engineer, Bureau of Engineering, said:

Gentlemen, we have submitted a report on both items.

Mr. McArdle said:

I still submit that it is good arithmetic probably to figure that it is upwards of \$100,000.

Mr. English said:

It is two jobs.

Mr. McArdle said:

It is only one job.

Mr. English said:

It might be well to have the letter accompanying the ordinance from the Department of Public Works read, also the report on the paving proposition if it is available.

The Chair said:

There is nothing before us which says anything about paving.

Mr. English said:

There is another letter on the paving proposition. Mr. President, I would ask that you have the clerk read the letter attached to the ordinance now under consideration:

The Clerk read the following letter:

DEPARTMENT OF PUBLIC WORKS

Pittsburgh, March 28th, 1932.

President and Members of Council,
City of Pittsburgh.

Gentlemen:

We are sending you herewith for your consideration and recommend your approval of the following ordinance:

"An Ordinance opening California avenue in the 21st Ward of the City of Pittsburgh, from California avenue at the first angle west of Sedgwick street to Sedgwick street at the first angle south of California avenue and providing that the costs, damages, etc."

The opening of California avenue provided for in the attached ordinance is recommended by this department to remedy a very bad traffic condition at this location. The minimum width of street described is 70.0 feet, which will provide for a six-line thoroughfare. This width is recommended—

Mr. English said:

What does that mean—that it will make it 70 feet?

Mr. Reppert:

It makes it 70 feet from one improvement to the other.

Mr. English said:

Read that again so that he (Mr. Anderson) will understand that.

The Clerk continued reading:

This width is recommended as it is anticipated that California avenue will be widened to a width of 70.0 feet from the angle west of Sedgwick street to Island avenue as a continuation of the Ohio River boulevard recently completed by the County to Island avenue. The estimated property damages as prepared by appraisers of the Law Department are \$61,240.00. This does not include the damage by re-establishing the grades on the intersecting streets that will be made necessary by opening the new street. This damage by grade is estimated at \$8,760.00, making the total damages \$70,000.00.

Very truly yours,

EDWARD G. LANG,
Director.

Mr. English said:

Now, excuse me. It means that this ordinance provides for a 70-foot roadway from one spot to another spot. Is that the spot Mr. Anderson talks about?

Mr. Reppert said:

The City Planning Commission recommends a 70-foot roadway, yes, sir.

Mr. Anderson said:

Have you an idea of the cost of taking the street down to the bridge at this width?

Mr. Reppert:

No, sir; we have not made such an estimate.

Mr. Anderson said:

That is all I am asking. What is your width of the street there at the bridge?

Mr. English said:

I think this letter will answer Mr. Anderson's question if you will permit this letter to be read.

The Chair said:

The clerk will please read the letter for the information of the members.

The Clerk read the following letter:

DEPARTMENT OF PUBLIC WORKS

Pittsburgh, May 3, 1932.

President and Members of Council,
City of Pittsburgh.

Gentlemen:

We submit herewith, an assessment ordinance under the Act of 1895, authorizing the grading, paving, curbing and otherwise improving of California avenue, from the first angle north of Sedgwick street to the first angle in Sedgwick street, south of California avenue, including the construction of a storm sewer for the drainage thereof and the laying of water lines and appurtenances thereon.

This ordinance is submitted to authorize the improvement of California avenue as now opened and eliminate the dangerous traffic hazard existing on the present thoroughfare. This improvement will make California avenue a straight street instead of the present existing thoroughfare, that is Sedgwick street and California avenue.

This improvement is estimated to cost \$40,000.00, of which amount \$5,000.00 will probably be assessed against abutting property and \$35,000.00 against the City account railroad property along the entire southerly side, upon which, by agreement, the City releases the railroad from any assessment and in turn, the railroad releases the City from any damages account property taken in the opening, flank lots and street intersections.

Your favorable consideration of this ordinance is recommended.

Yours very truly,

EDWARD G. LANG,
Director.

The Chair said:

Mr. Reed, are you familiar enough with this? You heard this controversy. Tell us whether you think this expenditure is justified at this time?

Mr. Reed said:

I do. As far back as 1901, the City of Allegheny thought it was a dangerous traffic hazard and entered into a contract with the Pennsylvania Railroad Company to eliminate the right angle turn and put the street through there. I haven't a record of

the number of accidents that have occurred at this particular locality, but I know there have been numerous accidents. If this work is done, it will eliminate the right angle turn and permit the street to be straight.

Mr. English said:

Assuming Council passes the present ordinance, costing \$70,000.00, and passes the other ordinance for \$40,000.00, will you get a 70-foot street?

Mr. Reed said:

From Sedgwick street bridge to Fulton street, yes, but from that point to Island Avenue Bridge it is not 70 feet. It can be made 70 feet by using the southerly unpaved sidewalk along the railroad by moving the sidewalk back.

Mr. English said:

What would be the cost to do that?

Mr. Reed:

Approximately \$22,000.00.

The Chair said:

Mr. Anderson is not for this improvement because it does not go far enough and Mr. McArdle because it will cost too much.

And the question recurring, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

Connelley

English

Garland

Little

Muldowney

Soost

Herron (Pres't.)

Noes:—Messrs.

Anderson

McArdle

Ayes 7. Noes 2.

And there being three-fourths of the votes of Council in the affirmative, the bill passed finally in accordance with the provisions of the Act of Assembly of May 22, 1895, and the several supplements thereto.

Mr. English moved

That the City Clerk furnish a copy of the letter of the Budget Controller of June 6th, relative to a saving in the appropriations to the various departments and bureaus, and they be asked to be present at the Finance Committee on Tuesday afternoon, June 7th, to discuss this matter, so that intelligent consideration may be given the subject.

Which motion prevailed.

And on motion of Mr. Little

Council adjourned.

City of Pittsburgh, Pennsylvania

Department of Law.

May 27, 1932.

Council of the City of Pittsburgh,

Gentlemen:

At a meeting of the Finance Committee, held May 24, 1932, this Department was directed to advise you as to the distinction between an ordinance and a resolution, and when each should be used for legislative purposes.

In 2 McQuillin, on "Municipal Corporations", Section 663 (the leading authority on Municipal Law in this country), the learned authority says:

"As the terms are commonly used in charters, there is a distinction between an ordinance and a resolution. The corpora-

tion cannot accomplish by an order or resolution that which, under its charter, can be done only by an ordinance. Whether the particular thing should be done by ordinance or resolution depends upon the proper construction of the charter and the forms observed in doing the act. A resolution deals with matters of a special or temporary character; an ordinance prescribes some permanent rule of conduct or government, to continue in force until the ordinance is repealed, and is distinctively a legislative act. It may be stated broadly that matters upon which the municipal corporation desires to legislate must be put in the form of an ordinance, while all acts that are done in its ministerial capacity and for a temporary purpose may be put in the form of resolutions. Charters contemplate that all legislation creating liability or affecting in any important or material manner the people of the municipality, should be enacted by ordinances, whether the city is acting in its governmental or private capacity. Whenever the controlling law directs the legislative body to do a particular thing in a certain manner the thing must be done in that manner. While there are in some instances and for some purposes, fundamental distinctions between an ordinance and a resolution, there is no such broad distinction between a resolution and other acts of an administrative or quasi legislative board. Almost any one of these acts not required to be by ordinance may be in the form of a resolution."

Having in view the principles announced by the learned authority, it is correct to state that permanent legislation must be by ordinance. Also such legislation as the local statutes provide shall be by ordinance must take that form. Temporary matters can usually be in the form of resolutions.

In the City Charter there are numerous instances where the legislation is directed to be by ordinance. For instance, in Article II, providing for the Executive Department, the Act being the Act of 1901, as amended at various times, it is provided:

"Councils shall provide, by ordinance, for such bureaus, clerks, or other subordinate officers, as may be required for the transaction of the business of the departments."

By Act of July 26, 1913, "the City Council may provide, by ordinance, a fund for

the care, maintenance and relief of aged, retired, disabled, or injured policemen or firemen, and the families of such as may be injured or killed in the service."

In the statute regulating the Sinking Fund Commission, is the following:

"Councils shall make all necessary rules for the government of this department."

Under the principal set out above, these rules necessarily must be embodied in an ordinance.

In Article XIV of the City Charter, as amended, relating to City Council, it is said:

"Section 10. Every legislative act of the council shall be by resolution or ordinance, and every ordinance or resolution, except as hereinafter provided, shall, before it takes effect, be presented, duly engrossed and certified, to the mayor, for his approval."

In Article XV of the City Charter Act, it is provided in Section 1, in part:

"No contract shall be let until councils have passed an ordinance providing for the letting of the same by the mayor and head of the proper department."

Without this provision, it would be entirely proper to authorize contracts by resolutions, but the Act of Assembly being specific the ordinance form must be used.

In Article XIX of the City Charter Act, which relates to the general powers of the City, it is provided:

"Section 3. Every city of the second class, in its corporate capacity, is authorized and empowered to enact ordinances for the following purposes, in addition to the other powers granted by this act."

The various purposes thus stated are contained in forty-three paragraphs and practically cover the whole scope of the City's powers.

It is thus to be observed that the great bulk of all legislation must be by ordinance, and resolutions can only be used for matters of special or temporary character and usually relate to some business transaction.

In Section 666 of McQuillan, it is said:

"The general rule is that where a charter commits the decision of the matter to the council or legislative body alone, and is silent as to the mode of its exercise,

ordinarily the decision may be evidenced by resolution," citing, among other cases, *Kepner v. Commonwealth*, 40 Pa. 124.

Therefore, I am of the opinion that where the original legislation should have been enacted by Ordinance, anything to ratify or approve that legislation should be done by Ordinance as a matter of good practice.

Respectfully yours,

Chas. A. Waldschmidt,
City Solicitor.

Mr. Garland moved

That the communication be received and filed, and the President of Council be requested to write a letter to Mrs. Armstrong, acknowledging this very nice gift of her collection of orchids, and that Council sincerely appreciates her gift.

Which motion prevailed.

REPORTS OF COMMITTEES

Mr. English presented

No. 1026. Report of the Committee on Finance for June 7th, 1932, transmitting sundry ordinances and resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation.

Bill No. 942. An Ordinance entitled, "An Ordinance fixing the fee for persons using the Highland Park Swimming Pool and Bathhouse, and providing for the collection thereof."

Which was read.

Mr. English moved

A suspension of the rule to allow

the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. English arose and said:

Mr. President:—I want to make a few remarks on Bill No. 942. This Bill calls for the fixing of a fee of ten cents for all persons over 12 years of age who may avail themselves of the Highland Park Swimming Pool.

This pool was constructed a year ago for the purpose of providing work for the unemployed. We all believed that the depression would soon lift and this new improvement furnished an opportunity to help the unemployed and at the same time provide a useful recreation facility for the people of Pittsburgh.

Now, with the owners of real estate complaining bitterly that most of the cost of government has been put on real estate while none of it has been put on a lot of things that should be taxed, it seems to some of us that fixing a small fee of ten cents for persons over 12 years of age, such as is done for similar privileges at the North and South County Parks, would result in some benefit to the City. This recreation facility is not for the benefit of the people of any particular locality, but is available to all the people of Pittsburgh. In addition, men and women are privileged to enter the pool at the same time, and a man passing in an automobile could get out with his family and take a swim and have some fun. Thousands of transient guests of the city might take advantage of this opportunity.

There might be some objection raised by the residents of the neighborhood, and in answer to these objections, I might say that the Kline pool, which is free, is less than a mile away, will be available for the residents of that district.

Unless the depression lifts and the people are relieved from the burden placed upon them by the costs of running the United States Government, perhaps this might be the opening wedge to charge for this kind of facilities, just like we do for permits for dances, because of city supervision; and for building permits and plumbing permits because the city furnishes inspection service. This reimburses the city for part of the cost of maintaining this service which is

of benefit to certain persons who happen to enjoy these privileges.

With this in mind and certainly not with the idea of attempting something drastic, because they never had the use of this pool before, but for the purpose of experimentation, I think it is the wise thing to try this. If the public does not patronize this pool because of this small fee, that will show later; and if such is the case, it might be well to lease this pool to some concessionaire who will pay a fair rental.

This particular swimming pool in this particular district strikes me like parking on the wharf. The city itself went into the parking business before we had these large private garages and spent money from year to year for the regulation of traffic on our streets and by the passage of the traffic ordinances which prohibit people from parking on our streets. They had been accustomed to using the streets free for many years in the past. We in Council by the traffic regulation have developed a new business, which is called garage parking.

We have some half dozen large buildings in this city, and the owners of these buildings are large taxpayers, too, and the depression has hit them. Some day this week they will appear before Council and request us to abolish parking on the wharf.

Now, we are in just one of those strange positions in running the city government in this world depression. Real estate owners, on the one hand, are saying taxes on real estate are too high and that ways and means should be devised to create revenue-producers that do not fall on property, and one of these items is parking on the wharf, and the revenue from this source is between \$30,000 and \$40,000. This is perhaps not a great sum when compared to the \$24,000,000 required to operate the city. However, it is revenue derived from a source other than on real estate. The fee on the wharf is small and the average citizen is not complaining that it is too small. There are some private citizens who wanted to rent the wharf so that they could fix the wharf and develop for themselves a great benefit. I think they offered \$50,000.00 on two or three occasions, and we have always resisted that.

We are limited and restricted by the Acts of the Legislature in most of our acts and it seems to me the time is ripe to attempt an experiment within the law, not

for the purpose of forcing poor people to pay to swim, but for the purpose of determining what the public thinks of it.

And the bill as read a second time was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law and were:

Ayes:—Messrs.

Connelley	Muldowney
English	Soost
Little	Herron, (Pres't.)

Noes:—Messrs.

Garland	McArdle
---------	---------

Ayes 6. Noes 2.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also

Bill No. 943. An Ordinance entitled, "An Ordinance authorizing and directing the Director of the Department of Public Works to enter into a contract for music in Schenley Park July 4, 1932, in an amount not to exceed \$600.00, and providing for the payment of the same."

Which was read.

Mr. English moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law and were:

Ayes:—Messrs.

Connelley	McArdle
English	Muldowney
Garland	Soost
Little	Herron (Pres't.)

Ayes 8. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also

Bill No. 946. Resolution authorizing the issuing of warrants not to exceed \$300.00 upon orders for materials and equipment necessary for repairs and improvements to the Miller property, known as Lincoln Place Playground, issued in the regular manner duly certified and approved by the Director of the Department of Public Works and the Superintendent of the Bureau of Recreation, same to be charged to and paid from Code Account No. 42, Contingent Fund.

Which was read.

Mr. English moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second and third times, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Connelley	McArdle
English	Muldowney
Garland	Soost
Little	Herron, (Pres't.)

Ayes 8. Noes none.

And there being two-thirds of the votes of Council in the affirmative, the resolution passed finally.

Also

Bill No. 956.

Whereas, The County Commissioners of Allegheny County maintain a water line leading from the Allegheny County Jail to the septic tanks, about ten feet east of the Mackintosh-Hemphill property located south of the old Freeport Road; and,

Whereas, Through the generosity of the Mackintosh-Hemphill Company, three hundred and sixteen (316) gardens averaging 50'x60' have been made available on this property, which have been allotted to the poor and needy of the surrounding territory, including many residents of the City of Pittsburgh, which are being farmed as truck gardens; and,

Whereas, It is absolutely essential for the welfare of these gardens that water be

made available for same in case of draught; and,

Whereas, The County Commissioners have granted permission to tap the above mentioned water line, which carries metered city water to said Allegheny County Jail, provided the City of Pittsburgh install a meter at such tap and deduct from the statement rendered the County the amount of water metered for such garden purposes; Now, therefore, be it

Resolved, That the proper officials of the City of Pittsburgh are hereby authorized to furnish and install a meter to the water line of the County, as above recited, and that the Board of Water Assessors be and they are hereby authorized and directed to deduct from the readings of the County water meter, the readings of the meter hereby authorized installed when rendering water rent statements to said County.

Which was read.

Mr. English moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second and third times, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Connelley	McArdle
English	Muldowney
Garland	Soost
Little	Herron, (Pres't.)

Ayes 8. Noes none.

And a majority of the votes of Council being in the affirmative, the resolution passed finally.

Also

Bill No. 976. Resolution authorizing and directing the Mayor, City Solicitor, City Controller and Director of the Department of Public Works to furnish to Council, as soon as possible, a joint report as to whether or not, in their opinion, the Bureau of Water is self-sustaining under the State Constitution, and whether or not the Bond Debt of the Water Bureau, which is now listed as part of the Public Debt, can be kept as a separate item in the debt statement.

Which was read.

Mr. English moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second and third times, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Connelley	McArdle
English	Muldowney
Garland	Soost
Little	Herron, (Pres't.)

Ayes 8. Noes none.

And a majority of the votes of Council being in the affirmative, the resolution passed finally.

Also

Bill No. 941. An Ordinance entitled, "An Ordinance authorizing and directing the issue and sale of Funding Bonds of the City of Pittsburgh in the aggregate principal amount of One Million Two Hundred Thousand (\$1,200,000.00) Dollars for the purpose of funding existing unfunded indebtedness of the City, consisting of contractors' claims, claims for damages arising from the opening, widening and improving of streets and the construction of sewers, and other floating indebtedness, and providing for the redemption of said bonds and the payment of interest thereon."

Which was read.

Mr. English moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. English moved

To amend the bill in one place in Section 2, and in Section 6, in two places by striking out the words "four and three-quarter per centum (4¾%)" and by inserting in lieu thereof the words "four and one-quarter per centum (4¼%)."

Mr. English said:

Mr. President:—I want to offer an amendment to this ordinance, that we reduce the interest rate from 4¾ per cent to 4¼ per cent.

My explanation to that is, that one day

last week, I think the day after we had this up in committee, or perhaps the same day, I noticed that the State of Maryland was able to sell its bonds at a premium on a $4\frac{1}{4}$ per cent. interest, and we ourselves talked about it in Committee last Tuesday.

Now, it has always been my thought and the rule in the bonding business is that where the life of the bond is over a long term of years and where the sum is large, you ought not to have to pay such a high rate of interest. That is the reason municipalities are accustomed to issuing bonds instead of paying for things out of the current tax levy, and for the further reason that business firms have to pay six per cent. When the City issues these bonds it pledges its property and the property of every individual owner, whether it is valuable property or good property or fair property or poor property. Therefore, everytime a city like Pittsburgh issues a municipal bond through the proper authorities every piece of property in that city is liened, and might at some time be sold to make good the payment of that bond. In addition the Constitution of the State of Pennsylvania requires that any community issuing bonds must in that same year issue a tax levy on the people's property which must be high enough not only to pay the interest on the bonds, but at the same time provide an annual addition to the sinking fund so that when the term of the bond expires the municipality by the action of the State Constitution itself has been compelled to accumulate the sum of money required to retire the bond. In addition to that, the Constitution of the State of Pennsylvania limits the City of Pittsburgh, for example, and other cities, too, in the amount of bonds they issue. In other words, seven per cent of the assessed valuation is the limit which any municipality may bond the property of that municipality by the issuance of public bonds. Two per cent of that seven per cent limit can be issued by the Councils. The people themselves are restricted by the Constitution to five per cent. of that seven per cent limit. There can be no question that the State of Pennsylvania has been very careful in limiting and restricting and circumscribing the municipalities of the State in such a way that it would hardly be possible for a municipality in the State of Pennsylvania to go bankrupt. The debt incurring power of the people is limited to 5 per cent; and the

Council to 2 per cent. Both together cannot exceed 7 per cent. for every city and community in the State of Pennsylvania, except the City of Philadelphia, and the City of Philadelphia has been granted a limit of 10 per cent. It has been necessary in times past to help Philadelphia, but I am proud to say that during my term as a city official and long before that, the City of Pittsburgh has been very careful in the matter of issuing bonds, and never once has our bonding power been questioned, and never has the State of Pennsylvania been requested to give aid to Pittsburgh because of its financial condition.

With such a clean-cut record, it seems to me a wise policy on our part to change the rate of interest on these bonds from $4\frac{1}{4}$ to $4\frac{1}{2}$ per cent. In addition to that within the past ten days the Government of the United States has increased taxes in order to balance its budget. I hold in my hand today's newspaper and call your attention to an advertisement paid for by a bond selling corporation, which reads:

**"EXEMPT FROM ALL FEDERAL
INCOME TAXES"**

"We shall be glad to submit suggestions for investment in high-grade State, City and County Bonds which are totally exempt from the Federal Income Tax."

Any person who buys a bond issued by the City of Pittsburgh does not pay any Federal Income Tax on the revenue he receives from the interest carried in the bond. That is a great and compelling reason why bonds of a city like Pittsburgh are a gilt-edged investment. In these days when business corporations are defaulting on interest payments and passing dividend payments, Pittsburgh bonds are a wise investment. Any revenue received from corporation or business bonds or stocks must return a portion to the United States as income tax. But no income tax is required on City of Pittsburgh bonds.

Now, Mr. President, I submit as good citizens of this great Country, we owe it to our Country and we owe it to our City to commit such acts in the conduct of our official duty as will redound to the credit not only of the City, but our beloved Country, and I say if any person is able to go out and purchase bonds of the City of Pittsburgh, for which your property and mine is pledged, he ought to be well satisfied

with $4\frac{1}{4}$ per cent. on bonds which run for 30 years, when perhaps none of us will be alive, and the City must perforce redeem these bonds. We have fixed the period at 30 years instead of 20 years, in order to relieve our own citizens of the difference of \$20,000.00 in the annual sinking fund requirement of a 30-year period as compared with 20 years. Also bear in mind the holder of these bonds is exempt from the payment of any Federal or State taxes whatsoever.

When I can show a saving of over \$90,000.00 in the change of interest from $4\frac{1}{4}$ to $4\frac{1}{2}$ per cent. I think it is high time to make that change. It might be said that the bankers will not buy our bonds at these rates. None of us know whether that is true or not. We do know that we have recently sold some bonds at a magnificent premium, although these bonds only run for a period of 15 years.

This refunding issue of \$1,200,000.00 is a worthy investment; and I know of no other way to show our pride in our City and in our own work as Council than to submit to the public and the bankers our confidence in our City than to change the rate of interest on this bond issue from $4\frac{1}{4}$ to $4\frac{1}{2}$ per cent. The bill, if my amendment prevails, will lay over for re-printing and if within that time any great distress in the banking business should develop, we can again change or alter the ordinance to suit the situation. In view of the fact that we received nine bids on the last city bond issue, I cannot foresee any such catastrophe. It is a matter of judgment to me to do the right thing for the City of Pittsburgh on this particular occasion.

Mr. Garland arose and said:

Mr. President:—I would like to ask the Controller why $4\frac{1}{4}$ per cent. interest was put in the ordinance? Did he have any talk with prospective bankers?

Dr. James P. Kerr, City Controller, said:

Mr. President:—We submitted the ordinance for this bond issue after having gone into the matter very carefully, after having gone to the bankers who buy bonds and who have the money, and we were advised that the rate of interest that should be required at this time is $4\frac{1}{4}$ per cent. We prepared the bond ordinance accordingly and submitted it to you.

This morning I had a further conversation with other banks and I had been in-

formed that it would be very unwise to change the rate of interest, because of the rapidly changing condition of the bond market. We take our advice from the men men who are versed in these things. If I had my leg cut off, I would not go to a blacksmith, and if I had an eye injury, I would not go to a tinsmith; and that is the way we look on financial matters, we seek advice from those best qualified to furnish it.

I have consulted the men who have the money and who are interested in this particular thing, and I was told by Mr. Chaplin that we would not sell these bonds if we put them out at $4\frac{1}{4}$ per cent. It is true that we did get a good rate of interest and a very good premium on the bonds we sold recently; but I do not know whether we should take a chance of these bonds.

Whatever action Council takes is perfectly satisfactory to me. I have given you the information that I had received, and I believe that information is correct.

Mr. English arose and said:

Mr. President:—I don't want to quarrel with Dr. Kerr or any member of the banking fraternity. Gentlemen, we are now paying 6 per cent. interest on this \$1,200,000.00, and if the bond buyers refuse to buy these bonds at $4\frac{1}{4}$ per cent. we are going to lose in interest $1\frac{1}{4}$ per cent. per year, and that difference of $1\frac{1}{4}$ per cent. amounts to \$15,000.00 a year. Since I have shown you a saving of over \$90,000.00 we can well afford to go on paying 6 per cent interest for 6 years before we would lose the advantage we know we have at the lower rate of interest for refunding bonds. Surely our country will settle itself in the next six years and we will not be any worse off, so why not allow these accounts to stand if we cannot sell the bonds at $4\frac{1}{4}$ per cent. interest. We can at least try it and see what happens.

Mr. Garland arose and said:

Mr. President:—We might advertise them at $4\frac{1}{4}$ per cent. and if we don't get a bid, Pittsburgh will get a black eye. The thing to do is to sit down in conference with three, four or five bankers. Take Mr. McEldowney, Mr. Chaplin, Mr. Goethoefer and Mr. Beamer and discuss this with them. It is their business more than ours. I do not see any objection to holding such

a conference and we could then be guided by their judgment. We must remember these men are not only prospective bond buyers who could subscribe to a bond issue fifty times as large as this, but they are large taxpayers. You take the representatives of the Mellon interests alone; they are the largest taxpayers in Pittsburgh. I would move that this matter be considered in conference, and the President of Council arrange to have four, five or six of these men present if you want the advice of the principal bankers of the City. This conference could be held in the Mayor's Conference Room with the City Controller present to discuss this question, and it is a question that is just as important to them as it is to us. Perhaps they know this business better than we do.

The Chair said:

I do not hear a second to the motion.

Dr. Kerr said:

Mr. President:—I might say that some of these gentlemen said they are willing to appear before Council at any time or any place to discuss this matter.

Mr. McArdle arose and said:

Mr. President:—I just want to say this on this question. I don't think there is any hazard in offering these bonds at the rate of interest proposed in the amendment offered by Mr. English. One Million Two Hundred Thousand Dollars is an attractive investment, and if the small issue that was made the other day invited outside buyers, it is practically assured that this will be equally attractive to them. The best we can hope for is a conference with local bankers, and perhaps not be offered an opportunity to discuss it with any of the bond buyers from outside the City of Pittsburgh. It is not in this case as though we were up against the urgent need of providing finances for which bonds have been authorized. It is money needed to supplant a carrying charge against us of six per cent and we are not taking a very great chance by stipulating in this ordinance what the rate of interest shall be. It will not affect our credit at all. If they refuse to buy these bonds at $4\frac{1}{4}$ per cent. it is because of the finances of the country, because so far as Pittsburgh's credit is concerned, it involves our capacity to pay the principal, not merely to pay the difference between $4\frac{1}{4}$ and 4 per cent. These bank-

ers are not going to refuse to invest in these bonds because of the rate of interest, but on their judgment, first, whether the whole thing is good and, second, whether that rate of interest can be justified. Therefore, I believe the amendment should prevail.

The Chair said:

Controller, didn't we authorize some bonds at 3 per cent?

Dr. Kerr said:

We sold \$230,000 of bonds at 3 per cent, and offered others at $3\frac{1}{4}$ per cent, and didn't get a bid.

The Chair said:

You didn't find that we had sacrificed any of our credit because we didn't get a bid?

Dr. Kerr said:

I don't think you will sacrifice any of the credit of the City if we offer these bonds at this rate of interest. It is simply a question whether you can do it or not. The bond market changes so rapidly that I have been advised that time is one of the factors in this consideration. The fact is, that six weeks or two months from now the bond market may be better or worse. I don't think it makes any particular difference, and I don't think the credit of the city will be impaired at all if we advertise these bonds at $4\frac{1}{4}$ per cent.

The Chair said:

In the final analysis it is our proposition. Ninety Thousand Dollars is a lot of money.

Dr. Kerr said:

You might get twice that Ninety Thousand.

And the question recurring on the adoption of the amendment, as offered by Mr. English, to strike out the words in one place in Section 2, and in two places in Section 6, "four and three-quarter per centum ($4\frac{3}{4}$)" and by inserting in lieu thereof the words "four and one-quarter per centum ($4\frac{1}{4}$)."

The motion prevailed.

And the bill, as read a second time and amended, was agreed to, and was laid over for reprinting.

Mr. Little presented

No. 1027. Report of the Committee

on Public Works for June 8, 1932, transmitting an ordinance to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 951. An Ordinance entitled, "An Ordinance authorizing the Mayor and the Director of the Department of Public Works to advertise for proposals and to award a contract or contracts for the repaving of the railways area and portions of adjoining shoulders of Fifth avenue, from a point 300 feet east of Soho street on the north track and the east building line of Soho street on the south track to Craft avenue, and authorizing the setting aside of the sum of \$30,000.00 from Code Account 1560, General Repaving, Division of Streets, for the payment of the cost thereof."

Which was read.

Mr. Little moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law and were:

Ayes:—Messrs.

Connelley	McArdle
English	Muldowney
Garland	Soost
Little	Herron (Pres't.)

Ayes 8. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Little also presented

No. 1028. Report of the Committee on Public Works for June 8, 1932, transmitting two ordinances to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 952. An Ordinance entitled, "An Ordinance authorizing and directing the Mayor and the Director of the Department of Public Works to advertise for pro-

posals and to award a contract or contracts for the repair of steelwork under the street railway tracks of the Smithfield street bridge over the Monongahela river, and providing for the payment of the costs thereof."

Which was read.

Mr. Little moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

The Chair presented

No. 1031.

DEPARTMENT OF LAW

June 4, 1932.

Council of the City of Pittsburgh,

Gentlemen:

On Bill No. 806, being a Bill for an Ordinance authorizing the issuance of a warrant in favor of Craig Electric Company for \$866.74, being a claim for extra work at the City Home and Hospitals, Mayview,—I beg to advise you that we sent to you a letter of explanation dated May 26, 1932, the information in which was compiled from correspondence from the Department of Public Welfare.

On June 3rd, the City Clerk wrote this Department a letter stating that your Honorable Body desired additional information relative to two of the items that go to make up the sum of \$866.74.

The first question he asked is whether the item of \$423.00 for the installation of a panel board was a duplication of payment made for this work. The answer to this question is no.

The second question concerns the item of \$200.00, and asks whether the contractor is entitled to receive it, or should it be deducted. In our letter of May 26th, we said:

"Item 2, \$200.00, was for extra work and rewiring laundry machinery in order to expedite the completion of the warehouse building. The papers do not show clearly how this account arose, but apparently there was some labor trouble in connection with this work and in order to comply with the regulations of the Labor Union, \$200.00 extra was authorized by the Architects. If such is the explanation, the contractor received additional pay for something which he had already contracted to do, and it should not be allowed."

From the information we have received, we are of opinion this item should be deducted from the sum of \$866.74, because it

is for an allowance for doing some work he was already under contract to do.

Respectfully yours,

THOMAS M. BENNER,
First Assistant City Solicitor.

Which was read, received and filed, and ordered printed in full in the record.

And the bill as read a second time was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law and were:

Noes:—Messrs.

Connelley	McArdle
English	Muldowney
Garland	Soost
Little	Herron, (Pres't.)

Ayes 8. Noes none.

And there being two-thirds of the votes of Council in the affirmative, the resolution passed finally.

MOTIONS AND RESOLUTIONS

Mr. English presented

No. 1140. Resolved, That the Mayor be and he is hereby requested to notify the Directors of the various departments and all employees of the City that owing to the delinquencies in tax payments and water rates there is danger that the revenue for 1932 will not be sufficient to meet the various payroll and all other appropriations with the exception of interest and sinking fund charges, and therefore it will be necessary to be more vigilant than ever before in restricting expenditures of every kind, and particular attention is directed to the language of the ordinances regarding lost time, sickness and furloughs.

Which was read.

The Chair suggested

That the resolution should be amended to include the "City Controller."

Mr. English moved

To amend the resolution by striking out the words "be and he is" and by inserting in lieu thereof the words "and the City Controller be and they are."

Which motion prevailed.

Mr. English moved

The adoption of the resolution, as amended.

Which motion prevailed.

Also

No. 1141. Communication from Mrs. J. C. Paisley, 2832 Castlegate avenue, complaining of sewerage condition adjacent to her property on ground owned by the South Pittsburgh Water Company, and requesting immediate relief.

Which was read and referred to the Committee on Public Works.

Mr. Little presented

No. 1142. Communication from Westinghouse Electric Elevator Co. suggesting change in present elevator regulations to allow certificate of inspection to be posted in machine room instead of in elevator cab.

Which was read and referred to the Committee on Public Safety.

Mr. Muldowney moved

That the Minutes of Council at the meeting held on Monday, June 20, 1932, be approved.

Which motion prevailed.

Mr. English moved

That the next meeting of Council be held on Friday, July 1st, 1932, instead of on Tuesday, July 5th, at the regular hour, providing the City Solicitor furnishes an opinion that the holding of the meeting on this day will not interfere with the legality of the passage of Bill No. 1079, Ordinance providing for issue and sale of \$800,000.00 bonds for unemployment relief.

Which motion prevailed.

And on motion of Mr. Soost,

Council adjourned.

PRESENTATIONS

Mr. Connelley presented

No. 1143. An Ordinance directing the City Controller to set aside the sum of Two Thousand (\$2,000.00) Dollars from Appropriation No. 111-7 and setting up the same amount under Appropriation No. 111-7-A for the payment of Salaries, Wages, Supplies, Materials and Miscellaneous Services furnished by the Bureau of Water, Department of Public Works, incidental to the stoking of the present boilers at North Side Conservatory and New Heating Plant at Schenley Conservatory.

Which was read and referred to the Committee on Finance.

Mr. English presented

No. 1144.

Whereas, the Council of the City of Pittsburgh by passage of Resolution No. 228, on February 23, 1932, declared that rate charges for public utility services, such as carfare, gas, water and electricity are economic and not political questions, which should be discussed and quickly settled at friendly conferences, rather than by costly and involved litigation; and

Whereas, Up to date, conferences have not produced the definite and substantial reductions in rates which the Council believes are fair and just to both the people who pay and the public service companies which render the services, nevertheless, the Council of the City of Pittsburgh is convinced that a change should be made in rate structures; Therefore, be it

Resolved, That the Council of the City of Pittsburgh hereby instructs the City Solicitor to submit to the Public Service Commission, also to the Governor, and to the Senate and to the House of Representatives of the Commonwealth of Pennsylvania, at Harrisburg, Pennsylvania, the following declaration:

1st. That the minimum service charges for any public utility service should be the same to each and every consumer, regardless of the quantity of service used;

2nd. That each consumer be charged for the amount of service obtained and not be subjected to a complicated rate structure which apparently shows a low price at the end, but is actually an exorbitant price at the beginning;

3rd. Abolish cash discounts based on the number of units of service and substitute a flat cash discount based on the amount of the bill, the same as is used in every other business;

4th. Abolish the power to cut off service

without due process of law, so that consumers may have access to the Courts pending any dispute or differences over service or costs. If this cannot be granted as to individual citizens, it should be granted to cities like Pittsburgh in case of litigation or dispute over the cost of street lighting.

City of Pittsburgh, Penna.,

June 29, 1932.

Finance Committee of Council.

Gentlemen:

On Bill No. 1087, being a Resolution making an appropriation to pay four employees of the Department of Supplies listed in the Resolution for the period from May 16th to June 6th, 1932, inclusive, I beg to advise you that there were in the Department of Supplies four regular positions not filled by regular appointments. Pending the outcome of the litigation relative to the Doty and Ganley positions, the four positions mentioned above were not filled. They have now been filled by regular appointments and the Resolution is to pay the temporary employees for the work they did at the schedule rate prior to the date of their appointments as regular employees. This information has been received from the Director of the Department of Supplies, and, therefore, the Resolution should be adopted.

Respectfully yours,

THOS. M. BENNER,

Whereas, A bill has been prepared and reported out of the House Committee on Appropriations, the effect of which would be to seriously curtail the activities of the State Sanitary Water Board and its effective work now being done in connection with the City in the control of mine drainage and industrial waste; and,

Whereas, The work of the State Sanitary Water Board is of vital importance to the satisfactory operation of the water supply of this City; and,

Whereas, The discontinuance of this important work may have a serious detrimental effect upon the health of the City of Pittsburgh; Therefore, be it

Resolved, That the Mayor and Council of the City of Pittsburgh are of the opinion that the activities of the State Sanitary Water Board should be continued and that we are strenuously opposed to the adoption of the bill in question, and further suggest that while economy is desirable and necessary, the last effort to be made to economize should be to the detriment of the health of the public; and, be it further

Resolved, That copies of this resolution be forwarded to the Governor, the Secretary of Health, and all the members of the House of Representatives and the State Senate from this district, and that representatives of City Council be sent to Harrisburg to oppose the passage of this bill because of its detrimental effect on the well being and health of not only the people in the City of Pittsburgh, but of the entire Pittsburgh District.

In Re: Mine Fire in Borough of Crafton and City of Pittsburgh on and near the McShane Property.

Council of the City of Pittsburgh,
City-County Building,
Pittsburgh, Pa.

Gentlemen:

Following the report from the Director of Public Works and your Engineers, made to Council of the Borough of Crafton to the effect that the mine fire above referred to has not yet been extinguished or confined, the Council of the Borough of Crafton, through its proper officers, has made an investigation of this fire and find that for a distance of about 100 feet north or west of the McShane property, smoke is coming through the surface at various points indicating that this fire is still burning.

By the terms of the contract between the City of Pittsburgh and the Borough of Crafton, incident to the extinguishment and confining of this fire, it was agreed that the City of Pittsburgh should take the necessary steps to extinguish or confine this fire, and the Borough of Crafton should pay to the City of Pittsburgh one-fourth the cost thereof, which I am informed is now about \$56,000.00, and toward which cost on account of its one-fourth, the Borough has paid \$2,500.00. While much of this fire has been extinguished, the indications are that enough fire remains to again very shortly become a dangerous public enemy, and the matter of its extinguishment, both in view of property damage and cost is a matter demanding prompt action.

The Borough of Crafton will pay in addition to the amount now due and owing the City of Pittsburgh, its one-fourth of the cost to the City of Pittsburgh of completing the work of extermination, and I would request that you make an investigation of the matter at once and advise me of your intentions as to taking steps to extinguish or confine the fire.

Yours very truly,

ROBERT S. CHESSE,

Solicitor for the Borough of Crafton.

President and Members of Council,
City of Pittsburgh.

Gentlemen:

By letters dated October 6, 1930, June 15, 1931, September 17, 1931, October 24, 1931 and February 3, 1932, the Mayor and the City Controller certified the existence of an emergency and the necessity for an appropriation to meet same as follows:

"Whereas, a fire in what is apparently an abandoned coal mine near Baldwin road, 28th Ward, in the vicinity of property owned by F. L. McShane et al, has reached a serious condition, and

Whereas, the Fire Department has on several occasions recently been required to make hurried calls to attempt to prevent said fire affecting buildings in the vicinity, and

Whereas, prompt action to extinguish or control this fire is necessary, and

Whereas, the undersigned consider the situation to constitute a serious public emergency, Now, therefore,

Pursuant to the terms and provisions of Section 13 of the Act of May 31, 1911, relating to appropriations, we, the undersigned, the Mayor and the Controller of the City of Pittsburgh, hereby certify the existence of an emergency requiring special appropriations of Ten Thousand (\$10,000.00) Dollars and additional appropriations of Sixteen Thousand (\$16,000.00) Dollars, Fifteen Thousand (\$15,000.00) Dollars, Nine Thousand (\$9,000.00) Dollars and Four Thousand (\$4,000.00) Dollars or so much thereof as may be necessary to meet the same."

Pursuant to the terms and provisions of Section 13 of the Act of May 31, 1911, relating to appropriations, we, the undersigned, the Mayor and the Controller of the City of Pittsburgh, hereby certify the existence of an emergency requiring a special appropriation of an additional sum of Eight Thousand (\$8,000.00) Dollars, or so much thereof as may be necessary to meet the same. We desire immediate action on this matter.

CHARLES H. KLINE,
Mayor.

JAS. P. KERR,
Controller.

Which was read, received and filed.

Also

No. 1299. An Ordinance amending the portion of line 1 of the title, of line 3 of Section 1, and of lines 5 and 9 of Sec-

tion 2 of Ordinance No. 469, approved October 10, 1930, entitled, "An Ordinance making an emergency appropriation in the sum of Ten Thousand (\$10,000.00) Dollars for the purpose of putting out or confining a fire in the abandoned coal mine near Baldwin road, in the immediate vicinity of the F. L. McShane, et. al. property, and authorizing the letting of an emergency contract or contracts therefor, and as amended by the following ordinances: Ordinance No. 325, approved June 20, 1931; Ordinance No. 498, approved October 9, 1931; Ordinance No. 561, approved October 28, 1931, and by Ordinance No. 30, approved Feb. 11, 1932, by increasing the sum of Fifty-four Thousand (\$54,000.00) Dollars appropriated therefor to read "Sixty-two Thousand (\$62,000.00) Dollars."

City of Pittsburgh,
Office of the Mayor.

August 11th, 1932.

To the President and Members
of Council, City of Pittsburgh.

Gentlemen:

In pursuance of the studies made and the authority for additional furloughs as contained in the Salary Ordinance, and with the co-operation of the Directors of the various Departments and the assistance of the members of Council, I find that by curtailing all appropriations we can make a saving of approximately \$1,205,000, and with the amount that Council has already transferred to the Councilmanic savings fund, of \$264,000 totals \$1,469,000, which will meet the deficit as reported by the City Controller.

Respectfully yours,

CHARLES H. KLINE,
Mayor.

Which was read, received and filed.

DEPARTMENT OF LAW

Chas. A. Waldschmidt,
City Solicitor.

September 19, 1932.

Finance Committee of Council.

Gentlemen:

In re Bill No. 1335, Resolution authorizing and directing the issuance of a warrant in the sum of \$25.75 to Mrs. Adeline L. Spear, I report as follows:

On September 18, 1931, F. T. Johnson made affidavit, as per Voucher No. 784, Assessors' Office, that the building had been torn down in the Spring of 1929. By reason thereof the assessment for 1932 was cancelled.

There was no information as to the removal of the building prior to the date of the affidavit and the assessments for 1930 and 1931 were regular. No appeals having been taken therefrom and no information having been given to the Assessors as to the change of status, and payment of the taxes having been made voluntarily without any complaint, the owner having taken advantage of the 2% discount or \$0.52, the amount actually paid being \$25.23, this is wholly a matter for Council. If it believes an injustice has been done it can order repayment to be made of the amount actually paid, to-wit, \$25.23. The proper way to do

so is by resolution. The time has passed for granting of an exoneration by the Board of Assessors.

Respectfully, yours,

Chas. A. Waldschmidt,
City Solicitor.

Which was read, received and filed.

And the resolution was read a third time, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

MOTIONS AND RESOLUTIONS.

Mr. English presented

No. 1417. WHEREAS, The Council of the City of Pittsburgh has been granted authority through recently approved legislation by the Commonwealth of Pennsylvania to levy taxes on such business, things, etc., not now taxed by the State or County; and,

WHEREAS, It is the concensus of opinion that due to the nature of this subject, it is of vital interest to the public at large and to the various civic organizations, etc., within the City of Pittsburgh; and,

WHEREAS, It is highly desirable that the members of Council be given the advantage of the reaction of those concerned to this additional tax, in order that same may be levied on such things as will be just and fair and not work an undue hardship on any particular business; Now, therefore, be it

RESOLVED, That the President of Council be requested to invite The Chamber of Commerce, the Allied Boards of Trade, the Civic Club of Allegheny County, the Retail Merchants Association, the Fifth Avenue Business Men's Association, and any and all other associations or individuals, who have suggestions or recommendations to make as to where these new taxes should be laid, to meet with Council at a public hearing to be held within the next two weeks on a date to be designated by the President of Council; and, be it further

RESOLVED, That the organizations or individuals appearing be prepared to submit in writing, a summary of their recommendations, so that same may be available for further consideration and study before final action is taken; and, be it further

RESOLVED, That the newspapers be requested to give as great publicity as possible to this request and the date of the meeting designated by the President of Council.

Which was read.

Mr. English moved

The adoption of the resolution.

Which motion prevailed.

Mr. Little, at this time obtained leave, and presented

No. 1418. Petition of Voters, Tax-payers and Business Men of the 6th Ward asking for the repair and re-opening of the closed Herron Avenue Bridge spanning the P. R. R. and B. & O. R. R. tracks from Liberty avenue to Herron avenue.

Which was read and referred to the Committee on Public Works.

The Chair presented

No. 1419.

DEPARTMENT OF LAW

Chas. A. Waldschmidt
City Solicitor

September 14, 1932.

To the Honorable, the Council of
the City of Pittsburgh.

Gentlemen:

In reference to the negotiations with the Duquesne Light Co. as per your instructions, the Company has submitted a rate as follows:
1st Block—15 K. W. hours at.....7c net
2nd Block—15 K. W. hours at.....5c net
3rd Block—20 K. W. hours at.....4c net
All in excess thereof at 3c per K. W. hour.

In reference to the homes having more than seven (7) rooms, it is proposed that each room above seven (7) rooms, in the first block, there shall be added 3 K. W. hours; in the second block there shall be added 3 K. W. hours, and in the third block 4 K. W. hours.

This Department after having made a thorough check believes the same to be in accordance with the instructions of Council—that the seven (7) rooms or less should have a proportionate saving along with those of eight (8) rooms and above.

These rates as now offered provide for a saving of 20c for each of the seven (7) rooms or less consuming 60 K. W. hours or more, and, therefore, for the above user we feel that it is a considerable saving above the first proposed rate, and for the house of eight (8) rooms or more is also proportionately upon the same basis as in the other offer.

From a check of the figures we find this to be a savings from 4 to 12¼% for the

average user in addition to the savings for the small storeroom, and, therefore, satisfactory, and in view of the present business conditions the best that can be secured from the Duquesne Light Co.

Respectfully yours,

Chas. A. Waldschmidt,
City Solicitor.

Which was read, received and filed.

Mr. English presented

Bill No. 1420. WHEREAS, The City Solicitor has submitted to Council, under date of September 14, 1932, a letter advising of the result of the negotiations with the Duquesne Light Company in the effort to obtain a reduction in the cost of electricity; and,

WHEREAS, Several months have elapsed since Council instituted the negotiations, and the people have not yet received any reductions whatever; and,

WHEREAS, The City Solicitor advises that this final statement is the last word and best offer; Therefore, be it

RESOLVED, That, without committing the City to anything as to the future, the Council hereby instructs the City Solicitor to accept this reduction and urge its application for the month of September, 1932, to whatever accounts it is possible to apply it.

Mr. English moved

The adoption of the resolution.

Which motion prevailed.

Mr. English moved

That the President of Council be instructed to write a letter to all the other public utility companies operating in Pittsburgh notifying them that after several months of negotiating, we have finally obtained a reduction in electric rates from the Duquesne Light Company, and trust that these other companies will do something immediately, since they have had the benefit of this Council negotiating with this one public utility company, and put something into effect immediately to show that they are trying to help the public in these trying times.

Which motion prevailed.

Mr. Anderson moved

That the Minutes of Council at the meeting held on Monday, September 12, 1932, be approved.

Which motion prevailed.

And there being no further business before the meeting, the Chair declared

Council adjourned.

No. 1483.

DEPARTMENT OF PUBLIC SAFETY,

Bureau of Traffic Planning.

September 30, 1932.

President and Members of

City Council.

Gentlemen:

In accordance with an affirmative recommendation given at the meeting of the Finance Committee on September 27 to Bill No. 1437, an ordinance authorizing the leasing of the property at the corner of North Highland avenue and Broad street for gasoline service station, and requesting a report from this Bureau as to whether the construction of this gas station would interfere with traffic at this point, please be advised as follows:

Traffic conditions at this intersection are quite congested particularly on Saturdays. However, the situation here is quite similar to that at the intersection of Bigelow boulevard and Seventh avenue where the Gulf Refining Company has installed a gasoline station. Traffic volumes and congestion at

the latter intersection are even greater than at the intersection of Broad street and Highland avenue, yet, the station is operating without any appreciable interference to traffic. Based on this as an example, we believe that the suggested station could be operated in a similar manner without adding materially to our traffic difficulties.

Very truly yours,

LEWIS W. MCINTYRE,
Traffic Engineer.

Which was read, received and filed.

MOTIONS AND RESOLUTIONS

Mr. English stated

That he wished to call to the attention of the members of Council that, according to yesterday's newspapers, nothing in the resolution adopted by Council relating to acceptance of rate reduction offered by the Duquesne Light Co., would militate against any proposed action by the Public Service Commission.

Mr. English moved

That the minutes of Council, at the meeting held on Monday, September 26, 1932, be approved.

Which motion prevailed.

And there being no further business before the meeting, the Chair declared

Council adjourned.

MOTIONS AND RESOLUTIONS

Mr. McArdle presented

No. 1536.

Whereas, The One Hundred and Fifty-third Anniversary of the death of Brigadier General Casimir Pulaski, who died for the cause of the United States during the assault on Savannah, Georgia, will be observed on October 11, 1932; and,

Whereas, Brigadier General Pulaski was one of the two high rank officers of foreign extraction to lay down his life for American independence; and,

Whereas, Brigadier General Pulaski was one of the 210 Poles who participated in the War of Independence under the leadership of the founder of this Republic, George Washington, whose bi-centennial we are observing this year; and,

Whereas, President Hoover, the Congress,

and twenty-eight States—including the State of Pennsylvania—had seen fit to proclaim the One Hundred and Fifty-third Anniversary of Brigadier General Pulaski's death as a National and State holiday; Now, be it

Resolved, That the Council of the City of Pittsburgh, State of Pennsylvania, join in this national observance by expressing its homage to the memory of Brigadier General Pulaski and by ordering the national colors of the United States and Poland to be displayed on the City Hall throughout the whole day of October 11, 1932.

Which was read.

Mr. McArdle moved

The adoption of the resolution.

Which motion prevailed.

The Chair said:

Mr. Waldschmidt, I asked you to come here, as some of the members of Council are anxious to know what effect the new rates of the South Pittsburgh Water Company will have on the City of Pittsburgh. As you know, this company did not participate with us in the rate-finding conference. They told us the reason they did not come here was that they were negotiating with the Public Service Commission direct. Some of the members of Council, including myself, would like to know whether the agreement with the Public Service Commission is more satisfactory than we could have obtained.

Mr. Charles A. Waldschmidt, City Solicitor, said:

Mr. President:—That is a question I cannot answer. You have the same situation that you went through with the Duquesne Light Company. Council, in that case, expended quite an effort and at least we got something, although all of us feel it was not enough, nevertheless it was more than they offered in their first proposal. You all recall the fight we had with them on this question all the way through.

On the proposal of the South Pittsburgh Water Company, I want to remind the members of Council that we went through that in 1930, when we had the agreement up for the Company to supply consumers at City rates and the City to pay the difference. After we had the rate case up with the State, the Public Service Commission fixed their capital at Seven Million, Two or Three Hundred Thousand Dollars. They have

been fussing about the appraisal of the betterments to the system since the time of the hearing, which is almost a year and a half ago.

From reports I find the South Pittsburgh Water Company has agreed to allow 1500 gallons of water free for the service charge of 2.00, or 750 gallons of water for each one dollar for the service charge.

The Chair said:

In lieu of the \$8.00 charge per year, they are now going to give us 750,000 gallons of water?

Mr. Waldschmidt:

No. 750 gallons for each one dollar service charge. The Public Service Commission has agreed to allow them to still charge \$8.00, but they will give us 750 gallons of water free for each one dollar. That will mean \$1.86 a year. Of course, when we had that rate case we got a differential. We had a 2-cent reduction on that and up to 48,000 gallons, and from 48,000 gallons to 81,000 gallons it remains practically the same as before. Under the ruling of the Public Service Commission they are allowed another Three Million Two Hundred Thousand Dollars as additional betterments to the plant, making it \$10,500,000 for their capitalization, on which they would be entitled to have earnings computed. I have not gone through the figures. I don't know what they would do or could. They went through the Public Service Commission as we did on the Duquesne Light Company.

The Chair:

In a nut shell, the South Pittsburgh Water Company and the Duquesne Light Company were both invited to come before Council, and out of these conferences we might obtain lower rates. The Duquesne Light Company accepted our invitation and negotiated with us pretty much all summer and gave us quite a substantial reduction. The South Pittsburgh Water Company ignored us and went before the Public Service Commission, and although the papers said they agreed on dropping the service charge with the old Commission, the new Commission allows them to retain it with another name, and they are charging the City of Pittsburgh the same rate. If you take it in water it will mean \$1.86 a year. It seems they got much better treatment from the Public Service Commission.

I have been requested, Mr. Waldschmidt, to have you state whether or not the City of Pittsburgh has any hope of being able to supply a portion of that district.

Mr. Garland arose and said:

Mr. President, Before Mr. Waldschmidt answers the question, may I ask when the South Pittsburgh Water Company officials were invited to a conference with Council?

The Chair:

They were extended an invitation at the same time the other utility company was invited to confer with Council on reduction in rates, and they ignored the invitation.

Mr. Waldschmidt, will you now proceed?

Mr. Waldschmidt:

In answer to your question, Mr. President, I wish to state that you cannot lay a water line paralleling the line of a private company. That question has been decided by the Supreme Court, which says that when any city, borough or township gives the right to any company to lay its lines that takes it out of the power of the city, borough or township to lay a parallel line, and that stops any municipality from going in there where the competing lines are.

Mr. Garland:

We had that decision.

Mr. Waldschmidt:

The Meadville Water case decided that.

Mr. McArdle:

Has the question of fact been decided, Mr. Waldschmidt, that each of the boroughs supplied by the South Pittsburgh Water Company concluded definitely that the borough relinquished its power or right to lay a parallel line?

Mr. Waldschmidt:

The Supreme Court ruled that, and where the water company has the right to lay a line in a street that precludes the municipality from laying a parallel line. You are therefore prevented from putting in competing lines.

Mr. McArdle:

It did not involve any terms of the agreement entered into between the City of

Pittsburgh and the South Pittsburgh Water Company?

Mr. Waldschmidt:

The City delegated its authority to the company to go in and it thus stops the City from revoking the franchise and putting in parallel lines, and having done this the municipality has not right to put in competing lines.

Mr. McArdle:

And that in perpetuity?

The Chair:

The reason I brought this subject up today is to show that we exhausted all means to have this Company confer with Council on rate reductions, but they preferred to go before the Public Service Commission.

Mr. McArdle:

May I ask, through Mr. Waldschmidt, at what time did these proceedings or negotiations commence? Was it subsequent to our invitation to discuss the subject with us?

Mr. Waldschmidt:

I think it was.

The Chair:

The reason they did not come here was in the hope of taking it before the Public Service Commission. I wouldn't say whether they started it before or after. I talked to their attorney, Mr. Beck, and he told me many things were published in the newspapers which were not right and they would go to the fountain head and have it settled there.

Mr. Connelley:

Mr. Waldschmidt, under our agreement with the South Pittsburgh Water Company, don't we have the right to cancel the contract on 90 days' notice?

Mr. Waldschmidt:

Yes, sir. You have that right under your agreement, but before you do that you had better give it serious consideration.

Mr. Connelley:

Granting that, Mr. Waldschmidt, if the City controls that situation and the company ignores what the City would like to have and ignore the fact of coming here for a hearing and then shifting their responsibility over to the Public Service Commission. I think if we have any way at all of bringing the Water Company to a point of rec-

ognition I think we should do it. In this particular case the Company ignored what we are doing here; and if the Public Service Commission takes precedence over anything we do here and they do that, we ought to do something under the 90-day agreement.

Mr. Waldschmidt:

If you cancel this agreement, all they would do is shut the water off. I don't know how many consumers are affected, but I think there are over 90,000 consumers in the City of Pittsburgh served by this Company, and then those people would have to pay for turning the water on and pay the Company at their rate. If you do that, you are hurting your own people.

Mr. Connelley:

Do we not have some redress if we have a 90-day clause where we can go in and adjust it where it will not hurt the citizens, or take over the lines?

Mr. Waldschmidt:

Mr. Connelley, If you analyze the situation, you have a contract with them to furnish water to consumers in the City of Pittsburgh, and the water company bills the City and the City pays. If you cancel the contract these consumers in the City of Pittsburgh would have to pay at the new rate, 32 cents per thousand gallons, and they would pay the South Pittsburgh Water Company. Now, you cannot have any paral-

lel competing lines. The Public Service Commission passed upon these new rates and our redress would be to the Public Service Commission for the purpose of a rate hearing. That is our practical way of getting at that.

The Chair:

Gentlemen, the reason I brought this up today is to let you know why we were not having these conferences. We had considerable criticism for not conferring with the South Pittsburgh Water Company. We had the privilege of talking to the officials of the Duquesne Light Company and were able to affect a reduction in the light rates. The South Pittsburgh Water Company ignored our invitation.

Mr. Garland moved

That the Law Department be requested to furnish a written opinion to Council showing the City's authority and its limitations in reference to this particular water controversy.

Which motion prevailed.

Mr. Connelley moved

That the Minutes of Council, at the meeting held on Monday, October 3rd, 1932, be approved.

Which motion prevailed.

And on motion of Mr. Soost

Council adjourned.

City of Pittsburgh, Penna.

October 24th, 1932.

SUBJECT: Herschel Street Mine Fire
President and Members of Council,

City of Pittsburgh.

Gentlemen:

Whereas, a fire in a mine under the ground roughly bounded by Herschel street, Hassler street and Nobletown road, in the 20th Ward, has reached a danger line; and

Whereas, the fire in the mine has, on occasions, set fire to a building abutting Herschel street, necessitating hurried calls to the Fire Bureau to prevent destruction thereof; and

Whereas, prompt action to extinguish or control the mine fire is necessary; and

Whereas, the undersigned consider the situation to constitute a serious public emergency; Now, Therefore,

Pursuant to the terms and provisions of Section 13, of the Act of May 31st, 1911, relating to appropriations, we, the undersigned, the Mayor and the Controller of the City of Pittsburgh, hereby certify the existence of an emergency requiring a special

appropriation of Twenty Thousand (\$20,000.00) Dollars, or so much thereof as may be necessary, to meet the same.

Immediate action should be given this matter, and we would, therefore, request the approval of Council at once.

CHARLES H. KLINE,
Mayor.

JAMES P. KERR,
Controller.

Which was read.

Also

No. 1606. An Ordinance making an emergency appropriation and authorizing emergency contracts and work for the purpose of confining or extinguishing a fire near Herschel street in the 20th Ward.

Which was read.

Mr. Garland arose and said:

Mr. President:—I move that the ordinance and communication be referred to the Committee on Finance for consideration and action.

The Chair said:

Mr. Garland, this is an emergency ordinance, and it will have to have the affirmative votes of all the members present if it is to be passed today.

Mr. Garland said:

Mr. President:—Last week when this matter was up in committee we asked for a report from the Department of Law as to our liability. Before we act on this emergency ordinance we should have that report.

The Chair presented

No. 1607.

DEPARTMENT OF LAW

October 24, 1932.

Committee on Public Works
of Council.

Gentlemen:

On Bill No. 1564, being a report of the Department of Public Works relative to a coal mine fire in the area bounded by Herschel street, Hassler street and Nobletown road, 20th Ward, which was referred to this Department for an opinion and report, I beg to advise you that we know nothing about the facts, but from the letter of the Department of Public Works, dated October 17, 1932, it seems clear that this is

a very dangerous coal mine fire and unless it is immediately confined or extinguished, it will do great damage to the City utilities in the streets as well as undermine a number of houses, causing a great loss to the property owners.

On September 29, 1932, on Bill No. 1362, we advised you, in connection with the application of the owners of the McShane property, in the 28th Ward, where there was a mine fire, that where a fire is a dangerous nuisance, it is the duty of the City to do all it can to extinguish it, and the City has the right to go on the property for that purpose without the consent of the property owners.

It seems clear, from the report of the Department of Public Works, that the Herschel street mine fire has assumed the dimensions of a public nuisance, and, therefore, it is the duty of the City to do all it can to confine or extinguish it. For that purpose it can pass an emergency appropriation and authorize the letting of contracts or do the work in any way deemed feasible provided the Mayor and the Controller shall certify such an emergency.

Respectfully yours,
THOMAS M. BENNER,
First Assistant City Solicitor.

Which was read, received and filed.

Mr. Thos. M. Benner, First Assistant City Solicitor, being present.

Mr. Garland said:

Mr. Benner:—Who owns the coal under the property?

Mr. Benner said:

An insurance company located in the State of Ohio.

Mr. Garland:
Cleveland.

Mr. Benner:
I am not sure; I think it is Steubenville.

Mr. Garland:
Are they responsible?

Mr. Benner:
I have no idea.

Mr. Garland:

Mr. Chairman, I would like to ask Mr. Benner if they are responsible and

own the coal rights, shouldn't they be notified to take care of this situation?

Mr. Benner:

They were notified some months ago.

Mr. Garland:

Are we to spend this money for their benefit?

Mr. Benner:

The courts have held that where a fire becomes a nuisance it is the public's duty to take steps to put the fire out.

Mr. Garland:

That might be true as far as the property is concerned; but if the coal company bought subject to the coal rights and a fire prevails, is it the City's duty to put it out?

Mr. Benner:

If it gets up to the point where it is a nuisance.

Mr. Garland:

I would like to know more about it.

Mr. Benner:

All I know about it is what the Department of Public Works reports. The fire is going across the street, and Mr. Ley's assistant told me if the fire progresses farther it will heat up the water pipes and cause them to burst.

Mr. Garland:

Does the Department of Public Works or your department know who the officers of the company are?

Mr. Benner:

It is in the file somewhere. The company is located somewhere in the State of Ohio. I understand they don't have any offices here at all.

The Chair said:

I think it is quite clear from the report of Mr. Benner and the Law Department that we will be responsible if anything happens to these houses. If we have recourse at law, we will have it against the company for the recovery of whatever money we spend in extinguishing the fire.

Mr. Garland said:

I would suggest that this ordinance lay on the table and Mr. Benner be given an opportunity to look into his records and advise us in writing if the company who

owns this land is responsible and whether it is not their responsibility rather than the City's, to extinguish the fire.

The Chair said:

If there are not objections, that will be done.

Mr. McArdle arose and said:

Mr. President:—Another question I would like to ask Mr. Benner. He uses the term "nuisance" in this report. Would that take the same standing as if it were a menace to life and property?

Mr. Benner said:

I think that is what makes it a nuisance. It is a menace to life and property.

Mr. McArdle said:

It might be a nuisance, but not a menace to life and property. The reason I am asking the question, whatever the law is, it should be definitely stated on what ground. As Mr. Garland has stated and from past experience and future prospects it certainly is involving a lot of money. If we are able to get from under this responsibility, we ought to know about it.

Mr. Garland said:

Mr. Chairman, before Council adjourns I will offer the motion that we take a recess until tomorrow at 3:30 o'clock P. M.

The Chair said:

It is understood that Mr. Benner is to have this information, in writing, for Council at the time of the expiration of the recess?

And the resolution, as amended in committee and agreed to by Council was read.

Mr. English moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second time.

Mr. English arose and said:

Mr. President:—Why wasn't the money provided for in this resolution taken from the Contingent Fund instead of the Councilmanic Saving Fund?

The Chair said:

The department reported to Council that there was no money in the Contingent Fund available, and unless this money was made available they would have no gasoline to operate motor vehicles. We instructed the Clerk of the Finance Committee if he could not find this money in any other fund to take it out of the Councilmanic Saving Fund.

Mr. English arose and said:

Mr. President:—I regret very much that I cannot vote for this transfer resolution. When this Saving Account was set up, it was understood that it was to be a genuine saving account, and that Council would compel the various bureaus and divisions to keep within their appropriations. I cannot see my way clear to vote for any legislation to take money from the Councilmanic Saving Account unless it is an emergency. I think it best to refer this resolution back to the committee to ascertain whether the amount needed could not be taken from some other code account or accounts.

The Chair said:

I don't think you would want to be responsible for denying them gasoline to operate the motor vehicles.

Mr. English said:

Mr. President:—They found enough money to send up an ordinance to buy easy chairs for the men in the fire houses. Maybe they could use these \$1300.00 for this purpose?

The Chair said:

This was all discussed in committee last week. The members of Council previously held it up for a week, hoping they could find another code account from which to take the money. The original resolution called for the transfer of \$8,000.00, and it was amended to \$5,000.00. This money was given in the budget that we prepared for 1932, and it was taken from them by transfer. We are merely restoring something which we took away from them. I am sorry that we cannot have things just as we would like them, but it is pretty close to having a satisfactory excuse, I think.

Mr. McArdle arose and said:

Mr. Clerk, have we introduced any transfer ordinances today?

The Clerk said:

Yes, Sir; there were a couple of transfer resolutions introduced.

Mr. McArdle said:

Mr. President:—It might be that there was an error made in reporting to Council that this amount of money was not available in the Contingent Fund, judging from the last report of the Controller. If I am correct and a balance is available in the Contingent Fund, it can be transferred to the Councilmanic Saving Account. I am like the Chairman, I do not think we should hold up this resolution if they are without gasoline to operate the motor vehicles.

The Chair said:

Gentlemen:—If there are any funds available in the Contingent Fund, or any other account, we will transfer it to the Councilmanic Saving Fund.

And the resolution was read a third time, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Which was read, received and filed.

Also, with an affirmative recommendation.

Bill No. 1546. An Ordinance entitled, "An Ordinance amending Ordinance No. 118, approved April 15, 1932, entitled, 'An Ordinance providing for the grading, paving, curbing and otherwise improving of Mt. Washington roadway, from a point about 410 ft. northeast of Arlington avenue to a point about 436 ft. west of So. 8th St., and from a point about 100 ft. west of So. 8th St. to So. 9th St., including the regrading, repaving, recurbing and otherwise improving of Arlington avenue, So. 9th St. and Winnebago St., as affected thereby, the construction of a sewer for the drainage thereof, and the furnishing and erecting of fire hydrants and the necessary pipe line connections thereto, with City forces or with forces otherwise provided, and providing for the payment of the cost thereof,' by providing an additional appropriation of Twenty-eight Thousand (\$28,000.00) Dollars from Bond Fund No. 221, Mt. Washington Roadway Improvement Bonds, 1926."

Which was read.

Mr. Little moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. Little also presented
No. 1610.

DEPARTMENT OF PUBLIC WORKS

October 22, 1932.

MT. WASHINGTON ROADWAY EXTENSION—Bill 1546.

President and Members,
Council, City of Pittsburgh.

Gentlemen:

Complying with request contained in motion adopted by your Committee relative to Bill No. 1546, "An Ordinance amending the ordinance for the improvement of Mt. Washington Roadway Extension, by increasing the

appropriation therefor," that the Department of Public Works furnish Council, by Monday, an estimate of the amount over and above that provided for in said ordinance, which, in its judgment will be necessary to complete the work according to the plan, we have to submit the following:

In addition to the total sum of \$248,000 appropriated to date for the improvement of Mt. Washington Roadway Extension, exclusive of viaducts, it is estimated that an additional appropriation of \$32,000 will be required for completing the roadway pavement, construction of curb, construction of iron fence over a portion of the improvement, flexible barricades and additional drainage, this amount being predicated upon doing such work by contract, which is recommended by the Department on account of the nature of the work involved. This additional sum gives a total appropriation of \$280,000 that it is estimated will be required to complete this improvement. This estimate is exclusive, however, of the cost of certain work which the Department deems it advisable to defer until such time as final settlement of the embankment required to be placed to complete the grading of this improvement. This work includes the construction of plain and reinforced concrete sidewalks and the construction of iron fences for the portion of the improvement not so provided for under the contract work to be done early next spring, all of which is estimated to cost \$18,000. The Department will submit an ordinance authorizing such work and providing appropriation therefor at the time it deems advisable to carry out such construction.

A summary of all appropriations required to complete the improvement of Mt. Washington Roadway Extension, exclusive of viaducts, shows the following:

Appropriated by Ordinance No. 113,	
approved April 15, 1932.....	\$220,000
Additional appropriation by terms of	
amendment of aforesaid ordinance..	28,000
Amount to be appropriated for con-	
tract work in spring of 1933.....	32,000
Amount to be appropriated for con-	
struction of sidewalks and re-	
mainder of iron fence.....	18,000
<hr/>	
Total cost of physical work re-	
quired to complete improvement....	\$298,000

This total cost represents an increase of \$78,000 over the amount originally appropri-

ated by Ordinance No. 113, which was approved April 15th 1932, and the chief reasons for such increase are as follows:

Increase in extent of sewerage; drainage; excavation; concrete reinforcement in cribs; and in the amount of slag fill, and also due to the fact that the City pays fair living wages.

We would advise that funds in excess of the amount to cover this increased cost will be available from balances occurring in Bond Fund No. 221, Mt. Washington Roadway, Improvement Bonds 1926.

Yours truly,

EDWARD G. LANG,
Director.

Which was read, received and filed.

And the bill as read a second time was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law and were:

English	Herron, (Pres't.)
Little	Soost

Noes:—Messrs.

Garland	McArdle
---------	---------

Ayes 6. Noes 2.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Little also presented

No. 1611. Report of the Committee on Public Works for October 19th, 1932, transmitting two ordinances to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1114. An Ordinance entitled, "An Ordinance amending and ordinance entitled, 'An Ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses and regulating and limiting the height and bulk of buildings hereafter erected or altered, and regulating and determining the area of yards, courts and other open spaces in connection with buildings hereafter erected

or altered, and establishing the boundaries of districts for the said purposes; conferring certain powers upon the Superintendent of the Bureau of Building Inspection; providing for a Board of Appeals, and imposing penalties,' approved August 9, 1923, by changing the Zone Map, Sheet Z—O—E15, so as to change from an 'A' Residence Use District to a Commercial Use District, all that certain property bounded on the north by The Boulevard of the Allies, on the east by Hodge street, on the south by a line dividing properties of The Isaly Dairy Company of Pittsburgh and J. J. McAllister et ux., and on the west by the line dividing the property of The Isaly Dairy Company of Pittsburgh from the properties of S. Kisilinsky, et ux., M. Miller, et ux., M. E. Murphy, et ux., and Craft Development Corporation."

Which was read.

Mr. Little moved.

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law and were:

Ayes:—Messrs.

Connelley	McArdle
English	Muldowney
Garland	Soost
Little	Herron, (Pres't.)

Ayes 8. Noes none.

And there being three-fourths of the votes of council in the affirmative, the bill passed finally, in accordance with the provisions of the Act of Assembly of May 11, 1921, which provides that where a protest is filed against a proposed zoning amendment, a three-fourths vote of all the members of council shall be required for final passage.

Also

Bill No. 1263. An Ordinance entitled, "An Ordinance amending an Ordinance entitled, 'An Ordinance regulating and restricting the location of trades and indus-

tries and the location of buildings designed for specified uses and regulating and limiting the height and bulk of buildings hereafter erected or altered, and regulating and determining the area of yards, courts and other open spaces in connection with buildings hereafter erected or altered, and establishing the boundaries of districts for the said purposes; conferring certain powers upon the Superintendent of the Bureau of Building Inspection; providing for a Board of Appeals, and imposing penalties,' approved August 9, 1923, by changing the Zone Map, Sheet Z—N10—O, so as to change from an 'A' Residence Use District to a Commercial Use District, all that certain property bounded by Cedar avenue, a line parallel with and 80 feet north from North Canal street, Moravian way and North Canal street."

Which was read.

Mr. Little moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

Connelley	McArdle
English	Muldowney
Garland	Soost
Little	Herron, (Pres't.)

Ayes 8. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

The Chair said:

Gentlemen:—Last week, I announced the appointment of a committee of representative citizens of Pittsburgh to serve on the Taxation Committee. Since that time we have received three resignations—from Mr. A. E. Braun, Mr. Edgar Kaufmann and Mr. Hale Hill. We are sending out letters inviting other gentlemen to serve on this

committee, and it is hoped they will be able to serve.

Mr. English arose and said:

Mr. Chairman. On that line, we should ask the State authorities to furnish us a list of the things the State now taxes.

The Chair said:

We have that information.

Mr. English said:

Mr. Chairman:—I received a copy from the City Solicitor, but not from the State authorities.

I move

That the Clerk of Council or the President of Council communicate with the proper State authorities and obtain from them a statement showing just what things they tax today so that we will not encroach on their taxing power.

Which motion prevailed.

The Chair said:

Mr. Clark will read the result of these invitations sent out.

The Clerk said:

Mr. President: The names of the people who have refused are Arthur E. Braun, Edgar Kaufmann and Hale Hill. Since the last meeting, the Chair appointed Frank A. Bell of the Edgewater Steel Company, Charles Dreifus, Oliver Building; Phillip Murray, First National Bank building, W. G. Negley, Law and Finance building, and Pressly H. Bailey, Westinghouse Company.

The Chair said:

Mr. Balph, Are you expecting to have something brought up here today?

Mr. James Balph, Attorney-at-law, said:

Mr. President and Gentlemen of Council:—We have a verbal report to make. At the last meeting of the Committee on the matter of the vacation of Leeds way, it was agreed that I would submit a proposition to the Allis-Chalmers Company that we waive the matter of extending Roalman street and pay the assessed valuation for the property included within the lines of Leeds way to be vacated. I have submitted that proposal to the Company and they had a conference and have replied to me, that owing to the conditions existing at present they want to expend as little money as possible. They want to give the strip of ground

to extend Roalman street, but do not want to give \$5400.00 for the ground included within the lines of the vacated Leeds way, but will give \$1674.00 and the property for the extension of Roalman street. They are running in the red constantly, and are preparing to make further improvements to their plant on the North Side for which this piece of ground is desired, and want it now for temporary uses, but they could not afford to spend as much as \$5,000.00 now. This is in reply to the request of your Honorable Body.

The Chair said:

Mr. Balph, the Clerk has brought in these bills. They were held over in Council. They can be acted upon today if it is the desire of the Council and the proposal submitted by you is acceptable. If there are no objections the bills will be read.

Mr. Little arose and said:

Mr. President:—I don't intend to vote for this bill. It was my understanding in committee that the Allis-Chalmers Company would submit a letter to Council to the effect that they would construct a building on the ground included within the vacation and present plans for such a building. This they have not done. If at this time they will not close the alley and permit it to be used by all persons in the neighborhood until such time as they build, I would then feel free to vote for it. I don't want to be understood as opposing the vacation of this way to prevent this company expanding, but I believe if they are not ready to make developments on it the alley should remain open. If this development is made it will promote progress, and that is what we desire, especially in these times.

And the Chair took up

Bill No. 1434. An Ordinance entitled, "An Ordinance accepting the dedication of certain property in the 21st Ward of the City of Pittsburgh for public use for highway purposes, opening and naming the same 'Roalman street' and establishing the grade thereof."

In Council, Oct. 3, 1932, Bill read and laid over pending hearing.

Which was read a second time and agreed to.

Mr. McArdle moved

A suspension of the rule to allow

the third reading and final passage of the bill.

Which motion prevailed.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

When the name of Mr. Connelley was called, he arose and said:

Mr. President:—I desire to explain why I am voting Aye on this Ordinance. I took two hours to go through the plant of the Allis-Chalmers Company and went over this whole affair. I know something of their plant in Milwaukee and know what they are trying to do, and feel unless we can do something of this kind at this particular time, we are not promoting progress. I am also cognizant of the hardship this would work upon the people in the neighborhood, but told one of the property owners interested that I felt sure that the Allis-Chalmers Company would utilize this ground and construct a building just as they said they would.

Ayes 7. Noes 1.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. McArdle moved

It is the sense of Council, in accordance with the statement of Mr. Balph that he believed the Allis-Chalmers Manufacturing Company would be willing to give the City a deed in fee simple as well as a deed of dedication, that the Company be requested to tender the City a deed in fee simple for the property covered in this deed of dedication.

Which motion prevailed.

Mr. Connelley moved

That the Minutes of Council, at the meeting held on Monday, October 17th, 1932, be approved.

Which motion prevailed.

Mr. Garland moved

That Council take a recess until Tuesday, October 25th, 1932, at 3:30 o'clock, P. M.

Which motion prevailed.

And Council recessed.

Pittsburgh, Pa.,

Tuesday, October 25, 1932.

Which was read.

The Chair presented

No. 1612. Report of the Law Department on Bill No. 1606, Ordinance for an emergency appropriation of \$20,000.00 for extinguishment of coal mine fire in area bounded by Herschel street, Hassler street and Noblestown road.

Which was read.

Mr. McArdle moved

That the several papers be referred to the Committee on Finance and the City Solicitor be asked to obtain the additional information relative to the liability of the property owner for the next committee meeting.

Which motion prevailed.

And there being no further business before the meeting, the Chair declared

Council adjourned.

Mr. Little moved

That the communication be received and filed.

Which motion prevailed.

Mr. Garland arose and said:

Mr. President:—Does that mean that there is to be no further action on the communication?

The Chair said:

The motion was to receive and file the communication. Is there any other action you desire?

Mr. Little arose and said:

Mr. President:—I read this in the newspapers before it was submitted to Council. All of Mr. Houston's letters have been published in the newspapers before they were

received here. I don't think any other action is necessary.

Mr. Garland said:

Mr. President:—I read part of it in the newspapers; it was not published in full. I object to the action to receive and file the communication. I believe some other action by Council is necessary.

Mr. Anderson arose and said:

Mr. President:—The general procedure around here seems to be for the Chairman to have matters of this kind referred to committee. So far as I'm concerned you can receive and file it. But there are some questions there I will certainly look into and bring them up at budget time. This is not the proper procedure. I move that the motion to receive and file it be withdrawn and a motion substituted to refer the matter to committee.

Mr. Garland arose and said:

Mr. President:—Everyone knows that receiving and filing means the end of it.

Mr. Little arose and said:

Mr. President:—By making that motion I did not mean to convey that impression.

The Chair said:

Mr. Garland is under that impression. Do you want to take it up?

Mr. Garland arose and said:

Mr. President:—I know it is. That is why I voted NO.

The Chair said:

Do you want to take it up?

Mr. Garland arose and said:

Mr. President:—By receiving and filing means the end of it. I object to that. The salient points should be answered. There may be some things there that are not true, but the question of salaries should be looked into.

The Chair said:

Tell us what they are.

Mr. Garland said:

Mr. President:—You know what they are. I suggest that the members of Council be furnished a copy. It was published only in part by the newspapers. Today it was read in a low tone of voice and nobody in the rear could hear it, and I don't think all of the members were listening.

The Chair said:

We are not going to stand for you casting any aspersions on the Clerk.

Mr. Garland said:

I am not casting aspersions on the Clerk.

The Chair:

Well, don't cast aspersions on our Clerk.

Mr. Garland:

Mr. President:—Well, I'm telling the truth.

The Chair:

You either confine yourself to the question under discussion or keep quiet. If not, I will stop you.

Mr. Garland:

You can't stop me.

The Chair:

I can and I will.

Mr. Garland:

No, you can't.

The Chair:

Do you want me to try it?

Mr. Garland:

Those men in the back didn't hear it.

The Chair:

Did you hear it? (pointing to a man in the front row)?

The man nodded that he had. The Chair said:

Turn around and see them nod yes, Mr. Garland.

Mr. Garland:

Mr. President:—I will say what I want to say. There's sufficient in this communication to take notice of. I suggest that a copy be sent each member and also suggest that the President of Council should answer some of those allegations because they are against this Council. Let a copy go to each member and refer it to the budget committee.

The Chair:

The clerk will please read this letter again so every member of Council can hear every word, and pass upon each allegation. I read the letter and was not the least bit impressed.

Mr. Anderson arose and said:

Mr. President:—Does the maker of the motion just want to have this letter killed?

The Chair:

Gentlemen:—We have nothing to conceal here. The clerk will read the communication again.

Mr. Garland arose and said:

Mr. President:—You don't need to do that, I think the members should get a copy of it and that it ought to go to committee.

Mr. Little arose and said:

Mr. President:—Why not give each member of Council a copy and let them peruse it and bring it up in the budget committee?

The Chair said:

Mr. Clerk, Read the letter again.

Mr. Garland arose and said:

Mr. President:—Well, I heard every word of it and I have to answer a telephone call.

The communication was then read as follows:

"Pittsburgh, October 28, 1932.

City Council,

City-County Building,

Pittsburgh, Pa.

Gentlemen:

I acknowledge receipt of a copy of the communication submitted to Council by 'Budget Controller' Alderdice. I do not understand why I should be afflicted with this as I expected a reply from Council in answer to my communication, and have no desire to enter into a correspondence with Mr. Alderdice. Is it possible that he is the corresponding secretary for the Council as well as its financial genius and efficiency expert? However, I read the statement and marvel at the inaccuracies relating to matters of record, also observe that much of the statement deals with subjects entirely unrelated to the issue. For instance, the assertion is made that the concern with which I am associated was guilty of delivering material of short weight on City contracts. This reference has at least some value in that it indicates to me the one who wrote Mr. Alderdice's defense. As I ex-

plained in a letter to Council some months ago when a certain Councilman sponsored this charge, this transaction involved three small cases of canned goods, in value less than twenty dollars.

Due to the error of some one in the Department of Supplies, a requisition was given us for canned goods incorrectly described, and we delivered what the terms meant to any in the trade. The Supply Department arranged the matter so that we sustained no loss and acknowledged its error by cancelling the old specification and substituting others in Supplement 24 dated June 17, 1932."

The Chair said:

We will get a report from the Director of the Department of Supplies on that, and then we will be able to determine whether or not the allegation is true. Mr. Dunlap told me it is not true. We will have the Director's report in writing.

Mr. Anderson arose and said:

Mr. President:—Why not send this communication to committee and let us discuss it section by section. We are just receiving and filing it. I don't think that is your intention.

The Chair said:

We have an investigation on now. Some people have evil minds—guilty conscience.

Mr. Garland arose and said:

Mr. President:—You know what receiving and filing means.

The Chair said:

Colonel Dunlap is now writing an answer to that. The Clerk will please ask Colonel Dunlap if the firm of James W. Houston Company has not been dissolved.

Mr. Anderson said:

Also ask if the present firm has a bond on file.

The Clerk continued reading the communication:

"I wish to state that the James W. Houston Company is now and always has been under bond to the City of Pittsburgh for the proper performance of any contracts entered into, and no necessity has ever arisen for enforcing the bond. While I am speaking of bonds, I request Council to obtain a report from the City Law Department and make a public statement as to

what progress is being made to collect from the bonding companies who insured ex-Director Succop's conduct in office. My recollection is that the citizens' audit disclosed that the taxpayers had suffered a loss of \$60,000 by reason of his irregular methods. Why has the Budget Controller passed up this chance to relieve the property owners?"

The Chair said:

There are certain things to be taken into consideration here. This particular Succop case has not been settled yet. Is that right, Mr. Benner?

Mr. Thomas M. Benner, First Assistant City Solicitor, said:

Mr. President:—Yes. The Law Department has contemplated no action along this line until the courts have disposed of the Succop case.

Mr. Anderson arose and said:

Mr. President:—I think it should be done. As far as the creation of the job for Mr. Alderdice is concerned, the Council is on record for creating those jobs. However, that can be taken up in the budget committee. With regard to the other allegation, we should have information from the Controller. I think the gentleman can answer to the Council himself.

The Chair said:

We will have that inquired into.

Mr. Garland arose and said:

It is a personal reason. I will not go into that.

Mr. Anderson arose and said:

If you want to inquire into his ability, that is all right.

The Clerk continued reading:

"But to come to the subject of my original complaint, I will to make it plain that not Mr. Alderdice, but City Council is on trial. I say that the finance committee of Council is the Budget Control and is amply paid by the citizens to give proper thought to the state of the public funds without creating a new office at a cost of \$10,000 with Mr. Alderdice at its head. He, no doubt, is willing to accept \$5,000.00 from any one who offers it, but the responsibility for the donation is with the Council. Before discussing the fitness of the incumbents of the office of the Budget Control, it is essential to consider the necessity for the innova-

tion. The most direct and convincing method is to ask the City Controller, Dr. James P. Kerr, to furnish in writing an unequivocal statement as to whether, without additional cost to the taxpayers, his office can or cannot supply Council with all necessary data relating to the City finances. I demand that you secure such a statement and make it public.

"If Dr. Kerr asserts that his office cannot supply such information and that in addition to his department, a Budget Controller is necessary, it is then time to inquire into the capacity and integrity of those appointed to the office. Here I would suggest Mr. Alderdice be required to take a test in elementary accounting, the questions to be prepared by our local group of Certified Public Accountants, the examination to be in writing under their supervision, and the questions and answers to be made public. The character of the assistant should also be investigated, whether he is efficient, and whether his conduct in public office has heretofore inspired confidence.

"In this connection, I would call the attention of Council to an apparent misstatement in estimating the additional cost of the Budget Control at but \$5,000 'inasmuch as the others were transferred from other City Departments.' Is it not true that one of the members of the Budget Control was unemployed at the time of his appointment, having been discharged from other City Departments for cause? And is not the secretary to the Budget Controller his relative? But we must remember Mr. Alderdice differentiates clearly between his own and his wife's relatives. In this respect he resembles another American humorist back in Civil War times who, when asked if he were not willing to make some sacrifice for the good of his country, replied that he was willing to sacrifice his wife's relatives. Mr. Alderdice solves the problem by getting them on the payroll and having the taxpayers make the sacrifice. He said he had no relative employed at Mayview. How then about his wife's relative? I would ask that you have Mr. Alderdice furnish for the information of taxpayers a list of all persons by the names Clydesdale or Alderdice who are on City or County payrolls, the titles of the office, and the compensation."

Mr. Anderson said:

Mr. President:—Surely we are not responsible for that. I don't think Mr.

Alderdice or the Council is responsible for that. Some of these positions were obtained through Civil Service examinations, no doubt.

The Chair said:

What do you think, Mr. Garland?

Mr. Garland arose and said:

Why direct your remarks to me? I am not the only member speaking on this matter.

The Chair said:

I think that statement in the letter is just nasty.

Mr. Garland arose and said:

All right, you have said it.

The Chair said:

I would like you to hear it.

Mr. Garland said:

I have already said what I intend to say.

The Clerk continued reading:

"On the other hand, if Dr. Kerr advises Council that he is able and willing to supply all financial data as his predecessors have done, Mr. Alderdice's abilities as a financial genius become worthless and he degenerates into a tenth Councilman, a post which the voters in the last election indicated they no longer desired him to fill. I note he poses as a fuel expert. Has he ever given thought to the Mayview Coal Mine? And it is pertinent to inquire whether some of the Councilmen elected by the people cannot occasionally give some thought to City problems without waiting for Mr. Alderdice's suggestions. If it depends on the bright ideas of the tenth Councilman to keep things going, the taxpayers may properly and reproachfully inquire 'where are the nine?' These have been costing the property owners nine times \$8,000 per year, and the trouble is that they are getting a return from but one-third of the outlay."

The Chair said:

Gentlemen:—I hope you all listened to that.

Mr. Muldowney arose and said:

Mr. President:—I think the City suffered a severe loss when Mr. Houston was defeated.

The Chair said:

Did he lose? I didn't know that.

The Clerk continued reading:

"As to the apocryphal claim that he has 'saved' the taxpayers \$677,000, I demand that you obtain from the City Controller, Dr. J. P. Kerr, a statement whether any such saving exists and if so, whether Mr. Alderdice had anything to do with it. I also insist that the Councilmanic records be searched and a public statement made as to how Mr. Alderdice voted in 1931 on the motion to investigate the Department of Supplies.

"I assure Council that this is an honest effort on my part to do something for the hard-pressed home and commercial real estate owners whose situation is daily becoming more tragic. Since the affair became a matter of public discussion, many persons have come to me disclosing the names of those who are on the City payrolls drawing salaries up to \$4,800 in unnecessary and useless positions.

"When one considers that the head of many a household is struggling to maintain a home for his family and meet his tax bills on an income of less than \$100 a month, it is maddening to see his hard-earned money squandered on incompetent political hangers-on whose services could not be sold for any price on a competitive basis. Fully 35% of the City payroll is pure graft.

The Chair said:

I think Mr. Garland should have Mr. Houston appear before Council to make an explanation of that allegation.

Mr. Garland arose and said:

Mr. President:—You talk for yourself and give us a word of wisdom.

The Chair said:

Gentlemen, I want you to give attention to this. The Clerk will read that paragraph again.

The Clerk read:

"When one considers that the head of many a household is struggling to maintain a home for his family and meet his tax bills on an income of less than \$100 a month, it is maddening to see his hard-earned money squandered on incompetent political hangers-on whose service could not be sold for any price on a competitive basis. Fully 35% of the City payroll is pure graft."

The Chair said:

Gentlemen:—You have heard that. I

say positively and absolutely it is untrue. Proceed, Mr. Clerk.

The Clerk continued reading:

"This is said to be a free country, but the Children of Israel in Egypt were never in more abject bondage than the people of Pittsburgh under the present machine rule. Even in the day of prosperity, the tax burden was excessive, but to continue it in a period of adversity, and possibly permanent deflation, is to demand 'bricks without straw.' I ask for prompt action on my complaint and assure the Council that the citizens are not going to tolerate a repetition of the farce enacted during the Supply Department exposure.

"Yours truly,

JOHN D. HOUSTON."

The Chair said:

Gentlemen:—You have heard this communication read a second time in a distinct tone of voice. What is your pleasure?

Mr. Anderson said:

Mr. Chairman:—I move that it be laid over until we get the reports asked for.

The Chair said:

The Chair is going to ask Mr. Houston to confront Mr. Alderdice on Wednesday. There is enough in this letter to justify an investigation, and I am going to ask Mr. Houston to appear before Council on Wednesday, and present any evidence that he cares to, and in the meantime a copy of his letter will be referred to Director Dunlap for a check-up and report as to the allegations there, as to whether the specifications were changed or not, and we will also ask the Controller what his reaction is on these suggestions and for any other suggestions he cares to make, and also ask the Department of Law in regard to the City collecting on the bond of Mr. Succop, which will be done at the proper time.

Mr. Garland arose and said:

Mr. Chairman:—Refer the matter to the Law Department and let them give us an answer.

The Chair said:

They will do that at the proper time. Mr. Benner will you please tell us when the proper time will be to act on that.

Mr. Benner said:

Mr. President:—We can start to

work up the case, and if any proceedings are to be instituted, we can determine that.

The Chair said:

Is there any other information you gentlemen desire?

Mr. Anderson said:

Mr. President:—I move that the communication be laid over until we receive these reports.

Which motion prevailed.

The Chair said:

Gentlemen:—While you are all here and it is fresh in your memory, Mr. Repert and Mr. Benner report that the coal mine fire in the 20th Ward, reported to Council last week and for which there is an emergency ordinance pending in the Finance Committee has crossed the street and caused the homes of several property owners to be placed in jeopardy. They ask that Council pass this emergency ordinance today.

Mr. Garland arose and said:

Mr. President:—When the matter was before Council last week we asked the Law Department to furnish an opinion and report as to whether the owners could not be held liable for the cost of extinguishing this fire.

The Chair said:

That report has been submitted and if there are no objections, we will take up the ordinance and then have the report of the Law Department read.

The Chair presented

No. 1644.

CITY OF PITTSBURGH, PENNSYLVANIA,
DEPARTMENT OF LAW

October 29, 1932.

Council of The City of Pittsburgh.

Gentlemen:

On Bill No. 1606, being a Bill for an Ordinance making an emergency appropriation and authorizing emergency contracts and work for the purpose of confining or extinguishing a fire near Herschel street, in the 20th Ward, which was referred to this Department for the purpose of furnishing additional information "as to whether the owner of the property under which the fire is burning can be held liable for any expenditures made by the City in extinguishing the fire,"—I beg to report as follows:

This question is not clear from doubt. There is very little law that can be discovered that bears upon the question at all.

In McCabe v. Watt, 224 Pa., 253, which was a Bill in Equity for a Mandatory Injunction in the case brought by McCabe et al. and the City of Carbondale v. Watt and the Finn Coal Company, the facts briefly were that a coal fire started in the surface property over a coal mine, which developed into a most serious fire. Watt bought the property while the fire was smouldering and leased it to the Coal Company. After the fire developed to the point that it became very serious, the Company spent practically its entire capital in trying to extinguish it, but without success. The Bill was then filed against Watt as owner of the ground and the Company as lessee, to compel them to extinguish the fire as a nuisance.

The Court said, in part:

"The fire continued to spread and has now reached such proportions as to menace the health and property of adjacent owners. It should be observed that all of these things have happened within the municipal limits of the City of Carbondale. The Complainants now ask a court of equity to compel appellant to do under its decree what it has failed to do after a year and a half of continuous effort and the expenditure of an amount of money equal to its entire capitalization. This, too, in the face of the fact that appellees have stood idly by and done nothing while the property of appellant was being destroyed by a consuming fire beyond its ability to control, and in its efforts to do so has become insolvent."

" * * * How can appellant be said to be maintaining a nuisance when it has expended its entire capital stock in an effort to abate it? If the fire ever was a nuisance in the legal sense, it has long ago spread beyond any such limitation, and should now be regarded and treated as a public enemy. The common interests of all citizens should be united in an effort to subdue it. Second, to warrant the granting of a mandatory injunction it must clearly appear that the legal rights of the complaining party are being invaded, or that the legal duties of the party against whom the writ is directed have been willfully and wantonly disregarded to the prejudice of the complainants. In the proceeding at bar we have to deal with the latter proposition. The proof does not measure up to this standard. It does not

clearly appear that appellant has willfully and wantonly neglected or refused to perform its duty, but on the other hand the whole record shows diligent and persistent effort to cope with the situation. The appellant stands before the court with its property burned or burning, its assets all consumed, and its treasury exhausted by the efforts made to control the fire. How can it be said under these circumstances that there has been any such clear failure or neglect of duty as the law requires to sustain a writ of mandatory injunction?"

In this case the Coal Company was the appellant. The Court also decided the case so far as Watt, the owner of the ground, was concerned and held him not responsible. (224 Pa., 259). The Court said:

"He did not start the fire and is in no way responsible for its burning * * *. This fire has reached the public enemy stage and it should be so treated by the public authorities. To hold that a city or county or other municipal division, each or all of them, cannot provide protection to the lives and property of citizens threatened with destruction by fire would be to place a seal of impotency on governmental functions and to deny that protection the law should afford an enlightened people. To fiddle on broken strings while Rome is burning is not in keeping with the spirit and purpose of the present generation."

The cases were decided March 29, 1909.

In 1910 another Bill brought by property owners against the City of Carbondale came before the Supreme Court: Cameron v. the City of Carbondale, 227 Pa., 472. This was a Bill for a Mandatory Injunction against the City to compel it to extinguish the fire concerning which the preceding cases were litigated. The Opinion showed that to extinguish the fire would cost a very large sum of money, which the City was unable to provide. The Court therefore held that the City could not be compelled to do a vain thing.

These cases seem to be without the backing of other cases in similar situations and it is very difficult to educe from them the real principles of law. It seems clear, however, from the statement by the Department of Public Works to Council that the fire at Herschel street has reached the public enemy stage and it is the duty of the City to do all it can to extinguish or con-

fine it. Apparently, the owner of the property has done nothing to help confine or extinguish the fire.

We advise you that as the fire is on the property of the owner, in our opinion it has a duty as well as the City to do what it can to extinguish the fire. Therefore, the City should appropriate sufficient money to cope with the situation; and when the fire is confined or extinguished and the expenditure ended, we will endeavor to recoup the City's cost from the owner.

Yours very truly,

THOS. M. BENNER,
First Asst. City Solicitor.

Which was read, received and filed.

Mr. Garland arose and said:

Mr. President:—I would like to ask Mr. Benner a question. Did you attempt to have the owner pay for this cost?

Mr. Benner said:

Mr. President and Gentlemen:—We did not because we don't know what it will cost.

Mr. Garland said:

Was there any attempt made to find out if the owner is willing to pay?

Mr. Benner said:

Yes, sir; the Department of Law wrote the owner.

Mr. Anderson said:

When was that?

Mr. Benner:

Last April.

Mr. Garland:

And since that time no further attempts have been made to have the owner extinguish this fire, or in case the city put out the fire, to attempt to collect the money expended for that purpose?

Mr. Little arose and said:

Mr. President:—That is a future consideration. The present matter before Council is an emergency, and that is what ought to be considered today.

Mr. Anderson said:

Mr. President:—We have expended quite a sum of money extinguishing these coal mine fires. It is time that steps should be taken by the City to compel the prop-

erty owners to block up the entrances to these mines to prevent mischievous boys building fires in them. In the present case we know perhaps they will start with \$20,000.00, but before the fire is extinguished we will discover that \$100,000.00 is not sufficient. That has been our experience in former cases.

Mr. Garland said:

Mr. Reppert, Can you find out whether the people who bought the land and built homes upon it thought the coal rights?

Mr. Benner said:

I will answer that. The Law Department is looking that up, but we have not yet determined the question. It might be the owners purchased the ground subject to the coal rights.

Mr. Garland said:

Mr. President:—When this question was up a week ago I asked two questions: Whether the Life Insurance Company is financially able to stand the cost as much as the city, and they have not been asked to pay to my knowledge or yours, and also asked whether if the city goes ahead they will pay, and if the people bought their property, house and lot, or the lot on which to put a house, subject to the coal rights. We should get that information.

Mr. Anderson said:

Mr. President:—We are informed that the fire is spreading, and the main thing before us today is whether the City is going to spend \$20,000.00, and within another month be asked to spend another like sum.

Mr. Little said:

Mr. President:—This is an emergency ordinance, submitted to Council by the Mayor and the City Controller, and I think we should act on this measure to permit the department to proceed with the work. The City Solicitor is negotiating with the owners at the present time with respect to paying the cost of this work, and that question can be settled later.

Mr. Garland said:

Mr. President:—I maintain that the City of Pittsburgh could have found out from the Home Office of the Insurance Company in Wheeling, West Virginia, whether they will pay or not. I will vote for the ordinance, but I say a lot of time has been lost in not securing this information.

Mr. McArdle arose and said:

Mr. President:—May I ask another question? Isn't it reasonable when you ask them to pay for something, they should not be asked at the same time to stop the fire within their own property?

Mr. Benner said:

I don't think so, because the fire is now beyond their property. We cannot ignore the existence of the fire. I might say in this connection, gentlemen, if the owner is liable, he is liable without being asked.

Mr. Garland said:

Are they financially able to take care of this?

Mr. Benner said:

Yes, Sir; from their financial statement.

The Chair said:

Mr. Reppert, You stated to me in the office that the fire has gone beyond the boundary line where you figured it would go and that you estimated it would cost \$20,000.00 to extinguish that fire. Mr. Anderson has very properly raised the question. Do you think \$20,000.00 will extinguish the fire?

Mr. C. M. Reppert, Chief Engineer, Department of Public Works, said:

Mr. President:—The Department will attempt to put the fire out for that amount.

The Chair said:

You told me in the office that because of this delay the fire spread and got under the street and the catch basins and curbing is down and that we will have to pay for an entirely new street.

Mr. Reppert said:

Yes, Sir; that is true, and the longer it is delayed the more it will cost. The fire is going across the entry and our street is affected and I don't know at present how much more it will cost.

The Chair said:

Have you exhausted all your efforts to get the property owners to extinguish the fire?

Mr. Reppert said:

The Department of Law has.

Mr. Garland said:

Did you write more than one letter to the people in Wheeling?

Mr. Benner said:

Yes, and I am getting a report to see whether they own the coal.

Mr. Garland said:

They have not been written to recently, have they?

Mr. Benner said:

Not within the last six months.

Mr. Garland said:

When no answer comes in, do you usually write them a second time?

Mr. Benner said:

Yes, Sir. This report only came in a few weeks ago. It doesn't make any difference whether they say they will pay or not. If they are liable, they are liable, under the law.

Mr. Anderson said:

The Council is concerned about the cost. Who is in immediate danger now, Mr. Reppert?

Mr. Reppert said:

The street in the first place, the paving, the sewers and various utilities. On the other side of the street, 100 feet towards Steuben street, there are several small houses, to my mind, which would be in danger. Of course, the farther this fire goes, particularly if it goes into an old working, the more risk it will be to these houses. We are trying to locate these workings. It is pretty much of a chance until we open it up. It is an old mine.

Mr. Anderson said:

I think every effort should be used that the engineers first get at the dangers, and in the meantime if this money is appropriated, they find out where the responsibility lies.

Mr. Reppert said:

We made the estimate furnished Council on conditions we found two weeks ago. The fire is spreading along the outcrop and next week it may have progressed farther if something is not done immediately to stop it. If we are given permission to spend this money, we will cut it off entirely. We have written to the Director of the Bureau of Mines in Washington and he has agreed to assign us a mining engineer on this job. It is a difficult piece of work, but we will do it as economically as we know how.

Mr. Anderson said:

How much of this property is on fire that the firm in West Virginia owns?

Mr. Reppert said:

The fire has gone beyond this property.

Mr. Anderson said:

Is it all on public or private property?

Mr. Reppert said:

It is all on private property except on the street.

Mr. Anderson said:

Would the private people be responsible for their share of the cost?

Mr. Reppert said:

They are the victims of circumstances. Here is a fire going through their property. So far as the people who have houses that are being undermined, they are victims of circumstances, but they are not responsible.

Mr. Anderson said:

Mr. Reppert, I would like to ask one question: Is it the intention of the department to confine this fire where it started, on the properties of this company in West Virginia?

Mr. Reppert said:

It will go through the workings to the surrounding property. It has crossed other people's property and gone through an old entry.

The Chair said:

Suppose you tell the members of Council exactly what you told me, that this fire was so close to the street that the manholes and catch basins will collapse.

Mr. Reppert said:

Mr. President:—That is true and exactly what I informed you.

The Chair said:

Isn't it true that we will have to dig up the street to check the fire?

Mr. Reppert:

Yes, Sir.

The Chair:

That is the only way we will have to approach it. If we wait much longer the fire will be under the houses. Don't let us

fiddle while Rome burns. Don't let us argue while the houses are burning. Mr. Reppert says that it will cost \$5,000 more this week than last week, and he tells me while we are talking it is costing money. The first action will be to recall these bills from the Finance Committee.

Mr. Anderson said:

How is this work to be done?

Mr. Reppert said:

The work will be done as an emergency contract.

Mr. Anderson said:

Who is going to do it?

Mr. Reppert said:

The Director is taking informal bids from five responsible contractors.

Mr. Anderson said:

That answers my question.

Mr. McArdle said:

Mr. President:—Before you call for a vote on this ordinance, in the discussion here it might be taken to be understood that there is certain work in there involving the reconstruction of either street or sewer projects, and I call attention to the fact that the language of this emergency appropriation will not permit its fund to be used for that purpose, so that if that question is involved, the department had better have in mind means of financing it.

The Chair said:

Mr. Benner says that was taken into consideration, and the proper ordinance for the reconstruction of the street and the sewer will be prepared and submitted to Council later.

Mr. Little moved

That Bills Nos. 1605, 1612 and 1606 be recalled from the Committee on Finance.

Which motion prevailed.

And the Chair took up

Bill No. 1605. Communication from the Mayor and the City Controller certifying as to the need of an emergency appropriation of \$20,000.00 for the extinguishment or control of the mine fire under Herschel street, 20th Ward.

In Council, Oct. 25, 1932, read and referred to the Committee on Finance.

Which was read, received and filed.

Also

Bill No. 1612.

DEPARTMENT OF LAW.

To The Honorable, The Council

Of The City of Pittsburgh.

Gentlemen:

On Bill No. 1606, being a Bill for an emergency appropriation due to a mine fire on property owned by the Conservative Life Insurance Company, in the area bounded by Herschel St., Hassler St. and Noblestown road, on which you ask me to render an opinion as to whether or not the owner of the property was under personal obligation to reimburse the City for the expense occasioned by the City taking the steps to extinguish or confine the fire, I have been unable in the short time at hand to make an investigation thorough enough to positively say that the City can or cannot recover compensation accordingly. It appears from such investigation as I have been able to make that at common law there was no right in the municipality to recover such compensation.

This is borne out by the fact that the Legislature passed the Act of May 6, 1915, P. L. 262, amended by the Act of May 25, 1921, P. L. 1111—53 Purdon's, Section 2301. This Act says in part:

"Where a fire originates on the premises, in cities of the second class,, occupied by any person, firm, or corporation, as a result of his or its criminal intent, design, or wilful negligence, or where said person, firm or corporation has failed to comply with any law or ordinance of said cities, or any lawful regulation or requirement of any State or municipal authority, enacted or made for the prevention of fire or spreading thereof, such person, firm or corporation shall, in addition to the present penalties for the punishment of persons convicted of arson, or the payment of any fine or penalty for the violation of any law, ordinance, or lawful regulation or requirement of any State or municipal authority enacted or made for the prevention of fire or the spreading thereof, be liable in a civil action to said cities . . . for the payment of all costs and expenses of the fire departments of said cities . . . incurred in and about the use of employees receiving compensation for services, apparatus, and material in the extinguish-

ment of, or any attempt to extinguish, any fire originating as aforesaid. The amount of such costs and expenses shall be determined by the directors of the department of public safety."

This Act is quite narrow in its terms and appears to be confined to fires caused by arson or wilful negligence or failure to comply with any law or ordinance enacted or made for the prevention of fire or the spreading thereof.

As I have no knowledge as to the origin of this fire, I am unable to say whether or not this Act has any application. In view of the fact that the statute uses the word "premises," the application of the Act might be confined to the surface of the ground.

Yours respectfully,

THOMAS M. BENNER,
First Asst. City Solicitor.

In Council, Oct. 25, 1932, read and referred to the Committee on Finance.

Which was read, received and filed.

Also

Bill No. 1606. An Ordinance entitled, "An Ordinance making an emergency appropriation and authorizing emergency contracts and work for the purpose of confining or extinguishing a fire near Herschel street in the 20th Ward."

In Council, Oct. 25, 1932, Bill read and referred to the Committee on Finance.

Which was read.

Mr. Little moved

A suspension of Rule VIII, providing for mailing of printed copies of all ordinances and resolutions to each member of Council at least 48 hours previous to the final consideration of such papers by Council.

Which motion prevailed.

Mr. Little moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law and were:

Ayes:—Messrs.

Anderson

Connelley

Garland

Little

McArdle

Muldowney

Soost

Herron, (Pres't.)

When the name of Mr. Garland was called, he arose and said:

Mr. President:—I am going to vote AYE on this ordinance, but I would like to say that the Law Department should take particular note of it and see that the cost is charged against the insurance company. It is a simple matter to go down to Wheeling in an hour or two and get an answer. Maybe out of the goodness of their hearts they will pay for it. It is their property, not our property. The mine has been closed down for a number of years, and it is possible that boys wandered into it and set it on fire. If we are going to pay the cost of putting out fires in all these abandoned coal mines, it will amount to a considerable sum, and something should be done by the City to have the owners block up the entrance to prevent any persons entering same. I think a survey should be made of all these abandoned mines and the owners asked to place a watchman there to keep people out. If people are prevented from going into these mines, there is no danger of fires starting. I hope the Law Department will take all steps necessary to try to hold the owners responsible for whatever cost the City incurs in extinguishing this fire.

Ayes 8. Noes none.

And all of the votes of the members present being in the affirmative, the bill passed finally, as provided in Section 12 of the Act of May 31, 1911, relative to the passage of bills in case of public emergency.

Mr. Garland moved

That the Chief Engineer of the Department of City Planning make a survey showing all abandoned coal mines within the limits of the City of Pittsburgh and that the Law Department be instructed to notify the owners of such mines to block up the entrances or provide watchmen, and that in case of fire, the City will hold such owners responsible for all damages.

Which motion prevailed.

REPORTS OF COMMITTEES

DEPARTMENT OF PUBLIC WORKS

October 27, 1932.

SUBJECT: Council Bill 1581—Bennett Street Relief Sewer.

Committee on Public Works,

Council, City of Pittsburgh.

Gentlemen:

In response to request of Committee on Public Works at meeting held October 25, 1932 for a report on Bill 1581, an Ordinance providing additional funds for the completion of the Bennett street relief sewer, we have to advise.

The Bennett street relief sewer is being constructed to relieve a serious drainage condition in the Bennett street district. As previously reported to Council the existing small pipe sewers were utterly inadequate to carry off the drainage during rain storms with the consequence that a number of properties in this district, particularly on Bennett street, were being damaged. This condition had been existing for some years and had become so aggravated that this department was forced to inform Council as to the condition and as a result authorization was previously given for the construction of the sewer.

Following the authorization for the construction of the sewer as an unemployment relief project, work was begun by City forces on or about Sept. 6, 1932. The new sewer

extends along Bennett street from Sterrett street to a point east of Collier street. The sewer is a reinforced concrete pipe sewer 30" in diameter and the average depth of trench in which the sewer is being constructed is 14 ft., the maximum about 18 ft.

The sewer is being constructed under rather unusual soil conditions in that for the greater part of the length the material is flowing sand. This condition necessitates very careful and close bracing. It has been necessary in order to prevent the flow of sand which would result in settlement of street pavement and possibly of buildings to close-sheet the trench from top to bottom.

The work has proceeded in a very satisfactory manner and we believe in a very efficient manner.

At the present time the trench has been opened practically throughout the length of the improvement, part of the same has been backfilled but a very considerable length of trench is still opened.

We would say that it would be very unwise to abandon the work at this stage. If it were to be abandoned now the improvement would not be serviceable, the hazard and interference with traffic owing to the bracings of trench on the street would continue and it is not particularly wise to keep an open deep trench exposed any longer than necessary.

We would further report that we have discontinued all work on this improvement as of the close of work, Wednesday, October 26th, except watchmen services and some necessary minor work.

We would be very glad indeed to have Council inspect this work and if they desire to look over our complete records of cost so that they can ascertain that the money has been spent in a wise manner.

Yours very truly,

EDWARD G. LANG,

Director.

Which was read, received and filed.

And the bill, as read a second time was agreed to.

And the bill was read a third time and agreed to.

MOTIONS AND RESOLUTIONS.

The Chair presented

No. 1724. WHEREAS, It has come to our notice that the Township of Mount Lebanon has appealed to the Public Service Commission for an adjustment in water rates; and,

WHEREAS, The South Pittsburgh Water Company has not responded to the invitation of this Council to voluntarily submit a revised schedule of water rates in the interests of the residents of the City of Pittsburgh now being served by this Company; and,

WHEREAS, It is of the utmost importance that the City be thoroughly familiar with the facts developed by this controversy, and that the best interests of the citizens of the City may thus be served; Now, therefore, be it

RESOLVED, That the Mayor be requested to instruct the City Solicitor to confer with the authorities of the Township of Mt. Lebanon and offer such aid in furnishing data, etc., as may be desired and assist in any manner possible in securing an equitable water rate which may react to the benefit of users of water supplied by the South Pittsburgh Water Company who are residents of the City of Pittsburgh.

Which was read.

Mr. Little moved

The adoption of the resolution.

Which motion prevailed.

The Chair said:

Gentlemen: The first meeting of the Tax Committee was held Election Day. They are to meet here this afternoon. They accepted this work. They want it understood that it will take some time to make a report. I told them that I would have a resolution prepared for this afternoon's meeting, and if it meets with your approval we will adopt same.

The Chair presented

No. 1725. WHEREAS, The Committee appointed by Council to study ways and means for additional revenue, to the end that real estate may be relieved, as far as possible, of the burden of taxation now borne; and,

WHEREAS, Council realizes that the members are devoting this time for the interests of all the taxpayers of the City of Pittsburgh, and that they are doing this despite their active participation in their own business matters; Now, therefore, be it

RESOLVED, That Council does pledge itself to most serious consideration of any and all recommendations which may be made by this Committee and that any information regarding financial affairs of the City will be furnished, as will also such clerical or other assistance, from present city forces, as may be desired; and, be it further

RESOLVED, That Council request the Committee to submit any facts which may be developed by its studies which would be of assistance in the preparation of the Budget for 1933.

Which was read.

Mr. Little moved

The adoption of the resolution.

Mr. McArdle arose and said:

Mr. President: We might clarify matters if you include in that a direction to the various governmental departments to give this committee such information as they may need.

The Chair said:

We will notify the Mayor that this is our thought and ask his cooperation through the various heads of departments.

And the question recurring on the adoption of the resolution.

The motion prevailed.

Mr. Garland moved

That the Minutes of Council, at the meeting held on Monday, November 7, 1932, be approved.

Which motion prevailed.

Mr. Anderson moved

That the Director of the Department of Public Works be requested to furnish a report as to the progress of the work in extinguishing the coal mine fire under Herschel street, and what amount of money has been expended.

Which motion prevailed.

And there being no further business before the meeting, the Chair declared

Council adjourned.

Which motion prevailed.

And the bill, as amended in committee and agreed to by Council, was read.

Mr. Little moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. Chas P. Lang, Special Assistant City Solicitor, being present, said:

Mr. President and Members of Council:—When this ordinance was referred to the Department of Law for an opinion, we recommended that the customary clause of 50 years be inserted, and Council accordingly amended the ordinance. Since the committee meeting the Counsel for the Pittsburgh Railways Company have consulted with us and are of the opinion that such a limitation should not be imposed upon them on this franchise, inasmuch as their grant for the right-of-way, granted by the Councils of the former City of Allegheny, is perpetual.

It is a matter of policy with the Council whether this clause should remain in the ordinance or not. If this clause remains in the ordinance as it is now, it will put that short stretch of track under the 50-year limitation while the balance of the right-of-way remains perpetual.

This re-alignment of their track is brought about by the fact that the City is straightening California avenue, and the City is asking the Railways Company to remove the track from the angular street and put it on the new street. I think it is all right for the Council to eliminate that clause from the ordinance.

The Chair said:

Gentlemen:—I had the bill printed, so that if in the judgment of Council it should be permitted as a perpetual franchise, you can strike out the 50-year clause, so that it will not in any way delay the passage of the ordinance today. Mr. Wasson, counsel for the Railways Company, stated to me that his Company could not afford to accept this franchise in its present form. Director Lang also urges prompt action on this franchise so that they can proceed with the improvement of California avenue.

Mr. Anderson arose and said:

Mr. President:—It was stated to this Council many times by Mr. Thompson who was the head of the Railways, that the trouble with the Pittsburgh Railways Company putting it on the verge of bankruptcy was due to these perpetual franchises; that it was not necessary to extend the bonds over 50 years. The Company took such a stand on Diamond street and since that time the grants have been limited to 50 years, and I cannot see any reason to change the

policy of the Council at this time. I think it will work out to the advantage of the company. We should not go back to the policy of granting perpetual franchises. I think it is wrong, and everybody in America thinks it is wrong. The policy has been changed throughout the country and Council should go along with the policy they have adopted. To me it is the most unreasonable grant that the city could think about giving. I think they are on the right track now and should stay there. For my part I will vote to eliminate the section. I cannot see any reason in the world why the straightening of California avenue and the removal of the tracks around the curve is any different than granting a new franchise. I am interested in the policy adopted by Council to keep away from granting perpetual franchises. No one knows who the Pleasant Valley Railway Company is, where their interest lies, and I don't know of anything that this Council could do that would work to the detriment of the City more than to make this franchise perpetual.

The Chair said:

It is simply a re-location. We are not granting a perpetual franchise. If this were a new street they were entering up, then in that case the grant would be for 50 years to conform to our set policy, but such is not the case here. It is not a perpetual franchise over a new street. We don't want to do anything to hurt the Pittsburgh Railways Company, and if this helps out their financial project, I think we should acquiesce in their request. It is not putting this Council on record as granting perpetual franchises. It is merely giving them something which they already have. It is not a new street that is being entered upon. We have for the past 15 years only granted 50-year privileges. In this case we cannot help ourselves; we must go along with their request.

Mr. Anderson arose and said:

In answer to the President, I want to say that I am very well acquainted with the conditions down there; the properties that these tracks will be laid on; buildings torn down, and it is re-locating a street through private property, and it is no different than any other street that I know of in the City of Pittsburgh. It is straightening the street out and laying new tracks thereon.

The Chair said

It is taking care of service now being rendered in that neighborhood.

Mr. Anderson said:

Mr. President:—It is re-routing cars on a straight line where car tracks were never laid before. It is a new grant, and there is nothing else to it. I have been on the property a dozen times and am familiar with the conditions existing down there.

The Chair said:

This is eliminating a dangerous curve. The street car company did not ask for it, and the City is putting the Company to considerable expense by asking them to relocate their tracks. It is just letting them retain what they already have. Mr. Wasson, do you mind telling the Council what the trouble is?

Mr. Henry G. Wasson, Jr., Counsel for the Pittsburgh Railways Company, said:

Mr. President and Members of Council:—The Railways Company is not asking for a thing here. They are contented with their franchise as it now exists. It is the City asking the Railways Company to relocate its tracks, and the City is asking the Company under the ordinance for a limited franchise for an unlimited want. They are asking them to spend money which they could not compel them to spend under law, and Mr. Lang will agree with me. In view of those circumstances the Railways Company should be given the same rights in the new location as they enjoy in the old location, and if those rights are not given the tracks will remain where they are.

Mr. Anderson arose and said:

The gentleman will agree that it is the granting of a new franchise.

Mr. Wasson said:

Mr. Anderson, It is giving us identical rights on California avenue as we now enjoy under the old franchise. This track is covered not by one but by three mortgages, and to agree to a limited franchise we would have to get the consent of the trustees.

Mr. Little arose and said:

Mr. President:—I agree with Mr. Anderson on the question of new franchises, that we should not deviate from our policy of 50 years, but in this case we are only giving the Company something they already possess. It is to the advantage of the City

to relocate these tracks to the new street. If we don't give them what they want they will remain where they are, which is a dangerous situation.

Mr. Little moved

To amend the bill by striking out section 8, as follows: "Section 8. The rights and privileges hereby granted shall be limited to a period of fifty years."

Which motion prevailed.

And the bill as read a second time and amended was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law and were:

Ayes:—Messrs.

Connelley	Muldowney
Garland	Soost
Little	Herron, (Pres't.)

Noes:—Mr. Anderson.

Ayes 6. Noes 1.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

MOTIONS AND RESOLUTIONS

Mr. Connelley moved

That the Minutes of Council of Monday, November 14, 1932, be approved.

Which motion prevailed.

The Chair said:

Gentlemen:—Earlier in our deliberations this year we found we had some money coming from the State of Pennsylvania for taxes paid on gas. Mr. Lang, are you taking any steps to collect this money?

Mr. Chas. P. Lang, Special Assistant City Solicitor, said:

Mr. President and Members of Council:—Under the Act of 1929 the Attorney-General ruled that all municipalities should pay the tax even where the gasoline was used in its governmental function. The city being ready to accept the Attorney-General's opinion paid the tax. Subsequent to our paying the tax the Supreme Court of Pennsylvania said it was unconstitutional and that the various municipalities were not liable for this tax. Then the Finance Board de-

eided that they would make a refund to the various municipalities who had paid it. In my trip to Harrisburg I had them agree to a refund for the figure which we would show them.

The Chair said

What is the amount?

Mr. Lang said

I don't know. I will have to get that from the City Controller's office.

The Chair said:

Can you have it for us this year?

Mr. Lang said:

I think so.

The Chair said:

Will some member of Council make a motion that the City Controller furnish this data to the City Solicitor?

Mr. Muldowney moved

That the City Controller be requested to furnish the City Solicitor the amount of refund due from the State of Pennsylvania on the gasoline tax, so that the City may be able to collect this money.

Which motion prevailed.

And on motion of Mr. Muldowney

Council adjourned.

No. 1786.

CITY OF PITTSBURGH
OFFICE OF THE MAYOR

November 8th, 1932.

To the President,

And Members of Council,

City of Pittsburgh.

Gentlemen:

I am transmitting herewith the tentative budget estimates for the year 1933.

The.. Salary.. Schedules. call. for ..twelve

months, instead of eleven months as appropriated in 1932, with the exception of the positions in the various divisions of the Bureau of Engineering, where, because of estimates of probable furloughs, the salary schedules call for about \$63,000.00 less than was appropriated in 1932..... If the Salary Schedules are placed on an eleven months' basis, the same as last year, there would be a decrease of \$691,000.00, over the 1932 appropriations.

The 1933 estimates call for \$149,000 more than the 1932 appropriations because of the fact that there was included about \$840,000.00, more for salaries than appropriated in 1932, as well as an increase of approximately \$310,000.00 in the Sinking Fund requirements; consequently the other items of the estimates show a decrease of \$1,000,000.00, from the 1932 appropriations.

The Salary Schedules have been prepared on a full-time basis, except as noted in the preceding paragraph, because it is believed that much better results would be obtained if any action taken as to reduction in the number of positions now authorized, of rates of compensation, or of time allowances for both salaried and per diem employees, was the result of careful study and joint action by the legislative and executive branches of the City Government, and I shall be glad at any time to meet with Council for the consideration of any changes that seem advisable. Such consideration seems particularly important in view of the fact that the Departmental Estimates, other than those for salaries and sinking funds, are over \$1,000,000.00 less than the 1932 appropriations, and it does not seem possible that any very considerable further reduction can be made in these items without a considerable curtailment of the present City activities.

If the Treasurer's receipts of the current tax levy in 1933 are the same percentage as the 1932 collections, about 73.3%, whereas the 1932 collections were estimated to be 81%, or about 8% more than was actually collected, and the water rents, delinquent taxes, and water rents, and other miscellaneous receipts, equal \$7,400,000.00, about the same as now estimated for 1932, it would require a greater tax millage for 1933.

The estimates as submitted for 1933, based on 73.3% collection, or 8% less which equals \$1,600,000.00 less than the estimated collections for 1932, would necessarily entail an increase in the tax millage for 1933 of 4

mills on land and two mills on buildings, based on the 1932 property valuations. If the tax collections for 1933 could be estimated on an 81% basis as they were for 1932, and the other receipts were as much as estimated for 1932, the 1933 millage would be the same as for 1932.

Respectfully submitted,

CHARLES H. KLINE,
Mayor.

Also

No. 1787. Departmental Estimates for Budget of 1933, City of Pittsburgh.

Which were read and referred to the Committee on Finance.

Mr. Garland presented

No. 1860.

City of Pittsburgh, Penna.,

December 1, 1932.

Mr. Robert Clark,

City Clerk.

Dear Sir:

November 29, 1932, at a meeting of the Finance Committee of Council, Bill No. 1735, authorizing the leasing of property on Carson street West to the Vacuum Oil Co., as amended, was affirmatively recommended by said Committee for passage by Council.

The Bill, I understand, will come up before Council on Monday, December 5, 1932, for final passage. At the request of counsel for the Vacuum Oil Co., I ask that this Bill be returned to the Finance Committee for further consideration of a provision in said proposed Lease.

Very truly yours,

THOS. M. BENNER.

First Asst. City Solicitor.

Which was read, received and filed.

Mr. McArdle arose and said:

Mr. Chairman, The matter referred to in Mr. Benner's communication is an objection raised by the Vacuum Oil Company to the reduction of the original term of that grant; and being the one who suggested its return and suggested its amendment, I want to move now to amend the bill so as to take its original form, for the reason that the other property involved in the transfer of this gasoline station from Mr. Lang to the Vacuum Oil Company is owned by the Pittsburgh Railways Company and is on a lease that expires at the time this would, that

is, five years hence; and inasmuch as the bill contains a 60-day clause, the City will be fully protected in case the property is desired for some other municipal purpose.

I shall therefore move that the bill take its original form, without amendment, and call attention to the reason I am doing this—we can use the printed files in their present form, without amendment, however, and thus make it unnecessary to lay the bill over for re-printing.

Mr. McArdle moved

To amend the resolution by striking out the words "June 1, 1931," and by inserting in lieu thereof, the words "December 1, 1932," which leaves the resolution in its original form previous to amendment in Finance Committee.

Which motion prevailed.

And the resolution having been printed and placed on the members' desks, as amended, was read a third time, and upon final passage, the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Anderson
Connelley
Garland
Little

McArdle
Muldowney
Soost
Herron (Pres't.)

Ayes 8. Noes none.

And a majority of the votes of Council being in the affirmative, the resolution passed finally.

Mr. Little presented

No. 1861. Report of the Committee on Public Works for November 29, 1932, transmitting an ordinance to Council.

Which was read, received and filed.

Also, with an affirmative recommendation.

Bill No. 1624. An Ordinance entitled, "An Ordinance opening Fallowfield avenue, in the 19th Ward of the City of Pittsburgh, from Rigdon street southwardly to the south line of the Curran-Algeo Plan of Lots, and providing that the costs, damages and expenses occasioned thereby be assessed against and collected from properties benefited thereby."

Which was read.

Mr. Little moved

A suspension of the rule to allow

the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law and were:

Ayes:--Messrs.

Anderson	McArdle
Connelley	Muklowney
Garland	Soost
Little	Herron, (Pres't.)

Ayes 8. Noes none.

And there being three-fourths of the votes of Council in the affirmative, the bill passed finally in accordance with the provisions of the Act of Assembly of May 22, 1895, and the several supplements thereto.

UNFINISHED BUSINESS

The Chair took up

Bill No. 1665. An Ordinance entitled, "An Ordinance authorizing the refunding of \$1,377.78 to the Pittsburgh City Gardens Company for overpaid taxes for the years 1922, 1923 and 1924 on property located on Premier street et al., 10th Ward."

In Council, Nov. 28, 1932, Bill read and laid over pending receipt of report of Board of Assessors.

Which was read a second time.

The Chair also presented
No. 1862.

City of Pittsburgh, Penna.,
November 29, 1932.

To The Finance Committee,
City Council,
Pittsburgh.

Gentlemen:

With reference to Bill No. 1655, an Ordinance authorizing the refunding of \$1,377.78 to the Pittsburgh City Gardens Company for overpaid taxes for the years 1922, 1923 and 1924, on property located on Premier street et al., 10th Ward.

We have checked the assessments on the property owned by the Pittsburgh City Gardens Company located in the 10th Ward and find that the assessments of \$27,258 in 1922, \$21,273 in 1923, and \$20,358 in 1924 are correct as the amount of excess assessments in the re-valuation that was made of certain vacant lots in the City Gardens Plan, as compared with similar lots on Premier and other streets in the vicinity.

The amount of \$1,377.78 is the correct amount as computed on the tax levies of 1922, 1923 and 1924.

Yours very truly,

THOMAS C. McMAHON,
Chief Assessor.

Which was read, received and filed.

And the bill, as read a second time, was agreed to.

Mr. Garland moved

A suspension of the rule to allow the third reading and final passage of the bill.

Which motion prevailed.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law and were:

Ayes:--Messrs.

Anderson	McArdle
Connelley	Muklowney
Garland	Soost
Little	Herron (Pres't.)

Ayes 8. Noes none.

And there being two-thirds of the votes of Council in the affirmative, the bill passed finally.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1815. An Ordinance entitled, "An Ordinance re-establishing the grade of Balkam street, from West Lacock street to the Pittsburgh, Fort Wayne and Chicago Railroad."

Which was read.

Mr. McArdle moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. McArdle arose and said:

Mr. President: I think it ought to be noted in the record that these bills for the re-establishment of the grades on the several streets named are for the purpose of re-fixing at the high level the grades as necessary to carry out the improvement program begun a few years ago, and partially completed.

And that in connection with these grades we have been advised by the Law Department that the Court has taken the position that the property owners had the right to an adjudication of damages throughout the district rather than limiting it to the improved part, and that, therefore, these new high level grades will not change the facts with respect to the charges made against the councilmanic credit, but that they will add further charges to be made in the future which might be incident to improvements made at the low grade.

And these grades will further provide for the consummation of the improvement as already planned at such time as the city determines to go through with it.

Mr. Little arose and said:

Mr. President: I concur in the statement of Mr. McArdle, and wish to state that the passage of these ordinances re-establishing the grades of the streets on the high level will permit the City to carry out the

improvement program as agreed upon several years ago, and part of which is partially completed. This will not affect the councilmanic credit, as the amount of the improvement and the estimated amount of property damages have already been taken into consideration.

And the bill as read a second time was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

Mr. Garland (for Mr. English) presented

No. 1912. Report of the Committee on Finance for December 13, 1932, transmitting several ordinances and resolutions to council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1864. An Ordinance entitled, "An Ordinance authorizing an agreement between the City of Pittsburgh and the Borough of Swissvale, providing for the construction, maintenance and repairs of a Separate Branch Sewer through Frick Park, from the dividing line between the said City and Borough at Braddock avenue to the existing Nine Mile Run Trunk Sewer southwest of Trevanion avenue, and further providing for the maintenance, repairs and the payment to the City of the pro rata share of the cost of the Nine Mile Run Trunk Sewer, from a point southwest of Trevanion avenue to the Monongahela river."

Which was read.

Mr. Garland moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law and were:

Ayes:—Messrs.

Anderson	McArdle
Connelley	Muldowney
Garland	Soost
Little	Herron, (Pres't.)

Also

Bill No. 1869. An Ordinance entitled, "An Ordinance amending Section 5 of an ordinance entitled, 'An Ordinance designating depositories for the moneys of the City of Pittsburgh, to regulate deposits therein, and to provide for the payment of interest thereon,' approved December 5, 1930."

Which was read.

Mr. Garland moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. Garland arose and said:

Mr. President: I desire to ask the City Solicitor, Mr. Waldschmidt, a question before final action is taken on this ordinance. In this amendment to the Depository Ordinance it says:

"The active depositories shall pay the City interest on the monies deposited by the City with them at the rate of Two (2%) per centum per annum and furnish security as hereinbefore provided for; the inactive depositories shall pay the City Two and one-fourth (2¼%) per centum per annum on daily balances of the funds held by or deposited with them respectively. Said change of interest rate as to the inactive depositories to be effective as of January 1, 1933; payment of interest to be made quarterly on March 31st, June 30th, September 30th and December 31st of each year."

It does not say anything about security for the inactive accounts. Mr. Waldschmidt, this may be taken care of in the original ordinance, but does not this ordinance repeal the original ordinance?

Mr. Charles A. Waldschmidt, City Solicitor, said:

Mr. President: In answer to Mr. Garland, I wish to state that this ordinance only amends Section 5 of the original ordinance, and this is in accordance with Section 5 of the other ordinance, and the other section provides for the security of the money in the inactive accounts.

Mr. McArdle arose and said:

Mr. President: I want to ask about the other bill calling for an extension of the present depository contract, whether un-

der the ordinance it will be necessary, on the part of the City Treasurer, to enter into an agreement with the banks to carry this into effect?

Mr. Waldschmidt said:

Mr. President: The City Treasurer has already notified all the banks and they have agreed to carry on under the terms of the present ordinance.

Mr. McArdle said:

You will furnish the City Treasurer with the form of contract for entering into such an agreement?

Mr. Waldschmidt said:

Yes, sir; this has already been done, and as to what Mr. Garland asks I will let you know promptly.

Later Mr. Waldschmidt appeared and said:

Mr. President: In answer to Mr. Garland, I wish to state that the passage of this ordinance does not repeal the provisions of the original ordinance; they remain in effect with the exception of Section 5 which has been amended by the present ordinance.

And the bill as read a second time was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The Chair presented
No. 1931.

City of Pittsburgh, Pa.,

December 27, 1932.

To the Council.

Gentlemen:

This is to certify that the ordinance fixing appropriations for conducting the business of the City of Pittsburgh for the year 1933, together with the Ordinance fixing the compensation to be paid to the employees of the City of Pittsburgh for the fiscal year 1933, are in accordance with the action of the Committee on Finance, sitting as the Budget Committee.

Very truly yours,

JAMES P. KERR,
City Controller.

Which was read, received and filed.

Mr. Garland arose and said:

Mr. President: That is not what we asked for in the motion. The motion in committee was, that the Controller should certify over his signature whether the budget will balance and whether, in his opinion, there would be a deficit at the end of the year.

The Chair said:

Mr. Garland, If you don't mind, I will have the Controller come up.

Mr. Garland said:

I would like it in writing. The controller can furnish this information in writing to Council tomorrow. Let him go according to the motion that was made in committee.

The Chair said:

All right, I will tell him. Is it perfectly satisfactory to you gentlemen to have the Controller furnish his report to Council tomorrow?

Mr. Garland moved

To amend the bill on page 4, item "1007-M" by striking out word "Street" and by inserting in lieu thereof the word "property"; page 47, by inserting after item "83-N, Maintenance Fund, \$12,050.00" the item "Central Application Bureau for Homeless and Destitute Men and Boys, 84-N, Maintenance Fund, \$4,600.00", and by striking out on page 48, the amount "\$42,000.00"

and by inserting in lieu thereof the amount "\$37,400.00", and on page 44, by striking out the amount "\$44,125.00" and by inserting in lieu thereof the amount "\$39,525.00", and by striking out the total "\$4,054,110.00" and by inserting in lieu thereof the total "\$4,049,510.00."

Which motion prevailed.

And the bill, as read a second time and amended, was agreed to, and laid over for reprinting.

Also

Bill No. 1872. An Ordinance entitled, "An Ordinance fixing the number of officers and employees of all departments of the City of Pittsburgh, and the rate of compensation thereof."

Which was read.

Mr. Little moved

Mr. Garland arose and said:

Mr. President: I would like to ask how these amendments came about? Why weren't they included in the original bill? Why are they brought up at the eleventh hour?

Mr. Little arose and said:

Mr. President: In answer to Mr. Garland, I wish to state that these amendments are for the purpose of correcting mistakes made in the original bill.

Mr. Garland arose and said:

Mr. President: I would like to ask what the trouble is. Do these amendments mean an increase in the total appropriated?

Mr. Little arose and said:

Mr. Breitenstein has the totals added up.

Mr. Garland arose and said:

What is the total amount involved in these amendments, the increase?

Mr. H. S. Breitenstein, Accountant in the Budget Controller's Office, said:

Mr. President: There is no increase in the salary of last year, but it is an increase in the amount originally appropriated of about \$8,000.00.

The Chair said:

Perhaps I better explain this. Last year the salary of Dr. Benz, Superintendent of the Bureau of Child Welfare, was reduced \$500.00, and if we applied this year a 16-2/3 per cent reduction to his 1932 salary his 1933 salary would be lower than he received when he first went to work for the City 14 years ago. The same applies to the Mayor's Secretary and others.

Mr. Anderson arose and said:

Mr. President: Do the members of Council have in mind what really happened last year? There was added to the budget nearly a half million dollars in salary increases.

The Chair said:

We reduced taxes last year. We reduced the appropriations nearly \$2,000,000. Study your budget.

Mr. Anderson said:

During the year you created the positions. We made the budget in 1931 for 1932, and that is what I am talking about, and these gentlemen, perhaps, were favored in some way. At that time I said that nearly a half million dollars was added to the budget by increases in salaries to certain individuals. At that time it was explained that these jobs were created with the understanding that they were only to be temporary.

The Chair said:

These positions have been in existence for 20 years.

Mr. Anderson said:

Mr. President: That is what I am

talking about. We are working under the budget.

The Chair said:

You are very much mistaken.

Mr. Anderson:

Mr. President: I am not mistaken.

The Chair:

We are speaking of them in the term of years.

Mr. Anderson:

Some of these men, Mr. President, I will venture to say, at least 90 per cent of them were working for the city at that time. The amount added to the payroll from 1929 to date is over a million dollars. I cannot understand why this action is taken when practically every city employee is undergoing a reduction.

The Chair:

Every one of these incumbents are taking substantial cuts. No salary increases were made in 1931.

Mr. Anderson:

I say, perhaps, to the amount of nearly a half million dollars. I can substantiate this statement by the minutes of council.

The Chair said:

It is just too bad you didn't study your book.

Mr. Garland arose and said:

Mr. President: These increases affect all persons who receive over \$2,500.00. You are not considering the lower paid employees. Mr. Anderson is right in his contention, but wrong as to the year. For the years 1930 and 1931 there was added to the appropriation approximately a million dollars in new positions and advances in salaries. It is very possible that some of the same people who are advanced here were advanced then. This is the thought in making the budget that should be taken into consideration. The outstanding point is that you are increasing people of large salaries and not the small salaried employees. You have your minds made up. You have sufficient votes to pass this bill. It comes to me the first time. I think it comes with bad taste and does not look good. You take these high salaried positions and increase them. There is not one of them under \$2,500.00. Take the position of the Superintendent of the Bureau of

Child Welfare—you raise him from \$3,750.00 to \$4,150.00. I don't know if any one of these people would leave the city service if his or her salary was not increased.

In regard to the men who are to work part-time. Does that mean part-time on bond work?

The Chair said:

It means we set up a sum of money to provide for these men. It permits the Director, with the consent of the men, to divide the work. The men had a meeting with Mr. Reppert and this is agreeable to both the department and the men.

Mr. Garland said:

They can work outside?

The Chair said:

Yes, sir.

Mr. Garland said:

Do you know what these increases amount to?

The Chair said:

\$11,500.00.

Mr. Anderson arose and said:

Mr. President: Just to keep this record straight. You told me to look up the record, and I did. At a meeting of Council, held Wednesday, December 30, 1931, in voting on the salary bill, I stated on the floor of this Council, "According to the reports I have from the City Clerks there has been granted a total increase from March, 1930 of \$435,161.00 in creating new jobs, and therefore making an expenditure of that amount of money." I said that last December 30 when I was talking about placing these jobs in this budget. At that time and the year before the same argument was before the Council in regard to the creation of jobs, and perhaps these same men were benefited since 1919. I am not going to quarrel with the members of Council as to the year. The figures I received were from the City Clerk. I called attention to this at the meeting of Council on Wednesday, December 30, 1931, and about the same time a year prior, the same argument was advanced on the floor of Council in regard to 150 positions created by the Council, and I venture to say the same amount of money added to the budget.

The members of Council have worked faithfully and earnestly on the budget, and I had hoped that there would be something

like an unanimous vote on it. I do not want to be forced to vote against the salary bill, but I am not going to vote for these amendments because I do not know what they mean.

I would like to have further time to consider these amendments, but if action is delayed on these bills until after the first of the year, I am informed by the President of Council it will cost the city \$8,000.00 a day.

I think it is the thought of every member of Council to act on this salary bill in an intelligent way, but this I cannot do because of the large number of amendments proposed at this late hour. I therefore object to any member of Council coming into Council and reading off a long list of amendments and expecting me as a member of Council, who is elected to take care of the taxpayers' interest, to say that I could vote intelligently on them. These amendments will add at least \$10,000.00 to this budget, as we have been told by the statistician. I will not vote for these amendments.

There are other items in this budget I am opposed to.

Mr. Chairman, I don't want to delay action on these bills, but it is unfair for you to ask the members of Council, not knowing what these men have received under former actions of the Council, to add this money to this budget. I will venture to say that some of them were benefited then as they are now.

The explanations or reasons given for adding this extra money to their salaries, that they did not get it last year, are not satisfactory to me.

The Chair said:

Every one of these men will receive less money this year than last year, and we are not adding a cent to the budget. The cut is not quite so severe for those who were cut last year. This budget is \$4,000,000 less than when we received it.

Mr. Anderson said:

Mr. President: You have a right to your opinion and I have a right to mine. I don't know why you did not take care of the deficit which you are expecting to take care of by the collection of delinquent taxes in 1933.

The Chair said:

I want to call Mr. Garland's atten-

tion to the fact that in 1930, we added \$1,000,000 to this budget.

Mr. Garland arose and said

Mr. President: I never said so. I said in 1930 and 1931 in the creation of positions and increases in salaries, they amounted to \$1,000,000.

The Chair said:

But \$700,000 of that was voted for by the people to give the firemen and policemen an increase in their pay.

Mr. Anderson arose and said:

Mr. President: That is outside of that.

The Chair said:

I am referring to Mr. Garland. What I want you to know is that we are standing here with a budget in which we have not increased a single salary and very reluctantly decreased others, but it was a tremendous task. Since the committee meeting on last Friday we have discovered some errors, and the motion of Mr. Little is to take care of them. This budget stands before you with nothing but decreases. There is not a single position added nor an increase in salary granted, and if you will make a comparison of the budget for 1933 with that for 1932 you will discover that there is nothing added to the budget. Last year we effected a 10 per cent reduction in taxes and this year there is another 10 per cent reduction.

Mr. Anderson arose and said:

Mr. President: In the Bureau of Detectives, you are putting a job back.

The Chair said:

We are taking it out.

Mr. Anderson arose and said:

I am talking about equalizing the authority. Now, you have one captain and you are going back to the old system. I would like to know the reason. I would also like to know the reason for a captain in the different police districts. The only reason for equalizing responsibility in the police districts is that the inspectors work too hard. There is nothing further from the truth. That is the information I received from some of the members of Council.

The Chair said:

You didn't hear that in Council.

Mr. Anderson said:

No, not in the Council itself, but from some of the members. I want to repeat under this method you are going back to the old system.

The Chair said:

The Inspector of Detectives has the entire City of Pittsburgh as his jurisdiction. An inspector of police has a certain district and has a captain under him. The Inspector of Detectives has the entire city; the same as the Traffic Inspector.

Mr. Anderson said:

Mr. President: Why don't you equalize the authority.

The Chair said:

Perhaps I better tell you that when a police officer takes the oath of office he is responsible to the people of Pittsburgh, and we don't propose in this budget to have anybody in command of the police department except the Superintendent of Police and the Director of the Department of Public Safety who are primarily always responsible to the people.

Mr. Anderson said:

Mr. President: Why does Council take it upon itself to divide the authority in this department, anyhow?

The Chair said:

Perhaps, for the purpose of having less buck-passing and more coordination.

Mr. Anderson:

Why, you are simply doubling the buck-passing by this method.

The Chair:

That is your opinion.

Mr. Anderson:

I am entitled to that. I don't care whether there are 100 or 500 people directing the activities of this department. It does not concern me. I am not seeking any favors, haven't received any and don't expect any, and whatever this Council does about things like this doesn't make a damn bit of difference to me.

The Chair said:

Far be it for me to quarrel with you, Mr. Anderson. Gentlemen, you heard this motion.

And the question recurring.

On the adoption of the amendments of-

ferred by Mr. Little, the Chair ordered the ayes and noes taken, and being taken were:

Ayes:—Messrs.

Connelley	Muldowney
Little	Soost
	Herron, (Pres't.)

Noes:—Messrs.

Anderson	Garland
	McArdle

When the name of Mr. Connelley was called, he arose and said:

Mr. President: In explanation of my vote on this motion, I want my colleagues to understand and the taxpayers of the City of Pittsburgh to understand that when we began the budget making we agreed to not increase salaries anywhere, nor to add any new positions to the payroll, and the Council has adhered to that principle. There is not in this budget a new position nor an increase in salary for any city employees. We are trying to balance the budget and I believe we have succeeded. The motion before us is to make adjustments in salaries and personnel, and in this rearrangement the decrease for some will not be as great as that for others, because in these particular positions, the persons holding them were given a reduction in salary this year, and we are trying to equalize the cut. This is not an increase at all, but merely an adjustment.

When the name of Mr. Garland was called, he arose and said:

Mr. President: I vote No. I don't understand just what the gentleman's logic is.

Ayes 5. Noes 3.

And a majority of the votes being in the affirmative, the motion prevailed.

And the bill, as read a second time and amended, was agreed to, and laid over for reprinting.

Mr. Garland arose and said:

Mr. President: In this amendment to the salary bill just voted upon, provision is made to employ certain men in the Department of Public Works, such as draftsmen, transmitters, rodmen and chainmen, on part-time basis. This a new venture as far as city employees are concerned, and the Chair explained that these men will give part of their time to the City and to other employment.

I move that the Director of the Depart-

ment of Public Works be requested to define by letter just what he intends to do with these employees provided for in the salary ordinance as part-time employees and how much time he expects these men will give to the city, and how much compensation they will receive, and whether they will also work for outside interests.

In explanation, I wish to state that people employed in similar positions by the Jones & Laughlin Steel Corporation, the American Bridge Company, the Koppers Company and other industrial establishments in Pittsburgh have suffered a considerable reduction in salary, and I am sure that these employees could be gotten for full time at the salaries fixed in this motion.

Mr. McArdle arose and said:

Mr. Garland, I would like to ask the Chair, if this bill as amended isn't to be interpreted in the cases referred to by Mr. Garland, that the individual would work a certain number of months and weeks at the rate of pay set up in this bill.

The Chair said:

Certainly.

Mr. Garland arose and said:

Let the Director of the Department of Public Works furnish that information in writing.

The Chair said:

We don't add any additional sums. These men had a meeting with Mr. Reppert and they asked that this be done. They want to divide the time up between the men.

Mr. Garland arose and said:

Mr. President: Let the Director clarify it.

Mr. McArdle arose and said:

Mr. President: Except we must understand that it will not be controlled by the appropriation bill. This says "Part time" and of course the Department of Public Works' salary appropriation is really appropriated on the basis of so much per annum, and it might mean that the Director can employ some men six months or eleven months, and if the department officials don't allot their part time correctly, it would defeat the purpose of the amendment.

Mr. Garland arose and said:

Mr. President: The totals are given per annum and the money is appropriated and pocketed in the budget later.

The Chair said:

Positively not. It is only appropriated for half of the number of men. Gentlemen, let it be thoroughly understood, Council proposes to sit as the budget committee throughout the year. We are to have quarterly reports from these directors and should anything transpire that does not look like they are playing fair, we have the resources here to see that it is carried out.

And the question recurring on the motion of Mr. Garland, that the Director of the Department of Public Works be requested to define by letter just what he intends to do with these part-time employees?

The motion prevailed.

The Chair said:

If there are any other mistakes in these bills we can correct them. We have called a meeting for Wednesday, Thursday and Friday. I have every reason to believe that the budget when turned over to the Mayor will be signed. Each delay after the first of the year will cost \$8,000.00 per day.

Mr. McArdle arose and said:

Mr. President: We read this letter from the Controller that these bills were in accordance with the record of the Clerk of the Finance Committee. I want to ask if there has been a thorough comparison of the rate set up under Section 104, Unemployment Projects, beginning on page 50 and running through pages 51 and 52 and part of 53, as to whether there has been a careful checkup of the rates set up in this section with the rates for the same kind of labor in other parts of the budget? In other words, does it conform to the existing rates?

The Chair said:

Suppose you put it in the form of a motion.

Mr. McArdle arose and said:

You delay it another day if you amend it, Mr. Chairman. I call your attention to one item where it carries a rate of pay for painters at \$12.00 a day and \$9.50 a day in another part of the budget. What I am concerned about, does that run through some others?

Mr. Breitenstein arose and said:

Mr. President: It is a clerical error. That should be changed to \$9.50 per day.

The Chair said:

Gentlemen, suppose we have a motion to correct the painter's wage to correspond to the union rate of wages.

Mr. McArdle moved

That the item for painters, page 52, be amended to read "\$9.50 each per day" instead of "\$12.50 each per day."

Which motion prevailed.

Mr. McArdle moved

That this amendment now be applied to this known error, and that the City Controller be requested to check the balance of the bill, and that it be amended to conform to existing rates for the jobs named.

Which motion prevailed.

MOTIONS AND RESOLUTIONS.

Mr. Muldowney presented

No. 1932. WHEREAS, In order that Council might reduce the tax rate in response to numerous requests and in accordance with the recommendations made to them, it has become mandatory that a large number of positions be abolished in the various departments of the City government; and,

WHEREAS, There are numerous persons now on the payroll of the City of Pittsburgh who have qualified by service for retirement in accordance with the requirements of the various Pension Funds maintained for the benefit of city employees; and,

WHEREAS, In order that as little hardship as is possible may result from the abolition of these positions, it had been suggested and was considered by Council during their deliberation on the Budget, that those eligible for pensions, be required to make application for same, Now, therefore, be it

RESOLVED, That the Mayor be and he is hereby requested to give most serious consideration to the inclusion of all men eligible for pensions in the several departments of the City government, in preparing his list of those to be dismissed in accordance with the allowed personnel provided in the Salary Ordinance, effective January 1, 1933, and that every effort be made by the Mayor to furlough or retire such men prior to the dismissal of other employees in like ratings or positions.

Which was read.

Mr. Muldowney moved

The adoption of the resolution.

Mr. McArdle arose and said:

Mr. President: In a sense I am in accord with the thought back of this resolution, but not with this resolution. I will not go on record urging the Mayor to put on the pension rolls, and therefore on the payroll of the taxpayers of the City of Pittsburgh, men who are at the height of their usefulness to the city.

Under this resolution, we might be calling upon the Mayor to retire from the police force or the fire department men 42 to 45 years old. To my point of view, it is indefensible to expect the public to pay pensions to men of that age. If this resolution provided that the Mayor should be urged to retire men on pension who have reached the proper pension age of approximately 60 years, I would gladly go along with that, but I don't want to be responsible for a repetition of what happened a few months ago when the forces of the police and fire departments were reduced, and men with anywhere from 10 to 20 years of valuable service left in them were forced on the pension rolls, while others with less than 2 years' service were retained in the city employ. If I were doing it, I would recommend the retirement of those who had approached the period when their usefulness was over, and drop out of service the men the city had the least investment in and who by the same reasoning had the least claim upon the City of Pittsburgh by their term of service.

Mr. Garland arose and said:

Mr. President: The Mayor will do

as he pleases, anyhow. He will take no suggestions from us. And even if this suggestion were put into effect, it would mean that the services of many policemen who are in the prime of life and capable of their best service in coming years, would be put on pensions. The citizens have paid to train them, and should get the benefit of that training.

The Chair said:

You are right.

And the question recurring on the adoption of the resolution, the ayes and noes were ordered taken, and being taken were:

Ayrs:—Messrs.

Connelley

Little

Muldowney

Soost

Herron, (Pres't.)

Noes:—Messrs.

Ayes 5. Noes 3.

And a majority of the votes of council being in the affirmative, the resolution was adopted.

Mr. Little moved

That the Minutes of Council of Monday, December 19, 1932, be approved.

Which motion prevailed.

And there being no further business before the meeting, the Chair declared

Council adjourned.

Council met pursuant to the following call:

Pittsburgh, Pa.,

December 24, 1932.

Mr. Robert Clark,
City Clerk.

Dear Sir:

Please call a special meeting of Council for Wednesday, December 28, 1932, at 1:30 o'clock P. M., for the purpose of taking up such business as may come before the meeting.

Yours very truly,

JOHN S. HERRON,

The Chair presented
No. 1933.

December 27, 1932.

Subject: 1933 Salary Ordinance—Department
of Public Works—Special Report.

President and Members of Council,
City of Pittsburgh.

Gentlemen:

We have herewith to submit a report in response to the following motion adopted by Council in regard to an amendment to the Salary Ordinance, which was read a second time at meeting held December 27th:

"That the Director of the Department of Public Works be requested to define by letter just what he intends to do with these employees provided for in the Salary Ordinance as part-time employees and how much time he expects these men will give to the City, and how much compensation they will receive, and whether they will also work for outside interests."

The Department has recommended that certain positions of assistant engineers, draftsmen, transitmen, rodmen, chainmen and inspectors be provided for in the Salary Ordinance on a part-time basis in order that variation in the number of men required in these positions at various times of the year be taken care of. At certain seasons of the year we need more draftsmen than others, and also at other seasons of the year we need more assistant engineers, field corps men and inspectors than at others.

The appropriation requested has been based on our estimate of the average number of men required for the whole year, and the plan of providing for a larger number of positions at part-time would appear to be better than providing for the smaller average number of positions at full time. The total amount to be appropriate! remains the

same in either case. Not only will this arrangement take better care of the needs of the work, but will also provide some employment for a greater number of men.

Compensation on this basis would be at the annual rate provided for the position for which full time service is rendered by the employee. It is not our intention that employees would give any time to outside interests when employed by the City.

Yours very truly,

EDW. G. LANG,
Director.

C. M. REPPERT,

Chief Engineer, D. P. W.

Department of City Controller

Dr. James P. Kerr,
City Controller.

John Schlipp, Jr.
Deputy Controller.

To the Council.

Gentlemen:

Pursuant to your motion of December 27th, in which you ask "that the Controller certify over his signature as to whether the Budget will balance and whether, in his opinion, there will be a deficit at the end of the year", permit me to say that it is humanly impossible for anyone to make a prediction of the possible condition of the City's finances at the end of the coming year.

According to the figures submitted to the Controller's office and the estimated revenue, I should say that the Budget at this time does balance. I do not think it possible for me, or anyone, to estimate the collections for the ensuing year, because of existing conditions. We can only be guided by our experience of the past year as to what we may reasonably expect during the next year.

It is not possible for anyone at this time to be able to forecast the future and to say with any degree of accuracy whether the same standards will be maintained next year.

It is possible that the recent Acts of Assembly authorizing tax payers to pay in

monthly instalments and also delinquent tax in partial payments may bring in more revenue than in 1932. During 1932 we inaugurated a very active campaign in the collection of all delinquent taxes. This, of course, will be continued to a higher degree during 1933.

I have confidence that Council will insist upon an economic administration of the City's funds during the next year and that they will also exercise close supervision over the expenditures. If the Council will exercise its duties diligently, will not permit anything to pass which is not absolutely necessary for the proper administration of the public affairs, I am of the opinion that the City will have sufficient money to meet all of its obligations.

Sincerely yours,

JAMES P. KERR,
City Controller.

President and Members of Council,
City of Pittsburgh.

Gentlemen:

Attached hereto, please find copy of letter from Mr. W. C. Batchelor, Superintendent of the Division of Recreation, in connection with your request that he make a decision between employment by the City, or by the Board of Education, which is self explanatory.

Yours very truly,

EDWARD G. LANG,
Director.

December 28, 1932.

Mr. Edward G. Lang, Director,
Department of Public Works,
City of Pittsburgh.

Dear Sir:

Replying to your communication of this date in which you state that Council requests that I make a decision between employment by the City or by the Board of Education.

I wish to state that, as I think you understand, the City and the Board of Education about eight years ago entered into an agreement by which each would pay a part of the salary of a person who would be

employed to coordinate a program of public recreation in the development of which the property of both the City and schools would be used.

Since I am merely the person who was subsequently employed to fill this position it is not within my power to repudiate this agreement.

It is well known, I think, that I occupy but one position to which I give my entire time and for which a part of the salary is paid by the City and a part by the Board of Education. In view of this fact this, in substance, is a request that I voluntarily give up approximately half of my salary. Since action already taken by Council will reduce the salary paid me by the City to the extent of 26-2/3%, I do not feel that I ought be expected to take a further reduction voluntarily.

Respectfully yours,

W. C. BATCHELOR,
Superintendent.

Which was read, received and filed.

Mr. McArdle arose and said:

Mr. President: Before proceeding with the bills before us, I would like to ask whether the Controller, whose Deputy is present, cares to make any additions to or changes regarding the correctness of the bills before us.

The Chair said:

Mr. Schilpp.

Mr. John Schilpp, Deputy City Controller, said:

Yes, sir.

The Chair said:

Mr. McArdle is asking a question. Are you prepared to answer for the Controller? Does the Controller contemplate making any additional changes in this letter?

Mr. Schilpp said:

I am not prepared to answer for the Controller.

The Chair said:

We will send for the Controller.

Mr. McArdle said:

Mr. President: I only want the record to be clear. There was a letter written by the Controller yesterday alleging that the bills were made in accordance with the action of the Finance Committee sitting as the Budget Committee, and I have discovered

some things which would cause me to think that is an error. I also wish to know whether the Controller has discovered that and desires to proceed further.

The Chair said:

We have Dr. Kerr, the Controller, with us.

Mr. McArdle continued:

The Doctor is here in response, I presume, to the request I made. Since you wrote the communication to Council yesterday certifying the bills were in accordance with the action of the Finance Committee sitting as the budget committee, I want to know whether you still stand on that, or whether anything has transpired to cause you to make any changes in that?

Dr. James P. Kerr, City Controller, said:

Mr. President and Members of Council: I have made no changes. If there are any changes made, I have no knowledge of them.

Mr. McArdle arose and said:

Mr. President: What I want to get at is this. This bill—was it checked by your office in accordance with the minutes of the budget committee as kept by Mr. Schilpp?

Dr. Kerr said:

It was prepared by Mr. Schilpp and myself.

Mr. McArdle:

You certify it is in accordance with that record?

Dr. Kerr:

Yes, sir.

Mr. McArdle said:

Mr. President: It is my opinion that this bill does not conform to the record made by the Finance Committee sitting as the Budget Committee. Each member will recollect that there was a series of motions made from a printed copy in the hands of the mover of those various motions, and each, as far as I know, was carried and written into the record. Among the records made was the reduction of the number of Weights and Measures Inspectors in the Department of Public Safety by three, and that being the only change proposed, and as far as I know, the subject of transferring the other inspectors to the Health Department was never raised in the Budget Committee. The printed bill appears before us with not

three inspectors eliminated, but the Chief Inspector, Assistant Chief Inspector and one Inspector, and the whole activity taken from one department and put into another. Now, I asked Mr. Schilpp if he had any such record in his minutes of the budget committee, and he told me no. May we have enlightenment upon that subject?

Mr. Garland arose and said:

In other words, they abolished the bureau.

The Chair said:

The recommendation from the committee—I am not sure whether it was the Citizens Committee or the Building Managers Association—that we transfer the activities of the Weights and Measures Bureau to the County, and we decided not to do that. It was stated that we had too many inspectors and the suggestion was made that we transfer some of these inspectors to the Meat and Miscellaneous Food Inspection Bureau in the Health Department. This was done by motions over the table, and that should be the record of the committee.

Mr. McArdle said:

As far as I know it was never even discussed by the Budget Committee, and as far as I know there was absolutely no authority for the Controller, acting as the Clerk of the Finance Committee, to have ever made such a record. The only thing I have is this paper dealing with the subject.

Mr. Little arose and said:

Mr. President: I might be able to enlighten Mr. McArdle and any other members who are in doubt as to the motion being made. If you will recall, these changes were not on the original typewritten sheets, but when I read the changes off I asked the members of Council to make the changes referred to by Mr. McArdle in pencil, as I marked them in pencil on my copy. I remember distinctly reading page 114, Code Account 1434, and I asked each member to mark his copy as I marked mine, Chief Inspector, Assistant Chief Inspector and Inspector, total \$6,528.00. That is the way the motion was made. Is that on your sheet, Mr. McArdle?

Mr. McArdle said:

No, sir; it is not. It never had any excuse to get into mine.

Mr. Little said:

Mine is corrected in pencil, and that

is the way I asked the other members of Council to mark their copy.

Mr. McArdle:

I am sorry to say that I do not believe that any such a record was made.

Mr. Little:

How do you mean, you don't believe it? I read this statement as it is corrected and marked in pencil.

Mr. McArdle:

If you will produce from the record of the Clerk of the Finance Committee, Mr. Schilpp, that is the way he wrote it, I will have to take it, but I will still be doubtful about it.

Mr. Little:

May I ask Mr. Schilpp? There is a question of veracity here.

Will you get your paper, Mr. Schilpp? Is that on your copy? I will show you my copy and ask you if your record conforms to that?

Mr. Schilpp said:

That is not on my record.

The Chair said:

Will you please get the record of the meeting?

Mr. Little said:

I made the motion in a loud and clear voice and I am sorry if every member of Council did not hear it. We don't have to stoop to lie to you, Mr. McArdle. We have the votes to pass it.

Mr. McArdle said:

Mr. President: I am making my statement after Mr. Schilpp had spent the better part of an hour and a half making an examination of his record, and told me that he had no such a record of it.

Mr. Little said:

Perhaps, he doesn't have a record of the motion being made, although it was made and adopted. It should have been noted by the girl who took stenographic notes of the proceedings.

Mr. Schilpp said:

It does not appear in the record.

The Chair said:

Then it is in the notes made by

the young lady. It should be in the totals at the bottom of the page.

Mr. Schilpp said:

She did not take the totals.

Mr. McArdle said:

There is no record of the action of the committee on that subject. I am impelled to believe that it was changed after the committee had adjourned. Now, I ask for an explanation of another item. They are the only ones I have reference to. In the Department of Public Welfare, according to my record, when Dr. Hammers was in and made an amendment to his setup, by agreeing to strike out a number of positions and which positions are absent from this set-up, indicating it seemed to me that the record had been made as I understood it to have been on the day that Dr. Hammers was in, and in that elimination which he made and Mrs. Rauh, there was a position of Assistant Dentist, and I see it is still carried in the bill. Is that according to the record?

The Chair said:

It should be. Dr. Hammers told me it was a mistake. These motions were made over the table. There is no attempt to deceive anybody and all our actions were made above board. It is regrettable that some members did not hear all the motions as made by Mr. Little.

Mr. Garland said:

Mr. President: I never heard the motions made, and I attended all the meetings of the committee.

The Chair said:

These positions were stricken out and the other employees in this activity transferred to the Division of Meat and Miscellaneous Food Inspection in the Health Department. As to the position of the Assistant Dentist at Mayview, I can only repeat what I said about the other positions, it was acted upon in the legal way, and it is too bad that some of us misconstrue the actions of others.

Mr. Anderson said:

Mr. President: If these things were done and we have no record of them in the committee, they were done unlawfully. If the action of the committee is questioned there is likely to follow a lawsuit for recovery of wages by those who are involved.

The Chair said:

Why worry about this? Our action speaks for itself. None of these things have been done yet. You will not have to go to court. Everything that has been done and is yet to be done on these bills will be done in a legal and lawful way.

Mr. McArdle said:

I am not raising any question of what may happen in court. I am raising the question of a record having been made outside of the chamber where it should legally have been made.

The Chair said:

I am going to state that your insinuations and innuendoes are absolutely unfounded; that the Council performed here in the broad daylight, and we gave you a printed copy of the changes contained in all the motions that were adopted, and you judge us by what is in the papers.

Mr. McArdle said:

I am judging you and the Council by what I hold in my hand so far as the Council is concerned.

The Chair said:

We will be guided absolutely by that.

Mr. McArdle said:

We were not guided by that in the preparation of this ordinance.

The Chair said:

I am telling you forcibly that no changes were made outside this room. Council performed its duties in the light of day. You talk about common gossip. I dare you to bring anyone in who will testify that these changes were made outside the chamber. These insinuations are wrong.

Mr. Little said:

Mr. McArdle, could I look at your copy? Is it the same as this?

Mr. McArdle said:

Yes, sir.

Mr. Little said:

Here is the only change that was made to my knowledge, and it reads, Chief Inspector, Assistant Chief Inspector and an Inspector, \$6,528.00. In making the motion I spoke in a loud and clear tone, and if you didn't get it it is just too bad. These papers were corrected.

Mr. Anderson said:

Yours may have been corrected, but mine wasn't. I still contend that the motion was not made, otherwise my copy would have been so changed.

Mr. Little said:

You heard me reading this list of changes. It is not always customary to furnish a copy. I did it as a courtesy to the members of Council.

Mr. Anderson said:

It was very kind of you to consider the other members of Council. We received the list of changes two minutes before you asked us to vote on them.

The Chair said:

Let me thoroughly put this message over to you. If there is anything wrong with these bills, Council will be meeting tomorrow and on Friday if necessary, and these bills can be recommitted to the Committee on Finance for further consideration. As far as I am concerned I say there is nothing wrong. If after these bills are passed and errors are discovered they can be corrected as Council is sitting here week after week, and the necessary legislation can be prepared to correct these errors.

Mr. McArdle said:

If Mr. Schilpp's record is to be accepted as genuine, then this bill ought to be before us with the same set-up for Weights and Measures for 1932 minus the rate of pay at which they would have been reduced at the 16-2/3 per cent reduction, and be in the Department of Public Safety and not in the Health Department.

Mr. Little said:

May I ask if any other member of Council heard me read it?

Mr. Garland said:

Under Weights and Measures?

Mr. Little said:

Yes, sir.

Mr. Muldowney arose and said:

Mr. President: I attended that meeting. My statement is very similar to the one that Mr. McArdle makes reference to. Page 114, Code Account 1434, three Weights and Measures Inspectors were specified in the motion made by Mr. Little. I very distinctly heard Mr. Little make the motion. Possibly my reason for hearing the motion

was because I sat beside him. I distinctly heard Mr. Little change the set-up as stated there by eliminating one Chief Inspector, one Assistant Chief Inspector and one Inspector.

Mr. Garland said:

Was that on the Weights and Measures page?

Mr. Muldowney said:

And at the same time, that the remaining inspectors be transferred to the Health Department.

Mr. Garland said:

I want to say that it is not in the record. A motion was not made to transfer them to the Health Department.

Mr. Muldowney said:

Isn't it proper for a member addressing the Chair to arise?

The Chair said:

You cannot teach him manners.

Mr. Garland said:

Don't get rough now.

Mr. Muldowney said:

In reference to this common gossip, I don't know who it might be that is spreading untruths, but we as councilmen are not guided by common gossip. If anyone wants to make statements on common gossip, there can be plenty of it said here. We don't have to stop at the Bureau of Weights and Measures. If we are to listen to common gossip, there might be something said about those who shout about common gossip.

I want to say that I heard Mr. Little read "One Chief Inspector, one Assistant Chief Inspector and one Inspector, \$6,528.00, and the others be transferred to the Department of Public Health." That goes whether there is any common gossip to the contrary.

Mr. Little said:

How about you, Mr. Soost?

Mr. Soost arose and said:

Mr. President: Somebody made it a point to see that my friends should get a copy and Mr. Connelley and I had one copy between us. Frankly, I do not recall it.

Mr. Garland said:

When they were read out, we had our papers before us. Let's suppose Mr. Little did read them. He made it on the Weights and Measures page and in the Bu-

reau of Weights and Measures. When anybody says he made a motion to transfer these inspectors to the Health Department, I want to say that is not in the record. I don't want to have any display of feeling here, but I would like to see where the Bureau has been put out of existence and some of these inspectors transferred to the Health Department. I would like to see that action in the record. We are going to vote for these bills and take them as they are, but we have something to say about the manner in which they were gotten up. When I do vote I will vote under protest.

The Chair said:

Do the members of Council keep the record?

Mr. Garland arose and said:

That is the duty of the Clerk of the Committee. I will say that that action is not in the record. Let it go at that. It is done.

The Chair said:

You will concede for the sake of argument that if the motion was made as you would liked to have it made—perhaps as you say you didn't hear it—you have no doubt that it would not have carried?

Mr. Garland said:

I have no doubt about that—you had the votes.

The Chair said:

You are not saying anything unscrupulous or dishonest has been done?

Mr. Garland said:

No, sir. I say it is not in the record.

The Chair said:

Mr. Little says the little girl took the paper just as it was made.

Mr. Garland said:

He says the motion was made, but it is not in the record, and that is my contention.

Mr. McArdle arose and said:

Mr. President: I want to make another observation. I am the man who used the reference to "common gossip". But I direct your attention, Sirs, that I only used it after I had taken the most definite, orderly way to determine whether the thing was right or wrong as it was possible to

take, and at no point did I attempt to hang the questions I raised on a piece of common gossip. I want to go one point further on what Mr. Muldowney said about common gossip. If any part of his reference was to me, I have only to say the sky's the limit, the bars are down—go as far as you like.

Mr. Muldowney said:

Mr. President: In answer to Mr. McArdle, if I were making any particular reference to him, I would have used his name. I made no particular reference to him. We were talking about budget matters.

Mr. Connelley arose and said:

Mr. President: I sincerely trust that my associates in Council will consider for a moment just what we are trying to do. Never in the history of the City of Pittsburgh have we been in the condition we are now. We have been trying to reduce the budget. We have been trying to balance the budget, and trying to reduce salaries. Now it seems that we are in unison here although they are going to vote for these two ordinances. There will be sufficient votes to carry what we are trying to do. Much of it is confused by merging one department into another. If there is any misunderstanding as to whether the motions were made or not, I don't think it amounts to very much as long as we don't have to suffer on the money side. We are not going to get anywhere if we continue this wrangle, and the citizens of Pittsburgh are tired of it.

The Chair said:

Gentlemen: I don't want to deprive any member from saying what he has to say on these bills, but time is the essence of everything. We don't want anybody to go out of here with the idea that something we did was done illegally. Everything that was done took place over this table. What we did, we did in the light of day. If there is any question about these bills, they can be recommitted to the Committee on Finance.

Mr. Garland arose and said:

Mr. President: I would like to ask the Controller a question.

The Chair said:

Make your statement.

Mr. Garland said:

Controller, what percentage of collections do you expect in 1933, both current and delinquent taxes?

Dr. Kerr:

Seventy-eight per cent.

Mr. Garland said:

How did the School Board figure this?

Dr. Kerr said:

They are not quite so high—probably 76 or 77 per cent.

The Chair said:

Mr. Garland, I take full responsibility for those figures. We took the figures that were submitted by the Controller, as well as those of the Taxation Committee.

Mr. Garland said:

I heard a member of the School Board at the Rotary Club dinner today say that bankers informed them that it would not go over 70 per cent.

The Chair said:

The Citizens Committee said it would be 77 per cent and there were some bankers on this committee—Mr. Mudge of the Fidelity Trust Company and Mr. Bell, and Mr. Oliver, I believe, was connected with the Union Trust Company. They advised us to go to 77 per cent.

Mr. Garland said:

So much for that. Have you a report from the Department of Assessors as to the total valuations for both land and buildings for 1933?

The Chair said:

Only the one brought in by Mr. McMahon.

Mr. Garland said:

It should have been in before.

The Chair said:

We are justified in using last year's valuations.

Mr. Garland moved

That the Chairman of the Board of Assessors submit a statement in writing, at the next meeting of Council, of the assessed valuation of land and buildings for the ensuing year.

Which motion prevailed.

Mr. Little arose and said:

Mr. President: I am sorry that my name was brought into this, but I know very well I said in a loud and clear voice

that the bill be amended by eliminating the Chief Inspector, the Assistant Chief Inspector and one Inspector, and transferring the rest of the inspectors to the Department of Public Health. I know you heard me make that motion, Mr. President. I believe Mr. Clark heard me. If some of the councilmen did not hear me, it is just too bad.

I make this explanation for fear some people might think we were pulling off, as Mr. English would call it, "skullduggery." Mr. McArdle knows that we could put it over, and that we don't have to stoop to lie about it. I don't want anybody to go out of this chamber with the idea that some wrong was committed by Council.

The Chair said:

Gentlemen: The thing to do is to make a motion to reconsider the vote by which the bill was read a second time and amended and agreed to, and then recommit it to the Committee on Finance. We will then go into a Finance meeting.

Mr. Little said:

Mr. President: After all is said and done, we will save \$6,000.00.

Mr. Garland arose and said:

Mr. President: On that point, I think we dispose of the whole subject. You can make one bite of the cherry and throw the whole thing over to the County. You can strike these positions from the bill without further printing.

The Chair said:

We will send this bill back to committee when you can make any motion you desire. We haven't anything official from the County of Allegheny that they will accept the responsibility of inspecting weights and measures in the City of Pittsburgh. Our city solicitor is working with the County Solicitor on this subject, and it is hoped something satisfactory will result from their conferences.

Mr. Garland said:

Mr. President: Inasmuch as you are not going to pass this bill today, I will not make the motion I intended to make on this subject.

The Chair said:

We don't want anybody in or out of this room to think that we are trying to do anything that is contrary to law and parliamentary practice. Our action in elimi-

nating these positions was done over the table of the committee. I read in the paper the name of one of the men who is to lose his job, so that confirms what we did in committee. The bill can be recommitted to the committee for further consideration.

UNFINISHED BUSINESS.

Bill No. 1763. An Ordinance entitled, "An Ordinance making appropriations to pay the expenses of conducting the public business of the City of Pittsburgh and for meeting the debt charges thereof for the fiscal year beginning January 1, 1933."

In Council, December 27, 1932, Bill read, rule suspended, read a second time and amended in various sections, as shown in red, and as amended agreed to on second reading.

Which was read.

Mr. Garland moved

To reconsider the vote by which the bill as read a second time and amended was agreed to.

Which motion prevailed.

And the question recurring, "Shall the bill as read a second time and amended be agreed to?"

The motion did not prevail.

Also

Bill No. 1872. An Ordinance entitled, "An Ordinance fixing the number of officers and employes of all departments of the City of Pittsburgh, and the rate of compensation thereof."

In Council, December 27, 1932, Bill read, rule suspended, read a second time and amended in various sections, as shown in red, and as amended agreed to on second reading.

Which was read.

Mr. Garland moved

To reconsider the vote by which the bill as read a second time and amended was agreed to.

Which motion prevailed.

And the question recurring, "Shall the bill as read a second time and amended be agreed to?"

The motion did not prevail.

Mr. Garland moved

To amend the bill by striking out the entire Section 104, which fixes the salary

and wage rates for unemployment projects in the Department of Public Works.

Mr. Garland arose and said:

Mr. President: This, gentlemen, I consider an outrage on the people who are contributing in various ways to the unemployment problem.

These wage rates should be more in keeping with the times, if the aim is to give more men work. More unemployed men will be given work in order to maintain their families if the principles of the Allegheny County Emergency Association are carried out.

The money we are using belongs to the taxpayers. Isn't it a fact that the large majority of our people today, when they want work done, are not paying anything like the rates set up in this schedule?

For example, an owner changing his home into an apartment house is not paying unemployed plasterers \$12.00 a day, or carpenters \$10.00, or bricklayers or painters \$12.00. This is not taking care of the unemployed; and the people when they voted for the \$3,000,000 bond issue, certainly understood that it was a relief measure in keeping with the times.

Many an unemployed artisan will be glad to work today for \$4.00 to \$5.00 per day, and remember, gentlemen, this is the people's money, not ours.

Also bear in mind that double the number of men will be put in position to support their families, if these fictitious wages are not paid.

And the question recurring on the amendment, as offered by Mr. Garland, to strike out the entire Section 104.

The motion prevailed.

Mr. Little arose and said:

Mr. President: The Clerk has the Salary and Appropriation bills. Are they on second reading now. I move a suspension of the rules to allow the second and third reading and final passage.

The Chair said:

While we are on second reading, I would ask that a motion be made in regard to the Weights and Measures Bureau. There may be some question about it. Let's do it over again.

Mr. Little moved

That the positions of one Chief In-

spector, Assistant Chief Inspector and one Inspector, amount \$6,528.00, be eliminated, and the other inspectors be transferred from the Department of Public Safety to the Department of Public Health, Meat and Miscellaneous Food Inspection.

Mr. McArdle arose and said:

Mr. President: May I ask a question? How are you going to strike out three jobs that are not in the bill?

The Chair said:

If you are going to be technical, we cannot help you.

Mr. McArdle said:

You are not helping me.

The Chair said:

You can either do this now or recommit the bills to the Finance Committee and amend them there. They can then be reprinted.

Mr. McArdle said:

Mr. President: I don't want to hold them over another minute. On that subject I said all I wanted to say and don't want to go through another idle gesture. If the bill is on second reading, I will say what I have to say.

The Chair said:

The bills are on second reading.

Mr. McArdle arose and said:

Mr. President: I intend to vote for the passage of the appropriation bill and the bill fixing the number of officers and employees of the City, but I do so with the greatest reluctance.

I have no serious objection to the appropriation bill, because it can readily be made responsive to any changes that this Council sees fit to make during the progress of the fiscal year.

I am impelled to vote for the salary bill in its present form only because its failure to pass in time to become operative at the beginning of the year would from day to day add a substantial expense to the operation of the City Government, for which no adequate provision has been made in the tax levy already adopted.

I am clearly mindful of the necessity of reducing the cost of government, both in the number of employees and the rates of pay, in order to operate the Government during the coming year anyways near the income

that the tax levy will produce and the amount of taxes the City may be reasonably expected to collect. My opinion is, that the salary bill for the coming year should have been based on a close approximation of the numbers of employees and the rates of pay in effect in the year of 1929, at which time the City began to lessen many of its governmental activities, and the cost of living for the individual began to rapidly decrease and unemployment began to rapidly increase, which set of facts would seem to me to have argued against any material additions to the City forces or any substantial increases in rates of pay which would necessarily result in consequent increases in taxation.

While the time during which this salary bill in its printed form has been in my hands is wholly inadequate to a thorough examination of it, which might lead to a fuller understanding of its provisions, such examination as I have made leads me to the belief that it still retains provisions for positions and activities that might well be dispensed with; and that the method of applying the reductions provided is not in accordance with my judgment of what would be fair. I am especially impressed with the injustice of applying more than an 18 per cent reduction upon the day-laborer, while at the same time by a reduction in the numbers and time provided has brought this group's contribution to the total budget reductions up to more than 29 per cent of the budget estimates for this class of labor; while the maximum reduction of salaried employees has been 16-2/3 per cent, which, added to salary eliminations, brings the salaried class' contribution to the reduction to only 26 1/2 per cent of the budget estimates for that class of service.

In addition to these objections, I am not convinced that the reductions made in certain activities of the Department of Public Works are in keeping with the prospective program of work for this Department for the coming year; or that to the extent it has been made, that it is upon a well balanced program. I am mindful, however, that opportunity will be had for the further consideration of some of these features during the progress of the year.

In voting for these bills, and particularly for the appropriation bill, I am not doing so with any notion that it will produce a balanced budget which will either take care of already existing deficits, or that will pro-

vide against further additions to the existing deficit. I do not share in the optimism which expects as great a percentage of collections during the coming year as we have had in the present one, though I shall be delighted if experience proves that I am in error.

I am also mindful of the fact that many of the reductions made in this budget, and in the budgets of other recent years, cannot be entirely regarded as savings, but must rather be regarded, in some degree at least, in the light of delayed expenditures. I make this observation because of my conviction that the extent to which the City has cut down its repaving schedule and its program of work for the Asphalt Division must necessarily result in an accumulation of street area needing repair, which will force itself onto the attention of the public officials in a vigorous fashion when better times shall have returned.

I am of the opinion that to get at all satisfactory results from the bills now before us, that constant attention on the part of Council will have to be given to the various activities of the City government during the

progress of the year, and that accountings must be had at very short intervals to see that the City departments are attempting to work in a fashion best calculated to get the most satisfactory results from these two pieces of legislation.

The Chair said:

Gentlemen, if you don't mind, I still think that the right way to do this is to recommit these bills to the Finance Committee; make these changes in the record; tomorrow will still be time enough to pass them. We have all the votes necessary to pass them, and the Mayor will sign them. If you don't do this, it will leave a bitter taste in the minds of the people. I think we should go into a Finance Committee meeting.

Mr. Little moved

That Bill No. 1763 and Bill No. 1872 be recommitted to the Finance Committee for further consideration.

Which motion prevailed.

And on motion of Mr. Little

Council adjourned.

COUNCIL

JOHN S. HERRON.....President

ROBERT CLARK.....City Clerk

EDW. W. LINDSAY.....Ass't City Clerk

Pittsburgh, Pa.,

Thursday, December 29th, 1932.

Council met pursuant to the following call:

Pittsburgh, Pa.,

December 24, 1932.

Mr. Robert Clark,
City Clerk.

Dear Sir:

Please call a special meeting of Council for Thursday, December 29, 1932, at 1:30 o'clock, P. M., for the purpose of taking up such business as may come before the meeting.

Yours very truly,

JOHN S. HERRON,
President of Council.

Which was read, received and filed.

Present: Messrs.

REPORTS OF COMMITTEES

Mr. Little (for Mr. English) presented

No. 1936. Report of the Committee

on Finance for December 28, 1932, transmitting two ordinances to Council.

Which was read, received and filed.

Also

Bill No. 1763. An Ordinance entitled, "An Ordinance making appropriations to pay the expenses of conducting the public business of the City of Pittsburgh and for meeting the debt charges thereof for the fiscal year beginning January 1, 1933."

In Council, December 27, 1932. Bill read, rule suspended, read a second time, amended as shown in red, and agreed to on second reading, as amended, and laid over for reprinting.

In Council, Dec. 28, 1932. Read, vote reconsidered by which the bill was agreed to on second reading as amended, and bill re-committed to the Committee on Finance.

In Finance Committee, Dec. 28, 1932. Read and ordered returned to Council with an affirmative recommendation.

Which was read.

Mr. Little moved

A suspension of Rule VIII, providing for mailing of printed copies of all ordinances and resolutions to each member of Council at least 48 hours previous to the final consideration of such papers by Council.

Which motion prevailed.

Mr. Little moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time, and as amended at meeting of December 27, 1932 agreed to.

Mr. Garland arose and said:

Mr. President:—I would like to ask a question. What is the deficit for 1932? What is the figure?

The Chair said:

It is about \$1,750,000.

Mr. Garland said:

Well, has the Controller stated that?

The Chair said:

As near as I can recall, that is the figure we used in our calculations.

Mr. Garland said:

I asked this, because on December 7th, the Building Owners' & Managers' Association, in their communication to Council said it may possibly reach a total of \$3,000,000, and the Citizens Committee on Taxation said it would be about \$1,750,000.

The Chair said:

There were several days difference in the reports, and the Building Managers' Association was jumping at conclusions and did not realize the savings we were making.

Mr. Garland said:

Mr. President:—I would like to ask a further question. The recommendation of the Citizens' Committee on the reported deficit of \$1,750,000 was that we appropriate one-third of that amount in this budget. Is that covered in the budget?

The Chair said:

They asked us to forget the two-thirds and we forgot the other third.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law and were:

Ayes:—Messrs.

Anderson	McArdle
Connelley	Muldowney
Garland	Soost
Little	Herron, (Pres't.)

Ayes 8. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Garland moved

That the President of Council obtain and place upon the records of Council in detail a statement showing any changes made or to be made in the printed Revenue Budget, also showing the amount of the 1932 deficit, and the manner in which same is to be provided for.

Mr. Garland arose and said:

Mr. President:—The reason for that is obvious. There is nothing wrong with it. We didn't go into the printed budget in detail and some matters were not printed on the revenue sheet. One I remember is the amount expected from parking tags. Director Clark said it would be \$90,000, and it is in our estimate sheet at \$60,000.

There should be on the printed records of Council a statement showing just what the deficit amounts to and the manner in which it is supposed to be provided for. We are not taking the suggestion of the Citizens' Committee. They recommended that the deficit should be taken care of in three years, but they also recommended that \$550,000 be set up for 1933 to take care of a third of this deficit. That evidently was not done.

The Chair said:

The only change in the revenue is to add \$20,000 to the printed budget, as additional income from tag fines. We estimated that. There is also an additional \$10,000 saving in the electric light cost at North Side Market.

Mr. Garland said:

Who did that?

The Chair said:

Some members of Council.

Mr. Garland said:

It was not brought up in committee.

The Chair said:

It was announced and it was printed in the paper—\$20,000 from non-fixing tags and \$10,000 from difference in the electric light cost at the North Side Market.

Mr. Garland said:

In our budget sessions we always had a daily statement. None of those came out in the last session.

Mr. Anderson arose and said:

Mr. President:—Have you a revenue sheet?

The Chair said:

There is one here. We adopted it as it was sent up by the Controller, with the exception that we added \$30,000—\$10,000 for electric light used in the North Side Market House, and \$20,000 additional that we will receive from non-fixing tags that so many people talk about. Some people

estimate that we will get as high as \$200,000 from fines paid for parking violations.

Mr. Garland arose and said:

Mr. President:—There was no discussion about it.

The Chair said:

There was discussion. This is a solid budget.

Mr. Garland said:

I have nothing more to say.

And the question recurring on the adoption of the motion, as offered by Mr. Garland relative to changes in the printed Revenue Budget.

The motion prevailed.

Mr. Little also presented from the Committee on Finance

Bill No. 1872. An Ordinance entitled, "An Ordinance fixing the number of officers and employees of all departments of the City of Pittsburgh, and the rate of compensation thereof."

In Council, Dec. 27, 1932, Bill read, rule suspended, read a second time, amended as shown in red and agreed to on second reading, and bill laid over for reprinting.

In Council, Dec. 28, 1932, Bill read, vote reconsidered by which it was agreed to on second reading as amended, bill amended by striking out Section 104, and bill re-committed to the Committee on Finance.

In Finance Committee, Dec. 28, 1932, Read and amended by placing "Six Weights and Measures Inspectors, \$1,570 each per annum" in Section 34, Division of Milk and Miscellaneous Food Inspection, Department of Health, and as amended ordered returned to Council with an affirmative recommendation.

Which was read.

Mr. Little moved

That the amendment of the Finance Committee be agreed to.

Which motion prevailed.

And the bill, as amended in committee and agreed to by Council, was read.

Mr. Little moved.

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

The Chair presented

No. 1937.

Pittsburgh City Home and Hospitals
Mayview, Pa.

December 29, 1932.

Honorable John S. Herron,
City Council,
Pittsburgh, Pennsylvania.

Honorable Sir:

To my recommendation to City Council for the elimination of positions I included the position of Assistant Dentist. Upon my return to the Institution I have made a still further check upon the activities of the Dental Department and would ask that the recommendation be withdrawn as in my opinion the position is needed.

The following is the Schedule of work performed in the Dental Department for the year 1931 and a comparative schedule of the work done the first eleven months of this year:

	1931	11 months of 1932
Silver Fillings	136	188
Silicate Fillings	4	18
Plates Made	181	209
Plates Repaired	33	99
Plates Adjusted	1236	1039
Post-Operative Treatments.....	19	99
Hygienic Treatments	1425	2023
Extractions	6549	6070
X-Rays	78	66
Total	9661	9811
Examinations of new patients.....	2539	2628

In view of the above I again reiterate my request that the position be continued on the payroll as the elimination would work a hardship on the patients of the Institution.

Sincerely,

JAMES S. HAMMERS, M.D.,
Medical Director and Superintendent.

Mr. Garland moved

That the communication be received and filed and a copy furnished each member.

The Chair said:

Gentlemen:—This is a reply to the question asked by Mr. Anderson yesterday.

Mr. Anderson arose and said:

Mr. President: — This gentleman

came up here and recommended the elimination of that job. There is only one reason that he changed his mind. Someone around here is a friend of the dentist.

The Chair said:

The dentist had a pull.

And the question recurring on the motion to receive and file as offered by Mr. Garland.

The motion prevailed.

Mr. Garland arose and said:

Mr. President:—I desire to make a few remarks on this ordinance, and they are mild compared to what has been said on previous budgets.

The day before yesterday in Council amendments were made to the budget adding new positions and raising some special salaries to the extent of \$23,500. These matters were not brought up or considered in Budget committee. This is simply repeating in a smaller manner, however, what was done early in 1930 when 198 new positions were added to the budget and there were salary advances ranging from \$300 to \$1,000 per year. That action was the result of a secret session, just as the present one. I personally want to thank the members of the majority for not making the amount excessive at this time. It would seem to me, however, that instead of adding to the budget there might have been some readjustments (downward) of the heavy advances made in 1930, and some of the positions might have been eliminated.

I would also have preferred seeing a graduated scale of reductions in the general payroll, a smaller percentage to be taken off the low pay salaries, with more off the higher paid, as most cities are doing at this time.

I would again call Council's attention to the fact that the appropriation for Mayview is still top heavy when compared with other similar institutions. One example of this is the \$7,700.00 set-up with maintenance for a chef, two dieticians, and a steward; while Woodville, a similar institution and one known to be well managed, gets along with one chef at \$1,200.00 per year and maintenance. It seems to me that we are spending a large amount of money to supervise a number of cooks engaged in plain cooking.

It develops that the hoped for revenue

from taxation is based on an estimate of 78½%, while the School Board estimates a 75% basis. But the Board of Education, speaking with the unanimous consent of its Board through its President, states as follows:

"We challenge the proponents of a 77% estimated collection of current tax receipts to bring us a single banker of character or standing in Pittsburgh to tell us that he honestly believes that we will collect over 70 per cent in 1933. Our Budget estimates were based on 75 per cent collection and we would not have dared venture upon this figure had we not had behind us an unexpended balance in the general treasury."

Now, gentlemen, this should be particularly noted. They had a substantial balance in their treasury amounting to approximately \$700,000, we, on the contrary, had an exceedingly large deficit, approximately \$1,750,000. We are living in dark days and this is a dark Budget. It should be noted here that the Citizens' Committee on Taxation recommended not more than 77½%.

Let us all hope that the collections will be made on a 78½% basis, and the Treasurer's office will have to work diligently towards that end. Should the School Board's estimate of 75% turn out to be correct, and they only accepted this figure by reason of having a large unexpended balance, we will add to our deficit \$600,000. If a 70% collection develops, we will have a further deficit beyond our present one of \$1,500,000. These estimates are made only on current taxes, without reference to delinquent.

I voted for the 1933 tax levy and I will now vote for these bills, as I recognize that if they are not properly passed today they might not be effective for another thirty days, and as such procedure would cost the taxpayers hundreds of thousands of dollars, I am, against my better judgment, obliged to vote in the affirmative.

The Chair said:

I desire to make a few remarks, and I am going to be mild to Mr. Garland.

Mr. Garland said:

Let's hope so.

Mr. Herron called Mr. Little to the Chair and taking the floor, said:

Mr. Chairman and Gentlemen:—For the purpose of the record, I desire at this

time, to make a statement which in my judgment at least, will help to clarify the situation, so far as the members of Council responsible for this Bill are concerned.

It was our hope that we would be able to reduce taxes in the City of Pittsburgh without a great deal of opposition. We were rather pleased when we did receive a unanimous vote. Every member of Council fully realized that to meet that tax rate, eliminations, reductions and dismissals would necessarily follow.

I am surprised that any member of Council should say that they have not had sufficient time to study this Budget. There isn't a single member who opposed this bill who has not had from 10 to 20 years experience.

It was my privilege to preside as Chairman of the Budget Committee. I cannot recall one single motion that was made by the opponents of the bill which would have tended to reduce the expenditures of the City, with the exception of the one made yesterday, which was unanimously agreed to. It is, in my judgment, bad logic for any member of Council to say.

"that it still retains provisions for positions and activities that might well be dispensed with and that the method of applying the reductions provided is not in accordance with my judgment of what would be fair"

when that member has made not effort whatsoever to correct this condition of which he claims knowledge.

Insinuations and innuendoes have been made that there was some "secret" meeting where perhaps items were inserted into this bill without the knowledge of ALL the members, and particular stress was laid upon the fact that the records were not clear as to the transfer of the Bureau of Weights and Measures. Strange as it may seem to the opponents of this Bill, in the Pittsburgh Press of Saturday, December 24th, 1932 (a copy of which I hold in my hand), in a resume in which they recite Council's program to bring 1933 appropriations from \$25,200,000 to \$21,100,000 to meet the tax rate levied, is this item:

"BUREAU OF WEIGHTS AND MEASURES—Abolished. Only six inspectors retained and transferred to Health Department, to combine food and weight inspections. This may be altered later, if the City is willing to turn this activity over to the County."

I, myself, have a recollection of Mr. Little's motion, but as we do not keep the records, we cannot afford to get into a controversy over this. Yesterday, however, we reconvened as Finance Committee, and again made these motions. However, if a mistake was made, it certainly was not done with the intention of deceiving, as the story in the Press very clearly explains the intent.

Every effort has been made on our part to be open and frank in everything we have done. For the first time since I have been a member of this Council, printed lists were furnished, not only to members of Council, but also to the newspapers as well, so they might be familiar with and would be given ample time to check up on our actions.

There should be no reluctance on the part of any member of Council to support this Bill, if they are sincere in their desire to reduce the expenditures of the City to meet the tax rate which they have all agreed upon.

We are responsible for this Budget and we will do everything that is humanly possible to see that the affairs of the City are conducted in such manner as to bring credit upon the members of this Council responsible for it.

Mr. Garland arose and said:

May I ask the present Chairman a question?

Mr. Little (President, Pro tem) said:

Yes, sir.

Mr. Garland said:

Did not you say to me that you never made a motion in the committee at the table changing the Bureau of Weights and Measures from the Safety Department to the Health Department?

The Chair said:

As I told you yesterday and said it several times, this printed sheet had been marked with a pencil and I asked Mr. Breitenstein to change the other sheets.

Mr. Garland said:

But there was no motion made by you to change it?

The Chair said:

Oh, yes, I made the motion and it applied to the Chief Inspector, the Assistant Chief Inspector and an Inspector, and the rest to be transferred to the Department of Public Health.

Mr. Garland said:
You are not answering my question?

The Chair said:
I certainly am.

Mr. Garland said:
You didn't say how many were to be transferred to the Health Department?

The Chair said:
I said the rest to be put in the Health Department.

Mr. Garland said:
I maintain and you have knowledge and you will agree with me that the change from the Safety Department to the Health Department was done outside this room.

The Chair said:
I certainly will not. The motion was made, as I reiterated several times.

Mr. Garland said:
The Health Department was never mentioned, as to the transfer.

The Chair said:
We saved over \$6,000.00. I thought we settled this question yesterday.

Mr. Garland said:
The President of Council resurrected it. I repeat the charge that it was done outside this room in a huddle.

The Chair said:
I deny that.

Mr. Garland said:
Mr. Muldowney, when he says he thinks it was done over there, he is mistaken.

Mr. Muldowney said:
You do your own thinking and I will do mine.

The Chair said:
I asked each member of Council to mark his sheet in pencil as I had mine and it is too bad that some of you failed to do this.

Mr. Garland said:
You look at the sheet.

The Chair said:
You didn't make your correction.

Mr. Garland said:
There is no correction.

The Chair said:
You heard me say there was a Chief, Assistant Chief and one Inspector eliminated.

Mr. Garland said:
Did you ever make that motion over at the table? Did you change from one bureau to another?

The Chair said:
I didn't say bureau. I said the rest of them to go to the Health Department.

At this time, President Herron resumed the Chair.

Mr. McArdle arose and said:

Mr. President:—I just want to make this observation concerning the subject. Everything I said about it was based upon the record of the Controller, who is the Clerk of the Finance Committee, and it was that which was the basis of my contention that it was not a part of his record. I made no accusations about huddles or anything else.

I want to make the further observation that in all the discussion of it, there has been no evidence called to our attention, as a part of this record, that the appropriation was made to the Department of Public Health for the other phases of this activity.

Mr. Little arose and said:

Mr. Chairman:—While on the subject, I will make this as clear as I can. The young lady taking the shorthand notes asked me for the copy of my printed sheet. I handed over to her all the sheets, except the last one, which was marked off in pencil. I kept that for my own satisfaction, as I explained yesterday. I had those pencil marks on it. I hope this explains the whole matter. There was nothing to hide, and if the young lady got a copy from some other member it is not my fault.

The Chair said:

We cleared that up yesterday by having a meeting of the Finance Committee.

And the bill as read a second time and as amended at meetings of December 27, 1932 and December 28, 1932, was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law and were:

Ayes:—Messrs.

Anderson

Connelley

Garland

Little

Ayes 8. Noes none.

McArdle

Muldowney

Soost

Herron, (Pres't.)

And a majority of the votes of Council being in the affirmative, the bill passed finally.

And there being no further business before the meeting, the Chair declared

Council adjourned.

APPENDIX

No. 1

AN ORDINANCE—Accepting the dedication of certain property in the 2nd Ward of the City of Pittsburgh for public use for highway purposes for the widening of Seventh avenue from William Penn Place to Grant street, refixing the width and position of the sidewalks and roadway of Seventh avenue as so widened and re-establishing the grade of the northerly curb line thereof.

Whereas, The Gulf Building Company, a Pennsylvania Corporation, domiciled in the City of Pittsburgh, County of Allegheny, and State of Pennsylvania, owner of the property hereinafter described, has executed and delivered to the City of Pittsburgh, its certain deed of dedication bearing date of November 2, 1931, now on file in the office of the Bureau of Engineering of said City, wherein it has conveyed said ground to said City for public street or public highway purposes and has released said City from any liability for damages for or by reason of the physical grading of the said public highway to the grade herein established; Therefore,

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That the said Deed of Dedication be and the same is hereby accepted and the Bureau of Engineering is hereby authorized and directed to place the same on record in the office of the Recorder of Deeds in and for the County of Allegheny.*

Section 2. The ground so as aforesaid conveyed to said City for public highway purposes shall be and the same is hereby appropriated and opened as a public highway in accordance with the terms of said

Deed of Dedication and shall be known as "Seventh Avenue", the same being bounded and described as follows:

Beginning at the intersection of the present northerly line of Seventh avenue and the easterly line of William Penn place; thence extending northwardly along the easterly line of William Penn place 20.005 feet to a point; thence eastwardly parallel to and a perpendicular distance of 20.0 feet north of the present northerly line of Seventh avenue, 195.516 feet more or less to the westerly line of Grant street; thence southwardly along the westerly line of Grant street 20.003 feet to the present northerly line of Seventh avenue; thence westwardly along the present northerly line of Seventh avenue 195.65 feet more or less to the place of beginning, containing 3,912.0 square feet.

Section 3. The width and position of the sidewalks and roadway of Seventh avenue as widened, from William Penn place to Grant street shall be and the same are hereby refixed as follows:

The southerly sidewalk shall have a uniform width of 12.0 feet and shall coincide with the present southerly sidewalk.

The northerly sidewalk shall have a uniform width of 12.0 feet and shall lie along and contiguous to the northerly street line.

The roadway shall have a uniform width of 56.0 feet and shall occupy the central portion of the street lying between the above described sidewalks.

Section 4. The grade of the northerly curb line of Seventh avenue as widened, from William Penn place to Grant street shall be and the same is hereby re-established as follows:

Beginning at the easterly curb line of William Penn place at an elevation of 48.71 feet (curb as set); thence rising by a con-

cave parabolic curve for a distance of 20.0 feet to a point of tangent to an elevation of 49.54 feet; thence rising at the rate of 5.35% for a distance of 165.72 feet to a point of curve to an elevation of 58.41 feet; thence by a convex parabolic curve for a distance of 20.0 feet to a point of tangent to an elevation of 59.15 feet; thence rising at the rate of 2.0% for a distance of 12.0 feet to the easterly curb line of Grant street to an elevation of 59.39 feet.

Section 5. The Department of Public Works is hereby authorized and directed to enter upon, take possession of, and appropriate the said described ground for a public highway, in conformity with the provisions of this ordinance.

Section 6. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed, so far as the same affects this Ordinance.

Passed January 18, 1932.

Approved January 23, 1932.

No. 2

AN ORDINANCE—Authorizing and directing the Mayor and the Director of the Department of Public Works, for and in behalf of the City of Pittsburgh, to execute a lease for the first floor of the South Side Market House, and prescribing the terms and conditions thereof.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the Mayor and the Director of the Department of Public Works, for and in behalf of the City of Pittsburgh, be and they are hereby authorized and directed to execute a lease for the first floor of the South Side Market House to its stallholders, said lease to be for a term of one (1) year commencing January 1, 1932, with an option in said lessees of an additional term of one (1) year, as hereinafter set forth. The rental reserved shall be \$1,000.00 per annum for the said term of one (1) year, payable in equal monthly installments of \$83.34 on the first day of each month during said term.

Said lessees, in addition to the rental re-

served, shall make such additions, alterations, improvements and repairs to said building as may be needed, all of which such additions, alterations, improvements and repairs shall be approved by the Director of the Department of Public Works in writing, and no repairs, additions, alterations or improvements shall be made until the same have been approved in writing by the Director of the Department of Public Works of the City of Pittsburgh.

Said lessees shall have the right and privilege to operate, supervise, control and manage said market house and the personnel thereof.

Said tenants shall have the right among themselves to determine what stalls or portions of said market each individual tenant shall occupy, and in case of the failure or death of a tenant or his desire to discontinue business, the remaining tenants, acting by a majority vote of the same, or through a committee appointed by them, shall have the right to substitute another tenant or tenants therefor, which substituted tenant or tenants shall be subject to all the obligations of the original lease.

Said tenants shall maintain as now provided a place for a farmers' market in said building.

Said lessees shall keep the demised premises, fixtures and equipment in adequate repair, and shall carry fire insurance upon the same in the sum of \$25,000.00, in favor of the City of Pittsburgh and the lessees individually or collectively, as their respective interests may appear.

If during the original term of said lease or as extended the said market shall be damaged by fire or other calamity so as to substantially interfere with its being operated as a public market, the lessees may surrender said lease or may repair the market. While it is being repaired the rental shall be abated proportionately as said market may be usable.

The entire cost of the operations of said market house, including the furnishing of water, gas, electricity and the maintenance of said demised premises and equipment in good repair shall be paid by the lessees. Said lessees shall operate and maintain said market in a clean and sanitary manner as a public market, subject to the control of the Director of the Department of Public Works, who shall have the right, for cause

stated, to determine whether said lessees are operating said market according to the terms of said lease and under the provisions of this ordinance, and his decision in writing thereon shall be final, conclusive and binding, unless an appeal from his decision shall be taken within five (5) days thereafter to the Mayor, whose decision thereon shall be final, conclusive and without appeal.

All repairs to said market house by the tenants during the term of the lease shall inure to the benefit of the City of Pittsburgh, and there shall be no abatement of the rent for any repairs so made.

In case the lessees desire to exercise the option for an additional term of one (1) year, notice in writing shall be given to the Director of the Department of Public Works not later than the first day of November, 1932.

During the term of this lease the said lessees shall have the right to add as additional lessees other persons who may become stallholders in said market; provided said additional stallholders shall sign said lease and become liable under the terms and conditions thereof.

Such other clauses as may be deemed by the Director of the Department of Public Works and the City Solicitor necessary to protect the City and to carry out the intent of this ordinance may be written into said lease.

Section 2. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed, so far as the same affects this Ordinance.

Passed January 18, 1932.

Approved January 23, 1932.

AN ORDINANCE—Authorizing and directing the Mayor and the Director of the Department of Public Works, for and in behalf of the City of Pittsburgh, to execute a lease for the Diamond Market and prescribing the terms and conditions thereof.

Section 1. Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That the Mayor and the Director of the Department of Public Works, for and in behalf of the City of Pittsburgh, be and they are hereby authorized and directed to execute a lease for the Diamond Market to its present stallholder, said lease to be for a term of five (5) years, commencing January 1, 1932, with an option in said lessees of an additional term of five (5) years (as hereinafter set forth.) Said rental reserved shall be in the sum of \$10,000.00 per annum for the said term of five (5) years, payable in equal monthly installments of ~~\$222.00~~ on the first day of each month during the said term, and for the second period of five (5) years, in case said lease is extended, the rental shall be \$20,000.00 per annum, payable at the monthly rate of \$1,666.66 on the first day of each month during said extended term.

Said tenants shall give bond, to be approved by the City Controller, in the sum of \$10,000.00, to secure the payment of said rent and for the faithful performance of the terms of the lease.

Said tenants shall give bond, to be approved by the City Controller, in the sum of \$10,000.00, to secure the payment of said rent and for the faithful performance of the terms of the lease.

Said tenants, in addition to the rental reserved, shall make such additions, alterations, improvements and repairs to said building and equipment as may be needed, and shall also install new refrigeration equipment at a cost of not less than \$40,000.00, all of which repairs, additions, improvements and the installation of new equipment shall be approved by the Director of the Department of Public Works, and no repairs, installations or additions shall be made in any way until after the same have been approved in writing by the Director of the Department of Public Works of the City of Pittsburgh.

Said lessees shall have the right and privilege to operate, supervise, (control) and manage the said market house and personnel thereof.

Said tenants shall have the right among themselves to determine what stalls or portions of said market each individual tenant shall occupy, and in case of the failure or death of a tenant or his desire to discontinue business the remaining tenants acting by a majority vote of the same or through a committee appointed by them shall have the right to substitute another tenant or tenants therefor, which substituted tenant or tenants shall be subject to all the obligations of the original lease.

Said tenants shall maintain as now provided a place for a farmers' market in said building.

Said lessees shall keep said building, fixtures and equipment in adequate repair and shall carry fire insurance upon the same in the amount of \$100,000.00, in favor of the City of Pittsburgh and the lessees, individually or collectively, as their respective interests may appear.

If during the original term of said lease or as extended the said market shall be damaged by fire or other calamity so as to substantially interfere with its being operated as a public market, the lessees may surrender said lease or may repair the market. While it is being repaired the rental shall be abated proportionately as said market may be usable.

The entire cost of the operations of said market house, including the furnishing of water and the maintenance of said building and equipment in good repair shall be paid by the lessees. Said lessees shall operate and maintain said market house in a clean and sanitary manner as a public market subject to the control of the Director of the Department of Public Works of the City of Pittsburgh, who shall have the right, for cause stated, to determine whether said lessees are operating said market according to the terms of said lease and under the provisions of this ordinance, and his decision, in writing, thereon shall be final, conclusive and binding, unless an appeal from his decision shall be taken within five (5) days thereafter to the Mayor, whose decision thereon shall be final and conclusive and without appeal.

If the lease is terminated before the expiration of the term thereof or by action of the Director of the Department of Public Works, for cause shown, or for cause beyond the control of said lessees, except the voluntary surrender and cancellation of said lease by said lessees, the City shall pay to the lessees or to such persons as shall be designated by them the then depreciated value of the additions made by them to the market and its equipment. If the Director of the Department of Public Works and the lessees are unable to agree as to the value of said additions the dispute shall be submitted to a board of three arbitrators, one of whom shall be selected by the Director of the Department of Public Works, one by the lessees and the third by the two thus selected. The decision of said board or of a majority thereof shall be final and conclusive upon the City and the lessees without exception or appeal.

In case the lessees desire to exercise the option for an additional term of five (5) years, notice in writing shall be given to the Director of the Department of Public Works of said intention not later than the first day of July, 1936.

Other clauses as may be deemed, by the Director of the Department of Public Works and the Solicitor, necessary to protect the City and to carry out the intent of this ordinance may be written into said lease.

Section 2. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is here-

by repealed, so far as the same affects this Ordinance.

No. 47

AN ORDINANCE—Relocating the course of Saw Mill Run in the 19th and 20th

Wards of the City of Pittsburgh, from the crossing under the Pittsburgh & West Virginia Railway Company to a point about 35.0 feet north of the first angle in Wilmerding street west of Woodruff street, so that the lines of the same as relocated shall lie within the lines of Saw Mill Run boulevard (formerly Woodruff street) as widened by Ordinance No. 348, approved June 26, 1931, and of Woodruff street, as widened by Ordinance No. 349, approved June 26, 1931, and of property expressly taken to effect such relocation by Ordinance No. 546, approved July 31, 1929, providing for slopes, retaining walls, appurtenances necessitated by such relocation and parking, establishing the grade of the same as relocated and providing that the costs, damages and expenses occasioned thereby be assessed against and collected from properties benefited thereby.

Section 1. Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That the course of Saw Mill Run, in the 19th and 20th Wards of the City of Pittsburgh, from the crossing under the Pittsburgh & West Virginia Railway Company to a point about 35.0 feet north of the first angle in Wilmerding street west of Woodruff street shall be and the same is hereby relocated within the lines of Saw Mill Run boulevard (formerly Woodruff street) as widened by Ordinance No. 348, approved June 26, 1931, and of Woodruff street as widened by Ordinance No. 349, approved June 26, 1931, and of property expressly taken to effect such relocation by Ordinance No. 546, approved July 31, 1929, according to the hereinafter description thereof, to-wit:

The following described survey line shall be used as a reference line for the purpose of this ordinance.

Beginning at the northerly portal of the crossing under the Pittsburgh & West Virginia Railway Company at the intersection of a line parallel to and at a perpendicular distance of 2.5 feet east of the westerly wall of said undercrossing, said beginning to be known as Station 0 + 00.0; thence extending north 23° 48' 00" east, along said line produced to a point of curve at Station 0 + 15.07; thence northwardly and westwardly by the arc of a circle deflecting to the left with a radius of 77.50 feet and a central angle of 95° 34' 00" to a point of

tangent at Station 1 + 44.34; thence by the tangent north 71° 46' 00" west to a point of curve at Station 6 + 18.98; thence northwardly by the arc of a circle deflecting to the right with a radius of 1400.0 feet and a central angle of 16° 11' 50" to a point of tangent at Station 10 + 14.75; thence by the tangent north 55° 34' 10" west to a point of curve at Station 12 + 31.55; thence northwardly by the arc of a circle deflecting to the right with a radius of 250.0 feet and a central angle of 26° 00' 00" to a point at Station 13 + 45.0, said last mentioned point being about 11.0 feet west of the center line of Wilmerding street and about 35 feet north of the first angle therein northwest of Woodruff street.

The bed of the stream from Station 0 + 00.0 on the above described survey line to Station 1 + 70 on the same shall have a variable width. The easterly line thereof shall be parallel to and at a perpendicular or radial distance of 22.5 feet east of the above described survey line. The westerly line at Station 0 + 00.0 on the above described survey line shall be at a perpendicular distance of 2.5 feet west of the above described survey line; thence extending northwardly and westwardly by the arc of a circle deflecting to the left to a point radially opposite and 27.0 feet southwest of the above described survey line at Station 1 + 00.0 thereon; thence northwardly by the arc of a circle deflecting to the left to a point perpendicularly opposite and 22.5 feet south of the above described survey line at Station 1 + 70.0 thereon.

The bed of the stream from Station 1 + 70.0 on the above described survey line to Station 12 + 31.55 on the same shall have a uniform width of 45.0 feet, the center line of which shall coincide with the above described survey line.

The bed of the stream from Station 12 + 31.55 on the above described survey line to Station 13 + 45.0 on the same shall have a variable width ranging from 45.0 feet at the former to 28.0 feet at the latter mentioned station, the above described survey line being the general center line thereof. The bed of the stream as relocated shall meet the bed of the present stream at Station 13 + 45.0.

Section 2. The portion of Saw Mill Run boulevard (formerly Woodruff street) as widened by Ordinance No. 348, approved

June 26, 1931, lying between the bed of the stream as above described and the northerly line of the right of way of the Pittsburgh, Carnegie and Western Railway Company and the remaining portions of Woodruff street, as widened by Ordinance No. 349, approved June 26, 1931, lying without the lines of the bed of the stream as above described and the remaining portions of property taken by Ordinance No. 546, approved July 31, 1929 lying without the line of the bed of the stream as above described shall be used for slopes, retaining walls, appurtenances necessitated by the relocation of the stream and parking.

Section 3. The grade of the bed of the stream shall begin at Station 0 + 00.0 on the above described survey line at an elevation of 88.55 feet; thence shall fall at the rate of 1.13% to Station 13 + 45.0 on the above described survey line to an elevation of 73.35 feet.

Section 4. The costs, damages and expenses occasioned thereby and the benefits to pay the same shall be assessed against and collected from the properties benefited thereby in accordance with the provisions of the Acts of Assembly of the Commonwealth of Pennsylvania relating thereto and regulating the same.

Section 5. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed, so far as the same affects this Ordinance.

maintain and operate not more than three (3) additional tracks on portions of Irvine street and Second avenue, in the 15th Ward of the City of Pittsburgh, between Greenfield avenue and a point 175.03 feet more or less north of Hazelwood avenue.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That the Baltimore and Ohio Railroad Company in Pennsylvania, its affiliated companies, successors and assigns be and they are hereby given the right and authority at their entire cost and expense to construct, maintain and operate for a period of ninety-nine (99) years, not more than three (3) additional tracks upon portions of Irvine street and Second avenue, in the 15th Ward of the City of Pittsburgh, between Greenfield avenue and a point 175.03 feet, more or less, north of Hazelwood avenue, as hereinafter more particularly described as follows:*

Beginning at a point on the southerly line of Greenfield avenue, 60.0 feet wide, distant north $56^{\circ} 50'$ east 99.19 feet from the easterly line of Second avenue, 48.0 feet wide; thence along said southerly line of Greenfield avenue north $56^{\circ} 50'$ east 67.48 feet to a point; thence by the arc of a circle deflecting to the right with a radius of 41.0 feet for a distance of 20.74 feet to a point of tangent; thence in a southerly direction, parallel to and 54.0 feet westwardly from the easterly line of Irvine street for a distance of 4917.0 feet more or less to a point perpendicularly opposite the first point of tangent in the easterly line of Irvine street south of Minden street, said point of tangent being 35.42 feet measured along the easterly line of Irvine street from the southerly line of Minden street; thence south $1^{\circ} 25'$ east 69.84 feet to a point of curve; thence by the arc of a circle deflecting to the left with a radius of 347.62 feet for a distance of 50.05 feet to a point of tangent; thence by the tangent south $9^{\circ} 40'$ east 89.02 feet more or less to a point on the westerly line of Second avenue, 60.0 feet wide, distant north $21^{\circ} 40'$ west 175.03 feet more or less from the northerly line of Hazelwood avenue; thence along the said westerly line of Second avenue north $21^{\circ} 40'$ west 355.80 feet more or less to a point on the southerly line of Longworth street; thence along the southerly line of Longworth street produced north $72^{\circ} 19' 30''$ east 7.02 feet to a point; thence by the arc

of a circle deflecting to the left with a radius of 3903.83 feet for a distance of 265.39 feet, the chord of said bearing north $15^{\circ} 15' 50''$ west, the length of said chord being 265.34 feet; thence north $19^{\circ} 21' 20''$ west 282.94 feet to a point on the easterly line of Second avenue, 48.04 feet wide; thence along the said easterly line of Second avenue south $21^{\circ} 40'$ east 602.0 feet more or less to a point on the westerly line of Irvine street; thence northwardly along the said westerly line of Irvine street for a distance of 4825.0 feet more or less to the place of beginning. Containing within said boundaries 5.054 acres of land more or less.

It is the intent of this ordinance to grant the Baltimore and Ohio Railroad Company in Pennsylvania by the description hereinabove set forth the right to occupy all the said Irvine street, lying between a line parallel to and 54.0 feet west of the east line of Irvine street and the easterly line of the right of way of the Baltimore and Ohio Railroad Company and extending from Greenfield avenue on the north to Minden street on the south; also that portion of Second avenue contained within the above described lines.

Section 2. The said Company, prior to undertaking any construction of said additional tracks shall submit to the Director of the Department of Public Works its plans for retaining walls or other means proposed for the support of slopes adjacent to the street improvements, which said plans and the construction work included therein shall be subject to the approval and supervision of said Director of the Department of Public Works.

Section 3. The said Baltimore and Ohio Railroad Company in Pennsylvania, its affiliated companies, successors and assigns, shall assume any liability of the City of Pittsburgh for damage to persons or property by reason of the construction, maintenance and/or operation of the said tracks and it is the condition of this Grant that the City of Pittsburgh assume no liability to either persons or property by reason thereof.

Section 4. Within ninety (90) days after the approval of this ordinance, the said Railroad Company shall file with the City Controller a written acceptance under its corporate seal of all the terms and provisions of this Franchise.

Section 5. This ordinance is passed pur-

suant to a certain contract between the City of Pittsburgh and the Baltimore and Ohio Railroad Company in Pennsylvania, its affiliated companies, successors and assigns dated August 29, 1929 and as authorized by ordinance No. 529 approved July 31, 1929 and recorded in Ordinance Book Volume 41, page 530.

Section 6. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed, so far as the same affects this Ordinance.

AN ORDINANCE—Signifying the desire of the corporate authorities of the City of Pittsburgh that the indebtedness of the City of Pittsburgh be increased in the amount of Three Million (\$3,000,000.00) Dollars, for the purpose of providing food, clothing, fuel and shelter for and otherwise assisting residents of the City of Pittsburgh who are without adequate means of support, and providing for a special public election to be held in said City for the purpose of obtaining the assent of the electors thereof to such increased indebtedness, and providing for notice of such election.

WHEREAS, due to unprecedented conditions of unemployment in the City of Pittsburgh there is an unusual demand for assistance to persons in want, and the Department of Public Welfare and the social agencies of the City of Pittsburgh do not have sufficient funds to meet the situation, and in the opinion of Council an emergency exists requiring the expenditure of a large amount of money for the care of the poor in said City and the performance of its obligations with respect to the protection of the public health, safety and welfare of its residents, which expenditure the City is unable to meet from current revenues, and the necessary funds must, therefore, be obtained by an increase of indebtedness of the City by the issuance of bonds.

Section 1. Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That in pursuance of an Act of Assembly of the Commonwealth of Pennsylvania entitled, "An Act to regulate the manner of increasing the indebtedness of municipalities, to provide for the redemption of the same and to impose penalties for the illegal increase thereof," approved April 20, 1874, and the several amendments and supplements thereof, and

all other laws of the Commonwealth relating to the subject-matter of this Ordinance, the corporate authorities of said City do hereby signify a desire to make an increase of indebtedness of said City, in the amount and for the purpose as set forth in Section 2 hereof.

Section 2. That for the purpose of obtaining the assent of the electors of the said City to an increase of indebtedness of said City, a proposition shall be submitted at a special public election to the said electors as hereinafter provided, reading as follows:

Shall the indebtedness of the City of Pittsburgh be increased in the amount of Three Million (\$3,000,000.00) Dollars, for the purpose of providing food, clothing, fuel and shelter for and otherwise assisting residents of the City of Pittsburgh who are without adequate means of support?

Section 3. That the said proposition shall be submitted to the electors of the City of Pittsburgh at a special public election to be held in said City on the twenty-sixth day of April, 1932, and the said election shall be held at the places, time and under the same regulations as provided by law for the holding of municipal elections.

Section 4. The Mayor of said City shall by proclamation give notice of said election during at least thirty (30) days by weekly advertisements in the newspapers, not exceeding three in said City, and said notice shall contain a statement of the amount of the last assessed valuation, of the amount of the existing debt, of the amount and percentage of the proposed increase and of the purposes for which the indebtedness is to be increased.

Section 5. The Mayor of said City and all other municipal and County officials and election officers are hereby authorized and directed to do all acts and things which may be necessary for the lawful holdings and conducting of the said election in the manner provided by law, and all expenses occasioned by said election, lawfully payable by said City, shall be payable out of Appropriation No. 42, Contingent Fund.

Section 6. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed, so far as the same affects this Ordinance.

AN ORDINANCE—Signifying the desire of the corporate authorities of the City of Pittsburgh that the indebtedness of the City of Pittsburgh be increased in the amount of Two Million (\$2,000,000.00) Dollars, for the purpose of providing supplies, materials, equipment, labor and supervision (including engineering expenses) for the improvement of streets, parks, playgrounds, wharves, sewers, water lines, bridges and other public properties of the City of Pittsburgh, the labor to be provided from among the unemployed, and providing for a special public election to be held in said City for the purpose of obtaining the assent of the electors thereof to such increased indebtedness, and providing for notice of such election.

WHEREAS, there now exists an emergency in the City of Pittsburgh arising out of the unemployment of a great number of men, which has caused much suffering, and in the judgment of Council as many public improvements as possible should be made at this time to utilize the labor of persons now unemployed.

Section 1. Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That in pursuance of an Act of Assembly of the Commonwealth of Pennsylvania entitled, "An Act to regulate the manner of increasing the indebtedness of municipalities, to provide for the redemption of the same and to impose penalties for the illegal increase thereof," approved April 20, 1874, and the several amendments and supplements thereof, and all other laws of the Commonwealth relating to the subject-matter of this Ordinance, the corporate authorities of said City do hereby signify a desire to make an increase of indebtedness of the said City, in the amount and for the purpose as set forth in Section 2 hereof.

Section 2. That for the purpose of obtaining the assent of the electors of the said City to an increase of indebtedness of said City, a proposition shall be submitted at a special election to the said electors as hereinafter provided, reading as follows:

Shall the indebtedness of the City of Pittsburgh be increased in the amount of Two Million (\$2,000,000.00) Dollars, for

the purpose of providing supplies, materials, equipment, labor and supervision (including engineering expenses) for the improvement of streets, parks, playgrounds, wharves, sewers, water lines, bridges and other public properties of the City of Pittsburgh, the labor to be provided from among the unemployed?

Section 3. That the said proposition shall be submitted to the electors of the City of Pittsburgh at a special public election to be held in said City on the twenty-sixth day of April, 1932, and the said election shall be held at the places, time and under the same regulations as provided by law for the holding of municipal elections.

Section 4. The Mayor of said City shall by proclamation give notice of said election during at least thirty (30) days by weekly advertisements in the newspapers, not exceeding three in said City, and said notice shall contain a statement of the amount of the last assessed valuation, of the amount of the existing debt, of the amount and percentage of the proposed increase and of the purposes for which the indebtedness is to be increased.

Section 5. The Mayor of said City and all other municipal and County officials and election officers are hereby authorized and directed to do all acts and things which may be necessary for the lawful holding and conducting of the said election in the manner provided by law, and all expenses occasioned by said election, lawfully payable by said City, shall be payable out of Appropriation No. 42, Contingent Fund.

AN ORDINANCE—Granting the permission of the City of Pittsburgh to the construction by the Baltimore and Ohio System, operating the Pittsburgh Junction Railroad Company, of a loading platform on the

west side of Twenty-first street adjoining its warehouse, and a switch track extending from its right-of-way along the south bank of the Allegheny River and along the west side of Twenty-first street adjoining said platform.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the consent of the City of Pittsburgh is hereby given to the Baltimore and Ohio System, operating the Pittsburgh Junction Railroad Company, to construct a loading platform on the west side of Twenty-first street adjoining its warehouse and extending from a point near Railroad street along the easterly side of said warehouse a distance of approximately 256 feet and to be of the width of eight (8) feet.

Section 2. The said Baltimore and Ohio System, operating the Pittsburgh Junction Railroad Company, is also authorized at its own cost and expense to construct a switch adjoining said loading platform and extending from its right-of-way on the south bank of the Allegheny River to a point near Railroad street, the surface of the street to be restored to its present condition after the construction of said platform and track.

Section 3. The permission to construct said platform is granted upon condition that it will be removed by the owner of the property at any time after six months' notice from the City of Pittsburgh so to do.

All of the said work is to be done according to a plan prepared by the Assistant Chief Engineer of the Baltimore and Ohio System, operating the Pittsburgh Junction Railroad Company, at Pittsburgh, and on file in the office of the Department of Public Works, marked "DWG. NO. 13381."

Section 4. The aforementioned plan shall be approved by the Director of the Department of Public Works. The rights and privileges herein granted shall be subject and subordinate to the rights of the City of Pittsburgh and its powers over City streets, and to the Ordinances of the City of Pittsburgh relating thereto, and to the provision of any general Ordinance which may hereafter be passed relating to the construction, maintenance, operation and use of tracks on City streets and compensation for same.

Section 5. The said Baltimore and Ohio System, operating the Pittsburgh Junction

Railroad Company, shall bear the full cost and expense of the repaving and repair of the street pavement damaged, repair of sewers, water lines and other surface and sub-surface structures which may be in any way damaged or disturbed by reason of the construction, maintenance, operation and use of said track. All of the said work, including the repaving of the street damaged, shall be done in the manner and at such times as the Director may order, and shall be subject to his approval and supervision.

Section 6. The rights and privileges granted by this Ordinance are granted upon the express condition that the City of Pittsburgh, without liability, reserves the right to cause the removal of said track upon giving six (6) months notice through its proper officers, pursuant to a Resolution or Ordinance of Council to the said Baltimore and Ohio System, operating the Pittsburgh Junction Railroad Company, its successors and assigns, to that effect, and that the said grantee shall, when so notified at or before the expiration of said six (6) months, forthwith, remove the said track and replace the street to its original condition at its own cost and expense.

Section 7. The Baltimore and Ohio System, operating the Pittsburgh Junction Railroad Company, shall assume any liability of the City of Pittsburgh for damages to persons or property, including the street and sub-surface structures thereon or therein by reason of the construction, maintenance, operation and use of said track, and it is the condition of this grant that the City of Pittsburgh assumes no liability to either persons or property on account of this grant.

Section 8. The foregoing rights and privileges are granted subject to the following conditions, to-wit: This Ordinance shall become null and void unless within sixty (60) days after its passage and approval the Baltimore and Ohio System, operating the Pittsburgh Junction Railroad Company, shall file with the City Controller, its certificate of acceptance of the provisions of the Ordinance, said certificate to be executed by the President or Vice-President and Secretary or Assistant Secretary of the Company, with its corporate seal attached.

Section 9. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby

repealed, so far as the same affects this Ordinance.

A N ORDINANCE—Authorizing an Agreement with the Pittsburgh Railways Company relating to the repairing of the Duquesne Way Ramp.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the Mayor and the Director of the Department of Public Works, on behalf of the City of Pittsburgh, are hereby authorized and directed to enter into an Agreement for the repairing of the Duquesne Way Ramp with the Pittsburgh Railways Company, said Agreement to be in the following language:

ARTICLES OF AGREEMENT

Made and entered into this.....day of, A. D., 1932, by and between the City of Pittsburgh, a municipal corporation of the State of Pennsylvania, party of the first part, hereinafter designated as the "City",

AND

Pittsburgh Railways Company, a corporation of the State of Pennsylvania, party of the second part, hereinafter designated as the "Company".

WHEREAS, the condition of the ramp on Duquesne way, connecting said street with the Manchester Bridge, has become such as to require extensive repairs to the floor system and slight repairs to the superstructure of the same; and,

WHEREAS, the Company desires to continue the operation of its street cars over the said ramp and also is willing to contribute to the cost of repairs to the extent as set forth in this Agreement; and,

WHEREAS, the Council of the City has set aside funds in the amount of Twenty-five Thousand (\$25,000.00) Dollars, in its budget for 1932 to repair said ramp:

NOW, THEREFORE, THIS AGREEMENT
WITNESSETH:

(1) That the City agrees to prepare plans and let a contract, or do the work with its own forces, including the purchase of supplies, materials, purchase or rental of the necessary plant and equipment, and the cost of engineering expenses, for the necessary repairs to the ramp on Duquesne way, at an estimated cost of Thirty Thousand (\$30,000.00) Dollars, to preserve the same for the joint use of the City and the Company, said plans to be approved by the Director of the Department of Public Works of the City and the Vice-President of the Company.

(2) That the Company agrees to pay to the City, upon approval of the final estimate under said contract by the Director of the Department of Public Works, or upon completion of said work with City forces, certified by the Director of the Department of Public Works, the sum of Five Thousand (\$5,000.00) Dollars, which sum is to be applied by the City to the payment of the cost for said repairs.

(3) The Company further agree to remove its rail within the zone of reconstruction and to relay and realign the said rails after the supporting ties have been prepared by the Contractor.

(4) This Agreement is entered into on the part of the City by authority of Ordinance No....., approved the.....day of....., 1932, and on the part of the Company by Authority of Resolution of its Board of Directors, passed the.....day of....., 1932.

IN WITNESS WHEREOF, the parties hereto have hereunto affixed their common and corporate seals, duly attested by their proper officers, the day and year first above written.

AN ORDINANCE—Authorizing and directing the Mayor and the Director of the Department of Public Works of the City of Pittsburgh to make, execute and deliver in the name of and for the City of Pittsburgh, a contract with the proper officers of the Pittsburgh Railways Company and The Mt. Washington Street Railways Company, for constructing a roadway or street crossing the private right-of-way and tracks of the Pittsburgh Railways Company to connect the two sections of Broadway at Pauline avenue, and providing for the payment of the cost thereof.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the Mayor and the Director of the Department of Public Works of the City of Pittsburgh shall be and they are hereby authorized and directed to make, execute and deliver, in the name of the City of Pittsburgh, the following contract with the Pittsburgh Railways Company and The Mt. Washington Street Railways Company, and to affix thereto the corporate seal of the said City

ARTICLES OF AGREEMENT

Made and entered into this.....day of, 1932, by and between the Pittsburgh Railways Company and the Mt. Washington Street Railway Company, both Pennsylvania corporations, hereinafter sometimes referred to as the "Railway Companies", parties of the first part, and the City of Pittsburgh, a municipal corporation of the Commonwealth of Pennsylvania, situate in the County of Allegheny, hereinafter sometimes referred to as the "City", party of the second part.

WITNESSETH

Whereas, the Pittsburgh Railways Company operates a double track street railway for the Mt. Washington Street Railway Company along the latter Company's private right-of-way between the two sections of Broadway in the City of Pittsburgh; and

Whereas, the City desires to construct a road crossing over the aforesaid tracks between the two sections of Broadway at Pauline avenue; and

Whereas, the Railway Companies are willing to lower their aforesaid tracks to con-

form with the grade of said road crossing upon the terms and conditions hereinafter set forth.

Now, Therefore, the parties hereto, for and in consideration of the premises and mutual covenants and conditions hereinafter provided, do agree as follows:

FIRST. The City shall construct, or cause to be constructed, a road crossing at grade with concrete base and surface paving across the tracks of the Railway Companies between the two sections of Broadway in the City of Pittsburgh in accordance with plans prepared by the City and approved by the Superintendent of Way and Structures of the Railway Companies.

SECOND. The Railway Companies shall lower their tracks to conform with the grade of the road crossing to be constructed by the City as provided in Paragraph First hereof and shall remove their present rails from said crossing and construct in place thereof new seven (7") inch rails. Said work shall also be done in accordance with plans prepared by the City and approved by the Superintendent of Way and Structures of the Railway Companies.

THIRD. The City shall bear the entire cost of the work provided for in Paragraph First hereof and shall also pay to the Railway Companies, upon the execution of this agreement and the approval thereof by the Public Service Commission, the sum of One Thousand (\$1,000.00) Dollars, to be applied by the latter Companies to the work provided for in Paragraph Second hereof and also the necessary relocation and/or reconstruction of the overhead facilities of the Railway Companies in connection therewith.

FOURTH. The work to be done by the City as hereinabove provided shall be carried on in such a manner as not to interfere, either during the progress of the work or afterwards, with the free and safe passage of cars over the tracks of the Railway Companies in either direction.

FIFTH. The City covenants and agrees to indemnify and save harmless the Railway Companies from and against any and all costs, claims, suits and liabilities of every kind whatsoever arising from the construction and maintenance of the road crossing provided for in Paragraph First hereof and the lowering of the tracks of the Railway Companies to conform to the grade thereof, save and except such costs, claims, suits

and liabilities arising by reason of the sole negligence of the Railway Companies or their employees.

SIXTH. The City also covenants and agrees that after the completion of the road crossing provided for in Paragraph First hereof, whenever required by the condition of the premises, it will, at its own cost and expense, without cost of any sort to the Railway Companies, do the work of repairing, repaving or otherwise improving those portions of said crossing which is not required by damage due to track removal or replacement, maintenance of track or car operation.

SEVENTH. Simultaneous with the construction of the road crossing provided for in Paragraph First hereof, the City shall abandon the road crossing now maintained over the tracks of the Railway Companies between the two sections of Broadway at Belasco avenue and for that purpose shall, at its own cost and expense, remove the pavement between the rails of the Railway Companies, of which said road crossing at Belasco avenue is comprised, and also construct a curb throughout the full width of said crossing between the tracks of the Railway Companies and both sections of Broadway.

EIGHTH. It is understood and agreed by the parties hereto that the approval of the Public Service Commission shall be secured before commencement of any part of the work herein provided for.

This agreement shall be binding upon the respective successors and assigns of the parties hereto.

IN WITNESS WHEREOF, this Agreement has been duly executed the day and year first above written pursuant, on the part of the Pittsburgh Railways Company, to a Resolution of the Board of Directors at a meeting held....., and on the part of the City of Pittsburgh by an Ordinance of Council approved....., and recorded in Ordinance Book Volume....., Page.....

No. 105

AN ORDINANCE—Authorizing the execution of a contract with the Pennsylvania Railroad Company in connection with the extension of Mt. Washington Roadway from its present terminus to a point at or near South Ninth street.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That the Mayor and the Director of the Department of Public Works be and they are hereby authorized and directed to enter into*

a contract with the Pennsylvania Railroad in the following language:

THIS AGREEMENT

Made and entered into this.....day of....., 1932, between the Pennsylvania Railroad Company, a corporation organized under the laws of the Commonwealth of Pennsylvania, hereinafter called "Railroad", and the City of Pittsburgh, a municipal corporation of the Commonwealth of Pennsylvania, hereinafter called "City".

Whereas, the City intends to extend the Mount Washington Roadway from its present terminus at or near the junction of Manor street and Arlington avenue, to a point near South Ninth street, and in so doing it is necessary to cross the tracks of the Pennsylvania Railroad Company by a bridge and for the City to use certain property now owned by the Pennsylvania Railroad Company; and,

Whereas, certain plans have been prepared showing the exact location of said Mt. Washington Roadway and its relation to the property of the Railroad and the bridge, which will be a part of the said Roadway, said plans being on file in the Office of the Department of Public Works, Bureau of Engineering of the City, being Plan No. 2425 of the Division of Surveys, Plan No. A-2651, Sheet 3 of 12, Division of Design, and Plan No. F-4157 of the Division of Bridges and Structures, which latter plan shows the general structure plan of the bridge, clearances and property of the Railroad to be used and/or acquired.

Now, therefore, it is agreed between the parties hereto, as follows:

1. The recited plans are made a part of this agreement as if attached thereto.

2. The Railroad agrees:

(A) That it will execute and deliver a deed or deeds conveying all the right, title, and interest of the Railroad Company in and to all the following described parcels of land, as shown by Parcels numbers 1, 2, 4 and 5 on said plan or plans.

of 291.0 feet for a distance of 48.0 feet, more or less, to the Westerly line of South Seventh street at a point North 3° 03' 00" East 23.81 feet along the Westerly line of South Seventh street from the intersection of the Southerly line of Sarah street produced and the westerly line of said South Seventh street; thence along the Westerly line of South Seventh street, South 3° 03' 00" West 66.92 feet to the place of beginning.

(C) It is fully understood and agreed that the Railroad Company may reserve in said deed or deeds the right from time to time to extend, construct and maintain adequate slopes over and upon said parcels Nos. 1, 2, 4, and 5 for the purpose of protecting or supporting the tracks and roadbed of the Railroad Company at the established grade thereof. The Railroad Company shall not be required to procure the release of liens of any of its corporate mortgages or judgments against the said lands and that it shall not warrant against said liens.

(D) To permit the City to have access to said bridge over its property for the purpose of inspection, maintenance, repairs, or reconstruction at all reasonable times during the existence of said bridge.

(E) To permit the City to construct and maintain, repair, and renew, at its own expense, a 15" storm sewer from the proposed roadway to the south end of the existing concrete culvert under the tracks of the Railroad approximately 360 feet west of the center of South Seventh street; provided that the City agrees to construct and maintain, repair, and renew, at its own expense, an additional 20" storm sewer from the north end of the above-mentioned concrete culvert in a northerly direction across the property of the Railroad to a connection with the main sewer in Carson street, said storm sewers to be as shown on Plan No. A-3851, Sheet 3 of 12, the Railroad shall have the right at all times to make connections with the above mentioned sewers if it so desires.

3. The City agrees:

(a) That it will enact all ordinances necessary to carry into effect this agreement and to enable the City to proceed with the construction of said extension of Mt. Washington Roadway.

(b) That it will fully complete the work within the lines as shown on said plans, and will thereafter, at its sole cost and ex-

pense, maintain, repair, and renew the same; that the bridge structure crossing the tracks of the railroad shall be at an elevation to provide a clearance of 23 feet above the top of the rails; that the specifications and plans for the work shall be submitted to the Chief Engineer of the Central Region of the Pennsylvania Railroad and his approval obtained, before doing any of the said work.

(c) To pay the Railroad the sum of \$100,000.00 in full compensation for the lands and easements to be conveyed as aforesaid, upon delivery of said deeds.

(d) That it will exercise the greatest care and require any of its contractors to exercise the greatest care during all of the work herein contemplated, for protection of trains, cars, and locomotives and other property of the Railroad, or property in its custody, as well as the employes, patrons, and licensees of the Railroad, to the intent that no loss, damage or injury shall occur thereto; and it shall require its contractor engaged in constructing said bridge and its supports upon, over and across the tracks and property owned or used by the Railroad, before the commencement of said work and until the completion thereof, to furnish and provide, without expense to the Railroad, public liability and property insurance in the amount of Five Hundred Thousand Dollars, protecting both the City and Railroad, as their respective interests may appear, from loss, cost, damage, and expense and claims and demands therefor to persons and property, caused by or in any manner growing out of the construction of said bridge and its supports, or attributable as a proximate cause to the fault, failure or negligence of said contractor.

4. The Railroad shall have the right to employ such flagmen and watchmen (who shall hereunder be construed as employes of the City) as it may deem necessary for the protection of its traffic and property during the construction of the said foundations and piers, and the said bridge over and across the tracks and property of the Railroad; and the City agrees to pay to the Railroad, upon the presentation of certified bills, the entire cost and expense of such flagmen and watchmen.

5. It is further agreed between the parties hereto that the Railroad shall make application to and procure Certificate of

Convenience from the Public Service Commission of the Commonwealth of Pennsylvania, evidencing its approval of this contract and shall solely pay the filing fee therefor to said Commission; and the City shall make application to and procure Certificate of Convenience from said Commission evidencing its approval of the crossing involved in this contract and shall solely pay the filing fee therefor.

In Witness Whereof, the parties to this agreement have caused the same to be duly executed by their proper officers the day and year first above written, the Railroad pursuant to a Resolution of its Board of Directors, dated.....1931, and the City pursuant to an Ordinance of Council of the same, approved by the Mayor.....and recorded in Ordinance Book, Vol.....page.....

No. 106

AN ORDINANCE—Regulating traffic upon the highways and parks of the City of Pittsburgh, and providing the procedure and penalties for and in connection with violation thereof.

ARTICLE I.

SHORT TITLE AND DEFINITIONS

Section 101. Short Title. Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That this Ordinance shall be known and may be cited as "The Traffic Code."

Section 102. Definitions.

Wherever in this Ordinance the following terms are used, they shall have the meanings respectively ascribed to them in this Section:

Authorized Emergency Vehicle. Vehicles of the Bureau of Fire, police vehicles, ambulances and emergency vehicles of municipal departments or public service corporations as are designated or authorized by the Director of the Department of Public Safety and are marked as designated by the said Director.

Bus or Coach. A motor vehicle equipped to carry seven or more persons and engaged as a common carrier in the transportation of persons in either interstate or intrastate business or in both kinds of businesses.

Business District. The territory contiguous to a highway when fifty per cent or more of the frontage thereon for a distance of three hundred feet (300') or more is occupied by buildings in use for business.

Central Business District. All that territory included within the following limits:

Water street from Try street to the Point Bridge ramp; the Point Bridge ramp from Water street to the Manchester Bridge; the ramp leading from the Manchester Bridge to Duquesne way; Duquesne way from the Manchester Bridge ramp to Eleventh street; Eleventh street from Duquesne way to Lib-

erty avenue; Liberty avenue from Eleventh street to Grant street; Grant street from Liberty avenue to Seventh avenue; Seventh avenue from Grant street to Bigelow boulevard; Bigelow boulevard from Seventh avenue to Washington place; Washington place from Bigelow boulevard to Fifth avenue; Fifth avenue from Washington place to Hooper street; Hooper street from Fifth avenue to Bluff street; Bluff street from Hooper street to the Boulevard of the Allies; Boulevard of the Allies from Bluff street to a point over Try street; Try street from a point under the Boulevard of the Allies to Water street. All boundary streets shall be considered as within the Central Business District.

Crosswalk. That portion of a roadway ordinarily included within the prolongation of curb and property lines at intersections or any other portion of a roadway clearly indicated for pedestrian crossing by lines or other marks on the surface.

Freight Bus on Call or Demand. A vehicle engaged as a common carrier of freight in intra-state business and operating under a certificate of public convenience granted by the Public Service Commission of the State of Pennsylvania, or in inter-state business, or in both kinds of businesses.

Highway. Every street, way or place, of whatever nature, open to the use of the public as a matter of right, for purposes of vehicular travel. The term "highway" shall not be deemed to include a roadway or driveway upon grounds owned by private persons, colleges, universities, or other institutions.

Intersection. The area embraced within the prolongation of the lateral curb lines or, if none, then the lateral boundary lines of two or more highways which join one another at an angle, whether or not one such highway crosses the other.

Motor Vehicle. Every vehicle, as herein defined, which is self-propelled.

Official Traffic Signals. All signals, not inconsistent with this Ordinance, placed or erected by authority of the City of Pittsburgh, its Director of the Department of Public Safety or other official having jurisdiction, for the purpose of directing, warning or regulating traffic.

Parking. The standing of a vehicle, except police or fire department vehicle or

ambulance, whether occupied or not, upon a highway, otherwise than temporarily for the purpose of and while actually engaged in the loading and unloading of passengers or materials, or in obedience to traffic regulations or traffic signs or signals.

Pedestrian. Any person afoot.

Police Officer. Every uniformed member of the Bureau of Police of the City of Pittsburgh authorized to direct or regulate traffic or to make arrests for violation of traffic regulations.

Private Road or Driveway. Every road or driveway not open to the use of the public for purpose of vehicular travel.

Right of Way. The privilege of the immediate use of the highway.

Roadway. That portion of a highway between the regularly established curb lines or that part improved and intended to be used for vehicular travel.

Safety Zones. The area or space officially set apart within a roadway for the exclusive use of pedestrians and which is protected or is so marked or indicated by adequate signs as to be plainly visible at all times while set apart as a safety zone.

Sidewalk. That portion of a highway between the curb lines and adjacent property lines or that part devoted laterally to pedestrian travel.

Sign. Any device, mark, marker, board, plate, or other contrivance, designed for the purpose of guiding traffic or informing of a traffic regulation.

Street. A highway where the roadway exceeds twenty (20) feet in width. The term "street" shall not be deemed to include a roadway or driveway upon grounds owned by private persons, corporations, colleges, universities, or other institutions.

Street Car. Every device traveling exclusively upon rails when upon or crossing a highway, other than cars or trains propelled or moved by steam.

Taxicab. A licensed public vehicle for hire designed and constructed to seat not more than seven persons, and operating as a common carrier on call or demand.

Taxicab Cruising. Taxicab cruising is hereby defined to be the driving of any taxicab upon highways, except in the actual carriage of a passenger for hire, or except

in driving to a specific location in answer to a bona fide call from a prospective passenger for hire, or except in going directly to the first authorized taxicab stand in his line of travel then unoccupied or partially unoccupied, or to a privately owned lot or garage used as the place of business or storage of such taxicab by the owner thereof. It shall further be considered to be the movement of taxicabs through highways in search of passengers so that the same point is passed twice in thirty minutes.

Time Standard. Wherever hours are mentioned in this Ordinance, they shall be construed to mean Eastern Standard Time or Daylight Savings Time, as the same may be in current use in the City of Pittsburgh.

Traffic. Pedestrians, ridden animals, herds, animals, vehicles, street cars, and other conveyances, either singly or together, while using any highway for purposes of travel.

Traffic Control Signal. Any device, or a combination thereof, using words or colored lights, whether manually, electrically or mechanically operated, by which traffic is alternately directed to stop and proceed.

Vehicle. Every device in, upon or by which any person or property is or may be transported or drawn upon a highway, except devices moved by human power or used exclusively upon stationary rails or tracks.

Way. A highway the roadway of which does not exceed twenty (20) feet in width.

ARTICLE II.

AUTHORITY OF POLICE

Section 201. Police to Direct Traffic.

It shall be the duty of the police to enforce the provisions of this Ordinance, provided that in the event of a fire or other emergency or to expedite traffic or safeguard pedestrians, officers of the Police or Fire Bureaus may direct traffic, notwithstanding the provisions of this Ordinance.

Section 202. Emergency Regulations.

The Director of the Department of Public Safety is hereby empowered to make and enforce regulations necessary to make effective the provisions of this Ordinance and to make and enforce temporary regulations to cover emergencies or special conditions.

Section 203. Obedience to Police.

It shall be unlawful for any person to refuse or fail to comply with any lawful

order, signal or direction of a police officer.

Section 204. Public Employees to Obey Traffic Regulations.

The provisions of this Ordinance shall apply to the driver of any vehicle owned by or used in the service of the United States Government, this State, County or City and it shall be unlawful for any said driver to violate any of the provisions of this Ordinance, except as permitted in this Ordinance.

Section 205. Exemptions to Authorized Emergency Vehicles.

The provisions of this Ordinance regulating the movement, parking and standing of vehicles shall not apply to authorized emergency vehicles as defined in this Ordinance while the driver of such vehicle is operating the same in an emergency in the necessary performance of his duties. This exemption shall not, however, protect the driver of any such vehicle from the consequences of a reckless disregard of the safety of others.

Section 206. Persons Propelling Push Carts or Riding Bicycles or Animals to Obey Traffic Regulations.

Every person propelling any push cart or riding a bicycle or an animal upon a roadway, and every person driving or loading any animal, shall be subject to the provisions of this Ordinance applicable to the driver of any vehicle, except those provisions of this Ordinance with reference to the equipment of vehicles.

Section 207. Police Whistle Meanings.

Whenever a police officer's command conflicts with the meaning of traffic equipment, obedience shall be given to the officer. When a police whistle is used, the traffic indicated by the officer shall come to a stop when the officer gives one blast of the whistle and proceed when two blasts are given.

ARTICLE III.

TRAFFIC SIGNS AND SIGNALS.

Section 301. Traffic Signs and Signals.

(a) The Director of the Department of Public Safety is authorized and directed to have placed and maintained official traffic signs and signals; provided that wherever the erection or installation of traffic signs and signals involves cutting into the surface of any roadway, the approval of the Department of Public Works shall be ob-

tained prior to the carrying out of the work; and provided further, that whenever the use of any new type of traffic equipment is proposed which will involve cutting into the surface of the roadway, the approval of the City Council and of the Department of Public Works shall be obtained.

(b) All official traffic signs and signals, except markings, shall bear the insignia "Pittsburgh—Department of Public Safety" or abbreviation thereof.

(c) The Director of the Department of Public Safety is hereby authorized, and as to those signs and signals required hereunder, it shall be his duty to place and maintain or cause to be placed and maintained all official traffic signs and signals.

(d) No provision of this Ordinance for which signs are required shall be enforced against an alleged violator, if, at the time and place of the alleged violation, the sign herein required is not in proper position and sufficiently legible to be seen by an ordinarily observant person. Whenever a particular section does not state that signs are required, such section shall be effective without signs being erected to give notice thereof.

Section 302. Traffic Signal Interpretations.

(a) It shall be unlawful for the driver of any vehicle or other conveyance or for the motorman of any street car to disobey the directions of any traffic signal placed in accordance with the provisions of Article III, Section 302, of this Ordinance unless otherwise directed by officers of the Police or Fire Bureau.

(b) Whenever traffic at an intersection is alternately directed to stop and go by the use of traffic signals, the words or colored lights or combinations thereof, shall indicate as follows:

1. Green or "Go"—Traffic facing the signal may proceed straight ahead, and make right or left turns, except where no such turns are permitted, when so indicated by proper signs. Vehicular traffic shall yield the right of way to pedestrians crossing or who have started to cross the roadway on the green signal and vehicles lawfully within a crosswalk or the intersection at the time such signal was exhibited.

2. Yellow or "Caution" when shown alone—Traffic facing the signal shall stop before entering the nearest crosswalk at the intersection and no movement of

traffic shall be made except the traffic then within the intersection, and a "U" turn on a two-way street back of the intersection, when so indicated by proper signs.

3. Yellow or "Caution" when shown with Green or "Go"—Vehicular traffic shall be governed as indicated for the Green or "Go" signal when shown alone. Pedestrian traffic shall be governed as indicated for the Yellow or "Caution" signal when shown alone.

4. Red or "Stop"—Traffic facing the signal shall stop before entering the nearest crosswalk at the intersection, and remain standing until Green or "G" is shown alone. No movement or turns shall be lawful on Red or "Stop", except that "U" turns may be made on two-way highway back of the intersection when so indicated by proper signs.

5. Flashing Yellow. A signal when illuminated by rapid intermittent yellow flashes shall indicate "Caution."

6. Flashing Red. A signal when illuminated by rapid intermittent red flashes shall require the driver of any vehicle or other conveyance and motormen of street cars to observe the same regulations as for Through Stop signs and signs at Stop intersections, as provided in this ordinance.

Section 303. Display of Unauthorized Signs and Signals Prohibited.

It shall be unlawful for any unauthorized person to place or maintain or to display upon or in view of any highway any sign, signal or device which purports to be or is an imitation of or resembles an official sign or signal, or which attempts to direct the movement of traffic and no person shall place or maintain any sign which hides from view or interferes with the effectiveness of any official sign or signal. Every such prohibited sign, signal, or device is hereby declared to be a public nuisance and the Director of the Department of Public Safety is hereby empowered to remove the same or cause it to be removed, without notice.

Section 304. Interference with Signs and Signals Prohibited.

It shall be unlawful for any person willfully to deface, injure, move, obstruct or interfere with any official traffic sign or signal.

Section 305. Cross-Walks, Authority to Designate.

The Director of the Department of Public Safety is authorized to establish and have maintained, by appropriate devices, marks or lines upon the surface of the roadway, crosswalks at intersections and at other places where he may deem necessary for the protection of pedestrians.

Section 306. Safety Zones and Lanes for Traffic—Authority to Designate.

(a) The Director of the Department of Public Safety is hereby empowered to establish safety zones of such kind and character and at such places as he may deem necessary for the protection of pedestrians; provided that whenever the erection or installation of a safety zone involves cutting into the surface of the roadway, the approval of the Department of Public Works shall be obtained prior to the carrying out of the work, and further, that whenever any new design of safety zone is proposed, the approval of the City Council and of the Department of Public Works shall be obtained.

(b) The Director of the Department of Public Safety is authorized to have lanes for traffic marked upon any highway and to designate lanes for traffic moving in a particular direction or at designated speeds.

ARTICLE IV.

PEDESTRIANS' RIGHTS AND DUTIES

Section 401. Overtaking Vehicle Must Stop at Intersection to Permit Pedestrians to Cross.

Whenever any vehicle has stopped at a marked crosswalk or at any intersection to permit a pedestrian to cross the roadway the driver of any other vehicle approaching from the rear shall not overtake and pass such stopped vehicle.

Section 402. Pedestrians' Rights and Duties at Controlled Intersections.

On highways where traffic at intersections is controlled by traffic control signals or by police officers, pedestrians shall not cross a roadway against a red or "Stop" signal and between adjacent intersections so controlled shall not cross at any place except in a crosswalk. A pedestrian crossing or starting across in any such crosswalk on a green or "Go" signal shown alone, shall have the right of way over all vehicles, including those making turns, until such pedestrian

has reached the opposite curb or a safety zone, and it shall be unlawful for the driver of any vehicle, or other conveyance or the motorman of any street car, to fail to yield the right of way to any such pedestrian.

Section 403. Pedestrians to use Right Half of Crosswalks.

Pedestrians shall move whenever practicable, upon the right half of crosswalks.

Section 404. Pedestrians Soliciting Rides.

It shall be unlawful for any person to stand in a roadway for the purpose of soliciting a ride from the driver of any private vehicle.

ARTICLE V.

STREET CARS AND RAILROAD TRAINS

Section 501. Operation of Street Car on Approach of Authorized Emergency Vehicle.

Upon the approach of any authorized emergency vehicle or vehicles giving audible signal by bell, siren, or compression or spark plug whistle, the motorman of every street car shall immediately stop such car clear of any intersection and keep it in such position until the authorized emergency vehicle shall have passed, unless otherwise directed by a police officer.

Section 502. Driving on Street Car Tracks.

(a) It shall be unlawful for the driver of any vehicle proceeding upon any street car tracks in front of a street car upon a highway to fail to remove such vehicle from the tracks as soon as practicable after signal from the motorman of said street car.

(b) When a street car has started to cross an intersection no driver shall drive upon or across the car tracks within the intersection in front of the street car.

Section 503. Boarding or Alighting from Street Cars or Vehicles.

It shall be unlawful for any person to board or alight from any street car or vehicle while it is in motion.

Section 504. Unlawful Riding.

When any street car or vehicle is in motion no person shall ride upon any part of such street car or vehicle not designed or intended for the use of passengers. This provision shall not apply to an employee engaged in the necessary discharge of duty, or to persons riding within truck bodies in space intended for merchandise.

Section 505. Railway Trains and Street Cars Not to Block Highways.

It shall be unlawful for the directing officer or the operator of any steam or street railway train or car to direct the operation of or to operate the same in such a manner as to prevent the use of any highway for purposes of travel for a period of time longer than five minutes, except that this provision shall not apply to trains or cars in motion other than those engaged in switching. It shall be unlawful for any street railway train or car to stop within an intersection or on a crosswalk for the purpose of receiving or discharging passengers.

Section 506. Street Car Stops.

Street cars shall stop to take on or discharge passengers only at such points as are approved by the Director of the Department of Public Safety.

ARTICLE VI.

STOPPING, STANDING AND PARKING

Section 601. Sixty-Day Trial of Regulations. Authority to Make

The Director of the Department of Public Safety, by and with the consent of the Mayor, is hereby empowered to make a sixty-day trial of any traffic regulation.

Provided that in advance of its becoming effective, Council shall be notified in writing of such proposed regulation, with reasons for it, and provided that notice of such regulation by signs shall be given to the public in advance of its enforcement.

After the day the said regulation becomes effective, it shall govern traffic for a period of sixty days thereafter, within which time there shall be introduced in Council an Ordinance embodying such regulation or such part thereof as it may be desired to have continued in force, and such regulation as is embodied in such Ordinance shall continue in force during such time as said Ordinance shall be pending.

And provided further, that if no Ordinance embodying such regulation or any part thereof, shall have been introduced in Council within said period of sixty days, or if any such ordinance shall fail of final enactment, then such regulation shall be no longer in force.

And provided further, that Council may at any time rescind any such trial regulation by a written resolution presented to

the Director of the Department of Public Safety. Upon receipt of such resolution, the Director shall immediately cause such regulation to be withdrawn and the regulation which applied prior to it, again enforced.

Section 602. Standing for Loading or Unloading Only in Certain Places.

(a) Subject to the provisions of Paragraph (b) of this section, the Director of the Department of Public Safety shall have authority to determine the location of passenger zones and loading zones. Appropriate signs shall indicate the locations of such zones. Loading zones shall be effective only between the hours of 8:00 A. M. and 6:00 P. M. unless otherwise indicated by appropriate signs. Appropriate signs shall indicate the hours during which passenger zones are effective.

(b) Passenger and loading zones may be established at locations where parking is permitted, provided that no such zone shall be less than twenty-five (25) nor more than one hundred (100) feet in length, and that the total of the lengths of such zones on one side of a highway in any one block shall not exceed fifty (50) per cent of the block length. All such zones shall be for the use of the general public.

(c) It shall be unlawful for the driver of a vehicle to stop, stand, or park such vehicle in any place marked as a passenger zone for a period of time longer than is necessary for the expeditious loading or unloading of passengers.

(d) It shall be unlawful for the driver of a vehicle to stop, stand, or park such vehicle for a period of time longer than is necessary for the expeditious loading or unloading of passengers, or for the expeditious unloading and delivery or pick-up and loading of materials, in any place marked as a loading zone. In no case shall the stop for loading or for unloading of materials exceed thirty (30) minutes.

Section 603. Bus or Coach Stops to be Designated.

(a) The Director of the Department of Public Safety is authorized to establish bus or coach stops on such highways in such places and in such number as he shall determine to be of the greatest benefit and convenience to the public, and in no event shall any stop be made except where authorized in writing by the said Director, or

in obedience to a traffic officer or to a traffic control signal, sign or marking, or to avoid an accident. The bus or coach company or companies involved shall designate, by signs or markings, the location of such stops in a manner approved by the Director of the Department of Public Safety.

(b) From and after July 1, 1932, no driver of a motor bus or coach shall stop such vehicle on any highway in a business district for a longer period of time than is necessary for the discharging or loading of passengers then in readiness to alight from or to board such bus or coach; and for the expeditious loading or unloading of permitted luggage, said time in no event to exceed five (5) minutes.

Section 604. Taxicabs, Standing and Operation of.

(a) Subject to the other provisions of this Section, the Director of the Department of Public Safety is hereby authorized and required to establish taxicab stands on such highways in such places and in such manner as he shall determine to be of the greatest benefit and convenience to the public. Every such taxicab stand shall be designated by appropriate signs. All taxicab stands shall be open to any duly licensed taxicab.

(b) From and after July 1, 1932, no taxicab stand shall be permitted on any highway or at any location on any highway when and where parking is prohibited.

(c) Any future prohibition of parking on any highway or at any location on any highway, shall forthwith cancel any previous permit for a taxicab stand on such highway or at such location.

(d) No taxicab stand shall be granted or permitted between a safety zone or a street car stop and the adjacent curb, or within thirty (30) feet of points on the curb immediately opposite the ends of a safety zone unless the Director of the Department of Public Safety shall indicate different length by signs and markings.

(e) Taxicabs, except when stopped by a traffic officer, traffic control signal, or to avoid an accident, or to receive or discharge passengers, are prohibited from standing or parking on any highway except at a designated, authorized stand.

(f) Taxicabs shall not unnecessarily impede traffic on the highways of the City of Pittsburgh by cruising or by moving at a

speed perceptibly less than that of other traffic going in the same direction.

(g) The number of taxicabs occupying a location for which a permit is granted shall not exceed the number named in the permit.

Section 605. Freight Buses on Call or Demand, Stopping and Standing of.

From and after July 1, 1932, no driver of a freight bus on call or demand shall stop such vehicle on any highway in a business district for a longer time than necessary for the expeditious unloading and delivery or pickup and loading of materials then in readiness for immediate removal, said time in no event to exceed thirty (30) minutes.

Section 606. Other Vehicles Prohibited from Parking in Bus or Coach Stops, Street Car Stops and Taxicab Stands.

It shall be unlawful for the driver of any vehicle to stand or park at any officially designated street car stop or for the driver of any vehicle other than a bus or coach to stand or park in an officially designated bus or coach stop, or for any vehicle other than a taxicab to stand or park in an officially designated taxicab stand, except that the driver of any vehicle may temporarily stop in any such bus or coach stop or taxicab stand for the purpose of and while actually engaged in the loading or unloading of passengers.

Section 607. Parking May Be Prohibited at Schools.

The Director of the Department of Public Safety is hereby authorized to prohibit such parking within five hundred (500) feet of any school as he deems necessary for safety.

Section 608. All-Night Parking Prohibited.

It shall be unlawful for the driver of any vehicle, except that of a physician on emergency call to park said vehicle on any highway of the City of Pittsburgh for a period of time longer than thirty (30) minutes between the hours of (2) A. M. and (6) A. M. of any day.

Section 609. Standing or Parking Close to Curb.

(a) Except when necessary in obedience to traffic regulations or traffic signs or signals, the driver of a vehicle shall not stop, stand or park such vehicle in a roadway other than parallel with the edge of the roadway, headed in the direction of traffic, and with the curb-side wheels of the vehicle

within six (6) inches of the edge of the roadway, except that upon those streets which have been marked or signed for angle parking, vehicles shall be parked at the angle to the curb indicated by such markings.

(b) In places where, and at hours when, stopping for the loading or unloading of merchandise or materials is permitted, vehicles used for the transportation of merchandise or materials may back to the curb to take on or discharge loads, when the owner of such vehicle holds a permit, and provided further that such permit shall be either in the possession of the driver or on the vehicle at the time such vehicle is backed against the curb to take on or discharge a load, and it shall be unlawful for any owner or driver to violate any of the conditions of any such permit.

(c) The Director of the Department of Public Safety shall determine upon what highway angle parking shall be permitted and cause the same to be so marked or signed.

(d) The Director of the Department of Public Safety in his discretion is hereby authorized to issue, to any owner of a vehicle used to transport merchandise or materials, a permit, renewable annually, and to state therein the terms thereof, allowing the driver of such vehicle the privilege of loading and unloading while the vehicle is backed against the curb.

Section 610. Parking Vehicle for Sale Prohibited.

It shall be unlawful for any person to park upon a highway any vehicle displayed for sale.

Section 611. Parking May Be Prohibited at Highway Obstructions.

During the period in which a portion of any highway is obstructed by an opening or by the temporary storage of building material or equipment, the Director of the Department of Public Safety may, by proper signs, prohibit such parking in the vicinity of the obstruction as he deems advisable.

Section 612. Ways, Parking Prohibited in

Except as provided in Section 608 of this Ordinance, no driver shall stop, stand, or park any vehicle for a period of time longer than is necessary for the expeditious loading or unloading of passengers or materials on any way in the Central Business District or

on any other way except adjacent to purely residential property, when proper signs have been posted, provided that the loading or unloading of passengers shall not consume more than three (3) minutes.

Section 613. Bridges and Ramp Approaches, Stopping Prohibited on

It shall be unlawful for the driver of a vehicle to stop, stand, or park such vehicle on any bridge or on ramp approach to any bridge or boulevard, except where specifically permitted by proper signs or markings, or when necessary to avoid conflict with other traffic or in compliance with the directions of a police officer or traffic control sign or signal.

ARTICLE VII.
OPERATION OF VEHICLES

Section 701. Safety Stop Points.

The Director of the Department of Public Safety is hereby authorized to designate safety "STOP" points where in his judgment such "STOPS" are warranted for safety or other traffic reason. At these points the driver of any vehicle or other conveyance, or motorman of any street car shall bring the same to a full stop and may then proceed (when safe). The direction of a police officer at such points shall take precedence over such "STOP" regulation.

The Director of the Department of Public Safety is hereby authorized and directed to place and to maintain at each such "STOP" point, a proper sign or signs bearing the word "STOP" in letters at least six (6) inches in height. All such signs shall be illuminated at night, or so placed as to be illuminated by the head lamps of an approaching vehicle or by street lights, or the word "STOP" may be illuminated at night or may be luminous.

Section 702. Parades and Processions.

No parade or procession shall occupy or march on any highway, except police or fire forces of the City, the organized militia, the military and naval forces of the United States, the independent chartered military organizations, and funeral processions, without the consent of the Director of the Department of Public Safety, and the said Director may designate what highway or highways and how much of the same in width and what portion thereof such procession or parade may occupy and when so designated the proper officer or officers of

such parade or procession shall be responsible that the designation and limitations approved by the said Director of the Department of Public Safety are obeyed. The Director of the Department of Public Safety shall furnish such police escort as may be necessary to protect persons and property and maintain order.

It shall be unlawful for any unauthorized person to interfere with permitted parades or processions.

Section 703. Driving Through Processions Prohibited, Unless Directed by Traffic Officer or Traffic Control Signal.

It shall be unlawful for the driver of any vehicle or other conveyance or motorman of any street car to drive between the vehicles comprising a funeral or other authorized procession while they are in motion, provided that said vehicles are conspicuously so designated. This provision shall not apply at intersections where traffic is controlled by traffic control signals or police officers.

Section 704. Limitations on Turning Around.

Except on a purely residential highway or section of such a highway, no driver shall turn a vehicle on any highway so as to proceed in the opposite direction, provided however, that in no case shall such a turn be made on a through highway.

Section 705. Limitations on Backing.

The driver of a vehicle shall not back the same unless such movement can be made in safety.

Section 706. Emerging from Way or Private Driveway.

The driver of a vehicle emerging from a way, driveway or building shall stop such vehicle immediately prior to driving onto a sidewalk or onto the crosswalk area extending across any way.

Section 707. Driving on Sidewalk Prohibited.

The driver of a vehicle shall not drive within any sidewalk area except at a permanent or temporary driveway.

Section 708. Obstruction to Driver's View or Driving Mechanism.

(a) It shall be unlawful for the driver of any vehicle to drive the same when such vehicle is so loaded, or when there are in the front seat of such vehicle such number of persons, as to obstruct the view of

the driver to the front or sides, or to interfere with the driver's control over the driving mechanism of the vehicle.

(b) It shall be unlawful for any passenger in a vehicle or street car to ride in such position as to interfere with the driver's view ahead, or to the sides, or to interfere with the driver's control over the driving mechanism of the vehicle.

Section 709. Clinging to Moving Vehicles.

It shall be unlawful for any person traveling upon any bicycle, motorcycle, coaster, sled, roller skates, or any toy vehicle to cling to or attach himself or his vehicle to any other moving vehicle or street car upon any roadway.

Section 710. Riding on Handle Bars Prohibited.

It shall be unlawful for the operator of any bicycle or motorcycle, when upon the highway, to carry any other person upon the handle bar, frame or tank of any such vehicle, or for any person to so ride upon any such vehicle.

Section 711. Use of Coasters, Roller Skates, and Similar Devices Restricted.

It shall be unlawful for any person upon roller skates, or riding in or by means of any coaster, toy vehicle, or similar device, to go upon any roadway (unless specifically set aside by the proper authorities for play purposes) except while crossing a highway on a crosswalk.

Section 712. Commercial Vehicles Restricted in Parks.

It shall be unlawful for any commercial vehicle to pass through the parks except on such highways as shall be designated by the Director of the Department of Public Works.

Section 713. Smoke and Fumes.

It shall be unlawful for any person to operate a motor vehicle upon any highway so as to permit to escape therefrom an excessive or unreasonable amount of smoke or vapor.

Section 714. Repairing Vehicles on Highway.

It shall be unlawful for any vehicle to stand on any highway for the purpose of making repairs except in case of emergency.

Section 715. Sidewalk Obstruction.

In loading or unloading vehicles, sidewalks

shall not be obstructed for a longer time than is necessary for loading or unloading; provided, however, that in no case shall the sidewalk be obstructed for a period longer than thirty consecutive minutes without a written permit from the Department of Public Safety.

Section 716. Left-Turning on One-Way Highways.

Upon highways laned for traffic and upon one-way highways a left turn shall be made from the left lane of traffic.

Section 717. Duty to Report Accidents.

It shall be unlawful for the driver of any vehicle involved in an accident resulting in injuries or death to any person, or total property damage to an apparent extent of \$50.00 or more to fail to forward a report in duplicate of such accident to the Department of Public Safety, City of Pittsburgh, within twenty-four (24) hours of the occurrence thereof.

ARTICLE VIII.

Notification of Violation, Procedure on Arrest Accounting and Reporting Procedure

Section 801. Notice of Violation.

(a) Notice of violation of this Ordinance may be given by police officers of the City of Pittsburgh.

1. By affixing securely a violation notice form in a prominent place on the vehicle; such form to bear the license number of the vehicle, the date, time, place, and nature of the violation, a summarized classification of the violations of this Ordinance, a schedule of the penalties therefor, and a form which shall be filled out by the driver of such vehicle in the event that he pleads guilty to such violation or violations, or

2. By handing to the offender a "summons in arrest" form, on which shall be set forth the name of the offender, the license number of the vehicle, the date, time, place and nature of the offense; commanding his appearance in Traffic Court for a hearing not later than ten (10) days from the date of service thereof.

(b) The driver of a vehicle notified as set forth in Paragraph (a-1) of this Section of having violated this Ordinance may, if he so desires, pay to the Traffic Court Magistrate within three (3) days after re-

ceiving such notice, the fine specified on the violation notice form. Such driver will be required to make an admission of guilt by signature on such violation notice form.

(c) Said violation notice form, and summons in arrest form, shall be made out in triplicate and shall be identified by a separate number on each original notice form or summons in arrest form, the same number to appear on all three copies of the respective forms. One copy shall be for the offender, the original shall be delivered to the Traffic Court Magistrate, and the third copy, undetached from the book of forms, shall be returned by the Director of the Department of Public Safety to the City Controller.

Section 802. Procedure on Arrest.

If the person notified of violating this Ordinance fails to sign admission of guilt and pay fine as indicated on the violation notice form within three (3) days of the commission of the offense, or fails to appear for a hearing on the date specified in the summons in arrest form, the Traffic Court Magistrate shall within twenty (20) days from the commission of the offense send by registered mail to the person charged, at the address of the owner of the motor vehicle shown by the records of the Department of Revenue of the Commonwealth of Pennsylvania, a notice in writing of the filing of the information, together with a copy thereof, and a notice to appear within ten (10) days of the date of the written notice.

If the person named in the information shall not voluntarily appear on the date set in said written notice, a warrant shall then issue for such person's arrest, in which case the penalty for the violation shall be increased by \$2.00. Thereafter, a hearing shall be had and disposition of such case be made in accordance with law.

In accepting payments of sums authorized to be received in satisfaction of violations charged, the Traffic Court Magistrate shall give the violator a printed cash register or accounting machine receipt, showing the amount paid and the kind of violation. All such machines shall be so adjusted and arranged that detailed daily statements may be had therefrom, showing all such collections individually.

Section 803. Accounting and Reporting Procedure.

Blank violation notice forms and summons in arrest forms for notices of violations of this Ordinance or of The Vehicle Code shall be delivered to the Director of the Department of Public Safety by the City Controller. The Director of the Department of Public Safety shall at each time of delivery give a receipt therefor to the City Controller, identifying the serial numbers of the said forms. All police officers shall receipt in similar form to the Director of the Department of Public Safety for such of said forms as are issued to them.

The Director of the Department of Public Safety shall report monthly to the City Controller the number of violation notice forms and summons in arrest forms issued to the Bureau of Police and the number used as notices of violations by them.

The Traffic Court Magistrate shall report monthly and yearly to the City Controller the following facts concerning the operation of his Court:

1. Number of violation notice forms and the number of summons in arrest forms received.
2. Number of persons pleading guilty without hearing and amount of fines paid.
3. Number of persons appearing for hearing, disposition and fines, separated into violations of this Ordinance and of The Vehicle Code.
4. Number of violation forms, summons in arrest forms, informations, and warrants on hand upon which no conviction, appeal or discharge has been had, separately classified.
5. A detailed classification of violation notice forms and summons in arrest forms showing types of violation and disposition by type, and such other information as the City Controller may require.

The City Controller shall make a written report to the Mayor and to City Council monthly, fully itemized to show in detail all facts submitted to him by the Director of the Department of Public Safety and the Traffic Court Magistrate, and including a correlated summary showing accurately the effectiveness of the entire enforcement procedure. For this purpose, the City Controller or his representative shall have access to all necessary records of the Department of Public Safety and of the Traffic Court Magistrate.

At least once a year, the City Controller shall audit or have audited all accounts, and investigate all records, files, and papers of the Department of Public Safety and of the Traffic Court Magistrate, relating to the

entire enforcement procedure. A written report covering fully the findings of said audit and investigation, together with a summary of monthly reports since the last audit, shall be presented to the Mayor and to City Council.

Section 804. Disposition of Fines and Forfeitures.

All fines or forfeitures collected upon conviction or upon the forfeiture of bail of any person charged with a violation of any of the provisions of this Ordinance shall be paid into the city treasury.

Section 805. Effect of Ordinance.

If any section, sub-section, sentence, clause or phrase of this Ordinance is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this Ordinance. The City Council hereby declares that it would have passed this Ordinance and each section, sub-section, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections, sub-sections, sentences, clauses or phrases be declared unconstitutional.

Section 806. Repeal.

All ordinances heretofore enacted relating to the regulation of traffic on any highway in the City of Pittsburgh are hereby repealed, except:

1. Those sub-sections of Ordinance No. 335, approved October 3, 1922, as amended

and supplemented, setting up certain highways on which parking is prohibited at all times; on which parking is prohibited during certain hours; on which parking time is limited during certain hours; on which certain turns are prohibited at all times or during certain hours; and setting up certain one-way highways;

2. Ordinance No. 721, approved November 9, 1928, as amended and supplemented, setting up certain Through Highways;

3. Ordinance No. 497, approved January 2, 1924, setting up certain districts and highways on which parking is permitted without lights;

4. Ordinance No. 171, approved April 13, 1931, prohibiting use of certain highways to horse-drawn vehicles;

and such provisions of the following Ordinances as are not in conflict or inconsistent with the provisions of this Ordinance:

1. Ordinance No. 122, approved April 26, 1921, and Ordinance No. 296, approved July 16, 1925, which is a supplement thereto, providing for parking on the north wharf of the Monongahela River and the south wharf of the Allegheny River;

2. Ordinance No. 14, approved January 23, 1923, providing for a Traffic Court Magistrate;

3. Ordinance No. 18, approved January 19, 1926, as amended and supplemented, creating the Bureau of Traffic Planning;

4. Those parts of Ordinance No. 405, General Building Regulations, approved October 16, 1924, which relate to traffic;

except that this repeal shall not affect or prevent the prosecution or punishment of any person for any act done or committed in violation of any ordinance hereby repealed prior to the taking effect of this ordinance.

AN ORDINANCE—Establishing the opening grades on Wiltsie street, Ross Garden road and Fern Rock road, fixing the width and position of the roadways and the portions of the street reserved for curb and sidewalk construction and providing for parking, sloping, construction of retaining walls and steps on the same as laid out and proposed to be dedicated as legally opened highways by Kate B. Leggett et al, in a plan of lots of their property in the 12th Ward of the City of Pittsburgh, named "Ross Gardens."

Section 1. Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That upon the approval of a certain Plan of Lots named "Ross Gardens" proposed to be laid out by Kate B. Leggett et al, of their property in the 12th Ward of the City of Pittsburgh, the grades to which Wiltsie street, Ross Garden road and Fern Rock road and the width and position of the roadways and the portions of the street reserved for curb and sidewalks construction, as shown thereon shall be accepted as public highways by the said City, shall be as hereinafter set forth:

WILTSIE STREET

The roadway shall have a uniform width of 24.0 feet and shall occupy the central portion of the street, the center line coinciding with the center line of the street.

The portions reserved for curb and sidewalk construction shall have a uniform width of 7.0 feet along the lines of the roadway as above described.

The remaining portions of the street lying without the lines of the roadway and sidewalks as above described may be used for parking, sloping, construction of retaining walls and steps.

The grade of the northerly curb line shall begin at the westerly curb line of Lincoln avenue at an elevation of 336.92 feet; thence by a concave parabolic curve for a distance of 58.96 feet to a point of tangent to an elevation of 338.67 feet; thence rising at a rate of 9.286% for a distance of 280.74 feet to a point of curve to an elevation of 364.74 feet; thence by a convex parabolic curve for a distance of 150.0 feet to a point of tangent to an elevation of 370.80 feet; thence falling at a rate of 1.2% for a distance of 113.43 feet to a point of curve to an elevation of 369.44 feet; thence by a convex parabolic curve for a distance of 100.0 feet to a point of tangent to an elevation of 362.81 feet; thence falling at a rate of 12.05% for a distance of 146.10 feet to a point of curve to an elevation of 345.20 feet; thence by a concave parabolic curve for a distance of 18.73 feet to the easterly curb line of East Chester street to an elevation of 344.0 feet.

ROSS GARDEN ROAD

The roadway from East Chester street to a point distant 318.10 feet eastwardly from Fern Rock road shall have a uniform width of 20.0 feet and shall occupy the central portion of the street, the center line coinciding with the center line of the street. From this point the outer line shall be distant 4.0 feet from the traffic circle as shown on said plan.

The portions reserved for curb and sidewalk construction shall occupy the remaining portion of the street between the lines of the roadway as above described and the lines of the street.

The grade of the southerly curb line shall begin at the easterly curb line of East Chester street at an elevation of 350.0 feet; thence by a concave parabolic curve for a

AN ORDINANCE—Authorizing and directing an increase of the indebtedness of the City of Pittsburgh in the sum of Three Hundred Thousand (\$300,000.00) Dollars, and providing for the issue of bonds of said City in said amount to provide funds (including engineering and other necessary expenses) for the improvement, reimprovement, construction, reconstruction and repair of improved streets, unimproved streets, bridges, bridge approaches, water pipe lines, water works, parks, playgrounds, swimming pools, sewerage, drainage systems, heating systems and appurtenances for any of said work and providing for the redemption of said bonds and the payment of interest thereon.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That the indebtedness of the City of Pittsburgh be increased by the amount of Three Hundred Thousand (\$300,000.00) Dollars, to provide funds (including engineering and other necessary expenses) for the improvement, reimprovement, construction, reconstruction and repair of improved streets, unimproved*

streets, bridges, bridge approaches, water pipe lines, water works, parks, playgrounds, swimming pools, sewerage, drainage systems, heating systems and appurtenances for any of said work and providing for the redemption of said bonds and the payment of interest thereon.

Section 2. That bonds of the City of Pittsburgh in the aggregate principal amount of Three Hundred Thousand (\$300,000.00) Dollars, be issued for the purpose aforesaid. Said bonds shall be in denominations of One Hundred (\$100.00) Dollars, or multiples thereof; shall be dated as of the first day of April, 1932, and shall be payable in fifteen (15) equal annual installments of Twenty Thousand (\$20,000.00) Dollars each, one of which shall mature on the first day of April in each of the years 1933 to 1947, inclusive. Said bonds shall bear interest at the rate of Four and three-quarter (4 $\frac{3}{4}$ %) per centum per annum, payable semi-annually on the first days of April and October in each year, without deduction for any taxes which may be levied on said bonds or the interest thereon by the Commonwealth of Pennsylvania pursuant to any present or future law, the payment of which is hereby assumed by the City of Pittsburgh. The principal and interest of said bonds shall be payable in lawful money of the United States of America at the office of the City Treasurer of said City. Said bonds shall be coupon bonds, exchangeable at the option of the holder for a registered bond or bonds of the same maturity and of the denomination of One Hundred (\$100.00) Dollars or a multiple thereof, not exceeding the aggregate principal amount of the coupon bond or bonds surrendered in exchange therefor, by surrendering such coupon bond or bonds with all coupons not yet due, at the office of the City Controller, and the City Controller is hereby authorized and directed to cause such coupon and registered bonds to be engraved and to issue the same in the name of the City of Pittsburgh, the expense to be charged to Appropriation No. 42, (Contingent Fund). Registered bonds shall be registered with the City Treasurer, and shall be transferable only on the books of the said City Treasurer. Said bonds shall be signed by the Mayor, countersigned by the City Controller and sealed with the corporate seal of the City of Pittsburgh, and the coupons attached thereto shall be authenticated with facsimile signature of the City Controller. In case of the absence or dis-

ability of any of such officials, the bonds shall be signed by the City official authorized by law or by resolution of Council to act in his place. Each of said bonds shall be known and designated as General Improvement Bond, 1932.

Section 3. That said bonds shall be sold by the Mayor and the City Controller at not less than par and accrued interest, after giving such notice of sale as may be required by law.

Section 4. That until said bonds, issued as herein provided, shall be fully paid, there is hereby levied and assessed annually upon all subjects now by law liable, or hereafter to be made liable, to assessment for taxation for City purposes, an annual tax, commencing the first year after said debt shall have been increased or incurred, namely the year 1933, sufficient to pay the interest on said bonds as the same shall accrue and become payable, and any tax thereon or on said interest which by the terms of said bonds is assumed by the City and also an annual tax commencing in said year equal to 6 $\frac{2}{3}$ % of the total amount of said bonds hereby authorized to be set apart as a sinking fund for the payment of the principal and redemption of said bonds as they become due and payable according to their terms, and the same is hereby appropriated out of the revenue of said City for the payment and redemption aforesaid. Pending the collection of said tax there is hereby appropriated from the General Fund of the City an amount sufficient to pay the installment of interest on said bonds falling due October 1st, 1932.

Section 5. That all bonds issued by the authority of this ordinance and the Acts of Assembly authorizing the same shall be and become part of the funded debt of the City of Pittsburgh, and shall be entitled to all the rights, privileges and immunities thereof, and shall be free from taxation, as aforesaid, and for the payment of the principal of said bonds, and the interest thereon semi-annually as the same shall become payable, the faith, honor, credit and property of said City are hereby pledged.

And for the true and faithful payment of the principal of this bond and the semi-annual interest thereon, as aforesaid, the faith, honor, credit and property of the said City of Pittsburgh are

hereby pledged. This bond is transferable only on the books of the said City Treasurer.

This bond is one of a series of bonds amounting in the aggregate to Three Hundred Thousand (\$300,000.00) Dollars issued by the City of Pittsburgh for valid municipal purposes by virtue and in pursuance of an Act of the General Assembly of the Commonwealth of Pennsylvania entitled "An Act to regulate the manner of increasing the indebtedness of municipalities, to provide for the redemption of the same, and to impose penalties for the illegal increase thereof," approved April 20, 1874, and the several supplements and amendments thereof; and by virtue of an Act of the General Assembly of the Commonwealth of Pennsylvania entitled, "An Act for the government of cities of the second class," approved March 7, 1901, and the supplements and amendments thereof; and an Act of the General Assembly of the Commonwealth of Pennsylvania entitled, "An Act to authorize the registry or transfer of certain bonds," approved May 1, 1873; and in pursuance of an Ordinance of the City of Pittsburgh entitled, "An Ordinance authorizing and directing an increase of the indebtedness of the City of Pittsburgh in the sum of Three Hundred Thousand (\$300,000.00) Dollars, and providing for the issue of bonds of said City in said amount to provide funds (including engineering and other necessary expenses) for the improvement, reimprovement, construction, reconstruction and repair of improved streets, unimproved streets, bridges, bridge approaches, water pipe lines, water works, parks, playgrounds, swimming pools, sewerage, drainage systems, heating systems, and appurtenances for any of said work and providing for the redemption of said bonds and the payment of interest thereon," duly enacted by the Council thereof and approved by the Mayor thereof on, 19...., and duly recorded and published in the manner required by law.

It is hereby certified and recited that every requirement of law affecting the issue hereof has been duly complied with; that provision has been made for the collection of an annual tax sufficient to pay the interest and Pennsylvania taxes and also the principal hereof at maturity; that the total amount of the indebtedness of the City of Pittsburgh, created without the consent of the electors thereof, including the entire issue of the above-mentioned bonds, aggregating Three

Hundred Thousand (\$300,000.00) Dollars, of which this is one, is less than two per centum (2%) of the last preceding assessed valuation of the taxable property therein; and the entire indebtedness of the City of Pittsburgh, including the entire issue of the above-mentioned bonds of which this is one, is less than seven per centum (7%) of the last preceding assessed valuation of the taxable property therein; and that this bond and the debt created thereby are within every debt and other limit prescribed by the Constitution and Laws of the Commonwealth of Pennsylvania.

No. 115

AN ORDINANCE—Amending certain sections of an ordinance entitled "An Ordinance regulating the business of exterminating vermin by the use of certain gases, fumes or vapors, and providing penalties for the violation hereof," approved September 28, 1931.

Section 1. Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That

the Ordinance, entitled "An Ordinance regulating the business of exterminating vermin by the use of certain gases, fumes or vapors, and providing penalties for the violation hereof," approved September 28, 1931, shall be and the same is hereby amended as hereinafter set forth.

Section 1. That Section 3, of said ordinance, shall be and the same is hereby amended to read as follows:

"Section 3. Any person, firm or corporation, desiring to engage in the business of exterminating vermin and household insects, rats or other pests, shall first procure a license or permit from the Department of Public Health by making a written application for the same, which application shall be in the form of an affidavit giving the experience and training tending to qualify the applicant for the business of fumigating with dangerous gases. In the case of corporations, said statement shall cover the training and experience of the executive officers or those delegated by the corporation to do the work. In the case of fumigator employees, permits (as described in Section 6) must be secured.

Section 2. That Section 5, of said ordinance, shall be and the same is hereby amended to read as follows:

"Section 5. Each licensee shall pay to the City Treasurer for said license the sum of Fifty (\$50.00) Dollars, per annum, and in addition thereto shall execute and deliver to the City of Pittsburgh, for the benefit of any person or persons who may receive injuries, acquire illness or suffer death by reason of the use of such gases, fumes or vapors, a bond in the sum of Ten Thousand (\$10,000.00) Dollars, said bond to be either a surety company bond or to be secured by adequate real estate in the name of the surety. Or, in lieu of said bond, the applicant shall deposit with the City Treasurer a policy or certificate of liability insurance, acceptable to and approved by the Director of the Department of Public Health and the City Controller, insuring or indemnifying the applicant in the sum of at least Ten Thousand (\$10,000.00) Dollars, for the injury or death of one person and Twenty Thousand (\$20,000.00) Dollars, for the injury or death of two or more persons resulting from the use of poisonous gases by said applicant or any of his agents or employees in the manner provided for herein. The said policy shall further contain a clause obligating the in-

insurance company issuing the same to give thirty (30) days' written notice to the Director of the Department of Public Health before cancellation of the same' In case said policy of insurance is not replaced, the license of the licensee shall forthwith be cancelled at the expiration of said thirty (30) days' period.

Section 3. That Section 6, of said ordinance, shall be and the same is hereby amended to read as follows:

"Section 6. Only those persons who are properly qualified by training or experience in the fumigants they are to use and who are in good health shall be employed by the licensee to do the actual work of fumigating. Any person, whether a member of licensed firm or corporation, an employee of a licensed corporation, or an individual who desires to perform any or all operations entailed in the transportation and use of fumigants, shall first procure an operator's permit from the Department of Public Health by making a written application for the same, which application shall be in the form of an affidavit giving the experience and training tending to qualify the applicant for conducting the operations of fumigation with dangerous gases. In order to qualify for this permit, the applicant must pass an examination as prescribed by the Board of Examiners. If the applicant qualifies for a fumigant operator's permit, it will be issued without charge by the Director of the Department of Public Health or his agent, which permit card will bear a physical description of the applicant and identification signature. This permit card shall be carried by the fumigant operator at all times when engaged in fumigation work and shall be presented for inspection and identification when requested. All persons who have complied with the examination requirements for fumigators' licenses will automatically receive operators' permits. All corporations, firms or individuals engaged in fumigating shall use or employ for actual fumigating work only persons that have fumigant operators permits. The employers shall notify the Director of the Department of Public Health of each new fumigator employed, who shall be approved as hereintofore provided.

Section 4. That Section 7, of said ordinance, shall be and the same is hereby amended to read as follows:

"Section 7. Any person, firm or corporation, desiring to fumigate with the gases, fumes or vapors referred to in Section 2, before doing so shall file with the Director of the Department of Public Health an application giving the location of the building, enclosed space or ship, and shall receive from the said Director a permit, which shall state the day and hour when the work shall be performed. Each application for such permit shall be accompanied by a fee of One (\$1.00) Dollar. Such permit shall be kept on the premises to be fumigated during fumigation and shall be returned to the Director of the Department of Public Health by person or mail within twenty-four hours after expiration of the time of the permit, Sundays and holidays excepted. Should the applicant be unable to perform the work on the hour and day set forth in the permit and notifies the Director of the Department of Public Health twenty-four (24) hours prior to the time set forth in the permit, then, in the discretion of the said Director, the time of the permit may be extended. A ship or vessel may be fumigated without previously procuring from said Director a permit so to do, if every person except the watchman shall leave the vessel for the period of fumigation and the vessel shall be fended off from the shore so that no person may board the vessel without the knowledge of the watchman. In the case of special fumigation chambers or vaults, a permit for each fumigation is not required, but the location, construction and means of ventilation of such vaults or chambers must be approved by the Director of the Department of Public Health. An annual permit for the operation of the special fumigation chambers or vaults shall be procured from the Director of the Department of Public Health.

Section 5. That Section 8, of said ordinance, is hereby amended in the following particulars:

The first paragraph thereof shall be amended to read as follows: "Section 8. Fumigation Procedure. When gases, fumes or vapors referred to in Section 2 hereof are used for fumigation or extermination, the following method of procedure shall be used, with such additional precautions or procedures as may be necessary to safety.

That the paragraph marked "f" shall be amended to read as follows: (f) Warning Card. Prior to releasing the gas from con-

tainers, suitable warning signs shall be posted on all entrances or doors to the premises to be fumigated, and upon all gang-planks, ladders and other approaches, etc., from the deck, pier or land to the vessel as follows:

Skull and Crossbones	DANGER Fumigating with Cyanide Gas. Deadly Poison.	Skull and Crossbones
----------------------------	-------------------------------------------------------------	----------------------------

All persons are warned to keep away by order of the City Health Director.
(Name and address of licensee as well as telephone number.)

Such signs shall be printed in red ink on white cardboard. The letters in the word "DANGER" shall be at least two inches high, and all others except the signature at least three-fourths of an inch high. At night such signs shall be illuminated so as to make the reading matter thereon plainly legible.

That the paragraph marked "L" shall be amended to read as follows: "(L) Opening of rooms after gassing. At the conclusion of the gassing process, it shall be the duty of the operator to throw open doors and windows of the premises until all rooms have been opened for free access of air. The operator or operators who first enter the premises for the purpose of airing shall wear gas masks of a type approved by the Director of the Department of Public Health. No person other than the operator or operators shall be permitted to enter the premises until all traces of the gas have disappeared, and one or more electric fans shall be used to aid in the process of freeing the premises of gas. In no case shall the occupants of the rooms or areas gassed be permitted to enter until five (5) hours after airing. The operator or watchman shall keep all persons away from the doors and windows of the premises for at least two (2) hours after airing. All bed clothing, including mattresses and pillows, shall be removed from the beds and each piece separately aired by beating, vacuum or blowing treatment. All upholstered furniture shall also be so aired. All receptacles such as linen closets, chests, trunks, clothespresses, and book cases shall be opened and aired.

Section 6. That Section 9, of said ordinance, shall be and the same is hereby amended to read as follows:

"Section 9. Any person, firm or corporation violating any of the provisions of this Ordinance shall, upon conviction thereof be-

fore any police magistrate or alderman of the City of Pittsburgh, be fined not more than One Hundred (\$100.00) Dollars, which shall be recoverable with costs, and, upon failure to pay the same, shall be imprisoned in the Allegheny County Jail for a term not exceeding thirty (30) days. Said conviction will automatically entail loss or suspension of license, at the discretion of the Director of the Department of Public Health.

Section 7. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed, so far as the same affects this Ordinance.

No. 133

AN ORDINANCE—Providing for the distribution of food, clothing, fuel and shelter for residents of the City of Pittsburgh without means of support, to be paid out of monies received from the Commonwealth of Pennsylvania through the Treasurer of Allegheny County, in accordance

with the provisions of the Act of Assembly which became a law December 28, 1931, P. L. 1503, commonly known as the Talbot Act, and providing for the payment thereof.

Whereas, the Commissioners of Allegheny County by Resolution duly adopted April 19, 1932, have allocated, through the County Treasurer, the amounts received from the Treasurer of the Commonwealth of Pennsylvania, made up of two checks in the amount of \$161,153.59 for the month of December, 1931, and \$322,307.18 for the month of January, 1932, making a total of \$483,460.77, in the following proportions:

50% or $\frac{1}{2}$ to the Department of Public Welfare of the City of Pittsburgh, payable to the City Treasurer; and

50% or $\frac{1}{2}$ to the Directors of the Poor of Allegheny County, payable to their Treasurer,

which allocation was approved by the Court of Common Pleas of Allegheny County, Pennsylvania; and,

Whereas, a check in the sum of \$241,730.39 has been received by the City Treasurer from the County Treasurer of Allegheny County; and,

Whereas, by Act of Assembly the said funds now paid into the City Treasury of the City of Pittsburgh are to be used for the purpose of providing food, clothing, fuel and shelter for residents within the district comprising the City of Pittsburgh, who are without means of support; now, therefore,

Section 1. Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That the said amount set apart to the Department of Public Welfare of the City of Pittsburgh for the purpose of providing food, clothing, fuel and shelter for residents within the City of Pittsburgh who are without means of support, shall not be used for paying cash, commonly called "dole" to persons entitled to relief.

Section 2. The said funds shall be used entirely for the relief above specified and no part thereof shall be used for any administration costs, and, further, that distribution of said funds shall be made in the manner now provided for the distribution of the emergency relief fund authorized by Council of the City of Pittsburgh on the 22nd day of March, 1932, through the Department of Public Welfare and with the assistance of

the Advisory Committee as now functioning in said distribution.

Section 3. That the Mayor be and is hereby authorized and directed to issue and the City Controller to countersign warrants approved by the Director of the Department of Public Welfare in amounts used for providing food, clothing, fuel and shelter for residents of the City of Pittsburgh who are without means of support, but that the same shall not be paid in cash, commonly called "dole", to said residents of the City of Pittsburgh; and same to be chargeable to and payable from Code Account Special and Trust Fund--Talbot Relief Allotment.

AN ORDINANCE—Providing for the completion of unemployment relief projects by the construction of sewers with City forces or with forces otherwise provided, and providing additional sums for the payment of the costs thereof.

Whereas, Ordinance No. 583, approved December 2, 1931, authorized and directed the Director of the Department of Public Works to carry out certain unemployment projects by the construction of sewers, etc., and set aside and appropriated certain amounts for each particular project, which amounts are found insufficient to complete work on certain projects, namely, Roanoke Street Sewer, Private Property of the Pennsylvania Railroad Co., opposite Twenty-fourth Street Sewer, and Norwich Avenue Sewer.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the Director of the Department of Public Works be and he is hereby authorized and directed to complete unemployment relief projects by the construction of sewers with

City forces or with forces otherwise provided.

Section 2. That the Director of the Department of Public Works be and he is hereby authorized and directed to requisition the purchase of supplies and materials by the Director of the Department of Supplies; to rent or purchase tools, plant, motor trucks and equipment; to employ labor for supervision, skilled or common labor; and to pay engineering expenses; all as may be necessary for the proper performance of said work.

Section 3. That for the payment of the costs thereof, the following additional sums amounting in the aggregate to Two Thousand Fifty (\$2,050.00) Dollars, or so much thereof as may be necessary, are hereby set apart and appropriated from Code Accounts set after the respective projects, and the Mayor and the City Controller are hereby authorized and directed to respectively issue and countersign warrants drawn on said funds for the payment of the costs thereof.

No. 187

AN ORDINANCE—Authorizing and directing the issue and sale of Funding Bonds of the City of Pittsburgh in the aggregate principal amount of One Million Two Hundred Thousand (\$1,200,000.00) Dollars, for the purpose of funding existing unfunded indebtedness of the City, consisting of contractors' claims, claims for damages arising from the opening, widening and improving of streets and the construction of sewers, and other floating indebtedness, and providing for the redemption of said bonds and the payment of interest thereon.

Whereas, the City Controller has submitted to Council a detailed statement under date of June 6, 1932, of the floating indebtedness

of the City, in the sum of One Million Two Hundred Thousand (\$1,200,000.00) Dollars, over and above the funds on hand available for the liquidation thereof, and

Whereas, it is desirable to issue bonds for the purpose of funding this indebtedness, Now, therefore

Section 1. Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That bonds of the City of Pittsburgh be issued in the aggregate principal amount of One Million Two Hundred Thousand (\$1,200,000.00) Dollars, for the purpose of funding the aforesaid unfunded indebtedness of the City, consisting of contractors' claims, claims for damages arising from the opening, widening and improving of streets and the construction of sewers, and other floating indebtedness.

Section 2. That said bonds of the City of Pittsburgh in the aggregate principal amount of One Million Two Hundred Thousand (\$1,200,000.00) Dollars, be issued for the purpose aforesaid, the proceeds arising from the sale of said bonds shall be applied to the discharge of the floating indebtedness of the City set forth in the report of the Controller above mentioned and to no other purpose whatsoever. Said bonds shall be in denominations of One Hundred (\$100.00) Dollars or multiples thereof; shall be dated as of the first day of July, 1932, and shall be payable in Thirty equal annual installments of Forty Thousand (\$40,000.00) Dollars each, one of which shall mature on the first day of July in each of the years 1933 to 1962, inclusive. Said bonds shall bear interest at the rate of four and one-quarter per centum (4¼%) per annum, payable semi-annually on the first day of July and January in each year, without deduction for any taxes which may be levied thereon by the Commonwealth of Pennsylvania pursuant to any present or future law, the payment of which is hereby assumed by the City of Pittsburgh. The principal and interest of said bonds shall be payable in lawful money of the United States of America at the office of the City Treasurer of said City. Said bonds shall be coupon bonds, exchangeable at the option of the holder for a registered bond or bonds of the same maturity and of the denomination of One Hundred (\$100.00) Dollars, or a multiple thereof, not exceeding the aggregate principal amount of

the coupon bond or bonds surrendered in exchange therefor, by surrendering such coupon bond or bonds, with all coupons not then due, at the office of the City Controller, and the City Controller is hereby authorized and directed to cause such coupon and registered bonds to be engraved and to issue the same in the name of the City of Pittsburgh, the expense thereof to be charged to Appropriation No. 42, Contingent Fund. Registered bonds shall be registered with the City Treasurer, and shall be transferable only on the books of the said City Treasurer. Said bonds shall be signed by the Mayor, countersigned by the City Controller and sealed with the corporate seal of the City of Pittsburgh, and the coupons attached thereto shall be authenticated with a facsimile signature of the City Controller.

In case of the absence or disability of any such officials, the bonds shall be signed by the city official authorized by law or resolution of Council to act in his place.

Each of said bonds shall be known and designated as Funding Bond 1932.

Section 3. That said bonds shall be sold by the Mayor and the City Controller, at not less than par and accrued interest, after giving such notice of sale as may be required by law.

Section 4. That until said bonds, issued as herein provided, shall be fully paid, there is hereby levied and assessed annually upon all subjects now by law liable, or hereafter to be made liable, to assessment for taxation for City purposes, an annual tax, commencing the first year after said debt shall have been increased or incurred, namely the year 1933, sufficient to pay the interest on said bonds as the same shall accrue and become payable, and any tax on said interest which by the terms of said bonds is assumed by the City and also an annual tax commencing in said year equal to three and one-third per centum (3⅓%) of the total amount of said bonds hereby authorized, to be set apart as a sinking fund for the payment of the principal and redemption of said bonds as they become due and payable according to their terms, and the same is hereby appropriated out of the revenue of said City for the payment and redemption aforesaid. There is also hereby appropriated out of the general revenue of said City an amount sufficient to meet the installment of interest due on said bonds during the current fiscal year.

Section 5. That all bonds issued by the authority of this ordinance and the Acts of Assembly authorizing the same shall be and become part of the funded debt of the City of Pittsburgh, and shall be entitled to all the rights, privileges and immunities thereof, and shall be free from taxation, as aforesaid, and for the payment of the principal of said bonds and the interest thereon semi-annually as the same shall become payable, the faith, honor, credit and property of said City are hereby pledged.

Section 6. That the form of coupon bonds issued in pursuance of this ordinance shall be substantially as follows:

No. 201

AN ORDINANCE—Authorizing and directing an increase of the indebtedness of the City of Pittsburgh in the sum of Eight Hundred Thousand (\$800,000.00) Dollars and providing for the issue and sale of bonds of said City in said amount to provide funds for the following purposes, viz: providing food, clothing, fuel and shelter for and otherwise assisting residents of the City of Pittsburgh who are without adequate means of support and providing for the redemption of said bonds and the payment of interest thereon.

Whereas, The corporate authorities of the City of Pittsburgh, by Ordinance duly enacted by the Council thereof and approved by the Mayor thereof on March 15th, 1932, and duly recorded and published as required by law, signified their desire that the indebtedness of said City be increased in the sum of Three Million (\$3,000,000.00) Dollars, for the purposes described in the following ordinance, and provided that the ques-

tion of increasing the indebtedness in said amount for said purposes be submitted to a vote of the electors of said City at a special election held on April 26, 1932; and

Whereas, After due legal notice, said election was held and conducted as required by law, and a majority of the electors who voted at said election voted in favor of said increase of indebtedness, and the vote was duly counted by the Court of Quarter Sessions as required by law, and the Clerk of Quarter Sessions made a record thereof and a certified copy of such record under seal, showing the result, was furnished as required by law, to the corporate authorities of the City of Pittsburgh and the same has been placed of record upon the minutes thereof; Now, Therefore

Section 1. Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That the indebtedness of the City of Pittsburgh be increased by the amount of Eight Hundred Thousand (\$800,000.00) Dollars to provide funds for the following purposes, viz: providing food, clothing, fuel and shelter for and otherwise assisting residents of the City of Pittsburgh who are without adequate means of support.

Section 2. That bonds of the City of Pittsburgh in the aggregate principal amount of Eight Hundred Thousand (\$800,000.00) Dollars be issued for the purposes aforesaid. Said bonds shall be in denominations of One Hundred (\$100.00) Dollars or multiples thereof; shall be dated as of the first day of August, 1932, and shall be payable in Twenty (20) equal annual installments of Forty Thousand (\$40,000.00) Dollars each, one of which shall mature on the first day of August in each of the years 1933 to 1952, inclusive. Said bonds shall bear interest at the rate of Four and one-quarter per centum (4¼%) per annum, payable semi-annually on the first days of August and February in each year, without deduction for any taxes which may be levied thereon by the Commonwealth of Pennsylvania pursuant to any present or future law, the payment of which is hereby assumed by the City of Pittsburgh. The principal and interest of said bonds shall be payable in lawful money of the United States of America at the office of the City Treasurer of said City. Said bonds shall be coupon bonds, exchangeable at the option of the holder for a registered bond or bonds of the same maturity

and of the denomination of One Hundred (\$100.00) Dollars or a multiple thereof, not exceeding the aggregate principal amount of the coupon bond or bonds surrendered in exchange therefor, by surrendering such coupon bond or bonds, with all coupons not then due, at the office of the City Controller, and the City Controller is hereby authorized and directed to cause such coupon and registered bonds to be engraved and to issue the same in the name of the City of Pittsburgh, the expense thereof to be charged to Appropriation No. 42, Contingent Fund. Registered bonds shall be registered with the City Treasurer, and shall be transferable only on the books of the said City Treasurer. Said bonds shall be signed by the Mayor, countersigned by the City Controller and sealed with the corporate seal of the City of Pittsburgh, and the coupons attached thereto shall be authenticated with a facsimile signature of the City Controller. In case of the absence or disability of any of such officials, the bonds shall be signed by the city official authorized by law or by resolution of Council to act in his place. Each of said bonds shall be known and designated as Public Welfare Relief Bond 1932.

Section 3. That said bonds shall be sold by the Mayor and the City Controller, at not less than par and accrued interest, after giving such notice of sale as may be required by law.

Section 4. That until said bonds, issued as herein provided, shall be fully paid, there is hereby levied and assessed annually upon all subjects now by law liable, or hereafter to be made liable, to assessment for taxation for City purposes, an annual tax, commencing the first year after said debt shall have been increased or incurred, namely the year 1933 sufficient to pay the interest on said bonds as the same shall accrue and become payable, and any tax on said interest which by the terms of said bonds is assumed by the City, and also an annual tax commencing in said year equal to Five per centum (5%) of the total amount of said bonds hereby authorized, to be set apart as a sinking fund for the payment of the principal and redemption of said bonds as they become due and payable according to their terms, and the same is hereby appropriated out of the revenue of said City for the payment and redemption aforesaid. There is also hereby appropriated out of the general revenue of said City an

amount sufficient to meet the installment of interest due on said bonds during the current fiscal year.

Section 5. That all bonds issued by the authority of this ordinance and the Acts of Assembly authorizing the same shall be and become part of the funded debt of the City of Pittsburgh, and shall be entitled to all the rights, privileges and immunities thereof, and shall be free from taxation, as aforesaid, and for the payment of the principal of said bonds and the interest thereon semi-annually as the same shall become payable, the faith, honor, credit and property of said City are hereby pledged.

Section 6. That the form of coupon bonds issued in pursuance of this Ordinance shall be substantially as follows:

No. No.
\$ \$

UNITED STATES OF AMERICA
COMMONWEALTH OF PENNSYLVANIA
CITY OF PITTSBURGH
PUBLIC WELFARE RELIEF BOND 1932

KNOW ALL MEN BY THESE PRESENTS,

That the City of Pittsburgh, a municipal corporation created by and existing under the laws of the Commonwealth of Pennsylvania is indebted to the bearer in the sum of _____ Dollars (\$ _____), lawful money of the United States of America, which sum the said City of Pittsburgh promises to pay to the said bearer at the office of the City Treasurer of said City on the first day of August A. D. 19____, with interest thereon from the date hereof at the rate of Four and one-quarter per centum (4¼%) per annum, payable semi-annually to the bearer of the annexed coupons at the time and place therein specified without deduction for any taxes which may be levied thereon by the Commonwealth of Pennsylvania pursuant to any present or future law, the payment of which is hereby assumed by the City of Pittsburgh. And for the true and faithful payment of the principal of this bond and the semi-annual interest thereon, as aforesaid, the faith, honor, credit and property of the said City of Pittsburgh are hereby pledged.

Any one or more of the coupon bonds of the series of which this is one may, at the option of the holder, be exchanged at any time for a registered bond or bonds of the

same maturity and of the denomination of One Hundred (\$100.00) Dollars or a multiple thereof, not exceeding the aggregate principal amount of the coupon bond or bonds surrendered in exchange therefor, by surrendering the said coupon bond or bonds with all coupons not then due at the office of the City Controller of said City.

This bond is one of a series of bonds amounting in the aggregate to Eight Hundred Thousand (\$800,000.00) Dollars, issued by the City of Pittsburgh for valid municipal purposes by virtue and in pursuance of an Act of the General Assembly of the Commonwealth of Pennsylvania entitled, "An Act to regulate the manner of increasing the indebtedness of municipalities to provide for the redemption of the same, and to impose penalties for the illegal increase thereof," approved April 20, 1874, and the several supplements and amendments thereof; and by virtue of an Act of the General Assembly of the Commonwealth of Pennsylvania entitled, "An Act for the government of cities of the second class," approved March 7, 1901, and the supplements and amendments thereof; and an Act of the General Assembly of the Commonwealth of Pennsylvania entitled, "An Act to authorize the registry or transfer of certain bonds," approved May 1, 1873; and by virtue of a special election duly called and held in said City on April 26, 1932, and in pursuance of an Ordinance of the City of Pittsburgh entitled, "An Ordinance authorizing and directing an increase in the indebtedness of the City of Pittsburgh in the sum of Eight Hundred Thousand (\$800,000.00) Dollars and providing for the issue and sale of bonds of said City in said amount to provide funds for the following purposes, viz: providing food, clothing, fuel and shelter for and otherwise assisting residents of the City of Pittsburgh who are without adequate means of support and providing for the redemption of said bonds and the payment of interest thereon," duly enacted by the Council thereof and approved by the Mayor thereof on July 1932, and duly recorded and published in the manner required by law.

It is hereby certified and recited that every requirement of law affecting the issue hereof has been duly complied with; that provision has been made for the collection of an annual tax sufficient to pay the interest and also the principal hereof at maturity; that the total amount of indebtedness of the City of Pittsburgh including the entire issue

of the above mentioned bonds, aggregating Eight Hundred Thousand (\$800,000.00) Dollars, of which this is one, is less than Seven per centum (7%) of the last preceding assessed valuation of the taxable property therein; and that this bond and the debt created thereby are within every debt and other limit prescribed by the Constitution and Laws of the Commonwealth of Pennsylvania.

No. 202

AN ORDINANCE—Re-fixing the width and position of the roadway and sidewalks, providing for slopes, parking, retaining walls and steps and re-establishing the grade of Carson street West, from Corliss street to Fernwood street.

Section 1. Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That the width and position of the roadway and sidewalks and the grade of the southerly curb line of Carson street West, from Corliss street to Fernwood street, be and the same are hereby re-fixed and re-established as follows, to-wit:

The following described southerly curb line shall be used as a reference line for the purpose of this Ordinance:

Beginning on the westerly line of Corliss street, as opened by Ordinance No. 299, approved July 14, 1913, at the point of tangent on the same described in the above mentioned Ordinance as being opposite Station 0+39.77 on the easterly 4.0 foot running line, tangency to the following described arc at said point of beginning, coinciding with the westerly line of Corliss street; thence northwardly and westwardly by the arc of a circle deflecting to the left with a radius of 30.0 feet and a central angle of $61^{\circ} 50' 35''$ for an arc distance of 32.38 feet to a point of compound curve; thence northwardly by the arc of a circle deflecting to the left with a radius of 50.0 feet and a central angle of $32^{\circ} 32' 40''$ for an arc distance of 28.40 feet to a point of reverse

curve; thence westwardly by the arc of a circle deflecting to the right with a radius of 4,523.57 feet and a central angle of $3^{\circ} 10' 05''$ for an arc distance of 250.12 feet to a point of tangent, said point of tangent being at a perpendicular distance of 3.25 feet south of the southerly 5.0 foot running line of Carson street West, as described in Ordinance No. 512, approved February 16, 1911, at Station 26+25.85 on the same and being also at a perpendicular distance of 6.75 feet north of the southerly line of Carson street West, as widened by Ordinance No. 140, approved May 7, 1932; thence westwardly, parallel to and at a perpendicular distance of 6.75 feet north of the southerly line of Carson street West, as widened by the last above mentioned Ordinance, to a point of curve perpendicularly opposite Station 54+03.34 on the above mentioned southerly 5.0 foot running line; thence westwardly by the arc of a circle deflecting to the right with a radius of 592.75 feet and a central angle of $4^{\circ} 05' 44''$ for an arc distance of 42.37 feet to a point of tangent; thence westwardly by the tangent 50.69 feet to a point of curve; thence westwardly by the arc of a circle deflecting to the left with a radius of 450.50 feet and a central angle of $3^{\circ} 27' 44''$ for an arc distance of 27.22 feet to a point of tangent perpendicularly opposite Station 55+23.21 on the above mentioned southerly 5.0 foot running line; thence westwardly by the tangent, parallel to and 5.0 feet north of the southerly line of Carson street West, 137.75 feet to a point of curve perpendicularly opposite Station 56+60.81 on the above mentioned southerly 5.0 foot running line; thence westwardly by the arc of a circle deflecting to the left with a radius of 800.88 feet and a central angle of $7^{\circ} 33' 20''$ for an arc distance of 105.61 feet to a point of tangent; thence by the tangent parallel to and at a perpendicular or radial distance of 6.75 feet north of the southerly line of Carson street West, as widened by the above mentioned Ordinance, to the easterly curb line of Fernwood street.

The roadway from Corliss street to Station 54+03.34 on the above mentioned southerly 5.0 foot running line shall have a general width of 38.0 feet; thence to Station 55+23.21, a variable width ranging from 38.0 feet at the former to 37.0 feet at the latter mentioned point; thence to Station 56+60.81 a general width of 37.0 feet; thence to Station 57+81.0, a variable

width ranging from 37.0 feet at the former to 38.0 feet at the latter mentioned point; thence to Fernwood street, a general width of 38.0 feet. The roadway shall lie along the northerly side of and contiguous to the above described southerly curb line throughout.

The southerly sidewalk from Corliss street to Station 54+03.34 on the above mentioned southerly 5.0 foot running line, shall have a general width of 6.75 feet; thence to Station 55+23.21, a variable width ranging from 6.75 feet at the former to 5.0 feet at the latter mentioned point; thence to Station 56+60.81, a general width of 5.0 feet; thence to Station 58+28.38, a variable width ranging from 5.0 feet at the former to 6.75 feet at the latter mentioned point; thence to Fernwood street, a general width of 6.75 feet. The southerly sidewalk shall lie along the southerly side of and contiguous to the above described roadway throughout. The northerly sidewalk shall have a variable width and occupy the portion of the street lying between the above described roadway and the northerly street line.

The remaining portions of the street lying without the lines of the roadway and sidewalks, as above described, shall be used for slopes, parking, retaining walls and steps.

Section 2. The grade of the southerly curb line shall begin at the westerly curb line of Corliss street at an elevation of 52.56 feet; thence shall fall at the rate of 3.55% for a distance of 414.79 feet to a point of curve to an elevation of 37.83 feet; thence by a concave parabolic curve for a distance of 80.0 feet to a point of tangent to an elevation of 36.71 feet; thence shall rise at the rate of 0.75% for a distance of 551.74 feet to a point of curve to an elevation of 40.85 feet; thence shall fall at the rate of 0.75% for a distance of 408.31 feet to a point of curve to an elevation of 37.79 feet; thence by a concave parabolic curve for a distance of 50.0 feet to a point of tangent to an elevation of 37.80 feet; thence shall rise at the rate of 0.80% for a distance of 390.0 feet to a point of curve to an elevation of 40.92 feet; thence by a convex parabolic curve for a distance of 50.0 feet to a point of tangent to an elevation of 40.97 feet; thence falling at the rate of 0.60% for a distance of 64.0 feet to a point of curve to an elevation of

40.59 feet; thence by a concave parabolic curve for a distance of 50.0 feet to a point of tangent to an elevation of 40.64 feet; thence shall rise at the rate of 0.80% for a distance of 367.0 feet to a point of curve to an elevation of 43.58 feet; thence by a convex parabolic curve for a distance of 50.0 feet to a point of tangent to an elevation of 43.63 feet; thence shall fall at the rate of 0.60% for a distance of 64.0 feet to a point of curve to an elevation of 43.25 feet; thence by a concave parabolic curve for a distance of 50.0 feet to a point of tangent to an elevation of 43.30 feet; thence shall rise at the rate of 0.80% for a distance of 367.0 feet to a point of curve to an elevation of 46.24 feet; thence by a convex parabolic curve for a distance of 50.0 feet to a point of tangent to an elevation of 46.29 feet; thence shall fall at the rate of 0.60% for a distance of 64.0 feet to a point of curve to an elevation of 45.91 feet; thence by a concave parabolic curve for a distance of 50.0 feet to a point of tangent to an elevation of 46.23 feet; thence shall rise at the rate of 2.69% for a distance of 177.0 feet to a point of curve to an elevation of 51.19 feet; thence by a convex parabolic curve for a distance of 100.0 feet to a point of tangent to an elevation of 51.89 feet; thence shall fall at the rate of 1.29% for a distance of 193.27 feet to a point of curve at the westerly curb line of Earl street to an elevation of 49.40 feet; thence by a convex parabolic curve for a distance of 100.0 feet to a point of tangent to an elevation of 47.26 feet; thence shall fall at the rate of 3.01% for a distance of 406.43 feet to a point of curve to an elevation of 35.03 feet; thence by a concave parabolic curve for a distance of 100.0 feet to a point of tangent to an elevation of 32.82 feet; thence shall fall at the rate of 1.40% for a distance of 106.10 feet to a point of curve to an elevation of 31.34 feet; thence by a concave parabolic curve for a distance of 50.0 feet to a point of tangent to an elevation of 31.14 feet; thence shall rise at the rate of 0.60% for a distance of 271.71 feet to a point of curve to an elevation of 32.77 feet; thence by a convex parabolic curve for a distance of 40.0 feet to a point of tangent to an elevation of 32.77 feet; thence shall fall at the rate of 0.60% for a distance of 276.71 feet to a point of curve to an elevation of 31.11 feet; thence by a concave parabolic curve for a distance of 40.0 feet to a point of tangent to an

No. 203

AN ORDINANCE—Granting unto Pittsburgh Railways Company, its successors, lessees and assigns, the right to enter upon, use and occupy Sterritt street in the City of Pittsburgh with a single street railway service track crossing said street at right angles between Frankstown avenue and Felicia way, subject to the terms and conditions herein provided.

Section 1. Be it ordained and enacted by the City of Pittsburgh in Council assembled, and it is hereby ordained and enacted by the authority of the same, that the Pittsburgh Railways Company, its successors, lessees and assigns, shall have the right and they are hereby authorized to enter upon, use and occupy Sterritt street in, on and along the following route, with the right to install, maintain and operate a single street railway track over the said route to connect with the track leading from the Homewood

Shop to the Sterritt Street Operating Yard of the Company:

"Beginning in the west line of Sterritt street at a point situated fifty-two feet, six inches (52' 6") south, as measured along the said west line from its intersection with the south line of Frankstown avenue, thence eastwardly and crossing Sterritt street, approximately at right angles, fifty feet (50') more or less."

Section 2. Pittsburgh Railways Company, its successors, lessees and assigns, shall have the right and they are hereby authorized to construct, maintain, operate and use a single street railway track on the route hereinbefore mentioned, together with the necessary connections, and to operate cars thereon and to use electricity as a motive power, and to erect, maintain and use in Sterritt street such posts, poles and other supports as said Company may deem convenient for the support and maintenance of an overhead system, for the operation of street cars, subject, however, to the provisions of the Ordinance approved February 25, 1890, entitled "A General Ordinance relating to the entry upon, over or under, or the use or occupation of any street, lane or alley, or any part thereof, for any purpose, by passenger or street railway companies, or by companies operating passenger or street railways, and providing reasonable regulations pertaining thereto for the public convenience and safety." Provided, however, that if at any time the City of Pittsburgh desires to make any alterations for City purposes in Sterrett street, the Pittsburgh Railways Co., its successors, lessees or assigns, will remove said crossing at its own cost and expense upon sixty days' notice thereof by the Director of the Department of Public Works.

Section 3. Pittsburgh Railways Company may assign any of the rights hereinbefore granted to such of the underlying companies operated or to be operated by it as it deems proper, subject to the consent of Council of the City of Pittsburgh, and subject, also, to the acceptance by said underlying companies of all the terms and provisions of this Ordinance.

Section 4. The term of this grant shall be for the period of fifty (50) years from the date of the acceptance hereof.

Section 5. This ordinance shall be accepted by the Pittsburgh Railways Company within sixty (60) days after its passage or ap-

proval by a Certificate of Acceptance of all the conditions and provisions thereof. Said Certificate to be executed under the proper seal of the Company, duly attested by the President or Vice President, and the Secretary or an Assistant Secretary thereof, and filed with the Controller of the City.

Section 6. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed, so far as the same affects this Ordinance.

No. 227

AN ORDINANCE—Authorizing and directing an increase of the indebtedness of the City of Pittsburgh in the sum of Three Hundred Thousand (\$300,000.00) Dollars, and providing for the issue of bonds of said City in said amount to provide funds (including engineering and other necessary expenses) for the improvement of the Smithfield Street Bridge and providing for the redemption of said bonds and the payment of interest thereon.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the indebtedness of the City of Pittsburgh be increased by the amount of Three Hundred Thousand (\$300,000.00) Dollars, to provide funds (including engineering and other necessary expenses) for the improvement of the Smithfield Street Bridge and providing for the redemption of said bonds and the payment of interest thereon.

Section 2. That bonds of the City of Pittsburgh in the aggregate principal amount of Three Hundred Thousand (\$300,000.00) Dollars be issued for the purposes aforesaid. Said bonds shall be in denominations of One Hundred (\$100.00) Dollars, or multiples thereof; shall be dated as of the first day of August, 1932; and shall be payable in ten (10) equal annual installments of Thirty Thousand (\$30,000.00) Dollars each, one of which shall mature on the first day of August in each of the years 1933 to 1942, inclusive. Said bonds shall bear interest at

the rate of four and one-quarter (4¼%) per centum per annum, payable semi-annually on the first days of August and February in each year, without deduction for any taxes which may be levied on said bonds or the interest thereon, by the Commonwealth of Pennsylvania pursuant to any present or future law, the payment of which is hereby assumed by the City of Pittsburgh. The principal and interest of said bonds shall be payable in lawful money of the United States of America at the office of the City Treasurer of said City. Said bonds shall be coupon bonds, exchangeable at the option of the holder for a registered bond or bonds of the same maturity and of the denomination of One Hundred (\$100.00) Dollars or a multiple thereof, not exceeding the aggregate principal amount of the coupon bond or bonds surrendered in exchange therefor, by surrendering such coupon bond or bonds with all coupons not yet due, at the office of the City Controller, and the City Controller is hereby authorized and directed to cause such coupon and registered bonds to be engraved and to issue the same in the name of the City of Pittsburgh, the expense to be charged to Appropriation No. 42, Contingent Fund.

Registered bonds shall be registered with the City Treasurer, and shall be transferable only on the books of the said City Treasurer. Said bonds shall be signed by the Mayor, countersigned by the City Controller and sealed with the corporate seal of the City of Pittsburgh, and the coupons attached thereto shall be authenticated with facsimile signature of the City Controller. In case of the absence or disability of any of such officials, the bonds shall be signed by the City official authorized by law or by resolution of Council to act in his place. Each of said bonds shall be known and designated as Smithfield Street Bridge Improvement Bond, 1932.

Section 3. That said bonds shall be sold by the Mayor and the City Controller, at not less than par and accrued interest, after giving such notice of sale as may be required by law.

Section 4. That until said bonds, issued as herein provided, shall be fully paid, there is hereby levied and assessed annually upon all subjects now by law liable, or hereafter to be made liable, to assessment for taxation for City purposes, an annual tax, commencing the first year after said debt shall have

been increased or incurred, namely the year 1933, sufficient to pay the interest on said bonds as the same shall accrue and become payable, and any tax thereon or on said interest which by the terms of said bonds is assumed by the City and also an annual tax commencing in said year equal to 10% of the total amount of said bonds hereby authorized, to be set apart as a sinking fund for the payment of the principal and redemption of said bonds as they become due and payable according to their terms, and the same is hereby appropriated out of the revenue of said City for the payment and redemption aforesaid.

Section 5. That all bonds issued by the authority of this ordinance and the Acts of Assembly authorizing the same shall be and become part of the funded debt of the City of Pittsburgh, and shall be entitled to all the rights, privileges and immunities thereof, and shall be free from taxation, as aforesaid, and for the payment of the principal of said bonds and the interest thereon semi-annually as the same shall become payable, the faith, honor, credit and property of said City are hereby pledged.

Section 6. That the form of coupon bonds issued in pursuance of this ordinance shall be substantially as follows:

AN ORDINANCE—Authorizing an Agreement between the Carnegie Institute and the City of Pittsburgh for the purchase of steam for heating purposes at the Phipps Conservatory, and stipulating terms of payment therefor.

Section 1. Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That the Mayor and the Director of the Department of Public Works of the City of Pittsburgh are hereby authorized and empowered to execute an agreement with the Carnegie Institute for the purchase of steam for heating purposes at the Phipps Conservatory, which agreement shall be as follows:

ARTICLES OF AGREEMENT

Made the.....day of....., 1932, between the Carnegie Institute (hereinafter called the "Institute"), a corporation of Pennsylvania having its place of business in the City of Pittsburgh, party of the first part, and the City of Pittsburgh (hereinafter called the "City"), a municipal corporation of Pennsylvania located in the County of Allegheny, party of the second part;

Whereas, the Institute owns and operates a boiler plant situate on property in the 14th Ward, Pittsburgh, in which it generates the steam for use in its buildings, and the City owns and operates a public conservatory known as the Phipps Conservatory, located in Schenley Park in the City of Pittsburgh near the Institute, in which it uses steam for heating purposes, and the City desires to purchase from the Institute all steam to be used in the Phipps Conservatory, and the Institute is willing to sell such steam to the City without profit to the Institute;

Now This Agreement Witnesseth, That in consideration of the premises, it is agreed between the parties as follows:

First: The City agrees to construct, maintain and operate at its own cost and expense a pipe line for transportation of steam to the Phipps Conservatory from the boiler plant of the Institute, and also a hot water return line from the Conservatory to the boiler plant, and to connect the lines so constructed with the steam plant of the Institute at points to be designated by the Institute. When said pipe lines have been com-

pleted and connected with the plant of the Institute, the City will purchase from the Institute and the Institute agrees to furnish and sell to the City all steam necessary for the operation of the Phipps Conservatory, such steam to be purchased at the point of connection between the line so installed by the City and the present plant of the Institute.

Second. The City shall install and maintain at a point agreeable to the Institute, such meters or other measuring devices which may be necessary, from time to time, to measure accurately the steam transferred and delivered from the boiler plant to the line to be installed by the City as aforesaid. Such meters or measuring devices shall be read monthly by the Institute to determine the quantity of steam furnished by the Institute to the City. The City shall have the right to examine and check the meters or measuring devices and the readings thereof at any time. The cost of installation and maintenance of the meters or other measuring devices shall be paid by the City.

Third. For the period ending December 31, 1933, the City shall pay to the Institute the sum of twenty-five (25c) cents for each 1,000 pounds of steam so furnished which the parties agree is the estimated reasonable cost to the Institute for that period for the generation of such steam without profit to the Institute.

After December 31, 1933, the City shall pay the Institute for the steam so furnished, the actual cost to the Institute for the generation of steam based on the proportion that the steam furnished to the City bears to all the steam produced and used from the present or any future plant of the Institute. The actual cost of generating the steam shall include all charges of the steam generating plant of the Institute for labor, fuel, compensation and boiler insurance, water treatment, maintenance, supplies, replacements and repairs.

The City shall also pay to the Institute in addition to the actual cost charge or the estimated reasonable cost, as above set forth, the additional sum of twenty (20c) cents per 1,000 pounds of steam so furnished to cover depreciation of the plant of the Institute which sum the parties agree is a fair and reasonable charge for such depreciation without profit to the Institute.

It is further agreed, however, that if after

December 31, 1933, by reason of increased capacity and improved equipment of the steam generating plant of the Institute, it should appear that the charge of twenty (20c) cents per 1,000 pounds of steam to cover depreciation is in excess of or below a fair depreciation charge, the depreciation charge above set forth shall be increased or diminished in an amount to be agreed upon by the parties hereto.

Bills for the steam so furnished to the City shall be rendered to it by the Institute on or about the first day of each month for steam delivered during the preceding month, and shall be paid by the City on or before the twentieth day of the month in which such bills are rendered.

Fourth. This agreement shall continue for the period expiring December 31, 1933, and thereafter from year to year until terminated by either party by six months' notice in writing of its intention so to do.

Fifth. The Institute shall incur no liability for failure to furnish steam to the City if such failure be due to any cause other than its own gross negligence.

In Witness Whereof, this agreement is signed and executed for the Carnegie Institute by its President and Secretary, and for the City of Pittsburgh by Charles H. Kline, Mayor, and Edward G. Lang, Director of the Department of Public Works, the day and year first above written, and the common and corporate seals are duly affixed hereto.

Whereas, John Collavo, the owner of certain property in the 20th Ward of the City of Pittsburgh, laid out in a plan of lots called "Collavo Place" has located certain highways thereon and executed a deed of dedication on said plan for all ground covered by said highways to the City of Pittsburgh for public use for highway purposes and has released the said City from liabilities for damages occasioned by the physical grading of said public highways to the grades as hereinafter established, Therefore

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That* the "Collavo Place Plan of Lots" situate in

the 20th Ward of the City of Pittsburgh, laid out by John Collavo, July, 1932, be and the same is hereby approved and Daleland avenue and Carnahan road, as located and dedicated in said plan are hereby accepted.

Section 2. The highways as aforesaid dedicated to said City for public highway purposes shall be and the same are hereby appropriated and opened as public highways and named Daleland avenue and Carnahan road.

Section 3. The width and position of the sidewalks and roadway of Daleland avenue and the grade of Daleland avenue and Carnahan road, laid out and dedicated in the "Collavo Place Plan of Lots" are hereby fixed and established as described in Ordinance No. 258 approved September 27, 1932 and recorded in Ordinance Book Volume 44, page 681.

Section 4. The Department of Public Works is hereby authorized and directed to enter upon, take possession of and appropriate the said Daleland avenue and Carnahan road for public highways in conformity with the provisions of this ordinance.

Section 5. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed, so far as the same affects this Ordinance.

No. 297

AN ORDINANCE—Granting unto Federal Street and Pleasant Valley Passenger Railway Company, its successors, leasees and assigns, the right to enter upon, use and occupy California avenue in the City of Pittsburgh, in the manner and between the points hereinafter set forth, for street railway purposes, subject to the terms and conditions herein provided.

WHEREAS, the City of Pittsburgh (formerly the City of Allegheny), by ordinance enacted June 13, 1889, granted unto Observatory Hill Passenger Railway Company, predecessor of Federal Street and Pleasant Valley Passenger Railway Company, the right to construct, maintain and operate a double tract railway "... along Washington avenue to Sedgwick street; thence along Sedgwick street to California avenue; thence along California avenue to Superior avenue ..."; and

WHEREAS, the City of Pittsburgh is about to relocate California avenue from its intersection with Kunkle avenue (formerly a part of California avenue) to Sedgwick street, which makes it necessary and desirable that the street railway tracks on Kunkle avenue and Sedgwick street be relocated on California avenue.

Section 1. Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That Federal Street and Pleasant Valley Passenger Railway Company, its successors, lessees and assigns, shall have the right and they are hereby authorized to enter upon, use and occupy, for street railway purposes, California avenue in, on and along the following route:

Beginning at a point in the center line between tracks on California avenue, which point is situated at right angles opposite a point on the north curb line of California avenue 37 feet more or less as measured westwardly along the north curb line of California avenue from its intersection with the north curb line of Kunkle avenue (formerly a part of California avenue); thence eastwardly along California avenue as improved 740 feet more or less to point of connection with existing tracks on California avenue, which point is located 76 feet more or less, as measured along the center line of existing tracks from its intersection with the south curb line of Kirkbride street.

Section 2. Federal Street and Pleasant Valley Passenger Railway Company, its successors, lessees and assigns, shall have the right and they are hereby authorized to construct, maintain, operate and use single or double street railway tracks on the route hereinabove mentioned, together with the necessary turnouts and connections, and to operate cars thereon, and to use electricity as a motive power, and to erect, maintain and use in said portion of California avenue, such posts, poles and other supports as said Company may deem convenient for the support and maintenance of an overhead system, and for the operation of a street railway, subject, however, to the provisions of an ordinance approved February 25, 1890, entitled "An ordinance relating to the entry upon, over or under, or the use or occupation of any street, lane or alley, or any part thereof for any purpose, by passenger or street railway companies, or by companies operating passenger or street railways, and providing reasonable regulations pertaining thereto for the public convenience and safety" (except that the obligation of the Railway Company relative to paving within the so-called street railway area shall be the same as provided in the agreement between the City of Pittsburgh, Philadelphia Company and

Pittsburgh Railways Company, dated December 20, 1921, during the effective period thereof).

Section 3. That the obligation of the Railway Company relative to paving within the so-called street railway area shall be the same as provided in the agreement between the City of Pittsburgh, Philadelphia Company and Pittsburgh Railways Company, dated December 20, 1921, and amendments, during the effective period thereof, or any extensions thereof.

Section 4. The Railway Company shall furnish clean, sanitary and well lighted cars, properly heated and ventilated, and shall provide sufficient cars to furnish reasonable service to accommodate the traffic.

Section 5. Federal Street and Pleasant Valley Passenger Railway Company shall, at such time as the City shall improve Kunkle avenue and Sedgwick street, remove the street railway tracks situated on and along the following route:

Beginning at a point in the center line between tracks on California avenue, which point is situated at right angles opposite a point on the north curb line of California avenue, 37 feet more or less, as measured westwardly from the intersection with the north curb line of California avenue and the north curb line of Kunkle avenue (formerly a part of California avenue); thence by spiral and circular curve northeastwardly 70 feet more or less onto Kunkle avenue, (formerly a part of California avenue); thence eastwardly along Kunkle avenue 305 feet more or less; thence by spiral and circular curve southeastwardly 90 feet more or less to and onto Sedgwick street; thence by tangent track southwardly along Sedgwick street 330 feet more or less; thence by spiral and circular curve southeastwardly 107 feet more or less to and onto a point on California avenue, which point is situated 76 feet more or less as measured southeastwardly along the center line from its intersection with the south curb line of Kirkbride street.

Section 6. By its acceptance of this ordinance Federal Street and Pleasant Valley Passenger Railway Company shall surrender all its rights and privileges in and to the tracks described in Section 5 hereof.

Section 7. The rights and obligations of

Federal Street and Pleasant Valley Passenger Railway Company shall be subject to modification and change to the same extent and upon the same conditions as the rights and obligations of the Company under the Ordinance enacted by the former City of Allegheny (now Pittsburgh) on June 13, 1889, could have been modified and changed.

Section 8. This ordinance shall be accepted by Federal Street and Pleasant Valley Passenger Railway Company within sixty (60) days after its passage or approval by a certificate of acceptance of all the conditions and provisions hereof. The said certificate shall be executed under the corporate seal of the Railway Company, duly attested by the President or Vice President, and the Secretary or an Assistant Secretary thereof, and filed with the Controller of the City.

Section 9. That any Ordinance or part of Ordinance conflicting with the provisions of this Ordinance, be and the same is hereby repealed, so far as the same affects this Ordinance.

AN ORDINANCE—Authorizing an agreement between the City of Pittsburgh and the Borough of Swissvale providing for the construction, maintenance and repairs of a Separate Branch Sewer through Frick Park, from the dividing line between the said City and Borough at Braddock avenue, to the existing Nine Mile Run Trunk Sewer, southwest of Trevanion avenue, and further providing for the maintenance, repairs and the payment to the City of the pro rata share of the cost of the Nine Mile Run Trunk Sewer, from a point southwest of Trevanion avenue, to the Monongahela river.

WHEREAS, the Borough of Swissvale is desirous of constructing an 18" Separate Branch Sewer through Frick Park, from the dividing line between the said City and Borough at Braddock avenue, to the existing Nine Mile Run Trunk Sewer, southwest of Trevanion avenue, for the purpose of carrying the separate drainage from the sewer system of the said Borough, to the Nine Mile Run City Trunk Sewer, and

WHEREAS, as the use of said sewer will be beneficial only to the Borough of Swissvale, the cost of construction, maintenance and repairs thereof shall be borne by the said Borough, and

WHEREAS, the City of Pittsburgh has heretofore, at its own cost, constructed the Nine Mile Run Separate Trunk Sewer extending from a point southwest of Trevanion avenue, to the Monongahela River, at a total cost of 142,764.44, and

WHEREAS, the pro rata share of the Borough of Swissvale of the cost of the construction of said Separate Trunk Sewer based on the area and the estimated future population of said Borough within the Nine Mile Run Drainage Basin is 6.6%, amounting to \$9,422.45. Now, Therefore

Section 1. Be it ordained and enacted

by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That the Mayor and the Director of the Department of Public Works, be and they are hereby authorized and directed to enter into an agreement on behalf of the City of Pittsburgh with the Borough of Swissvale, said agreement to be in the following form, to-wit:

ARTICLES OF AGREEMENT

Made and entered into this..... day of.....1932, between the City of Pittsburgh and the Borough of Swissvale, to provide for the construction, maintenance and repairs of a Separate Branch Sewer through Frick Park from the dividing line between said City and Borough at Braddock avenue, to the existing Nine Mile Run Trunk Sewer, southwest of Trevanion avenue, and further providing for the maintenance, repairs and the payment to the City of the pro rata share of the cost of the Nine Mile Run Trunk Sewer, from a point southwest of Trevanion avenue, to the Monongahela River:

Therefore, This Agreement Witnesseth:

(a) That the City of Pittsburgh hereby grants the Borough of Swissvale the right to enter upon and to construct an 18" sewer through a portion of Frick Park, from the dividing line between the said City and Borough at Braddock avenue, to connect with the existing Nine Mile Run Trunk Sewer, southwest of Trevanion avenue, at their own expense and without cost to the City of Pittsburgh.

(b) The Borough of Swissvale agrees.

1. It will prepare and submit a contract plan for the construction of the sewer for the consideration and approval of the Director of the Department of Public Works of the City of Pittsburgh, and construct said sewer under the supervision of said Department of Public Works, in accordance with the Standard Specifications of the City. The sewer shall be of the separate type into which the drainage of storm water and ground water will not be permitted.

2. It will pay to the City of Pittsburgh the sum of \$9,422.45 in four (4) instalments with 6% interest on unpaid balances as follows: \$2,355.62 upon the execution of the agreement and the sum of \$2,355.61 in equal annual instalments thereafter with 6% in-

terest until the total amount of \$9,422.45, with interest, is paid.

3. It will repair and maintain the said branch connecting sewer across private property from the dividing line between the City of Pittsburgh and the Borough of Swissvale, to the Nine Mile Run Trunk Sewer, southwest of Trevanion avenue at its own expense and without cost to the City of Pittsburgh, and will from time to time as they accrue pay to the City of Pittsburgh its pro rata share, which is 6.6% of the costs of maintenance and repairs to the Nine Mile Run Trunk Sewer, from a point southwest of Trevanion avenue to the Monongahela River.

IN WITNESS WHEREOF, the parties to this agreement each, pursuant to proper ordinances and resolutions authorizing the same, hereto affixed their respective seals duly attested by the proper officers the day and year first above written.

EXONERATIONS

FOR VACANCIES—Where the premises is vacant and the entire supply of water shall, at the owner's written notice served on the Board of Water Assessors, be turned off by their direction by the Bureau of Water, and such water shall be turned on only by the Bureau of Water, at the owner's written notice to the Board of Water Assessors, exonerations of ninety (90%) per cent for the flat assessment for the period during which the water is shut off shall be issued; provided that the period during which the water is shut off is greater than sixty (60) days consecutively.

All requests for exonerations for excessive assessments must be made during the current year in which the assessments are made, or during twelve (12) months after the termination of said year, and no exonerations shall be granted after said period has expired.

FOR CHANGES IN WATER USES —

Where fixtures are removed and water uses discontinued, exoneration will be issued covering the discontinued use from the date of approval of contract covering the revised water uses. In case any owner of any premises shall cause or allow water to be used for any purpose or in any fixtures for

which there is no approved water contract on file in the office of the Bureau of Water, the rate for such usage or fixtures shall be at the rate specified in the foregoing schedule and shall date from the preceding January 1st, and the water for the entire premises shall be shut off until an approved contract for such additional water uses or fixtures has been signed and placed on file in the office of the Bureau of Water.

All fixtures on any premises, whether used or not, will be assessed as long as they remain in position.

WATER FOR FIRE PURPOSES

No charge shall be made for water used during fires. All water used through fire systems, except during fires, shall be charged for at metered rates. All fire systems shall be metered, excepting sprinkler head systems, and the minimum charge for each quarter year shall be as follows:

2" and 3" meters.....	\$2.00 per quarter
4" meters	3.00 per quarter
6" meters and over.....	4.50 per quarter

EXPLANATION OF THE FOREGOING SCHEDULE

In the foregoing schedule of rates, in cases where both flat and metered rates are specified, such flat rates shall govern until a meter or meters, controlling the entire supply of water, shall have been installed, when the metered water rates, rules and regulations shall govern. In the foregoing schedule of rates, in cases where metered rates, only, are specified, and the meter or meters are not in service or approved service during any portion of the water rent period, the registration for the portion of the water rent period during which the meter or meters are in approved service, or the registration during the preceding water rent period, shall be applied pro rata to the period during which the meter or meters are not in approved service. All water supplied at metered rates shall be at the following rates per quarter year:

METERED WATER RATES

First 250,000 gallons or less.....20c per 1000 gallons
Second 250,000 gallons or less.....18c per 1000 gallons
Third 250,000 gallons or less.....16c per 1000 gallons
Fourth 250,000 gallons or more.....14c per 1000 gallons

Hospitals, dispensaries and such other charities as are supported by public and private contributions, shall be charged at the rate of seven (7) cents per thousand gallons; provided, however, that hospitals supported by public charity shall receive free of all charge two hundred fifty (250) gallons of water per person per day, and schools supported by private charity shall receive free of all charge twenty-five hundred (2,500) gallons of water per pupil per annum.

All hospitals and charitable institutions operating and maintaining laundries for commercial purposes, or maintaining and operating hydraulic power producing machinery, shall pay the usual and fixed rate for all water used for such purposes.

All hospitals and charitable institutions within the City of Pittsburgh which operate and maintain laundries for commercial purposes, or operate hydraulic power producing machinery, shall maintain separate water lines for such laundries or hydraulic power producing machinery. All water used for such purposes shall be separately and specially metered.

For all water taken, the rate for which is not specifically provided and which is not measured by meter, the quantities shall be estimated and charged for at the above metered rates; and provided, further, that in no case where metered water rates are in force shall the charge for such premise for each quarter be less than the amount specified in the following schedule:

25 cents per quarter for 1 and 2 roomed dwelling house premises.
50 cents per quarter for 3 and 4 roomed dwelling house premises.
\$1.00 per quarter for 5 and 6 roomed dwelling house premises.
\$1.25 per quarter for 7 and 8 roomed dwelling house premises.
\$2.00 per quarter for 9 and 10 roomed dwelling house premises.
\$2.50 per quarter for 11 and 12 roomed dwelling house premises.
\$3.00 per quarter for 13 and 14 roomed dwelling house premises.
\$4.00 per quarter for 15 and 16 roomed dwelling house premises.
\$5.00 per quarter for dwelling house premises of more than 16 rooms.

For all premises not included in the above schedule the minimum charge shall be $2\frac{1}{2}\%$ of the yearly flat assessment per quarter, excepting in each case where a premise is

equipped with an auxiliary water supply consisting of a pumping engine of not less than 50,000 gallons per day capacity and a reserve tank of not less than 3,000 gallons capacity, the minimum charge for each quarter shall be as follows:

For each $\frac{5}{8}$ -inch meter.....	\$ 2.00
For each $\frac{3}{4}$ -inch meter.....	3.00
For each 1-inch meter.....	5.00
For each $1\frac{1}{4}$ -inch meter.....	7.50
For each $1\frac{1}{2}$ -inch meter.....	10.00
For each 2-inch meter.....	12.50
For each 3-inch meter.....	20.00
For each 4-inch meter.....	30.00
For each meter larger than 4-inch.....	50.00

The meter or meters to be used must be approved by the Bureau of Water; must be installed under the direction of and in a manner satisfactory to the Bureau of Water and shall at all times be accessible to the Board of Water Assessors and the Managing Engineer of the Bureau of Water, their agents or assistants. Metered rates charged to any premises cannot be charged to flat rates. All meters must be furnished by and at the expense of the property owner. Meters will be tested, repaired and replaced by the Department of Public Works. For this service there will be levied on each metered service the following quarterly charge:

$\frac{5}{8}$ x $\frac{3}{4}$ x $\frac{1}{4}$ -inch meter.....	\$.50 per quarter
$\frac{3}{4}$ -inch meter75 per quarter
1-inch meter	1.00 per quarter
$1\frac{1}{4}$ -inch meter	1.25 per quarter
$1\frac{1}{2}$ -inch meter	2.00 per quarter
2-inch meter	3.00 per quarter
3-inch meter	6.00 per quarter
4-inch meter	11.00 per quarter
6-inch meter	20.00 per quarter
8-inch meter	40.00 per quarter
10-inch meter	60.00 per quarter

That all meters shall be read quarterly and as promptly thereafter as possible a statement of water used by consumer in the preceding quarter, together with the amount then due the City of Pittsburgh, shall be promptly mailed to said consumer. All charges to metered water consumers shall be subject to a discount of two (2%) per centum on the face thereof if paid within ten days; shall be payable at face if paid within the next succeeding ten days, and if not paid within twenty days after date of said notice shall be subject to penalty for non payment of two (2%) per centum additional plus one-half of one per centum for each month or any part thereof that the same shall not be paid.

In case the said accounts are not paid within twenty days as provided in above paragraph hereof, they shall become delinquent and the said accounts shall thereafter be collected by the Collector of Delinquent Taxes, who shall, in default of payments, proceed with the collection thereof and the filing of liens in the same manner and at the same time as is provided under the Acts of Assembly for the year.

Section 2. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed, so far as the same affects this Ordinance.

No. 327

AN ORDINANCE — Making appropriations to pay the expenses of conducting the public business of the City of Pittsburgh and for meeting the debt charges thereof for the fiscal year beginning January 1, 1933.

Section 1. Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That the revenues of said City derived from taxes and other sources for the fiscal year beginning January 1, 1933, and ending December 31, 1933, are hereby appropriated in the sum of \$21,140,355.00 to pay the expenses of conducting the public business of the City of Pittsburgh and meeting the debt charges thereof during the said period beginning January 1, 1933, and ending December 31, 1933, and all unencumbered balances of appropriations remaining open upon the books of the City Controller at the close of the fiscal year, shall be and the same are hereby ordered to be cancelled, except such amounts as shall be specially requested by

letter from the Director or Chairman of the special activity having the matter in charge, certifying that the amounts requested are required for the purpose for which specifically appropriated, or such amounts as shall be directed to be carried over to the fiscal year 1933 by resolution or ordinance of Council.

Section 2. No liability shall be incurred against any appropriation item in excess of the unencumbered balance thereof, and said appropriation items shall be administered subject to and in conformity with the following terms and conditions:

(a) The heads of the several departments shall prepare their several payrolls for audit by the Controller in accordance with the items of the ordinance establishing the respective positions and rates of compensation, and no payroll shall be approved for payment by the Controller unless the incumbents and the rates of compensation agree with the items of said ordinance, and unless the payroll shows the appropriation account or accounts chargeable with the compensation of each employee included thereon.

(b) There shall be affixed to all payrolls a certificate made by the person preparing such payrolls to the effect that there is a time record on file in said department certified to by a person or persons having knowledge of the facts, showing the character of service and exact time of employment of each person named in the payroll, and that the distribution of time as shown on the payroll is in accordance with such time records.

(c) No transfer shall be made from one appropriation item to another except by reso-

lution or ordinance of council, and such resolution or ordinance shall in each case set forth the reasons for such request, and be accompanied by a certification from the Controller stating that there is a sufficient balance unencumbered and available in the appropriation item from which the transfer is to be made.

Section 3. No obligation shall be incurred by any department of the City government other than for salaries or wages, or for necessary expenses of employees when engaged upon City business, except through the issue of an order, stating the service to be rendered, work performed, or supplies, materials or equipment to be furnished together with the estimated cost of the same. The Director of the Department of Supplies is hereby authorized and directed to provide upon requisition by the head of any department all necessary supplies, materials equipment and machinery for such department; provided, however, that no requisition of any department shall be filled by the Director of the Department of Supplies in excess of the unencumbered balance of the appropriation properly chargeable, and that no order shall be issued by the Director of the Department

of Supplies, or by the head of any other department of the City Government, until it has been approved by the City Controller. Payments on account of direct purchases shall be made from the amounts hereinafter appropriated therefor respectively. Purchases made by the Director of the Department of Supplies to go into stores shall be paid for from the fund provided for such purpose, and when and as directed by the City Controller, said fund shall be reimbursed from other appropriations to the extent of deliveries made from stores.

Section 4. Council may, by resolution of the Finance Committee, from time to time, restrict expenditures from the appropriations made hereby, both as to amounts of expenditure and the periods within which such expenditures may be made, and may also, by resolution of the Finance Committee at any time cancel in whole or in part any unencumbered balance of any of said appropriations.

Section 5. For purposes of administration and accounting control, the code symbols indicated herein shall be considered as part of the appropriation titles:

No. 161

Whereas, The Director of the Department of Public Works has been authorized by ap-

propriate ordinance of Council to construct Lake Carnegie Swimming Pool in Highland Park with City forces or with forces otherwise provided; and,

Whereas, The forces provided by the Allegheny County Emergency Association were withdrawn sooner than expected on account of shortage of funds, thus imposing work on City forces not anticipated when appropriations were made; and,

Whereas, It was decided at a very late date to paint this pool prior to opening the same to the public, which action required the use of equipment and material in excess of the appropriation provided for the construction of this work; and

Whereas, Because of these reasons, it was impossible to complete the work as authorized within the funds provided; Now, therefore, be it

Resolved, That the City Controller be and he is hereby authorized and directed to transfer funds in the amount of Four Hundred Ninety-six and 80/100 (\$496.80) Dollars, from Code Account 1525-1—Bond Project Contingent Fund, Bureau of Engineering, to Code Account 1525-12—Lake Carnegie Swimming Pool; and the Mayor be and he is hereby authorized and directed to issue and the City Controller to countersign warrants drawn on said funds.

No. 164

Whereas, Thomas O'Brien, 920 Deely street, an employe of the Bureau of Highways and Sewers, while in the performance of his duties on December 26, 1932, sustained severe injuries which necessitated his confinement in the Mercy Hospital from December 26, 1931 to January 13, 1932, entailing a total charge of \$103.00, \$90.50 of which has been paid in accordance with the Workmen's Compensation Act. The Act limits the liability of the City to \$100.00. Therefore there is a balance due of \$12.50 and in order that the hospital may receive the total amount for professional services rendered it will be necessary that a warrant for \$12.50 be drawn in favor of the Mercy Hospital, Pittsburgh, Pa.; Therefore, be it

Resolved, That the Mayor be and he is hereby authorized and directed to issue and the City Controller to countersign a warrant to the order of Mercy Hospital in the amount of \$12.50, charging the same to Code Account 44—M, Workmen's Compensation Fund.

Whereas, Ordinance No. 11, approved February 2, 1932, authorized the Mayor and the Director of the Department of Public Works, for and in behalf of the City of Pittsburgh, to enter into a lease for the Diamond Market to its present stallholders, and prescribed the terms and conditions thereof, and,

Whereas, By lease executed the fourth day of February, 1932, between the City of Pittsburgh, a municipal corporation, and stallholders of the Diamond Market, in the City

of Pittsburgh, it is provided that said premises shall be used only as a public market; and,

Whereas, the said lessees have petitioned Council for permission to use the space in the Diamond Market not used as a public market for a skating rink and other public purposes; and,

Whereas, The extension of the use of said Market not occupied or used as a public market will reduce the rentals of the lessees and proportionately increase the revenue of the City of Pittsburgh; Now, therefore, be it

Resolved, That the Mayor and the Director of the Department of Public Works shall be and they are hereby authorized to grant permission to the lessees of the Diamond Market to use and occupy that portion of the premises not used as a public market for a skating rink and for other public purposes; and, be it further

Resolved, That the City of Pittsburgh reserves the right, upon six months' notice in writing by the Director of the Department of Public Works to the lessees of said Diamond Market, to terminate the additional use of that portion of the Diamond Market not used as a public market but used for a skating rink and other public purposes as authorized by this Resolution.

Whereas, It appears that Gaetano Battista and wife in November, 1928, bought a house and lot on Penn avenue, 2nd Ward, Pittsburgh, from Alice P. Kiernan, and on the same day Antonio Nasso bought from the same person an adjoining house and lot, and that the property sold to Battista was inherited by Mrs. Kiernan from her sister, Anna G. Flack; and,

Whereas, The assessment for 1929 City and School taxes was against Anna G. Flack; and,

Whereas, The assessment for 1929 City and School taxes was against Anna G. Flack, the books having been made up before the registration of the above deeds; and,

Whereas, When a messenger for Battista paid the taxes for 1929, she was given receipt No. 511, which represented the taxes of Mr. Nasso, who had already paid the same in full, leaving \$187.09 in the hands of the City Treasurer, which he still has, and leaving the Battista taxes unpaid on the books of the City Treasurer; and,

Whereas, Liens have now been filed against the Battista lot, both for City and for School taxes; Now, therefore, be it

Resolved, That the City Treasurer is authorized and directed to receive the City taxes of the said Battista for the year 1929, without penalty or interest, out of the \$187.09 now in his possession, and the City Solicitor is authorized and directed to satisfy the lien against said property upon the payment of the costs of filing and satisfaction.
